½ Ounce each of the above wonderful varieties (value \$1.60) for \$1.35

One ounce each of the above wonderful varieties (value \$2.45) for \$2.25

POSTPAID

**MARIGOLD,
SUNSET GIANTS MIXED**

The flowers are the largest known in the Marigold group, 5 to 7½ inches in diameter, the great profusion of flowers makes the showiest spot in the garden. But most remarkable, instead of the usual Marigold odor these flowers have a definitely sweet fragrance. The flowers are loosely formed, with broad petals. The Sunset Giants mixture ranging from deep orange, golden orange, light yellow, lemon yellow and primrose. Sunset Giants are wonderful for cut flowers in the home. **Pkt. 15c; ⅛ oz. 45c; ¼ oz. 75c.**

**ZINNIA LILLIPUT
Our Special Pastel Shades Mixture**

This special mixture is blended from the most beautiful shades and will effect the most perfect color harmony. **Pkt. 15c; ⅛ oz. 30c; ¼ oz. 50c; ½ oz. 85c.**

CUPHEA FIREFLY

Is an outstanding new annual for border or edging. It is a mass of blazing scarlet and blooms freely throughout the summer and of exceptional beauty. **Pkt. 25c.**

ZINNIA LILLIPUT, PASTEL SHADES MIXTURE

**TITHONIA SPECIOSA FIREBALL
Mexican Sunflower**

One of the most brilliant of all fall flowers with gorgeous scarlet blooms borne profusely on plants 4 feet in height. It is valuable for background planting but its greatest value is as a cut flower which lasts a long time in water. **Pkt. 25c.**

PINK RADIANCE

SCABIOSA CAUCASICA

Blue Bonnet

One of the handsomest of the hardy perennial Scabiosas, especially valuable for cutting. The soft lavender blue blooms are very showy and last a long time in water. **Pkt. 15c;** 1/8 oz. 60c; 1/4 oz. \$1.00.

NIEREMBERGIA HIPPOMANICA

This is one of those rare lavender-blue flowering plants, cup-shaped flowers with small, clear yellow eyes. Plants form a dense mat 4 to 6 inches high, fine for edgings. Blooms continually all summer, likes full sun and requires no special care. **Pkt. 35c; 3 pkts. \$1.00.**

FREE PREMIUMS

FOR CASH ORDERS RECEIVED BEFORE APRIL 1ST

FREE—With every cash order for flower or vegetable seeds of \$1.50 to \$3.00 we will send you a special collection of Six Packets of Montana Tested Flower or Vegetable Seeds and with all cash orders over \$3.00 a special surprise collection of Montana Tested Flower or Vegetable Seeds.

SUGGESTIONS TO CUSTOMERS

ORDERS ARE FILLED PROMPTLY, and as far as practicable in rotation. Order early. All orders not shipped on day of receipt are acknowledged by a postcard giving the number of your order on our files. Refer to this number in writing about your order.

WE PAY DELIVERY charges on all orders for Vegetable and Flower Seeds up to 10 lbs. of each variety, also on all orders for Plants, Shrubs, Bulbs, Roots and Trees, except Evergreens, unless otherwise stated. We prefer not to fill orders for Plants and Nursery Stock amounting to less than 50 cents.

HOW TO SEND MONEY—Remittances should be made by Postoffice or Express Money Orders, Bank Drafts, or cash can be sent in a registered letter. Personal checks are accepted and stamps can be sent for small amounts.

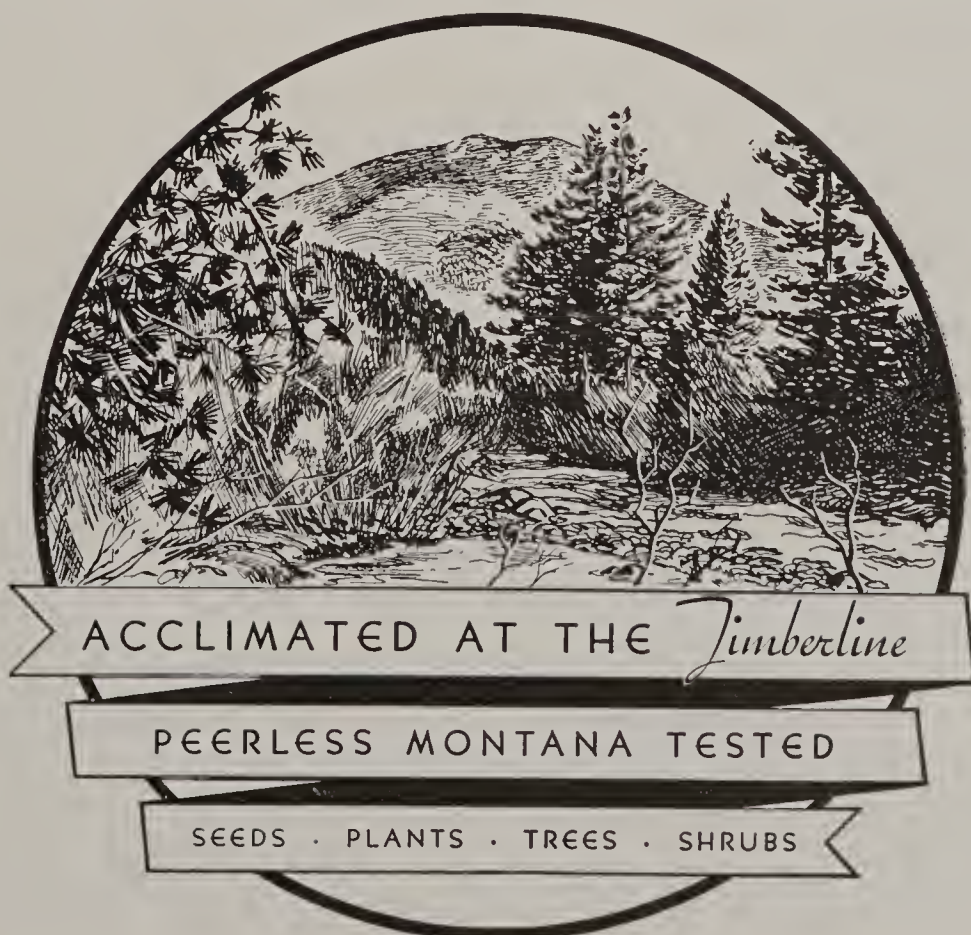

USE ORDER SHEET—Enclosed in this Yearbook. This simplifies ordering. **Keep a copy of your order.**

OUR TERMS—With customers not having established credit are strictly cash. We will not send Plants or Nursery Stock C. O. D.. We will only ship Seeds and merchandise C. O. D. when a deposit of one-fourth of the amount is paid in cash with order.

YOUR NAME AND ADDRESS—Write your name, postoffice and state and nearest express station plainly; give complete directions. Where none are given we route goods at buyer's risk.

IN COMMON WITH ALL AMERICAN SEED HOUSES—We do not warrant, in any way, expressed or implied, the contents or the descriptions, quality, productiveness or any other matter of any Seeds. Bulbs, Plants, Shrubs, Trees or Vines sold by us, and will not, in any way, be responsible for the crop. If the customer does not accept these goods on the above terms, no sale is made thereof, and he must return them at once and money will be refunded. Subject to the above conditions, we make this sale.

Your Best Assurance for a Better Garden—"Sow Peerless Montana Tested Seeds"

S. N. & S. Co's. Rocky Mountain Lawn Seed

The chief desire of every home owner, whether a town or rural dweller, is to possess a good lawn, and nothing adds to the appearance of a residence as much as a good lawn of thick growth and velvety appearance. A nicely kept sward, neatly trimmed, adds materially in beautifying any building or residence, and often, too, becomes one of the chief selling features. Demand our Rocky Mountain Lawn Grass.

YOUR LAWN IS A PERMANENT PLANTING—SOW THE BEST SEED Demand Our Famous Rocky Mountain Lawn Grass Seed

This famous lawn grass has proven itself in adaptability and hardiness and for quickly producing the finest permanent lawn. It is made from our own proven formula of the choicest of grasses, re-cleaned by the most up to date machinery to reduce foreign worthless substances to a minimum and is noxious weed free. It produces a dense velvety green turf that any home will be proud of and contains the right amount of fancy white Dutch clover for a perfect sward. For those who want it without the clover we can furnish the seed this way.

Price Postpaid—Pint, 25c; Quart, 40c; 2 Quarts, 75c; 5 lbs., \$1.75; 10 lbs., \$3.30.

By Freight or Express—F. O. B. Helena, 25 lbs. for \$6.75.

Write for Prices in Larger Quantities.

THE NEW HELENA HIGH SCHOOL FOOTBALL FIELD. This was seeded with our Famous Rocky Mountain Lawn Grass Seed early in June this year and a full schedule of games was played on it this fall. It developed a marvelous turf and this early gruelling test under football cleats did not harm it in the least. Teams in action—Montana State Bobcats vs. Carroll College.

in the West.

Lawn Grass and Clovers—(Continued)

An example of speed and accuracy in establishing a fine lawn. The above photo shows the fine sward obtained from our Rocky Mountain Lawn Grass Seed on the grounds of the attractive new Masonic Library in Helena. This lawn was planted the last week in June and was mowed the first time in six weeks. We also landscaped this property and our Hardy Trees and Shrubs are shown. The Odd Fellows Temple looms up in the right background.

OUR PLACER GRADE LAWN GRASS

This popular low priced lawn grass is adapted to various soil conditions and produces a beautiful and permanent lawn. It is a careful blend of re-cleaned grasses.

Price Postpaid— $\frac{1}{2}$ lb. 20c; 1 lb., 35c; 2 lbs., 65c; 5 lbs., \$1.55; 10 lbs., \$2.90.

ROCKY MOUNTAIN SHADY PLACE LAWN GRASS

Usually it is quite difficult to establish a good rich lawn under trees and in parts that are shaded most of the day. The use of our Rocky Mountain shady place lawn grass insures a rich lawn under these conditions because it is carefully blended with selected grasses tolerant to shade and it blends beautifully with our other grass mixtures.

Price—Pint, 30c; Quart, 50c; 2 Quarts, 95c; 5 lbs., \$2.25; 10 lbs., \$4.25, Postpaid.

KENTUCKY BLUE GRASS—Choice fancy seed for lawns. Price—lb., 35c; 5 lbs., \$1.60; 10 lbs., \$3.00. Ppd.

WHITE DUTCH CLOVER "PEERLESS" — Sow 1 lb. to 400 square feet.

This is frequently sown to cut green for chicks and fowls; also used largely in making lawns for which this variety is especially adapted. Postpaid— $\frac{1}{2}$ lb., 35c; 1 lb., 65c; 5 lbs., \$3.10; 10 lbs., \$5.75.

CREEPING BENT GRASS—(West Coast Registered Seed)

Is particularly valuable for laws that are to be used for croquet grounds or tennis courts on account of its compact creeping rooting stems; of rapid growth and spreading habit, forming a strong, durable turf, because it is benefited more than hurt by tramping and by its bright color adds to the beauty of the lawn. Postpaid—1 lb., \$1.10; 5 lbs., \$5.00; 10 lbs., \$9.50.

Above photo shows the beautiful grass carpet obtained from our Rocky Mountain Lawn Grass at the Beattie Memorial Park in Helena. The trees, shrubs and Buckthorn hedge were also from our Nursery.

Above shows the U. S. Federal Building at Helena. Lawn is from our Rocky Mountain Lawn Grass and Nursery Stock from our Nursery. The Hedge is our Hardy Fast Growing Russian Olive and had been planted just two years when above picture was taken.

Russian Olive HEDGE STOCK

One of the hardiest and fastest growing Hedges for the Rocky Mountain Region. Foliage is a beautiful green above and silver below.

ALL-AMERICA SELECTIONS

AND NEW FLOWER SEED NOVELTIES

WE OFFER a wonderful list of beautiful new novelties. They will add new beauty, new colors to your garden. You will enjoy watching the development of some flowers you have never seen before. Select now the varieties you want and order promptly before the supply is exhausted.

Petunia—Salmon Supreme

PETUNIA—Topaz Rose—(Special Mention)

The flowers are of a clear light cerise red or topaz-rose with a strong sweet petunia scent. A good grower, 15 to 18 inches tall and a continuous bloomer with large flowers two inches across, holds the color well in hot sun. Pkt., 25c.

NEW MIRACLE FLOWER RUSSELL LUPINS

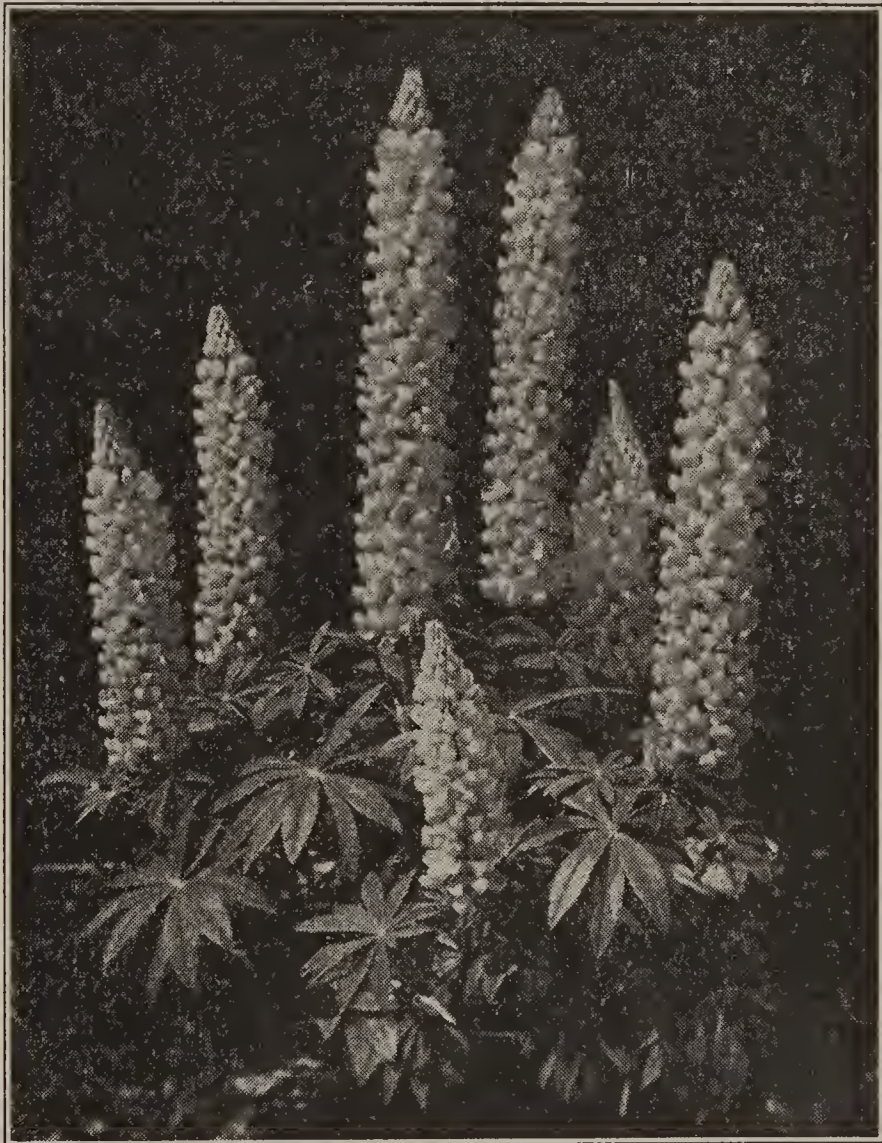

RUSSELL LUPINS POLYPHYLLUS—Extraordinary colors; many new shades, never before seen in Lupins, self blues, pinks, reds, yellows, maroon, purples, etc. Bicolors such as violet and white; Blue and yellow; red and bronze; red and white; purple and cream; blue and white; yellow and orange; pink and white, etc., the standard one color, the keel another. Individual flowers above average size, upright standards of some being an inch across. The flower spike resembles a closely set, well rounded column of sweet peas. All flowers on spike open at one time from top to bottom. Awarded the coveted Gold Medal at the Cheltenham Flower Show of the Royal Horticultural Society in June, where the Russell Lupin display monopolized the attention of the audience. Russell's Lupins bear enormous, well-rounded, long, symmetrical flower spikes, five inches in diameter, three feet or more in length, a mass of gorgeous color, showing no stem. Never any flower comparable. Average height of plants, 3½ to 4 feet. Flowers keep well when cut. Can be grown most anywhere. Perennial. Mixed—Pkt., (12 seeds) 25c; Pkt., (25 seeds) 65c.

PETUNIA—Salmon Supreme—(Winner of the Highest All-America Award for 1938)

An entirely new color in petunias. The flowers when first opening are of a rich coral salmon, changing as they mature to a glistening soft salmon pink. They grow two inches and are deeply five-lobed. The plants present a pleasing appearance and have a nicely rounded form which is retained throughout the season. They have a uniform height of about one foot and a spread of about one and one-half feet, blooms profusely. Pkt., 35c; 2 pkts., 65c.

PETUNIA—Orchid Beauty—(Award of Merit)

A dwarf all-double giant fringed variety averaging four inches across on sturdy plants a foot tall. The color is orchid or light lilac, heavily veined deeper lilac or violet. Contains semi doubles but mostly fully double when mature. A really beautiful shade. Pkt., 25c.

Russell Lupins

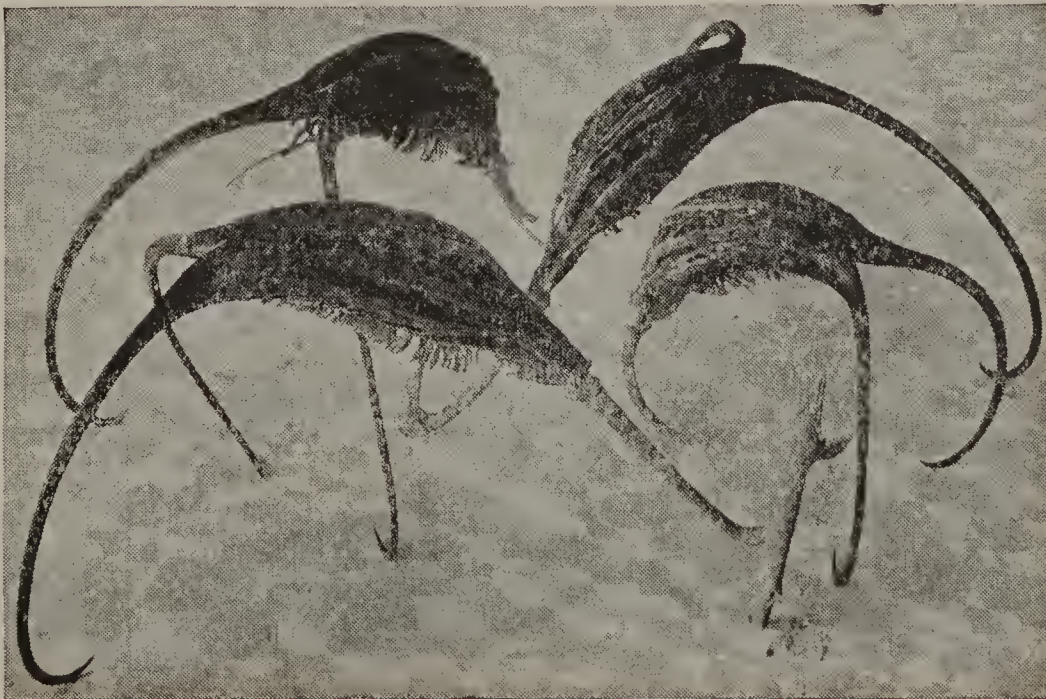

MARTYNIA PROBOSCIDEA (Unicorn Plant)

"A Flower or a Vegetable"

While we would not recommend growing Martynia for its flower, which is a dull yellowish white with purplish spots inside the corolla, still it is very interesting. The seedpods have a very distinct appearance because of the long curved horn which splits into two parts as they ripen and harden. In this stage they are used very effectively in combination with gourds, seedpods of various trees, pine cones, etc.

Culture—A comparatively little known vegetable with large seed pods which when gathered young and tender are excellent pickled in vinegar. Start in a hotbed and transplant in the open when the weather is warm in hills three feet apart each way.

Martynia Proboscidea—Large plant with long curiously shaped, curved pods. Pkt., 15c, ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

Martynia Proboscidea (Unicorn Plant)

ALL-AMERICA SELECTIONS

New Flower Seed Novelties

Shakespeare's Pansies

CORNFLOWER, JUBILEE GEM (All-America Winner 1937)

A dwarf variety of Cornflower, about 12 inches high, making a compact plant literally covered with flowers. For edgings, borders or in pots it will be found admirable. The flowers are very double and a beautiful deep shade of blue. **Pkt., 15c; ¼-oz., 35c.**

ZINNIA GAILLARDIA FLOWERED (Navajo) MIXED

Another new type of Zinnia that is different from all others. Flowers are double and semi-double, of medium size with long narrow petals, some of which are incurved and fluted. Each petal is tipped with creamy white or creamy yellow for almost one-third of the petal which is most unusual and attractive. The colors are lilac, lavender, russet, crimson, orange, yellow, pink and other pastel shades. The vivid colors reminds one of the lovely colors found in a Navajo rug. **Pkt., 10c; ⅛-oz., 35c; ¼-oz., 65c.**

Zinnia—Gaillardia Flowered
Finest Mixed (Navajo)

SHAKESPEARE'S PANSIES

These are simple quaint little Pansies suitable for any location in the garden, also splendid for rock gardens.

Its form of habit and time of flowering is very similar to the Viola. Easily grown, dependable and full of blooms all through the summer until hard frost. Lovely in beds, rockeries and edgings. The Shakespeare Pansies were first discovered growing almost wild near Stratford, England. All those who saw them in flower last year were delighted with the dainty flowers. Really beautiful. **Pkt., 25c; 2 pkts. for 40c.**

Pansy—Coronation Gold

PANSY CORONATION GOLD Award of Merit

The largest golden yellow pansy known, having reached three inches across. Golden yellow with lower petals flushed golden orange, flowers round with lightly ruffled edges with mild, spicy scent, an outstanding variety. **Pkt., 25c; 2 pkts., 40c.**

STATICE

Pastel Shades—This mixture includes pink, red, mauve, yellow, white and blue. Grows very easily in ordinary soil, keeps indefinitely when dried. The colorings and light graceful sprays are very effectual either alone or with other everlasting flowers, in fresh or dried condition. A really wonderful mixture. Annual. **Pkt., 10c; ¼-oz., 40c; ½-oz., 65c.**

ANTIRRHINUM (Snapdragon) Rust Proof

After years in an attempt to produce a strain of Rust Proof Antirrhinum, we are glad to announce that this has been achieved. The DeLuxe Mixture we are proud to offer contains a higher percentage of the more desirable light colors than will be found in other mixtures now on the market. Prominent among these shades are the popular Canary Yellow, Rose Pink, Salmon Pink and White, with the usual run of Red and Orange shades. Then additional colors make a wonderful show. **DeLuxe Mixture, large pkt., 15c; 1/16-oz., 30c; ⅛-oz., 85c.**

We invite your particular attention to these pages of Specialties and Novelties because we feel sure you will find many varieties that are of special interest to you. Recent years have seen the introduction of some marvelous new flowers that have brought added beauty to our gardens.

SPECIALTIES AND NOVELTIES

NEW FLOWERS—"ALL AMERICA SELECTIONS"

Calendula—Chrysantha or Sunshine

This valuable addition is distinctly different in flower form. It has wide petals, loosely arranged, incurved at center and reflexed at edges, somewhat like a Chrysanthemum. Flowers four inches across are clear buttercup yellow on long stems for cutting, about 30 inches tall. **Pkt., 10c; 1/4-oz., 30c; 1/2-oz., 50c.**

Calendula—Orange Shaggy

In Calendulas "Shaggy" is probably the most distinct. The closely set, irregularly placed, long narrow petals are beautifully fringed or lacinated, giving the flowers the frilled or shaggy appearance of some Chrysanthemums. The large, flat, rich orange flowers shade slightly towards the medium closed center, the two-tone coloring being quite effective. Flowers are freely borne on long stems.

We feel sure "Orange Shaggy" will prove a welcome addition to the Calendula class either as a garden plant or as a cut flower. **Pkt., 10c; 1/8-oz., 20c; 1/4-oz., 35c.**

MARIGOLD—Sunset Giants

The flowers are the largest ever known in Marigolds, averaging 5 to 7 1/2 inches and are produced in such profusion that a plant of Sunset Giants makes one of the showiest spots in the garden. But most remarkable, instead of the usual Marigold odor, the flowers have a definitely sweet fragrance. **Pkt., 15c; 1/8-oz., 20c; 1/4-oz., 35c. (See color plate.)**

ANTIRRHINUM

(Snapdragon)
Royal Rose
(Special Mention)

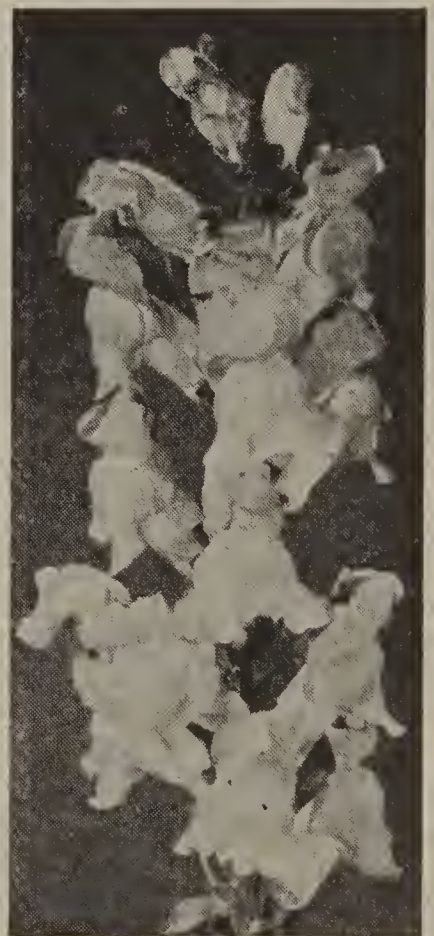

There is apparent in every flower that velvet sheen that reminds one of the texture of the Rose. It is the deepest and richest rose imaginable. The spike is dense and the individual flowers placed closely together. Must be seen to be appreciated.

Pkt., 25c.

ANTIRRHINUM

(Snapdragon)
St. George
(Special Mention)

The color of St. George is orange cerise but of a new shade which makes it absolutely distinct from all other varieties. The spike is dense and the flowers are placed closely together. The individual flowers are very large. **Pkt., 25c**

A. (Royal Rose)

Marigold—Yellow Supreme

Visualize, if you can, a large, fluffy, well-rounded bloom of delicately mild honey fragrance, with broad, loose, frilled petals of a rich, creamy lemon-yellow color, and you have a fair conception of the new "Yellow Supreme" Marigold. You'll truly enjoy its dazzling beauty. Unsurpassed as a cut flower. Holds decided freshness fully a week to 10 days. In water it takes on an even more delightful color. Plants are vigorous and free branching with foliage which is practically free from that objectionable Marigold odor. For a real thrill grow it this year. You will have a delightful surprise.

Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 60c.

SPECIALTIES AND NOVELTIES

NEW FLOWERS—"ALL AMERICA SELECTIONS"

PETUNIA

Single Fringed Dainty Lady

Presenting the first true yellow fringed Petunia, Dainty Lady. Our remarkable Petunia introduction is a result of ten years' extensive work. The plants are neat, compact, semi-dwarf and free flowering, bearing generous quantities of the medium sized, delicately fringed light golden yellow flowers throughout the summer. **Pkt., 25c; two for 40c.**

PETUNIA—Rose Gem

Rose Gem is a charming addition to the Petunia family. Rose Gem is the color which the public has been asking for. It is a rich, deep rose. The plants are neat and compact, five to six inches high and smothered with rich rose colored blooms about two inches in diameter. **Pkt., 25c; two for 40c.**

Petunia—Martha Washington

PETUNIA—Improved Rose King

Everyone is immediately struck with the clearness of the bright rose pink color and the uniformity of the shade. The flowers are large, usually three inches in diameter and have a lovely golden throat. The plants are erect and very free flowering. **Pkt., 25c; two for 40c.**

PETUNIA—Flaming Velvet

Flowers are a rich and brilliant deep velvety mahogany red, flowered hybrida variety. Large flowered, free blooming. An outstanding color. Beautiful. **Pkt., 25c; two for 40c.**

Larkspur—Blue Bell

The first of a wonderful new race of the giant type, a clear light blue. It is decidedly upright with long branching flowering spikes. **Pkt., 15c; 1/4-oz., 30c; 1/2-oz., 50c.**

Marigold—Dwarf Monarch Mixed

Award of Merit. Dwarf French double type, one foot high, with mixed combinations of orange, yellow and mahogany flowers. The stock is uniformly dwarf, making an excellent low border or edging plant where these colors may be used. **Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 60c.**

Linaria—Fairy Bouquet

Light and airy plants growing eight inches tall with flowers that appear like miniature Snapdragons in a great variety of colors, such as rose, yellow, pink, lavender, carmine, red, violet, white and salmon. A splendid filler for bouquets, useful for bedding, pots and boxes. Very quick to bloom after planting. **Pkt., 15c; 1/8-oz., 75c; 1/4-oz., \$1.25.**

Santa Barbara Poppy—Hunnemannia

Sunlite—Award of merit. Clear canary yellow "Tulip Poppy," which is semi-double, is pretty and does well. Cut-Flowers are lasting and produced over a long season. Easily grown and quick to bloom after a slow germination. Plant after soil becomes warm. **Pkt., 10c; 1/4-oz., 45c; 1/2-oz., 85c.**

Petunia—Dainty Lady

Petunia—Pink Gem

The first of a charming new race of miniature Petunias. It forms a neat, very compact plant only six inches high, quite covered with two-inch flowers in shades of pink. Indispensable for bedding, edging, window boxes, pots and rock gardens. **Pkt., 20c; two for 35c.**

Petunia—Martha Washington Ruffled

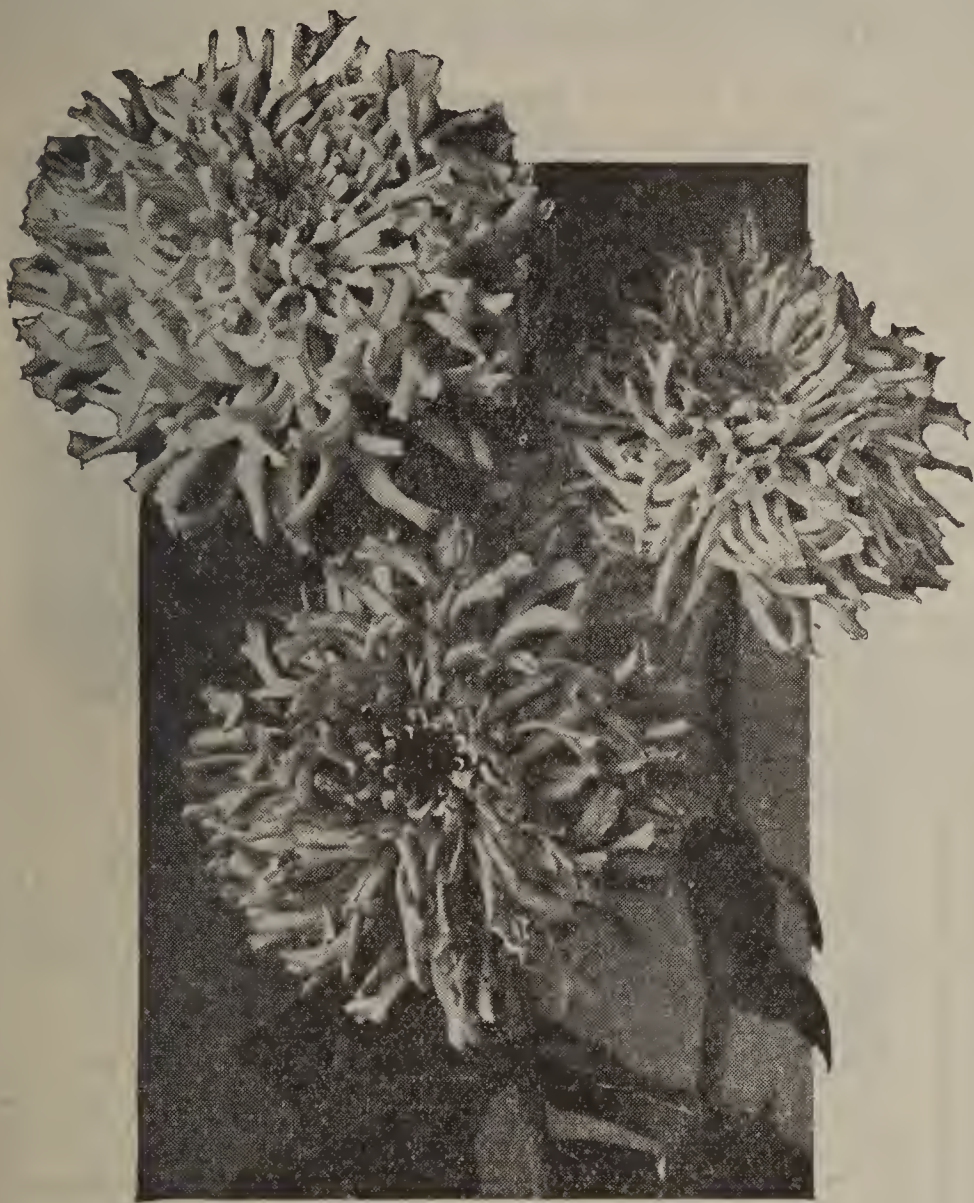

Martha Washington is ruffled and frilled. It grows nine inches high and forms a perfect ball effect, literally smothered with lovely frilled blooms about three inches in diameter. Its neat, compact, habit has never before been seen in Petunias. The color is remarkable, the flower is a beautiful bluish pink, the center is strongly veined a rich wine red, deepening in the throat, which is large, to dark violet. The veining is so unique that the blooms resemble a Pelargonium, forming a striking contrast of colors. **Pkt., 25c; two for 40c.**

What Is More Beautiful
Than Flowers?

Linaria—Fairy Bouquet

NEW SPECIALTIES AND NOVELTIES

Zinnia—Fantasy

ASTER—El Monte

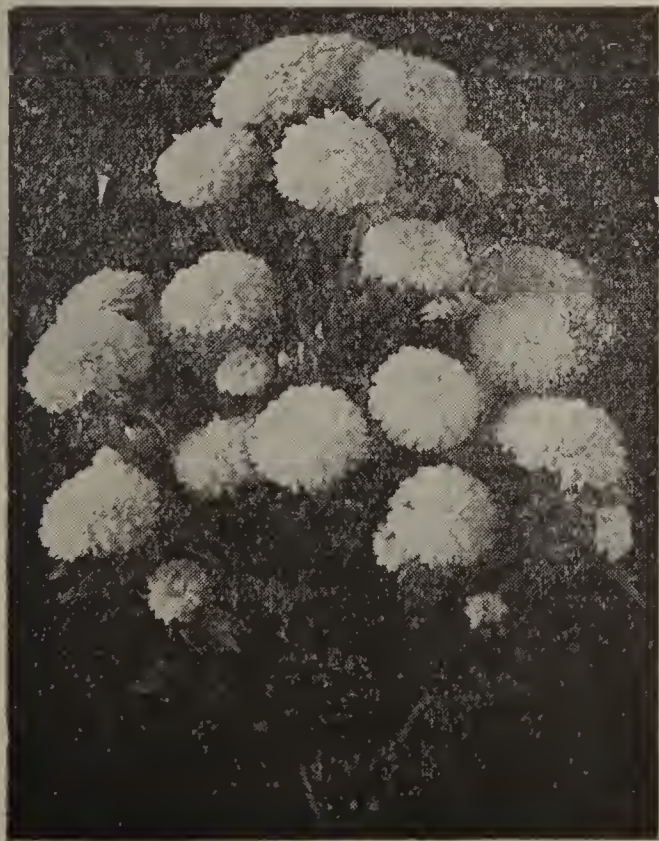

El Monte is a deep glowing crimson. The flowers are large, full petaled and well formed, borne on heavy non-lateral basal branched stems. It is very early blooming, coming in before the California Giant varieties and remains in flower over a long period. **Pkt., 15c; 1/16-oz., 30c; 1/8-oz., 50c.**

Aster—Los Angeles

Award of Merit. A new Super Giant type, three feet tall with exceptionally large flowers. The color is a serenely pure shell pink. The flowers are full petaled, deep and artistic, with feathery interlacing petals. **Pkt., 15c; 1/8-oz., 50c; 1/4-oz., 85c.**

Aster—Silvery Rose

This is a fine long stemmed variety of true peony flowered type, with immense flowers of deep lavender pink, which darken as they age, leaving the silvery white, a very striking new variety. **Pkt., 15c; 1/8-oz., 60c; 1/4-oz., \$1.00.**

Aster—Imbricated Pompon

Zinnia—Fantasy

Fantasy is the most fascinating new Zinnia type introduced to the flower world in many years. The very informal, shaggy appearing flowers are graceful and interesting, quite distinct from the stiff formal Zinnias to which we are accustomed. The rounded medium sized flowers are composed of a mass of shaggy ray-like petals which give a delicate and refined appearance, large enough to satisfy the desire for mass of color, yet small enough to lend themselves gracefully to flower arrangement. The color range includes the brightest shades of reds, yellow and orange, as well as the popular pastel pinks and cream. **Mixed, pkt., 10c; 1/8-oz., 25c; 1/4-oz., 40c.**

COSMOS

Early Klondyke Orange Flare

Orange Flare is one of the most admired novelties on the market today. Orange Flare is a new variety; the fact that it may be had in full bloom is so short a time is unprecedented in the flower world. The color is vivid orange, but the attractive light green foliage is much less abundant, giving a plant which is a mass of color. The stems are long and wiry, well adapted for cutting. **Pkt., 10c; 1/8-oz., 40c; 1/4-oz., 75c.**

GIANT CALIFORNIA SUNSHINE ASTERS

The Most Beautiful Aster in the World

Plants of this new race grow 3 feet high and bear blossoms on long stiff stems, admirable for cutting. The individual blooms are enormous, 4 to 5 and 6 inches in diameter. The grace and beauty with cushiony centers of tubular bifurcate petals and the rim exquisitely poised out-gard petals surrounding the central disk, make for a lace-like perfection and daintiness of form and contour that appeal to the most aesthetic taste. We offer this magnificent strain in **Mixed Colors—Pkt., 15c; 1/8-oz., 40c; 1/4-oz., 75c.**

Aster—California Sunshine

Imbricated Pompon Asters

A charming, rather early-blooming type of Aster. The plants, which are of upright growth, average 15 in. in height and lend themselves admirably to bedding and cutting. The small round, pompon flowers are produced freely over a long period.

Rose White Crimson Light Blue
Any of the above separate colors, **Pkt., 15c.**

Imbricated Pompon Asters, Mixed Colors

A charming mixture of the above and some other colors. **Pkt., 15c; 1/8-oz., 50c; 1/4-oz., 85c; 1/2-oz., \$1.50.**

Special Collection Offer

4 Imbricated Pompon Asters

Contains one Pkt. each of the 4 separate colors offered in this class (value 60c) for...**50c**

S. N. & S. Co's. FAMOUS ASTERS

OUR ASTERS ARE WILT RESISTANT

Aster—Crego's Giant

Crego's Giant

One of the finest of the Aster family, producing immense flowers of a fluffy texture. The petals are attractively curved and twisted. They last long as cut flowers.

White **Crimson**
Lavender **Pink**

Any of above colors, pkt., 10c; 1/8-oz., 35c; 1/4-oz., 55c.

Finest Mixed, Pkt., 10c;
1/8-oz., 30c; 1/4-oz., 50c.

Collection Crego's Giant Asters

One packet each of
four above named
colors (value 40c),
postpaid for35c

Asters—Single Giants
of California

ASTER—Heart of France

The best red Aster ever introduced. The petals are of a velvety texture and a warm-glowing color, and in any light is the same beautiful rich red. Pkt., 10c; 1/8-oz., 45c; 1/4-oz., 75c.

ASTER—Queen of the Market

Very desirable on account of earliness and profuse blooming. The plants are compact, of branching habit, bearing on long stems double flowers of medium size. Blooms in July.

Pink—Purple—Lavender—Rose—White.

Any of the above colors—Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 55c.

Mixed—Pkt., 10c; 1/8-oz., 30c; 1/4-oz., 50c.

COLLECTION—Queen of the Market Asters

Five pkts., one each of the named varieties.
(Value 50c)—POSTPAID FOR 40c.

Early Wonder or Extra Early Express

These early Asters flower in July if seed is sown in March; are of good size, borne on long stiff stems.

White—Pink—Dark Blue—Finest Mixed
Any above varieties—Pkt., 10c; 1/4-oz., 60c.

Collection EARLY WONDER ASTERS

One Packet Each Above Named
Varieties (Value 30c)—POSTPAID FOR 25c

Aster, Everlasting

Everlasting Flesh—This curious Aster resembles somewhat a large Helichrysum, or Strawflower; when cut and dried it retains its flesh color and its shape, as an everlasting flower for Winter decoration. Pkt., 15c; 1/8-oz., 30c; 1/4-oz., 50c.

ASTER—OR MICHAELMAS DAISY

Handsome Daisy-like flowers of easy culture, blooming late when flowers are scarce. If seed is sown indoors very early and seedling set in open they will bloom the first season. Do best in sunny location. Hardy perennial. Height 2 to 3 feet. Mixed, pkt., 10c; 1/8-oz., 50c.

Asters, Single Giants of California

These new Asters are really wonderful. The flowers are large, single, measuring four inches across, with stems 18 to 24 inches tall. The blossoms resemble Shasta Daisies in appearance.

White—Rose Light Blue—Purple.

Any of the above colors—Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 60c; 1/2-oz., \$1.00.

Mixed—Pkt., 10c; 1/8-oz., 30c; 1/4-oz., 50c; 1/2-oz., 85c.

COLLECTION

Asters—Single Giants of California

PEERLESS FLOWER SEEDS

"MONTANA TESTED"

We wish to again remind you that all our flower and vegetable seeds are tested and tried in our large seed testing grounds; a distinct protection and assurance of only the best and highest quality in seeds and a service which only the very largest of American seed houses offer. We invite you, our friends and customers, to visit our extensive seed testing grounds and see the thousands of varieties of flowers and vegetables being grown and tested to qualify for the high ideals which they must meet before they are ready for you as our **PEERLESS** Seeds.

Abronia Umbellata or Sand Verbena

Very pretty trailing plants with numerous clusters of sweet-scented flowers. Is excellent for growing in baskets, rockeries or the open border. Rosy pink. Does well in light soil. Hardy annual. As the hull on this seed is exceptionally hard it should be broken when planted. **Pkt., 5c; 1/4-oz., 30c; 1/2-oz., 50c.**

Acrolinium or Everlasting Flower

A very pretty half-hardy annual, producing white and rose-colored double Daisy-like flowers. These are known as "Immortelles" and are desirable for wreaths and Winter bouquets. Double mixed. **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c.**

Acrolinium

Arctotis Grandis

Blue-Eyed African Daisy—The Daisy-like flowers measure 2 1/2 inches across. They are silvery white with a sky blue eye surrounded by a narrow yellow zone. The under part of the petal is lilac-blue. Borne on long stems. One of our most attractive annuals. **Pkt., 10c; 1/4-oz., 30c; 1/2-oz., 50c; oz., 90c.**

African Gold Daisy

African Gold Daisy

(*Dimorphotheca Aurantiaca*)

The single Daisy-like flowers are 2 1/2 inches in diameter, and of a unique glossy terra cotta orange, which brilliant coloring is rendered the more conspicuous by the dark disc surrounded by a black zone. The plants grow from 8 to 12 inches high and are very profuse flowering, especially in dry situations. Hardy annual. **Pkt., 10c; 1/4-oz., 40c; 1/2-oz., 70c.**

Amaranthus Tricolor or Joseph's Coat

These plants afford brilliant contrast of colors, being useful for borders and groups; also, where foliage effects are desired. The leaves and stems are of different shades of red, blended with green. Half-hardy annual. Mixed. **Pkt., 5c; 1/4-oz., 30c.**

TWELVE ANNUALS FOR CUTTING

This collection contains one packet of these annuals particularly suited for cutting:

Snapdragon Dwarf Mixed, African Gold Daisy, Asters, single mixed; Balsom, mixed; Calendula Favorite, Calliopsis, mixed; Bachelor Button, double mixed; Cosmos, single mixed; Gaillardia, single mixed; Marigold, African mixed; Scabiosa, mixed; Zinnia, mixed—(Value 90c)—**Postpaid for.....75c**

Asperula

Azurea—Blue—Grown for its fragrant leaves and stems, when dried have a sweet odor, and are used for putting among clothes, etc. **Pkt., 5c; 1/4-oz., 25c.**

Tinctoria — (Sweet Woodruff) — An old-fashioned hardy perennial plant, greatly loved for its fragrance when dried, resembling the sweet odor of new-mown hay. Bears small white flowers. Eighteen inches. **Pkt., 10c; 1/4-oz., 30c.**

Alyssum

A fragrant, free flowering hardy annual, bearing small flowers in great profusion. Useful for border or early bedding flowers. Succeeds anywhere.

Sweet Alyssum—Pure white flowers. **Pkt., 5c; 1/2-oz., 20c; oz., 35c.**

Lilac Queen—Hardy annual. Deep lavender lilac. **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c; oz., 75c.**

Sweet Alyssum

Little Gem—Three to four inches high, pure white, **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c; oz., 70c.**

Alyssum Saxatile Compacta — or (Basket of Gold)—A hardy dwarf perennial, very useful for rock work, literally covering itself with yellow flowers. Blooms first season if sown early indoors. **Pkt., 10c; 1/4-oz., 35c; 1/2-oz., 60c.**

Anchusa Italica—Dropmore Variety

These hardy plants are very vigorous, the rough-leaved stems growing to a height of four feet. The flowers are a beautiful, clear, bright blue, and blooms all Summer. Perennial. **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 45c.**

Anchusa Capensis

A new, showy, compact type with indigo blue blossoms. Blooms all Summer. Annual. **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 45c.**

Ageratum or Floss Flower

Blue Perfection

Ageratum—Blue Perfection—A hardy annual of easy culture, especially valuable for bedding, as it is literally covered with blue blossoms all Summer. They make fine house plants in pots during Winter months. **Pkt., 5c; 1/8-oz., 25c; 1/4-oz., 40c; 1/2-oz., 70c.**

WHAT ALL AMERICAN SELECTION MEANS

The All American selection of flowers and vegetables is a yearly competitive offering of new varieties from which a select group of competent judges choose the most outstanding. Its purpose is to present the best varieties of the year and to promote interest in the new and really worth while varieties.

SEMESAN

Place a little Semesan with seeds in a jar and shake vigorously; bacteria and fungus adhering to the seeds will be killed. **2 ozs., 35c; 1 lb., \$2.25.**

Antirrhinum or Snapdragon**S. N. & S. Co's. Tall Giant Flowering Varieties**

A free blooming type growing 3 feet high with extra large blooms. They are splendid for tall borders and remarkable for cutting because of their size and showiness.

Giant Rose Pink, Yellow, White.....Pkt., 10c
Tall Giant Mixed—Pkt., 5c; 1/16-oz., 25c; 1/8-oz., 40c; 1/4-oz., 70c.

S. N. & S. Co's. Half Dwarf Large Flowering Varieties

This is a favorite type growing about 18 inches high, makes bushy plants and is therefore exceptionally fine for bedding purposes. The flower stem is long enough to produce plenty of cut flowers.

Balsam or Lady's Slipper

An old and popular garden flower of easy culture; gorgeous masses of brilliant colored double flowers are produced in the greatest profusion; height 2 feet. **Double Mixed. Pkt., 5c; 1/4-oz., 25c; 1/2-oz., 40c; oz., 70c.**

Balloon Vine or Love in a Puff

A rapid-growing climber; thrives in light soil. One of the prettiest climbers with dainty white flowers. Annual. Six to eight feet. **Pkt., 5c; 1/2-oz., 25c; oz., 40c.**

Bartonia Aurea, Gold or Blazing Star

One of the brightest garden flowers. It produces its large golden blossoms all Summer in great abundance. One foot high. Hardy annual. **Pkt., 5c; 1/8-oz., 20c; 1/4-oz., 35c.**

**Brachycome or Swan River Daisy**

A hardy annual, growing from 8 to 10 inches high, producing an abundance of blue and white flowers. Excellent for border. **Pkt., 5c; 1/8-oz., 25c; 1/4-oz., 40c; 1/2-oz., 70c.**

Bean—Scarlet Runner

A favorite old-fashioned climber. Both ornamental and edible. Covered with clusters of beautiful scarlet flowers. Annual. **Pkt., 5c; 1/2-lb., 25c; lb., 40c.**

Bachelor Button (Centureau Cyanus) Cornflower

Of the easiest culture and thrives well in any ordinary garden soil. Blooms all Summer. **Double—Pink, Blue, White.**

Any of the above colors, **pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c; oz., 70c.**

Double Mixed, pkt., 5c; 1/4-oz., 20c; 1/2-oz., 35c; oz., 60c.

**Calendula or Scotch Marigold**

Showy and beautiful free-flowering annuals, doing well in any sunny position, blooming all Summer and excellent for cutting and massing.

Radio—The petals are attractively quilled. The color is a rich shade of clear orange. **Pkt., 10c; 1/4-oz., 35c; 1/2-oz., 60c.**

Meteor—Large, double yellow, each petal striped with orange. **Pkt., 10c; 1/2-oz., 25c; oz., 40c.**

Favorite—The color is creamy white toward the base, the tips are beautifully shaded with rich mahogany-brown. **Pkt., 10c; 1/2-oz., 25c; oz., 40c.**

Lemon Queen—Pkt., 10c; 1/2-oz., 25c; oz., 40c.

Orange King—Very large, double, glistening orange flowers. **Pkt., 10c; 1/2-oz., 30c; oz., 50c.**

Calendula—All colors mixed. **Pkt., 5c; 1/2-oz., 20c; oz., 35c; 1/4-lb., \$1.00.**

Also See Novelties—Page 7.

CALENDULA COLLECTION

One packet each: Orange King, Meteor, Lemon Queen. Easily grown, lovely as cut flowers; (value 30c) **POSTPAID FOR.....25c**

Canary Bird Vine or Tropaeolum

A beautiful climber with curiously yellow shaped blossoms. Height eight to ten feet. **Pkt., 5c; 1/2-oz., 25c; oz., 45c.**

Castor Oil Bean or Ricinus

The different varieties included in our mixture have light and dark green leaves and some of coppery bronze. Six to eight feet. Annual. **Mixed, pkt., 5c; oz., 25c; 1/4-lb., 75c.**

Catchfly or Silene

The plants are covered with masses of flowers in shades of salmon, rose, carmine, and white. An easily grown and extremely showy bedding and border plant. Hardy annual. 12-18 inches. **Pkt., 5c; 1/4-oz., 25c; 1/2-oz., 40c.**

Candytuft or Iberis Umbellata

Plants bear neat clusters of flowers; most attractive for border and cut-flowers, blooming profusely in cool weather. Hardy annual.

Pink, White, Crimson, Lavender—Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c.

Fine Mixed—Pkt., 5c; 1/4-oz., 20c; 1/2-oz., 35c; oz., 60c.

Candytuft Sempervirens—Perennial—A favorite perennial bearing heavy trusses of white flowers, adapted for edging or rockwork. Blooms early. **Pkt., 10c; 1/8-oz., 50c; 1/4-oz., 85c.**

Cacalia, Tassel Flower or Flora's Paint Brush

A neat annual of easy culture with tassel-shaped flowers; blooms from June to September; fine for borders. Golden yellow and scarlet mixed. Two feet. **Pkt., 5c; 1/4-oz., 30c.**

Calliopsis
Golden Wave

Calliopsis or Golden Wave

A half-hardy annual of quick growth, doing well in almost any location, and blooming throughout the season. It is exceedingly showy and of easiest culture; are fine for cut-flowers. Sow the seed early in the spring. Sown as late as July 1, the plants will bloom freely during the Fall until frost.

Mixed, pkt., 5c; ¼-oz., 25c; ½-oz., 40c.

Campanula—Canterbury Bells

Canterbury Bells — Single

Mixed—Showy hardy biennial with large bell-shaped flowers, of rich color and profuse bloomer; colors: white, shades of violet, rose, lilac, blue. Height two to four feet. Pkt., 10c; ⅛-oz., 25c.

Canterbury Bells — Double Mixed—Fully double blooms of assorted colors. Perennial. Pkt., 10c; ⅛-oz., 30c; ¼-oz., 50c.

Calycanthemum — The new Cup and Saucer variety. This is unquestionably the finest variety of this much prized garden plant. They differ from the older type. They produce beautiful large single flowers resembling a cup and saucer. Perennial; two feet. Mixed, pkt., 10c; ⅛-oz., 40c.

Carpatica (Carpathian Harebell)—A pretty species growing in compact tufts, flowers clear blue. Blooms all Summer; excellent for the rockery. Perennial. Pkt., 10c; ⅛-oz., 30c; ¼-oz., 50c.

Liberty Bell—Award of Merit. Dark violet-blue annual Canterbury Bell, blooming in six months from seed. A decided improvement over the popular biennial form, though blooms may not be quite as large. About two feet tall, with about six spikes of flowers. Brings Spring into the Fall garden. Pkt., 15c; ⅛-oz., 50c.

Canterbury Bells

Carnation

Marguerite—They begin flowering in July if sown early in the Spring, producing an abundance of large double, beautifully fringed fragrant flowers of wonderful colors. Half-hardy perennial. Red, White, Yellow, pkt., 10c; ⅛-oz., 45c; ¼-oz., 75c. Mixed, pkt., 10c; ⅛-oz., 30c; ¼-oz., 50c.

Giant or Malmaison—Double Mixed—This type is noted for its wonderful range of colors, and its free-blooming qualities. Half-hardy perennial. Extra fine. Pkt., 10c; ⅛-oz., 50c; ¼-oz., 85c.

CHEIRANTHUS ALLONI—(See Wallflower, Siberian, Page 26)

Celosia or Cockscomb

Easily grown, with large silky plumes at the top of each branch, very showy in beds or borders. Hardy annual.

Empress—Rich crimson combs. Pkt., 10c; ⅛-oz., 40c.

Aurea—Dwarf—Golden yellow. Pkt., 10c; ⅛-oz., 25c.

Dwarf—Finest mixed. Pkt., 10c; ⅛-oz., 20c.

Plumosa — (Feathered Cockscomb) — A splendid strain of the tall-growing plumed Cockscomb forming huge plumes.

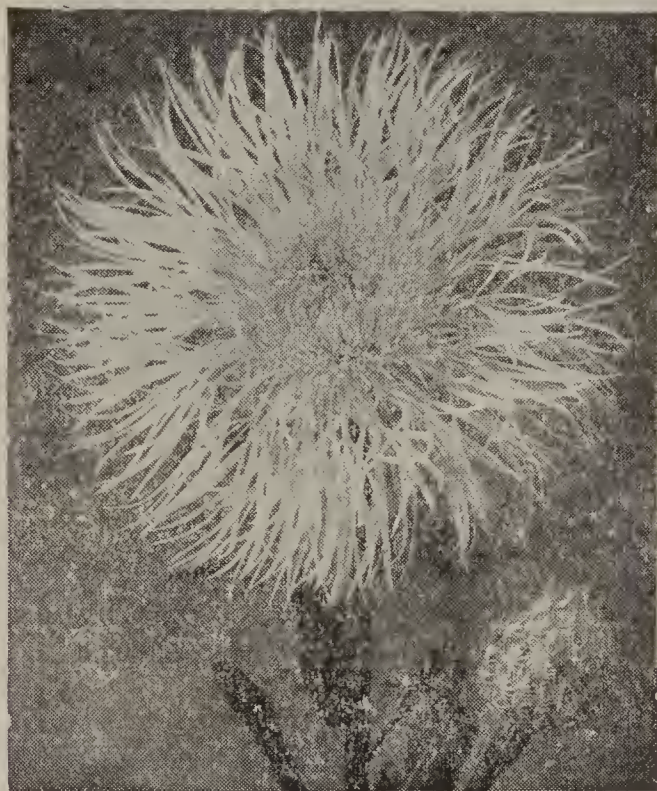

C. Thompsoni Magnifica—Mixed. Pkt., 10c; ⅛-oz., 30c.

Childsii or Chinese Woolflower

C. Childsii—Rich and intense shade of bright crimson. Round, woolly flower heads. Height 2 feet. Pkt., 10c; ⅛-oz., 30c; ¼-oz., 45c; ½-oz., 75c.

For CALLIOPSIS (Perennial)

(See Coreopsis, Page 15)

Centaurea

Centaurea Imperialis or Royal Sweet Sultan

This beautiful class is undoubtedly the finest of all Sweet Sultans. The charming scented flowers bloom in July and continue until frost. Excellent for cut flowers. Annual. We offer the following distinct colors:

White, Lilac, Yellow, Rose, Deep Lavender.

Any of the above colors, pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Finest Mixed — Pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Ruthenica—Perennial with sulphur-yellow blooms. Pkt., 10c; ¼-oz., 30c.

Clarkia

Beautiful hardy annual with rose-colored, white and purple flowers, in delicate brilliant shades, is a popular garden and cut-flower plant. It thrives equally well in partial shade or sun; 2 to 2½ feet; profuse bloomers. The blooms are abundant, in small leafy racemes.

Double Mixed, pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Clarkia

Convolvulus

Major

or Tall Morning Glory

A hardy climbing annual growing about 10 feet high. Fully expanded in the mornings. Of easy culture, quick growth and valuable in every garden. Rose, white, striped, crimson, Purple, blue.

Any of the above—Pkt., 10c; ½-oz., 25c; oz., 40c. Convolvulus—Tall Mixed, pkt., 5c; ½-oz., 20c; oz., 30c.

Summer Chrysanthemum

FRENCH MARGUERITES OR PAINTED DAISIES Single Annual Varieties

These early blooming annual garden varieties of outdoor Summer Chrysanthemums are entirely different from the large flowered varieties grown by florists. Very showy and effective for bedding or borders and cut-flowers. Plants produce single Daisy-like flowers of many bright colorings.

Eastern Star—Golden yellow with a purplish scarlet ring on the center of the petals, the disc a dark brown. Pkt., 10c; ¼-oz., 30c.

Northern Star—Very large Daisy-like flowers, with pure white fringed petals with canary-yellow around a dark brown eye. Pkt., 10c; ¼-oz., 30c.

Tricolor—Single Mixed. Pkt., 5c; ¼-oz., 25c; ½-oz., 40c.

Coronarium, Double Mixed—A very fine variety including a wide range of colors such as white, rose, sulphur and golden yellow, orange, red, and maroon; 18 inch. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

Shasta Daisy

Chrysanthemum

PERENNIAL VARIETIES

These are the perennial Chrysanthemums of easy culture in most any location.

Maximum—King Edward VII (Moonpenny Daisy)—Considered the finest of all singles, with flowers of extraordinary size of purest white, perfect form, very free flowering and borne on long stiff stalks. Pkt., 10c; ⅛-oz., 30c; ¼-oz., 50c.

Leucanthemum—Shasta Daisy—(Alaska)—Very attractive, large white flowers 5 inches in diameter, with broad petals and long strong stems. Pkt., 15c; ⅛-oz., 35c; ¼-oz., 60c.

Chinese Lantern Plant or Physalis Franchetti

The Chinese Lantern Plant is grown for its showy scarlet-red seed-pods which are easily dried for Winter bouquets. The plants are perfectly hardy. The flowers are white. Perennial. Pkt., 10c; ⅛-oz., 25c; ¼-oz., 35c; ½-oz., 60c.

COSMOS—Sensation Mixed (Award of Merit)

Colors are pink and white on this very early giant flowered variety. Flowers are very large, 4 to 6 inches across. Two shades of pink usually appear. For best show leave plants 3 to 4 feet apart and disbud for exceptional flowers or long cutting stems. An exceptional variety. Pkt., 15c; ⅛-oz., 40c; ¼-oz., 70c; ½-oz., \$1.25.

Cosmos Novelties—See Color Page

Cosmos Orange Flare—See Page 9

Cosmos—Early Flowering—Single

The flowers of this excellent strain are large and beautiful. When the plants are about a foot high, the top should be pinched out to induce a bushy growth. They prefer a light, dry, sandy or poor soil. Do not water very often. Cosmos should have a sunny situation.

Early Flowering—Pink, Crimson, Pure White—Pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Early Flowering Mixed—Pkt., 10c; ¼-oz., 20c; ½-oz., 35c; oz., 60c.

Cosmos—Early Double Crested

The flowers have double centers with broad ray petals. The plants are covered with blooms, and are most attractive for either garden or table decoration. Cosmos likes full sunshine for successful growth. Exceedingly pretty.

Double Crested—Pink Beauty.....¼-oz., 75c; pkt., 15c

Double Crested—White Queen.....¼-oz., 75c; pkt., 15c

Double Crested—Mixed¼-oz., 65c; pkt., 15c

Cosmos—Sensation Mixed

Cobea Scandens or Cup and Saucer Vine

A half-hardy climbing annual with large leaves and large trumpet-shaped flowers; the blossom is green until nearly grown, when it turns bright purplish blue—grows about 20 inches high and is very desirable for covering a large lattice. A native of Mexico. **Pkt., 10c; ¼-oz., 30c.**

Columbine**Aquilegia**

Of easy culture and will furnish for many years a magnificent display of handsome flowers. Hardy perennial.

Chrysanth — (Golden Spurred — Golden yellow. Pkt., 10c; ⅛-oz., 40c.

Coerulea — (Rocky Mountain Blue Columbine — Violet blue and white. Pkt., 10c; ⅛-oz., 50c.

Columbine—Double Mixed—Pkt., 10c; ¼-oz., 35c.

LONG SPURRED COLUMBINE

While all the varieties of Columbine are beautiful, this strain of long-spurred is unquestionably the finest yet produced. The plants are strong, with flowers of largest size.

Pink Shades—A lovely strain with large flowers. Pkt., 20c; 1/16-oz., 50c; ⅛-oz., 85c.

Blue Shades—From light blue to dark purple. Pkt., 20c; 1/16-oz., 50c; ⅛-oz., 85c.

Long-Spurred Hybrids—Fine long-spurred flowers in shades and combinations of pink, red, blue and yellow. They make excellent cut-flowers. Mixed colors. Pkt., 15c; ⅛-oz., 50c; ¼-oz., 85c.

Columbine

Cynoglossum or Chinese Forget-Me-Not

Lovely rich blue. It thrives in a dry, sunny location. Will bloom continuously all Summer. Grows 20 inches tall. Sow the seed during May. Hardy annual. **Pkt., 10c; ⅛-oz., 20c; ¼-oz., 35c.**

Coreopsis

Coreopsis Lanceolata

A hardy perennial, blooming the first year and producing on long stems a succession of rich bright yellow flowers. Seed may also be sown in Fall outdoors. About two feet. **Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.**

Convolvulus Minor or Dwarf Morning Glory

A very early flowering annual with brilliant flowers. Of very easy culture. **Finest Dwarf Mixed, pkt., 5c; ½-oz., 15c; oz., 25c.**

CONVOLVULUS — JAP MORNING GLORY

(See Ipomoea, Page 18)

**Cypress Vine or Ipomea Quamoclit**

A hardy, rapid-climbing annual, with feathery foliage, bearing bright scarlet and white flowers very profusely. **Mixed. Pkt., 5c; ¼-oz., 20c; ½-oz., 35c.**

Caragana, or Siberian Pea Tree

A very hardy shrub, bearing clusters of golden yellow fragrant flowers in immense quantity early in the Spring. Foliage dark green, while the bark is light green or silvery in color, making it very ornamental for hedges. **Oz., 30c; ¼-lb., 85c; 1 lb., \$3.00.**

English Daisy

Daisy or Bellis English Daisy

Low-growing, early Spring flowering, desirable for edging or borders. Fine for shady places and are easily raised from seed. Hardy perennial.

Daisy—Double Mixed—Pkt., 10c; ⅛-oz., 45c.

Daisy—Giant or Monstrous—A new strain of Double Daisy with flowers fully twice the size of the ordinary sorts. Colors: White or Rose. Pkt., 10c; ⅛-oz., 50c.

DAISY—Shasta—(See Chrysanthemum, Page 14)

Delphinium**Perennial or Hardy Larkspur**

These are of the most handsome and useful hardy plants. Excellent for cut-flowers and borders, producing large, long spikes of beautiful flowers of varying shades of blue. If seed is sown early in the Spring some will blossom the first year.

Formosum — Dark Blue—This is the old favorite dark blue Larkspur, and one of the best. Four feet. Pkt., 10c; 1/16-oz., 35c; ⅛-oz., 60c.

Belladonna — Light Blue—A very free and continuous bloomer, with flowers of a turquoise blue. Four feet. Pkt., 10c; 1/16-oz., 35c; ⅛-oz., 60c.

Delphinium — Finest Mixed—In a great variety of charming colors. Pkt., 10c; 1/16-oz., 25c; ⅛-oz., 40c; ¼-oz., 65c.

Delphinium—Perennial Larkspur

Bees—New Hybrids

Enormous spikes of large single and double blooms in all the glorious shades of blue, found only in Delphiniums. The graceful spire shaped spikes are not unlike Hollyhocks; a truly magnificent strain. **Pkt., 25c; 1/16-oz., 90c; ⅛-oz., \$1.50.**

Dianthus or Pinks

**Dianthus or Pinks
Single**

One of the most popular flowers in cultivation, producing a wonderful variety of bloom in most brilliant colors, and are profuse bloomers. In a very short time they will be a mass of blossom. The double types are almost as useful as Carnations for cut-flowers, and all will succeed in any kind of good soil. Give a sunny location.

SINGLE ANNUAL VARIETIES

Crimson Bell—Rich velvety crimson. Pkt., 10c; ¼-oz., 35c.

Eastern Queen—Beautifully marked with rose and mauve. Pkt., 10c; ¼-oz., 35c.

Heddewigii—(Single Japan Pink)—Flowers of the most wonderful coloring, beautifully marked. Single Mixed. Pkt., 5c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

DOUBLE ANNUAL VARIETIES

Heddewigii—(Double Japan Pink)—Very large double flowers of brilliant colors. Mixed. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c; oz., 85c.

Chinensis—(Chinese or India Pink)—Blossoms in clusters, with a brilliant assortment of colors. Double Mixed. Pkt., 10c; ¼-oz., 20c; ½-oz., 35c; oz., 65c.

HARDY GARDEN PINK

Plumarius—(Hardy Perennial Pink, Grass Pink, Scotch Pink, Clove Pink or Pheasant's Eye)—A single hardy perennial pink with fringed edge, light colored flowers with a darker center variously colored. The old-fashioned garden favorite. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Sweet Wivelsfield—For description, see page 25.

Eschscholtzia—California Poppies

California Poppy—Single

Charming annuals for beds, borders, and the rock garden, blooming from early Summer until frost. The plants are of strong growth, about 12 inches tall. They include both single and double flowers in showy colors.

Aurantiaea (True California Poppy)—Rich golden orange; flowers very large. Pkt., 10c; ¼-oz., 20c; ½-oz., 35c.

Enchantress—A lovely, large, double, light rosy carmine. Pkt., 10c; ¼-oz., 35c; ½-oz., 60c.

Fire Flame—Brilliant orange-scarlet with silvery foliage. Pkt., 15c; ¼-oz., 40c; ½-oz., 70c.

Golden West—Yellow with orange blotch. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

Orange Flame—Magnificent flaming orange. Pkt., 10c; ¼-oz., 35c; ½-oz., 60c.

Ramona—Large frilled bright copper-gold shaded with rich pink. Pkt., 15c; ¼-oz., 50c; ½-oz., 85c.

Scarlet Beauty—Brilliant scarlet flowers always attract attention. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Sunlight—A bright lemon yellow of unsurpassed splendor. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Salmon Beauty—Double—A beautiful salmon both inside and out; a wonderful rare variety. Pkt., 15c; ¼-oz., 50c; ½-oz., 85c.

Salmon Beauty—Single—Same as above except being single. A very beautiful color. Pkt., 15c; ¼-oz., 40c; ½-oz., 70c.

COLLECTION OF CALIFORNIA POPPIES

One packet each: Fire Flame, Sunlight, Enchantress, Scarlet Beauty.

(Value 45c)

POSTPAID FOR 35c

Fine Mixed—Contains white, yellow, and orange shades. Pkt., 5c; ½-oz., 20c; oz., 35c.

Peerless Mixed—A wonderful mixture of all the above and many other fine varieties of California Poppies. Grown as a border or as solid beds they bloom all Summer until frost. Pkt., 10c; ¼-oz., 15c; ½-oz., 25c; oz., 45c.

Dahlia

Dahlias can be raised from seed and will bloom the first year. Sow the seed in a shallow box early in March or April. When danger of frost is over, plant them in the bed or border in the garden. Seed may also be sown out of doors in May.

Dahlia—Double Mixed—Flowers of excellent form. Pkt., 10c; 1/16-oz., 60c; ¼-oz., \$1.00.

Dahlia—Single Mixed—Seed saved from the choicest varieties. Pkt., 10c; 1/16-oz., 30c; ¼-oz., 50c.

Dolichos or Hyacinth Bean

Daylight—This is a white, well known Hyacinth bean, and of the most rapid growth and very free blooming. Height, ten feet. Annual. Pkt., 10c; ½-oz., 20c; oz., 35c.

Scarlet—A scarlet type of the same rapid growth as the preceding variety and very free flowering. Annual. Pkt., 10c; ½-oz., 20c; oz., 35c.

Didiscus Coerulea

Blue Lace Flower or Queen Anne's Lace Flower

Blue Lace Flower

The broad lace-like heads are composed of many delicate light blue flowers. The flowers, because of the graceful form of the bloom, resemble the most delicate lace. Bears a profusion of flowers from June until September. Of fine upright growth. Hardy annual. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Euphorbia or Snow-on-the-Mountain

The crown of each plant produces small flowers beautifully set off by the top-leaves which are marked with broad white bands on a rich green ground. Grows 2 feet tall and is fine for beds and borders. The plants grow best without transplanting. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

EVENING PRIMROSE—(See Oenothera, Page 21)

EVENING SCENTED STOCK—(See Mathiola Bicornis, Page 20)

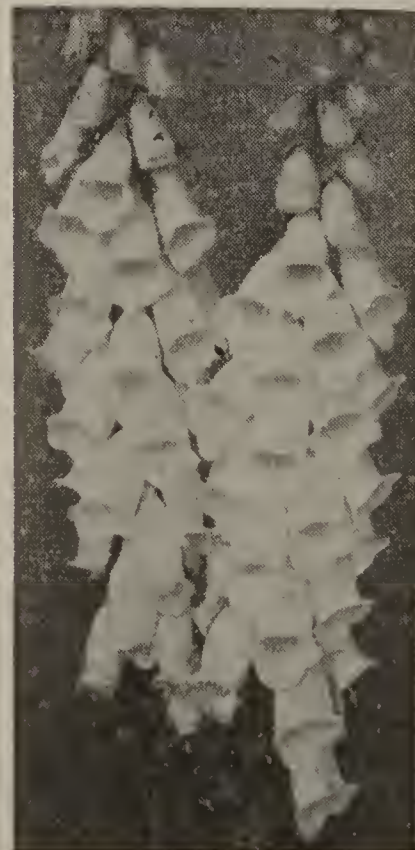

ECHINO CYSTIS LOBATA—(See Wild Cucumber)

Foxglove or Digitalis

Grows to the height of three or four feet, with dense spikes of brilliantly colored flowers. Colors: White, Lavender and Rose. A valuable flower in every perennial garden; does not usually blossom until the second year. Hardy biennials or perennial.

Single Mixed—Pkt., 10c; 1/16-oz., 20c; ¼-oz., 35c.

Gloxiniflora—This type of similar growth to the preceding variety, bears beautifully spotted flowers resembling the Gloxina. Hardy perennial. Pkt., 10c; 1/16-oz., 30c; ¼-oz., 50c.

Foxglove

GIANT SHIRLEY FOXGLOVE

This magnificent strain is unquestionably the greatest improvement ever made in Fox Gloves. The very vigorous plants attain a height of 4 to 5 feet, with spikes of bloom 3 feet in length, closely set with flowers of unusual size, ranging in color from the purest white to dark rose, handsomely spotted and blotched with crimson, maroon, and chocolate. Seed sown this Spring will provide plants that will make a glorious show next season. Hardy perennial. Mixed. Pkt., 15c; 1/16-oz., 25c; ¼-oz., 40c.

These flowers are funnel-shaped. Red, white, yellow or striped with these colors and open about four o'clock in the afternoon, remain open all night and generally close about noon next day. New flowers are produced daily. Sow seed in open ground. Hardy annual; two feet high. **Mixed.**
Pkt., 5c; oz., 25c.

A black and white photograph of a bouquet of flowers, likely chrysanthemums. The image shows several large, dark, textured flower heads with lighter, possibly white or pale yellow, petals. The flowers are arranged in a dense cluster, filling most of the frame. The background is a light, neutral color, providing contrast for the dark flower heads. The overall tone is vintage and somewhat grainy, typical of older black and white photography.

Single Mixed—Splendid showy annuals, remarkable for the profusion, size and brilliancy of their flowers, continuing to bloom from early Summer till Fall; fine for cutting; 1¼ feet high. Annual. **Pkt., 5c; ¼-oz., 25c; ½-oz., 40c.**

Double Mixed—One of the prettiest and best early-flowering annuals. These are gayly colored in shades of yellow, orange, brown, bronze, and deep maroon. The deeper colors are usually tipped with shades of yellow and creamy white. **Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.**

Grandiflora Superb Mixed—Beautiful flowers with yellow tips and crimson centers; 2 feet high. Hardy perennial. **Pkt., 10c; 1/8-oz., 30c; 1/4-oz., 50c.**

Zonale Mixed—A superb strain of the largest and finest varieties. The seed should be started indoors and transferred to the open when safe from frost. **Pkt., 10c; 1/16-oz., 50c; 1/8-oz., 65c; 1/4-oz., \$1.10.**

Grevillea Robusta—A beautiful plant for decorative purposes of quick growth and easy culture. The leaves are light bronze color, the tips being covered with a soft down from which it derives the name of Silk Oak. For the house it is unsurpassed. Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 60c.

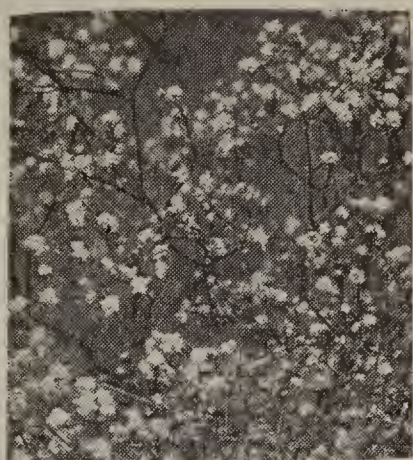

Of compact growth with a profusion of satiny cup-shaped flowers, in deep red, pink and white, shaded and blended. Valuable for bedding or massing. Hardy annual. 6 to 10 inches high. **Mixed.** Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c; oz., 70c.

Pkt., 5c; ½-oz., 20c; oz., 35c.

GLADIOLI BULBS—(See Page 32)

Grandiflora — Baby's Breath produces a profusion of open, bell-shaped flowers on plants 10 to 15 inches tall. Valuable with other flowers for bouquets. Annual. **Pkt., 5c; ½-oz., 20c; oz., 35c.**

Elegans Rosea—Similar to the white, but the flowers are a fine rose. A profuse bloomer. **Pkt., 10c; ½-oz., 20c; oz., 35c.**

Elegans Purpurea—Very graceful, half tall compact free flowering variety, 14 to 15 inches tall. Flowers reddish purple and very showy. **Pkt., 10c; ½-oz., 20c; oz., 35c.**

Paniculata—Single—Perennial. A graceful, hardy plant, fine for cutting for bouquets; flowers in feathery white panicles. **Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.**

Paniculata—Double—Perennial. Covered with small double, white blooms during July and August and blooms profusely fine for bouquets. **Pkt., 20c; 1/16-oz., 50c; 1/8-oz., 85c.**

Everyone loves the delightful fragrance and beauty of the Helitrope, but few know that it can easily be raised from seed. To inspire a long period of bloom, the seed should be sown indoors and the plants set out in rich, well-prepared soil.

Mixed, pkt., 10c; 1/8-oz., 40c; 1/4-oz., 70c.

The finest and largest flowers only, and will produce flowers extremely double and in the brightest and most charming colors. Sow in May or June for next year's blooming perennials.

**Blood Red, White,
Pink, Yellow, Rose,
Maroon, Crimson,
Salmon.**

Any of the above varieties—Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 60c; 1/2-oz., \$1.00.

**Charter's Double
Mixed — Pkt., 10c;
1/8-oz., 30c; 1/4-oz.,
50c.**

**COLLECTION
DOUBLE
HOLLYHOCK**
One packet each
—Pink, White,
Blood Red, Rose,
Maroon, Crim-
son, and Yellow.
Value 70c.
**POSTPAID
FOR 50c**

Hollyhock—Annual—Single Mixed—Will bloom the first season if seed is sown early. **Pkt., 10c; 1/8-oz., 20c; 1/4-oz., 30c.**

Triumph or Imperator (New)—A beautiful and distinct new strain of double Hollyhock. It comes into bloom fully ten days earlier than the regular type of Hollyhock. Bears flowers 5½ to 6½ inches across; outer petals wide, elegantly frilled and deeply fringed centers a very double rosetta and colors of many charming combinations. **Mixed. Pkt., 15c; ⅛-oz., 50c; ¼-oz., 85c.**

HARDY OR PERENNIAL ASTERS—(See Page 10)

HELICHRYSUM—(See Strawflower, Page 24)

HESPERIS—(See "Sweet Rocket," Page 25)

HYACINTH BEAN—(See Dolichos, Page 16)

Hunnemannia or Bush Eschscholtzia

Also known as the Santa Barbara Poppy. An erect-growing tender perennial, about 2 feet high. Foliage finely cut and about 3 to 4 inches across. Stems long and smooth. A fine flower for the garden. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Humulus or Japanese Hop

Variegated Japanese Hop. Quick growing vine for veranda or trellis. Not subject to insect pests; very handsome; stands drought well. Twelve feet. Annual. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

HYACINTH BEAN—(See Dolichos, Page 16)

Ipomoea

Mikado — (Japanese Morning Glory) — New Improved Japanese Convolvulus, flowers measuring from 4 to 5 inches across; great variety of colors; handsome foliage. Mixed. Pkt., 10c; ½-oz., 25c; oz., 40c.

IPOMOEA QUAMOCLIT—(See Cyprus Vine, Page 15)

IPOMOEA NOCTIFLORA—(See Moonflower, Page 20)

Ice Plant

Pretty Summer trailing annual for vases and rock work; leaves covered with ice-like drops. Very useful for garnishing. Pkt., 10c; ⅛-oz., 20c; ¼-oz., 35c.

Kenilworth Ivy, Linaria or Creeping Charlie

Kochia

A charming trailing plant, especially adapted for hanging baskets. Flowers lavender and purple. Tender perennial. Pkt., 10c; ⅛-oz., 50c.

Kochia, Burning Bush or Summer Cypress

Grows quickly from seed sown in the open ground. In the Fall the shoots are thickly set with small bright scarlet flowers, the bushy plants resembling balls of fire; makes a good Summer hedge. Hardy annual. Three feet. Pkt., 5c; ¼-oz., 20c; ½-oz., 30c; oz., 50c.

Kudzu Vine or Pueraria Thunbergiana

One of the fastest growing hardy climbing plants. It will grow 8 to 19 feet the first year from seed, and after it is established there is no limit to its growth. Its foliage is large; bears small racemes of rosy-purple, pea-shaped blossoms. A fine climber for covering permanently verandas, dead trees, etc. Hardy perennial. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Lavatera, Annual Mallow

The annual Mallow or Lavatera is a charming plant for cool locations; 2½ feet high and covered all Summer with large bright colored saucer-shaped flowers.

Splendens Alba—Very large, silky pure white flowers. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

Splendens Rosea—Very large, bright rose pink flowers. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Lavatera

Lavendula Vera or Sweet Scented Lavender

A well known sweet scented shrub, of dwarf bushy habit. Extremely desirable for its delicious perfume. Hardy perennial. Pkt., 10c; ¼-oz., 35c; ½-oz., 60c.

Larkspur, Hardy Annual

Larkspur

Is one of the best of garden plants. Will produce blooming plants in July and continues in flower until frost. Annual.

Empress Rose — New — A rich rhodonite pink with no trace of mauve. This magnificent strain is a double ever-blooming; grows five feet tall. As a cut-flower it is unsurpassed for color and keeping qualities.

Pkt., 10c; ¼-oz., 35c; ½-oz., 60c.

Tall Double Stock Flowered Larkspur — White, Pink, Dark Blue, Carmine. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Larkspur — Finest Mixed. Pkt., 5c; ¼-oz., 20c; ½-oz., 35c; oz., 60c.

Giant Imperial Larkspur—Fast becoming the most popular type for general garden use. The spikes are long and without side branches, making it excellent for cutting. The type is decidedly upright and the flowers fully double. The color range includes a well balanced mixture of all the popular pastel light and dark shades. Mixed. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c; oz., 85c.

LARKSPUR COLLECTION

One packet each:
White, Pink, Carmine, Blue

POSTPAID FOR 35c

For Perennial Larkspur—(See Delphinium, Page 15)

Leptosyne or Yellow Daisy

Stillmani — An easily grown, attractive annual. It blooms early and continuously for many weeks. The Daisy-like flowers are a pure golden yellow and borne on long stems. Pkt., 10c; ¼-oz., 40c.

Lupins, Annual

A very attractive plant with beautiful foliage and long spikes of blossoms. The plant attains a height of 3 feet. Of the easiest culture. Sow in the open ground. Desirable for cut-flowers. Annual.

Mixed — Pkt., 5c; ½-oz., 20c; oz., 35c.

Lupins, Hardy Perennial

A showy hardy perennial with graceful long spikes borne during June and July. Excellent for cutting.

Mixed — Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

LOVE-IN-A-GROVE (See Nemophila, Page 21)
Russell Lupins—(See Novelty Page)

Lupins

Linum or Flowering Flax

Grandiflorum Rubrum—Brilliant crimson flowers, with black center, saucer shaped, and very conspicuous in bed or border. The foliage is slender and delicate. Height 15 inches. Hardy annual. Pkt., 5c; ¼-oz., 25c; ½-oz., 40c.

Perene—A fine deep blue variety, growing about 18 inches. Hardy perennial. Pkt., 10c; ¼-oz., 30c; ½-oz., 50c.

Linum

Lobelia

Crystal Palace—Small compact bushes covered with deep azure blue flowers. Make an attractive border and blossom early until frost. Pkt., 10c; ⅛-oz., 50c; ¼-oz., 85c.

White Gem—Dense balls covered with snow-white flowers. Pkt., 10c; ⅛-oz., 50c; ¼-oz., 85c.

S. N. & S. Co's. Giant Flowering Pansies

Seeds sown early will produce fine plants for Autumn blooming. Sown in July or August and protecting the plants during the Winter they will flower continuously the next Spring and Summer. Our Pansies are renowned as the most beautiful in the world for size and color. In germinating allow plenty of ventilation. Keep beds quite moist but not soaking wet. Never allow beds to become dry.

Pansy, Swiss Giant

If you really want extraordinary Pansies sow our Peerless Improved Swiss Giants. They are without exception the most gorgeous Pansies we have ever seen. Immense in size and of thick velvety texture. and the range of colors includes many of the deep red and brown shades. Mixed. Pkt., 25c; 1/16-oz., 85c; 1/8-oz., \$1.50; 1/4-oz., \$2.50.

GIANT RED MONTANA—(New)—An exceptionally deep fiery red of brilliant color, a grand flower with long, strong stems, a color never before known to Pansies. Pkt., 25c; 1/16-oz., \$1.00; 1/8-oz., \$1.75.

PANSY COLLECTION

Contains the following varieties: **Golden Queen, Adonis, Madam Perret, Lord Beaconsfield, Prince Henry, Prince Bismarck.** One packet each of these six fine Giant-flowering Pansies (value 60c) mailed **POSTPAID FOR 50c**

Oenothera Evening Primrose

This widely known free-flowering annual produces brightly colored single flowers which open on approach of twilight. A combination of red stems with red buds and yellow flowers make it a beautiful and striking plant. Hardy annual. Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c.

State Nursery & Seed Co., Helena, Montana.

I wish to state that we raised the finest garden in years this summer with Peerless Seeds.

S. S. R. CO., Ovando, Montana.

Oenothera Evening Primrose

SEMESAN

Place a little Semesan with seeds in a jar and shake vigorously. This is a very effective seed treatment. 2-oz., can, 35c; 1 lb., \$2.25.

Adonis—Beautiful light blue. Pkt., 10c.

Fire King—The lower petals golden yellow, shaded orange. Each petal has a blotch of deep mahogany-red, shaded with purplish black in the center. The two upper petals are copper-brown with a bright golden yellow border. Very showy. Pkt., 10c.

Golden Queen—Large. Best of the pure yellows. Pkt., 10c.

King of the Blacks—Almost jet black. Extra fine large flowering. Pkt., 10c.

Lord Beaconsfield—Top pale lavender, shading to purple violet on lower petals. Very large and exquisitely marked. Pkt., 10c.

Madam Perret—Petals frilled. Dark wine, pink, and red shades beautifully veined, all with white margin. Pkt., 10c.

Prince Henry—The largest dark purple. A flower of unusual beauty. Pkt., 10c.

Prince Bismarck—Beautiful shades of golden bronze. The largest and finest of the bronze Pansies. Pkt., 10c.

Snowflake—Extra fine pure white. Pkt., 10c. Any of the above named varieties—1/8-oz., 35c; 1/4-oz., 60c; 1/2-oz., \$1.00.

Masterpiece — **Giant Ruffled** — **Mixed** — The mammoth size, richness of colorings, frilled or ruffled character make "Masterpiece" one of the most distinctive Pansies. Pkt., 15c; 1/16-oz., 35c; 1/8-oz., 60c.

Cardinal—This magnificent variety has a dark blotch on the three lower petals. Bright cardinal red, shaded with a rich tone of bright mahogany-red toward the center. Pkt., 10c; 1/8-oz., 45c; 1/4-oz., 80c.

Mlle. Irene—A shade never before known to Pansies, a henna or tango red, a grand flower with long strong stems. Pkt., 15c; 1/16-oz., 35c; 1/8-oz., 60c.

St. Knud—(The Orange Pansy)—The color is golden orange in the center, changing into dark orange without spots or stripes. This peculiar color is of great effect in beds and borders. Pkt., 20c; 1/16-oz., 45c; 1/8-oz., 70c.

Pansy—Fine Mixed—Pkt., 5c; 1/8-oz., 30c; 1/4-oz., 50c; 1/2-oz., 85c.

Pansy—Peerless Mixed—Pkt., 10c; 1/16-oz., 35c; 1/8-oz., 55c; 1/4-oz., \$1.00.

Nigella

Love-in-a-Mist or Devil-in-a-Bush

Damascena—This beautiful plant makes a showy and attractive border or mixes well for bedding. The delicate blue-white flowers surrounded by feathery foliage suggest "Love-in-a-Mist," and the red crown-shaped horn-tipped seed pods suggest "Devil-in-a-Bush." Fine for cutting. 12 to 15 inches.

Nigella Double Mixed—Pkt., 5c; 1/4-oz., 20c; 1/2-oz., 35c.

Nemesia

A very pretty annual which does best in a cool position. The plants are of compact growth and the orchid-like flowers are varied in colors. The richness is really wonderful. Pkt., 15c; 1/8-oz., 50c.

Nemophila, Love-in-a-Grove or Baby's Eyes

Of dwarf spreading habit. It is well adapted for border or pot culture. The flowers are exquisitely colored. Sow in Spring and thin to 1 foot apart. Hardy annual. Mixed. Pkt., 5c; 1/8-oz., 20c; 1/4-oz., 30c.

Nigella

S. N. & S. Co's. FAMOUS PETUNIAS

New Petunias You Will Want to Try

Any of the above, **pkt., 10c; 1/8-oz., 30c; 1/4-oz., 50c; 1/2-oz., 85c.**

Peerless Mixed, **pkt., 10c; 1/8-oz., 30c; 1/4-oz., 50c; 1/2-oz., 85c.**

Fine Mixed, **pkt., 5c; 1/8-oz., 25c; 1/4-oz., 40c; 1/2-oz., 70c.**

PHLOX PERENNIAL—(See Perennial Plants)

COLLECTION OF PHLOX

Collection contains the following varieties: Alba, Fireball, Violet, Yellow, Lilac, Crimson. One packet each (value 60c)

POSTPAID FOR 50c

Petunias are one of the most important annual plants for your garden because they bloom continuously from early summer to frost. They succeed in ordinary well-drained garden soil and in location where they receive plenty of sunlight. The freedom with which the charming blooms are produced throughout the season is truly amazing.

DOUBLE VARIETIES

Victorious—All double dwarf giant fringed Petunia. This dwarf Petunia produces 100% double flowered plants, and its dwarf compact habit enhances its popularity. They produce a wonderful assortment of brilliant and fancy colorings of large fully double flowers very suitable for pots, window boxes and borders. **Mixed. Pkt., 50c; 2 pkts., 85c.**

Glorious—All double carnation flowered Petunia. Another 100% double flowering Petunia of extraordinary merit. Individual flowers are not quite so large as the Victorious, but the plants bear more flowers with a percentage of the fringed double type. **Mixed. Pkt., 35c; 2 for 60c.**

Double Fringed Mixed—This is a mixture of the best large flowering and fringed double Petunias, and will produce grand flowers. The most highly perfected double strain of Petunia on the market today. This new strain comes practically 75% double and semi-double, about 60% really giant flowers in the most up-to-date colorings. The weaker seedlings should be carefully saved as these invariably produce the finest double flowers. **Pkt., 25c; 2 for 40c.**

Petunia—Balcony or Bedding

SINGLE VARIETIES

Elks' Purple or Pride—A most outstanding variety, with immense flowers of rich deep Elks' purple. The petals are of velvety appearance. The blooms are enormously large. The velvety black veins add much to their beauty. **Pkt., 25c.**

Rosy Morn—A bright rosy pink, with silvery white throat; very charming, compact and free flowering. Make a very dainty and effective border. **Pkt., 10c; 1/16-oz., 30c; 1/8-oz., 50c.**

Rose of Heaven—Excels by its marvelous color—a rich brilliant rose with inconspicuous white throat. A deeper color than Rosy Morn. **Pkt., 15c; 1/16-oz., 30c; 1/8-oz., 50c.**

Petunia—Single

Silver Blue—A worthy addition to the Petunia class. Flowers are of a soft silver blue color. Plants are well rounded and extremely free flowering. **Pkt., 15c; 1/8-oz., 60c.**

Giant Fluffy Ruffles—Mixed—These Petunias are very large flowered. The petals are waved, frilled and curled and twisted, giving an extremely dainty and pretty flower. **Pkt., 25c; 2 for 40c.**

PETUNIA NOVELTIES—(See Pages 5 and 8)

POPPIES

Single Shirley Varieties ANNUAL POPPIES Double Shirley Varieties

American Legion—A beautiful, rich, dazzling orange-scarlet. "An improved Flanders." Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

Poppy—Single

Wild Rose—Shades of rose and pink. Very beautiful. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

White Shirley—The flowers are pure white with a satiny wrinkled finish. Pkt., 10c; ¼-oz., 25c; ½-oz., 35c.

Single Shirley Mixed—They are single and occasionally semi-double; colors white, pink, rose, carmine, crimson and blood red; many daintily edged and striped. Pkt., 10c; ¼-oz., 20c; ½-oz., 30c oz., 50c.

Tulip or Glaucum Flowered—Intense scarlet. The brightest colored of all Poppies. Pkt., 5c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Single Annual—Mixed—Gorgeous colorings. Pkt., 5c; oz., 25c; ¼-lb., 85c.

Perennial Poppies

The Oriental Poppy

Oriental—(Papaver Orientale)—The most gorgeous perennial Poppy with enormous blossoms, deep crimson, with a conspicuous black blotch on each petal. Transplant carefully in August. Pkt., 10c; ⅛-oz., 25c; ¼-oz., 40c; ½-oz., 70c.

Oriental Hybrids—Beautiful hybrids of the Oriental Poppy. Flowers of immense size, colors ranging from delicate shades of salmon to deep crimson. Mixed, pkt., 10c; ⅛-oz., 35c; ¼-oz., 60c.

ICELAND POPPY

Papaver Nudicaule—Pretty tufted foliage, flowers on long wiry stems; perennial.

Yellow, Orange Scarlet, White, Orange or Pink—Pkt., 10c; ⅛-oz., 30c; ¼-oz., 50c.

Iceland Poppy—Mixed. Pkt., 10c; ⅛-oz., 25c; ¼-oz., 40c.

The Emperor—Is without doubt the finest orange Iceland Poppy ever produced, with extremely large fluted petaled flowers composed of broad overlapping petals. The color is deep tangerine orange. The strong stems are 18 inches long and bear the large flowers majestically. The Emperor is undoubtedly the best Iceland Poppy, a perennial and it blooms freely the first year from seed. Pkt., 25c; 2 pkts., 40c.

SWEET SCENTED LAVENDER—See Lavendula

The Poppies are very handsome. The flowers grow to an enormous size from 6 to 7 inches in diameter, are as double as Peonies and the colors are very rich and striking.

Dazzler—Bright orange-scarlet, a brilliant color. Pkt., 10c; ¼-oz., 40c; ½-oz., 70c.

Sweet Briar—A delightful shade of deep rose pink resembling a double begonia. Pkt., 10c; ¼-oz., 50c; ½-oz., 85c.

Poppy—Double

Salmon and Pink Shades—beautiful soft shades and a favorite with all. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c.

Double Shirley Mixed—Very showy and attractive colors. Pkt., 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

Double Carnation or Peony Flowered, Mixed—Large, full double fringed flowers, 2 feet high. Pkt., 5c; ¼-oz., 15c; ½-oz., 25c; oz., 40c.

Portulaca, Moss Rose or Sun Plant

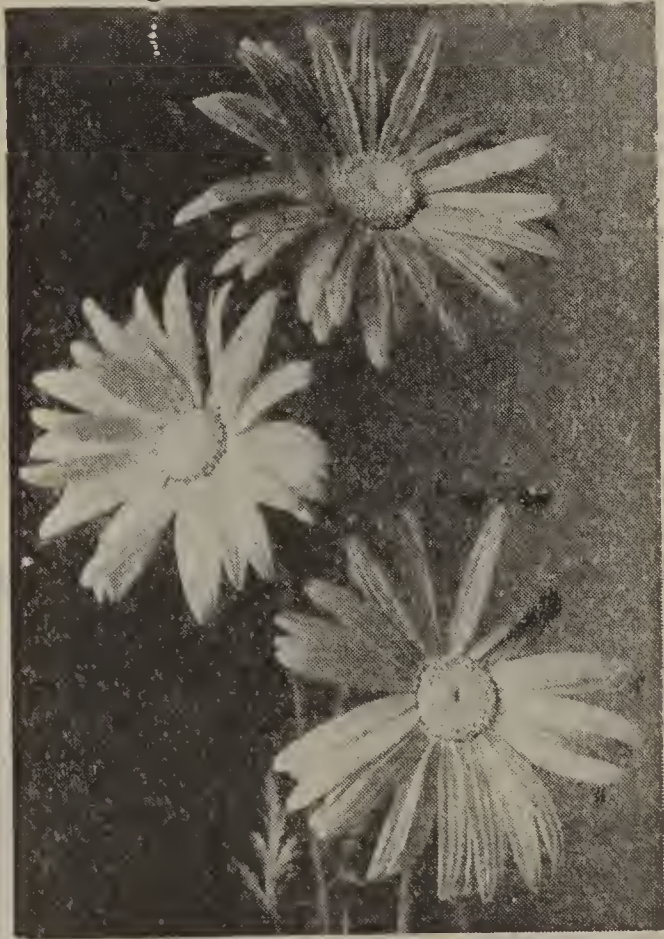

A low-growing or creeping annual, six inches high. Of easy culture, thriving best in rich light loam or sandy soil. The glossy cup-shaped flowers are of the richest colors. Very fine for massing in beds, edgings or rockwork.

Single MixedPkt., 5c; ¼-oz., 25c; ½-oz., 40c

Double MixedPkt., 10c; ⅛-oz., 45c; ¼-oz., 80c

PERIWINKLE—(See Vinca, Page 26)

RICINIS—Castor Oil Bean—(See Page 12)

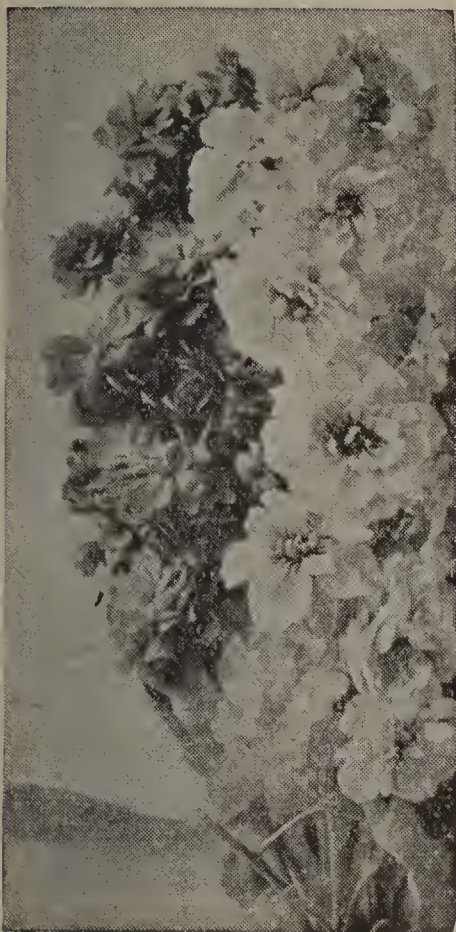

Pyrethrum—Persian or "Painted Lady"

Pyrethrum

Roseum—Single Hybrids Mixed—A lovely flower of easy culture. They resemble large Daisies, but of various shades of pink, deep red and purple, and make a pretty show in the garden, and fine for cut-flowers, having stems two feet long. They are perfectly hardy. Pkt., 10c; ⅛-oz., 40c; ¼-oz., 70c.

Aureum—Golden Feather—A most desirable dwarf Pyrethrum for edging of borders, with golden yellow foliage. Half-hardy perennial. Six inches. Pkt., 10c; ⅛-oz., 15c; ¼-oz., 25c.

Stocks or Gilliflower

The stock is one of our very best annuals for bedding purposes or for pot culture. Their wonderful colors and unequalled fragrance make them extremely valuable. Half-hardy annual; 12 to 18 inches. Sow outdoors about May 1st.

- Large Flowering 10-Weeks Stocks**
- Blood Red.....Pkt., 10c
 - Canary Yel-lowPkt., 10c
 - WhitePkt., 10c

Any above named, 1/8-oz., 50c; 1/4-oz., 90c.

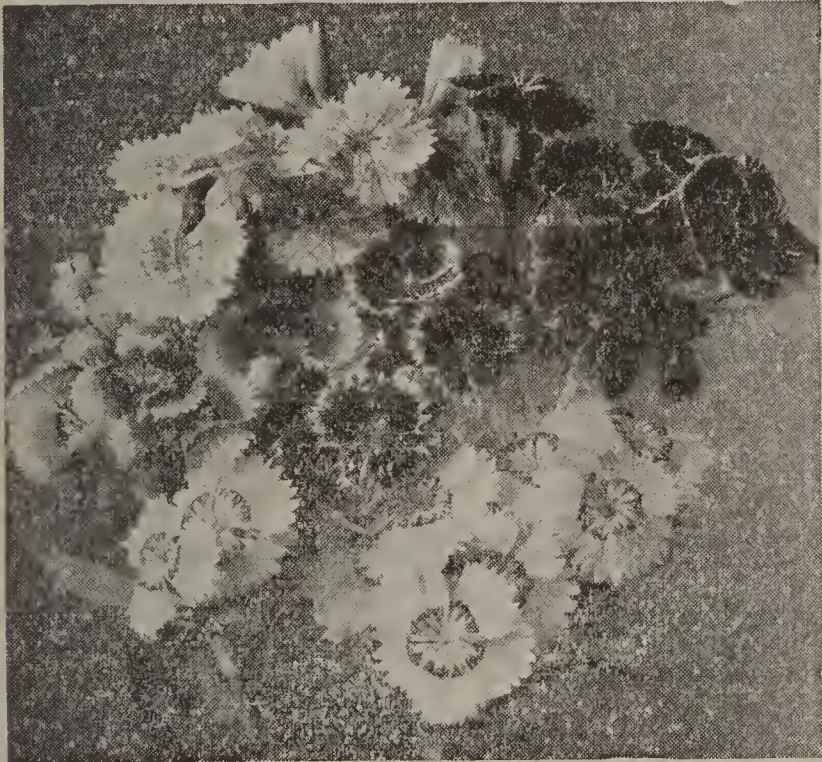

Mixed—All colors. Pkt. 10c; 1/8-oz., 50c; 1/4-oz., 80c.

Stocks

STOCK—Evening Scented—(See Mathiola Bicornis)

Virginia Stocks or Malcomia Maritima

An early flowering small flowered annual, largely grown for edging border with red, rose and white flowers about 3/4-inch across. Height about six inches, and blooms continuously during cool weather. **Finest Mixed. Pkt., 5c; 1/4-oz., 20c; 1/2-oz., 35c.**

Sweet Wivelsfield
Sweet Wivelsfield

This new race of hardy plants is a cross between Dianthus Allwoodii and Sweet William, with large flowers and a wonderful range of colors. Few plants can compare with Sweet Wivelsfield for wealth of color and length of flowering period. An outstanding novelty of the easiest culture. **Pkt., 10c; 1/8-oz., 25c; 1/4-oz., 40c.**

Sunflower

- Mammoth Russian**—Extra large heads. **Pkt., 5c; oz., 10c.**
- Double Chrysanthemum Flowered**—Hardy annual, growing from 3 to 5 feet. Large densely double golden flowers. Fine long stout stems for cutting. **Pkt., 5c; 1/2-oz., 25c; oz., 40c.**
- Sanguineus**—Shades of red, purple, and reddish brown combinations; 5 to 6 feet tall. Very showy. **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c.**

SEMESAN

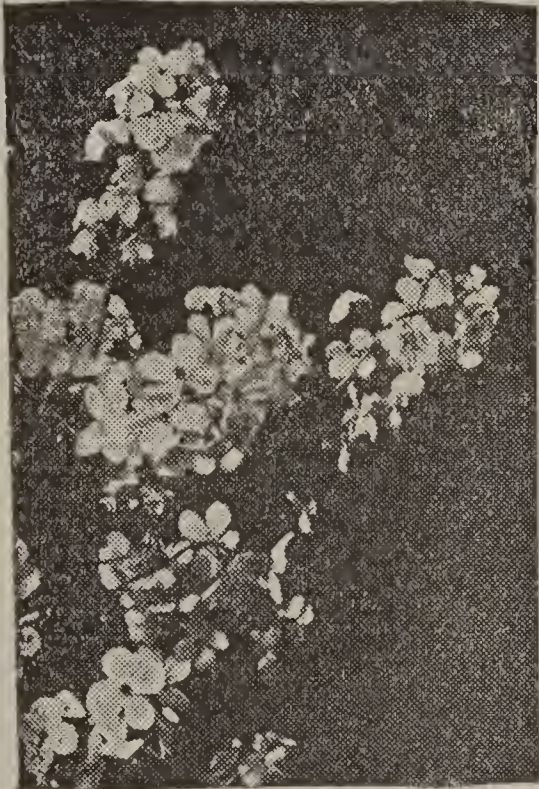

Place a little Semesan with seeds in a jar and shake vigorously. This is a very effective seed treatment. **2-oz., can, 35c; 1 lb., \$2.25.**

Sweet William or Dianthus Barbatus

A beautiful sweet-scented old-fashioned annual and perennial. Grows one to two feet high and bears flowers in clusters; a wonderful bedding plant and of easy culture.

- Single—Mixed**—The flowers embrace a great variety of extremely rich and beautiful colors. Perennial. **Pkt., 5c; 1/4-oz., 25c; 1/2-oz., 40c.**
- Double Mixed**—An excellent double flowered strain perennial. **Pkt., 10c; 1/8-oz., 25c; 1/4-oz., 40c.**
- Annual Flowering — Mixed** — A new strain that blooms the first season. Flowers large, borne in great profusion and in beautifully assorted colors. **Pkt., 10c; 1/8-oz., 25c; 1/4-oz., 40c.**

Sweet Rocket or Hesperis

A hardy perennial growing two feet high. A beautiful fragrant flower of the easiest culture and bearing clusters of white and purple blossoms. Flowers from June to September. **Mixed. Pkt., 5c; 1/4-oz., 20c; 1/2-oz., 35c; oz., 60c.**

- SHASTA DAISY**—(See Chrysanthemum—Page 14)
- SNAPDRAGON**—(See Antirrhinum—Page 12)
- SIBERIAN WALLFLOWER**—(See Page 26)
- SNOW ON THE MOUNTAIN**—(See Euphorbia, Page 16)

Thunbergia or Blackeyed Susan

A beautiful climber, 3 to 5 feet high, with pale yellow or orange-yellow flowers having a black center. Of quick growth, blooming profusely. Tender annual. **Pkt., 5c; 1/4-oz., 30c; 1/2-oz., 50c.**

SPENCER SWEET PEAS—(See Pages 28, 29, 30)

Viola Cornuta (Tufted Pansies)

While the flowers of the Violas are not so large as the Pansies, yet they bloom very freely and for a longer time. The colors are clear and distinct and very effective in the rock garden.

Viola—Cornuta—Mixed—Pkt., 10c; 1/8-oz., 35c; 1/4-oz., 60c.

Viola Odorata (Sweet Scented Violets)

Every garden should include sweet-scented Violets; dark blue. **Pkt., 10c; 1/16-oz., 50c; 1/8-oz., 85c.**

Vinca or Periwinkle

Dark green, glossy foliage and bright single blossoms of striking beauty; grows 12 inches tall; excellent for beds, borders and window boxes. Seeds are sometimes slow to germinate.

Mixed Colors—Pkt., 10c; 1/4-oz., 35c; 1/2-oz., 60c.

Venidium Fastuosum

A striking new variety from South Africa. The brilliant orange like flowers are 3 inches across, with dark center and a reddish brown zone. Two feet tall and blooms over a long period. A hardy annual. **Pkt., 15c; 1/16-oz., 50c; 1/8-oz., 85c.**

**Verbenas, Mammoth**

A very showy class of large flowers Verbenas including a number of splendid rich colors which are truly outstanding. Magnificent planted in beds or border. The large individual blooms combine into immense showy flower heads that stand out sharply from the rich green foliage. They bloom continuously from midsummer until fall.

VERBENAS — MAMMOTH — Pink, White, Blue shades. Defiance, brightest scarlet; Firefly, bright red with small white eye; Lutea-Yellow, a unique color among Verbenas. Very fine.

Any of the above—Pkt., 10c; 1/8-oz., 40c; 1/4-oz., 65c.

Fine Mixed—All colors. .Pkt., 5c; 1/8-oz., 30c; 1/4-oz., 50c.

Peerless Mixed—Embracing a wide range of beautiful colors, the blooms being of mammoth size. Pkt., 10c; 1/8-oz., 40c; 1/4-oz., 70c.

ZINNIA

LINEARIS—This is a new strain. It is a dwarf, early flowering type, bearing single flowers of a deep golden orange color, with a delicate light yellow stripe which contrasts boldly with the dark center, a combination which is most attractive. The plants sometimes spread over two square feet without growing taller than ten inches. **Pkt., 15c; 1/8-oz., 40c; 1/4-oz., 75c.**

ZINNIA MEXICANA—Most charming blooms in a remarkable range of color blends of rich yellow, orange, red maroon, mahogany, some bordered and tipped creamy white or gold. A most attractive and distinct type, hardly two flowers exactly alike in color. **Pkt., 10c; 1/8-oz., 30c; 1/4-oz., 50c.**

“WHAT IS MORE BEAUTIFUL THAN FLOWERS”

PLANT OUR PEERLESS MONTANA TESTED SEEDS

Veronica or Speedwell

A beautiful species, with rich deep blue flowers. **Pkt., 10c; 1/8-oz., 40c.**

Wallflower or Gold Lack

These half-hardy perennial and annual sorts should be sown in Autumn and carried over in cold frame; annual sorts may be sown indoors in March and will flower the first year from seed. Very pretty and fragrant.

Annual Single Mixed—Pkt., 5c; 1/8-oz., 20c; 1/4-oz., 35c.

Early Paris Market—A beautiful single golden yellow variety which may be treated as an annual, flowering through the Summer from seed sown in the Spring. **Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c.**

Blood Red—This is a much improved and selected stock of the Annual Wallflower brought out some years ago. We have ever since been carefully selecting this, and each year getting nearer to a blood red. **Pkt., 10c; 1/8-oz., 25c; 1/4-oz., 40c.**

MARIGOLD NOVELTIES—(See Pages 7 and 19)

PANSY—NEW SWISS GIANTS
(See Page 21 and Plant Section)

Wallflower, Siberian

Cheiranthus Alloni—This beautiful early-flowering perennial Wallflower has gorgeous orange flowers, and is a splendid little plant for the rock garden or border. Will bloom throughout the Summer if seed-pods are removed. May be sown in the open ground in September where required to flower the following Spring, or will bloom first season from seed, if sown in a hot-bed in March and transplanted outdoors in May. **Pkt., 10c; 1/4-oz., 30c; 1/2-oz., 50c.**

Wild Cucumber

Ornamental climbing cucumber with curious fruit; remarkable for its luxuriance and rapidity of growth. Sow in Spring or Fall. **Pkt., 5c; 1/2-oz., 20c; oz., 30c; 1/4-lb., 95c.**

Caragana, or Siberian Pea Tree

A very hardy shrub bearing clusters of golden yellow fragrant flowers early in the Spring. Foliage dark green, while the bark is light green or silvery in color, making it very ornamental for hedges. **Oz., 30c; 1/4-lb., 85c; 1 lb., \$3.00.**

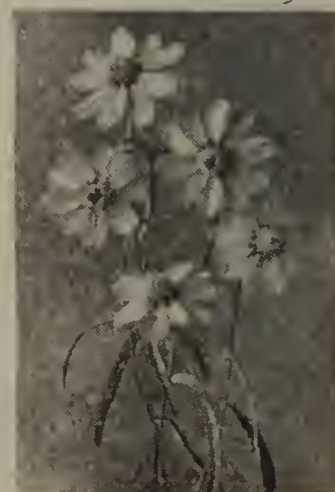

WOOLFLOWER—(See Celosia Childsii—Page 13)

Wild Flower Garden Mixture

These annual flowers can be grown easily. Simply raked in a corner of the garden will make a pretty display of flowers and will resemble a wild flower garden. We have made a mixture of seeds of the hardiest annual flowers that will bloom from early Summer until late in the Fall. **These are not wild flowers. Pkt., 5c; oz., 25c; 1/4-lb., 70c; 1/2-lb., \$1.30; 1 lb., \$2.40.**

Plan to Visit Our Seed Testing Grounds This Summer

GLADIOLUS BULBS—(See Page 32)

Zinnia Linearis

S. N. & S. CO'S. FAMOUS ZINNIAS

A half-hardy annual growing from 1 to 2 feet high. The colors are in great variety and very bright. Probably no flower has such an assortment of shades, tints and colors, and no bedding plant is more effective for a brilliant show. Sow in boxes early and transplant or sow directly in the garden after May first. Our Peerless Zinnias are early maturing.

Zinnia—Dahlia-Flowered

New Dahlia-Flowered Zinnias are distinct. The flowers are of immense size and are made up of many small sized petals. The individual petals stand well apart, giving an attractive grace and looseness to the flowers. They are strong growers, blooming profusely all during Summer and Fall.

ZINNIA New Dahlia-Flowered

OUR TEMPLE MIXTURE

We wish to call special attention to this mixture which is composed of precisely the same variety of seeds as sown by us on the grounds at the Shrine Temple, Helena, and which create such a sensation each year. This mixture contains all the newest shades in Zinnias. A gorgeous early maturing Giant Strain. Large packet, 40c; 1/4-oz., 65c; 1/2-oz., \$1.15; 1 oz., \$2.00.

- Crimson Monarch**—A bright and attractive shade of crimson-scarlet. The blooms are immense and borne in great profusion.
- Exquisite**—A pleasing shade of reddish rose with deeper rose in the center. One of the most attractive.
- Golden State**—Rich golden yellow, shading to orange as the flower ages. Blooms are large.
- Scarlet Flame**—Rich orange-scarlet. A dazzling color; is one of the brightest. Blooms profusely.
- Dream**—The large flowers are a distinct shade of deep lavender, shading to purple as they age. A free bloomer of strong and sturdy growth.
- Polar Bear**—The flowers are of great size and pure white. The flowers are borne on fine strong stems.
- Oriole**—A bright, glistening orange, shaded with liquid gold. As the flowers age they show a coppery cast, but the effect is beautiful.
- Luminosa**—Bright deep pink with a light suffusion of salmon; entirely new shade.
- Any of these Dahlia-Flowered Zinnias—Pkt., 15c; 1/8-oz., 35c; 1/4-oz., 60c; 1/2-oz., \$1.00; oz., \$1.75.

COLLECTION OF DAHLIA-FLOWERED ZINNIAS

This collection contains one packet of **Crimson Monarch, Golden State, Dream, Exquisite, Oriole, Polar Bear.**

(Value 90c) Postpaid for..... **65c**

Dahlia-Flowered Mixture—This is a complete mixture of Dahlia-Flowered Zinnias, including all the above separate colors and many other beautiful and rich shades. Pkt., 15c; 1/8-oz., 30c; 1/4-oz., 50c; 1/2-oz., 85c; oz., \$1.50.

Cut-and-Come-Again Dwarf Double Zinnias

This we consider the best Zinnia for bedding. They form bushy, compact plants not over 2 feet high and bear large perfectly double flowers in good clear distinct colors.

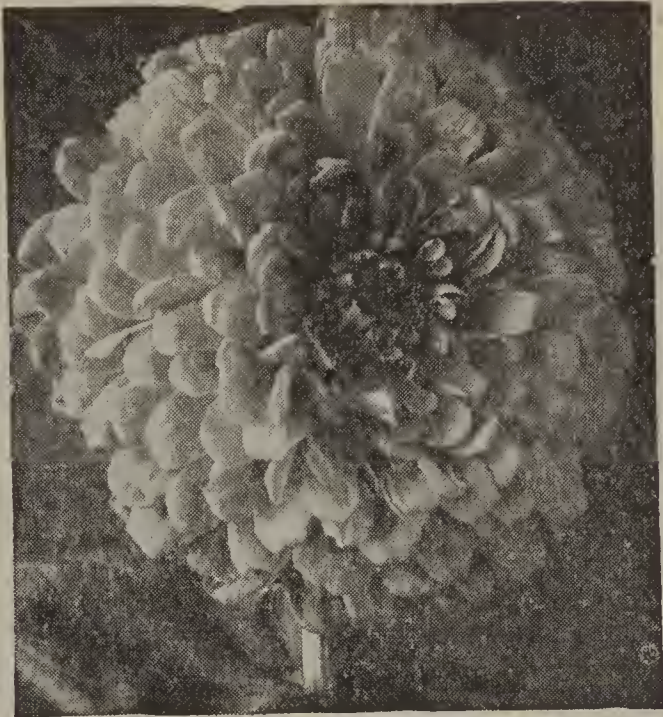

Canary, Flesh Pink, Orange, Scarlet, Salmon, Rose, White—Any color; pkt., 10c; 1/4-oz., 30c; 1/2-oz., 50c

COLLECTION—One packet each of the above six sorts, 40c

Zinnia—Cut-and-Come-Again—Finest Mixed—This will give a colorful bed or border. Pkt., 10c; 1/4-oz., 25c; 1/2-oz., 40c; oz., 70c.

Zinnia—Scabiosa Flowered

The plants bear medium size flowers which have a great resemblance to the annual Scabiosa. They have broad outer petals and small center petals clustered together into a distinct cushion. There are many different and lovely colors represented. 24 to 30 inches high. Mixed colors. Pkt., 10c; 1/8-oz., 25c; 1/4-oz., 40c; 1/2-oz., 70c.

Zinnia—New Dahlia-Flowered

California Giant Double Zinnias

Our special strain of this grand favorite produces flowers of colossal size. Should be spaced 12 inches apart to allow development. They bear numerous semi-globular, mostly double flowers of the largest size, making them of great value in large beds, borders, etc. They remain in bloom from early summer to late autumn.

Grenadier—Deep crimson-scarlet blooms.

Lemon Queen—Primrose or canary yellow.

Miss Willmott—Charming bright rose-pink.

Orange King—Rich golden orange.

Purity—Magnificent large white flowers.

Rose Queen—A lovely shade of deep rose.

Salmon—Large rich salmony rose flowers.

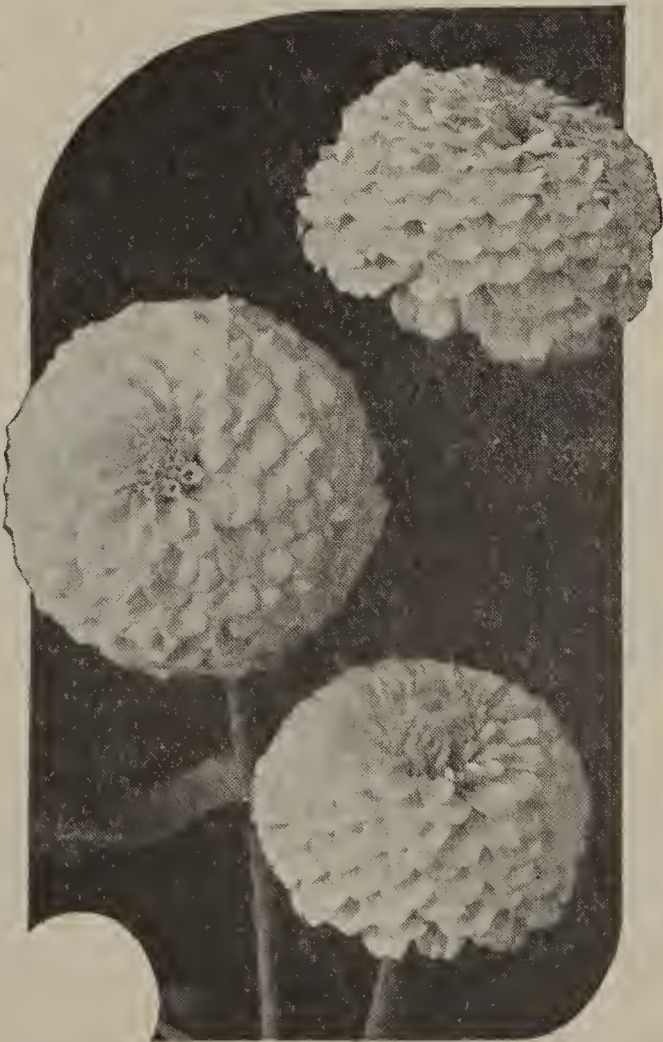

Collection—One packet each of the above seven colors, 75c.

California Giant Mixed—Includes the above seven varieties and some others to add still further to the color effect. Any of the above: Pkt., 15c; 1/8-oz., 30c; 1/4-oz., 50c; 1/2-oz., 85c.

ZINNIA—LILLIPUT

Also Called Baby or Pompon

A beautiful dwarf branching type, 12 to 18 inches tall, blooming continuously and most profusely; the double conical flowers are 1 to 1 1/2 inches across. Highly effective for borders, especially desirable for table decorations. Mixed colors. Pkt., 10c; 1/4-oz., 30c; 1/2-oz., 50c; oz., 85c.

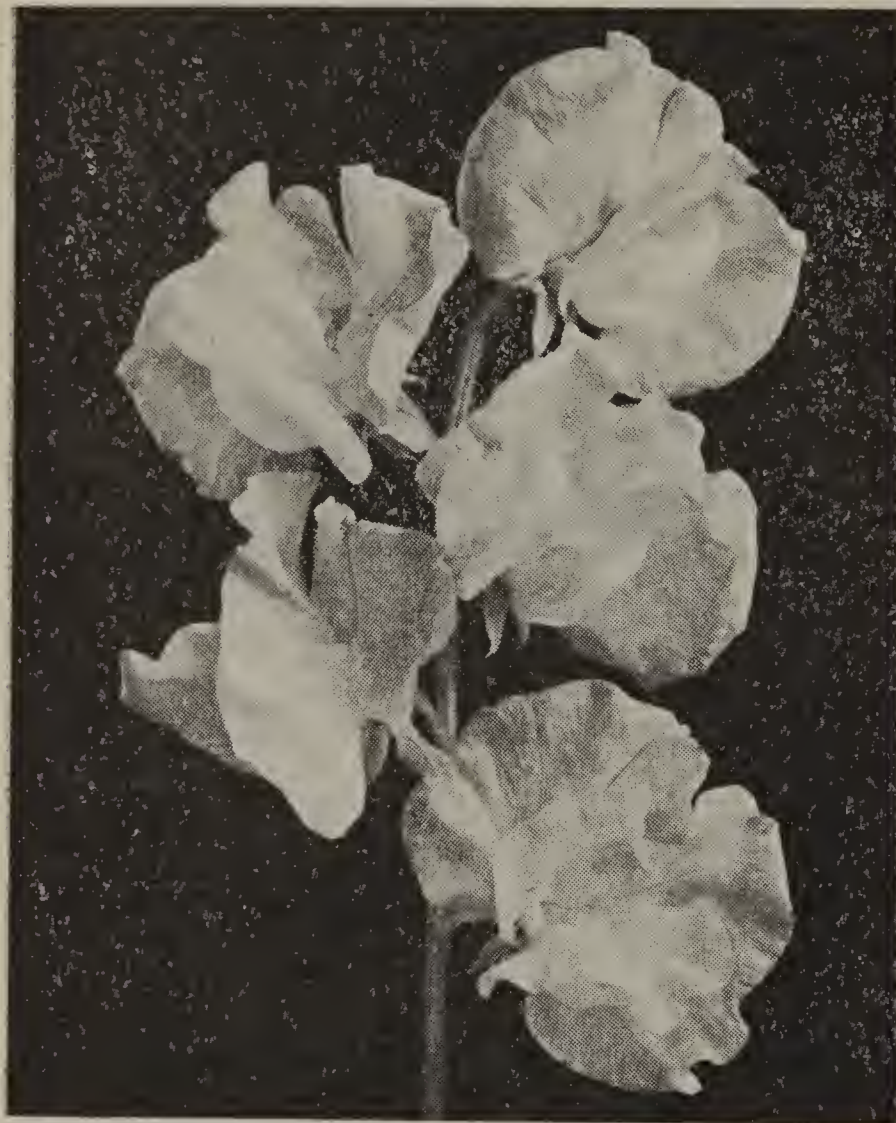

Zinnia—Lilliput

S. N. & S. CO'S GIANT SPENCER SWEET PEAS

Our Giant Spencer Sweet Peas have been selected and reselected for type, large flowers and long stems and are the best to be had anywhere. They are quickly and easily grown from seed and adaptable to the gardens of the Northwest. We have selected the newest, choicest and most up-to-date Sweet Pea varieties known in each color class.

All Sweet Pea Seed Is Postpaid

Leaflet on Sweet Pea Culture Free

Giant Flowering Spencer Sweet Peas
"Four to Five Flowers on a Stem"

NEW SWEET PEAS

Three Beautiful Varieties

LIFE

Is a new Scarlet Cerise Sweet Pea that is different to all other varieties in this class. Life is the brightest and most pleasing of all because of the salmon shading which permeates the color. The name was suggested by the brilliance and sparkle of the coloring. Life does not fade or burn in the strongest sunshine. It is a strong grower and extremely free flowering. The flowers are bold and nicely placed on long, strong stems. Life has been singled out by numerous experts as a wonderful Sweet Pea. Pkt., 15c; 1/2-oz., 30c; oz., 50c.

BRIDAL VEIL

"THE FIRST REAL WHITE SWEET PEA"

This is rather a startling statement but when compared with all other White Sweet Peas, "Bridal Veil" stands out sharply and clearly. It is a pure, solid and clear white of stately magnificence. Bridal Veil is a black seeded white, so is less liable to rot. One is immediately impressed because the the giant sized flowers are so beautifully frilly and graceful. Many of the flowers are duplexed or ruffled and five handsome flowers to each stem is not unusual. Pkt., 15c; 1/2-oz., 30c; oz., 50c.

Lady MacBeth

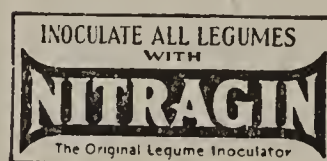

Lady MacBeth is a new and distinct color. It is a dazzling spinel red with golden salmon shading which makes this variety outstanding. The flower is massive with beautifully waved standard, nicely spread wings and a bold keel, with not the slightest trace of sunburn.

Lady MacBeath is a strong vigorous grower, producing long stems with four and five mammoth flowers. Pkt., 10c; 1/2-oz., 20c; oz., 30c.

1938 SWEET PEA NOVELTIES

PEER—Is a bright orange pink on a cream ground. The flowers are very large, beautifully placed on very stout stems and borne on vines of great vigor and strength. Peer produces many fine blossom sprays even when grown naturally without fertilizing. Peer is a distinct variety which will be welcomed by exhibitors and amateur gardeners. Pkt. (about 30 seeds).....25c

DISCOVERY—A new shade in a popular class, Discovery is a very clear brilliant chamois pink. The color is very bright and clear and also has the advantage of greater flower size and excellent placement on the stout stems. Discovery is a charming color and will have a great appeal to sweet pea lovers who like the dainty colors so useful for attractive color combinations and effects. Pkt. (about 30 seeds).....25c

For
Sweet Peas
10c

SIX VARIETIES OF REAL MERIT

Smiles

A really new and exquisite shade. A clear glistening salmon, shaded shrimp pink; a most pleasing color and absolutely sunproof. The blossoms are so clear in color that people have been amazed. The stems are long with four grand flowers beautifully waved and fluted. Pkt., 10c; 1/2-oz., 20c; oz., 30c.

Red Boy

We offer Red Boy as the best crimson Sweet Pea. The shade is pure, rich, distinct and standard and wings are alike in color. The stems are long, carrying four magnificent flowers. We strongly recommend Red Boy; richer and brighter than any other crimson. Pkt., 10c; 1/2-oz., 20c; oz., 30c.

Welcome

The most brilliant and dazzling scarlet Sweet Pea ever introduced. It is absolutely sunproof, and the wings are exactly the same shade as the standard; the deepest and brightest scarlet Sweet Pea ever introduced. Pkt., 10c; 1/2-oz., 20c; oz., 30c; 1/4-lb., 90c.

Debutante

A magnificent new shade. It is a lovely soft salmon shaded coral or peach pink. It is quite a distinct shade, a color all its own. Flowers are large and bold. Pkt., 10c; 1/2-oz., 20c; oz., 30c.

Ripples

A charming rose pink. The flushed rose on deep cream ground appears intensified in the center and edges of the wings. The standard has a margin of lighter pink which brightens the flower. The flowers are large, well waved, with a tendency to duplex. Pkt., 10c; 1/2-oz., 20c; oz., 30c.

Begonia Rose

Is a rich begonia rose, ruffled and duplexed. The mammoth standard and wide spreading wings have the same rich color and it has an amber base, the shade enriches its attractiveness as a cut flower. The stems are long and carry four and five well placed duplex flowers. The plants are strong and vigorous and the flowers are really beautiful. Pkt., 10c; 1/2-oz., 20c; oz., 30c; 1/4-lb., 90c.

One packet each of the above six varieties will be mailed to any address postpaid for 50c.

1/2-oz. each (value \$1.20) postpaid for \$1.00.

1 oz. each (value \$1.80) postpaid for \$1.60.

FOR BRILLIANCY OF COLOR AND EASE OF CULTURE SOW SPENCER SWEET PEAS

S. N. & S. CO'S GIANT SPENCER SWEET PEAS

Are the Largest and Most Beautiful Shades

CRIMSON

Crimson King—Undoubtedly the most glorious crimson Sweet Pea yet introduced. Flowers of large size and of rich deep crimson color; free from sunburn. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

CERISE—DEEP

Hero—Is a beautiful shade, because in sunshine or artificial light it appears to be suffused with salmon. "Hero" is an entirely new shade. The flowers are large, nicely waved, on strong stems. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

CREAM

What Joy—A charming rich deep primrose-yellow shade. Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., 90c.

CREAM PINK

Mary Pickford—A cream pink with a faint suffusion of salmon. Flowers exceptionally large and beautifully waved. Pkt., 10c; ½-oz., 20c; oz., 35c.

PICOTEE EDGED PINK

Youth—Clear, waxy white with pink edging; large blooms. Beautiful and delightfully fragrant. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

PINK

Supreme—This is the best clear pink known. A soft and delicate color. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

DEEP PINK

Pinkie—Is larger than any other variety in the deep pink class. The pink flowers are free from the blueness of other deep pinks and are glorious; flowers nicely waved. Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., 90c.

PURPLE

Royal Purple—The best rich royal purple. The color deepens as the flower ages, a desirable quality in a purple variety. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

ROSE

Rosabelle—A very rich bright rose. Flowers beautifully waved or fluted and of extra large size. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

SALMON

Barbara—A superb salmon-colored sort that makes a telling bunch for exhibition or table decoration. Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., 90c.

SCARLET

Hawlmart Scarlet—A really wonderful bright scarlet. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

WHITE

Avalanche—Glistening white of great substance. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

ORANGE

Tangerine—Brilliant tangerine - orange flowers. Very popular. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

MAROON

The Sultan—The best rich dark velvety maroon. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

BLUE

Heavenly Blue—A most beautiful shade of delphinium blue. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

BLUE—LIGHT

Gleneagles—Flowers beautifully waved with frilled edges. Color lavender blue, slightly deeper at center. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

Giant Flowering Spencer Sweet Peas
"Four or Five Flowers on a Stem"

MAUVE

Chieftain—The most beautiful shade of pure satiny mauve. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

LAVENDER

Austin Frederick—Flowers of largest size. Color a true lavender, the best yet introduced. Pkt., 10c; ½-oz., 20c; oz., 30c; ¼-lb., 90c.

GIANT-SPENCER SWEET PEAS—MIXED

Composed of Giant Spencer varieties, blended in proper proportion and including several new exquisite colors and shades. The varieties in this mixture will produce from three to five flowers on a stem. Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; ½-lb., \$1.10; lb., \$2.00.

SPECIAL OFFER OF GIANT SPENCER SWEET PEAS

We will send you one 10c package each of 25 varieties listed for \$2.15.
Your choice of any 15 varieties (not including 15c or 25c packages) 10c packages only, for \$1.25.
Our choice of any 15 varieties (10c packages) for \$1.00

Thousands inoculate their Sweet Pea seed with Nitragin. We recommend spraying Sweet Peas with Black Leaf "40" or Evergreen if aphids should ever appear in your garden. Leaflet on Sweet Pea Culture Free. Nitragin, Pkg., 10c.

Peerless Grandiflora Sweet Peas

The over shadowing size and beauty of the Giant Spencer Sweet Peas have gradually reduced the demand for the Grandiflora types, so that we now offer only the mixed varieties.
Peerless Mixed—The best Grandiflora Mixture; colors well proportioned. Oz., 10c; ¼-lb., 30c; lb., \$1.00.

Lathyrus, Everlasting or Perennial Sweet Peas

A hardy perennial climber. Sow the seed in rich ground one inch deep. The plants start slowly but make a strong growth and bear large compact clusters of flowers resembling those of the Sweet Pea but without fragrance, and give profusion of bloom all Summer.

Red, pkt., 10c; ¼-oz., 35c; ½-oz., 60c; oz., \$1.00.
White, pkt., 15c; ¼-oz., 50c; ½-oz., 85c.

Pink, pkt., 10c; ¼-oz., 35c; ½-oz., 60c.
Mixed, pkt. 10c; ¼-oz., 25c; ½-oz., 40c; oz., 70c.

S. N. & S. CO'S GIANT SPENCER SWEET PEAS

Early Giant Flowering Spencer Varieties

Early Flowering Sweet Peas are particularly adapted to sections where the Summer flowering varieties have not proved satisfactory. They are now very popular and in great demand for early Spring blooming, for outdoor culture, coming into flower three weeks earlier than the regular Giant Spencer flowering varieties, and if the flowers are kept picked will continue to bloom over a long period. The flowers are large and are beautifully waved or frilled. We offer the following carefully selected varieties.

SWEET PEA NOVELTY

TOP HAT

"A DISTINCTLY NEW COLOR IN SWEET PEAS"

Top Hat has mammoth flowers of a deep velvety violet, with a large waved standard and widely spread wings. Top Hat is a vigorous grower and produces surprisingly long stems. We recommend this unusual beautiful variety for garden cultivation. Pkt., 15c; ½-oz., 50c; oz., 85c.

TWO BEAUTIFUL VARIETIES

Shirley Temple

The color is softer and more beautiful than Pinkie. The flowers are the largest we have ever seen on any Sweet Pea and it has long stems with four very large blooms on each stem. This new Sweet Pea is so charming and dainty that it deserved the most appropriate name. With the kind permission of Mr. and Mrs. Temple, it is named in honor of their daughter, the charming and lovely little cinema favorite Shirley. Pkt., 15c; ½-oz., 35c; oz., 65c.

Annie Laurie

Annie Laurie constitutes the richest tone of pure rose pink ever produced in a Sweet Pea. It is several shades richer than any other rose and is a marvelous improvement; a vigorous grower, with four large flowers on long stems; an abundant, prolific and continuous bloomer. Pkt., 15c; ½-oz., 30c; 1 oz., 50c.

WHITE

White Harmony—The stems are long, flowers large and pure white. Four large flowers on each stem; the best white Sweet Pea yet introduced. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

PINK

Superior Pink—A pleasing shade of glowing pink with a soft suffusion of salmon. Large, beautifully waved flowers. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

CRIMSON

Queen Crimson—The brightest and richest Crimson; large flowers, long stems. Queen Crimson is in great demand on account of the brilliant coloring. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

SCARLET

Grenadier—The large flowers are a rich Poppy-scarlet. Borne profusely on long stems. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

ROSE

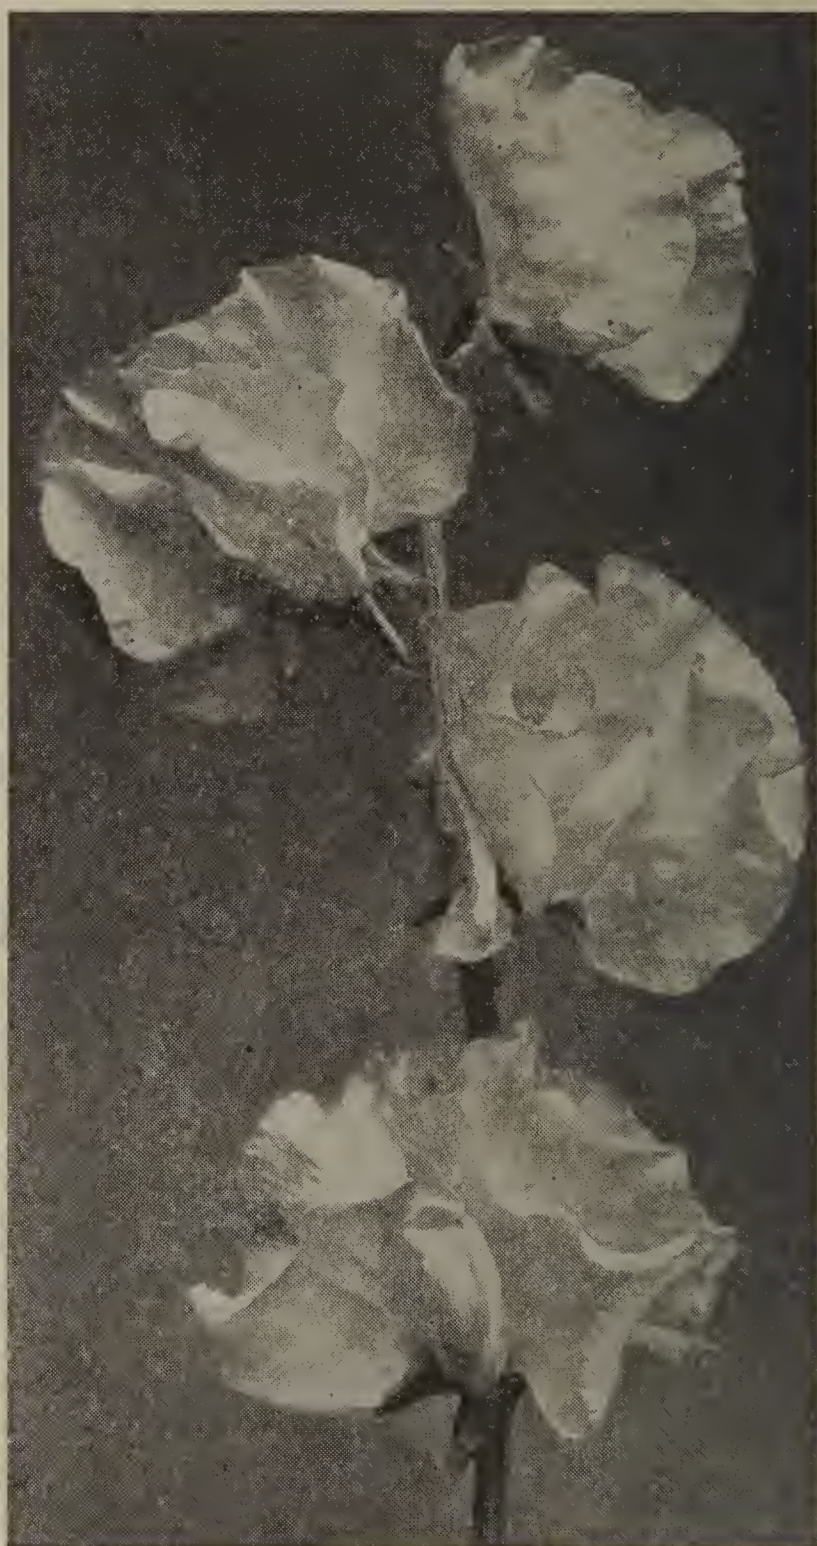

Zvolanek's Rose—This is a widely known variety with large flowers and bold stems. Color a rich rose. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

ORANGE

Orange King—The most outstanding orange Sweet Pea. It is a clear intense orange. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

LAVENDER

Sweet Lavender—A beautiful shade of lavender. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

Early Giant Flowering Spencer Sweet Peas

PURPLE

Amethyst—The color is rich warm purple. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.65.

BLUE

Silver Blue—The large flowers are a pleasing delicate shade of silver blue. For a light blue Silver Blue is a most satisfactory variety. Pkt., 15c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

Early Flowering Spencer Mixed—A choice mixture of the foregoing named Early Flowering Spencer varieties. Pkt., 10c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.25; ½-lb., \$2.00; lb., \$3.50.

EARLY GIANT FLOWERING SPENCER SWEET PEA COLLECTIONS

The early Flowering Sweet Peas are most valuable for our Northern States. They are now in great demand for early Spring blooming, coming into flower three to four weeks earlier than the Summer flowering varieties. A very acceptable gift. The collection contains the following eight varieties:

Amethyst—Rich warm purple.
Superior Pink—Beautiful shade of glowing pink.
Grenadier—Rich Poppy scarlet.
Zvolanek's Rose—Rich rose.

Orange King—Glowing orange.
Sweet Lavender—Beautiful shade of lavender.
Silver Blue—A charming shade of silver blue.
White Harmony—Large waved pure white.

S. N. & S. Co's. Peerless Gladiolus Bulbs

All Postpaid—Mammoth Flower Spikes—Glorious Array of Colors—All Postpaid

No other Summer flowering Bulb is enjoying such great popularity as the Gladiolus. Their adaptability to garden decoration or as cut-flowers is surpassed by no other flower. Plant the bulbs 6 inches apart and 2 inches deep. Our bulbs are clean and of large size.

Our Peerless Gladiolus

Ten Newer Varieties

- Betty Nuthall**—A magnificent, large, coral-pink flower with large orange throat. Each, 10c; 3 for 20c; dozen, 60c; 25 for \$1.10.
- Dr. F. E. Bennett**—A vivid, fiery scarlet, so bright that it is hard to imagine anything brighter. One of the finest red Gladioli with many massive blooms. Each, 10c; 3 for 20c; dozen, 60c; 25 for \$1.10.
- Golden Dream**—The richest pure golden yellow Gladiolus yet introduced. Fine large flowers. Each, 10c; 3 for 20c; 12 for 60c; 25 for \$1.10.
- Kalamazoo**—Large, compact flowers of beautiful violet-purple, with a creamy white throat. Each, 10c; 3 for 25c; dozen, 75c; 25 for \$1.35.
- Mrs. Van Konyenburg**—A matchless shade of brilliant blue. The flowers are of largest size, opening up without fading to the very top of the tall spikes. Each, 10c; 3 for 20c; dozen, 65c; 25 for \$1.25.
- Mrs. Leon Douglass**—Enormously large flowers of beautiful begonia-rose striped with flame-scarlet; the lower petals pale lemon, speckled ruby. Considered one of the largest Gladiolus in existence. Each, 10c; 3 for 20c; dozen, 60c; 25 for \$1.10.
- Minuet**—A clear lavender; considered by many the best in this color. Each, 10c; 3 for 25c; 12 for 75c; 25 for \$1.30.
- Pfitzer's Triumph**—Unquestionably one of the largest and finest Gladiolus ever introduced. The blooms are bright salmon-orange, with small velvety red blotches. It has been a sensation wherever shown. Each, 10c; 3 for 20c; dozen, 65c; 25 for \$1.25.
- Picardy**—A most sensational flower of delicate apricot-pink. Extremely large and slightly ruffled. Has created a sensation every time exhibited. Each, 10c; 3 for 20c; dozen, 60c; 25 for \$1.10.
- W. H. Phipps**—La France pink with lovely salmon-pink stripes. Huge flower-like stripes. Each, 10c; 3 for 20c; dozen, 65c; 25 for \$1.25.

Special Offer—One each of the 10 newer varieties, 75c; Three each of the 10 newer varieties, \$1.50

TEN BLUE RIBBON VARIETIES

The following ten outstanding blue ribbon varieties created much interest last season.

- Betty Snow**—Large flowers of beautiful lavender, excellent substance and placement, eight open at once. Fine for exhibition and cut flowers, a prize winner. Each, 10c; 3 for 20; 12 for 65c; 25 for \$1.25.
- Commander Koehl**—An outstanding variety in form and color, gigantic flowers of brilliant, deep, scarlet-red without any markings or blotches. Each, 15c; 3 for 35c; 12 for \$1.00; 25 for \$1.75.
- Giant Nymph**—Light salmon rose, with creamy yellow throat, large wide-open flowers, very beautiful. Each, 10c; 3 for 20c; 12 for 60c; 25 for \$1.10.
- Gloriana**—Golden Salmon with clear yellow throat. Each, 10c; 3 for 20c; 12 for 60c; 25 for \$1.10.
- Mother Machree**—Lavender overlaid with salmon-pink. Beautiful. Each, 10c; 3 for 25c; 12 for 75c; 25 for \$1.35.
- Edith Mason**—Delicate geranium pink. Beautiful. Each, 10c; 3 for 20c; 12 for 65c; 25 for \$1.25.
- Pelegrina**—Large, intense deep violet blue flowers which have a particularly strong appeal due to their color and fine arrangement. A beautiful shade. See color plate. Each, 10c; 3 for 25c; 12 for 85c; 25 for \$1.50.
- Spirit of St. Louis**—A lovely orange salmon saffron, very showy. Each, 10c; 3 for 20c; 12 for 60c; 25 for \$1.10.
- Nancy Hank**—Very rich peach red shading to orange pink, reddish lines on lower petals. Each, 10c; 3 for 25c; 12 for 65c; 25 for \$1.25.
- Peerless White**—Many large flowers of satiny white open at one time. It is vigorous in growth, and very prolific. Without doubt it is the best white yet introduced. Each, 15c; 3 for 30c; 12 for \$1.00; 25 for \$1.85.

SPECIAL OFFER { One each of our ten Blue Ribbon Varieties (Value \$1.15) for.....95c
Three each of our ten Blue Ribbon Varieties (Value \$2.40) for.....\$2.10

Treat Your Gladiolus With Semesan—2-oz., can, 35c.

VEGETABLE NOVELTIES

TOMATO—EXTRA EARLY HARKNESS—AWARD OF MERIT The Tomato for the Cold Northwest

Tomato—Extra Early Harkness

TOMATO Scarlet Dawn—Awarded Gold Medal

Scarlet Dawn—This new variety is a cross of Clark's Early and Marglobe; considerably earlier than either parent. Vines of medium growth and very prolific. Fruit medium large with thick wall structure. Globular, smooth, free from flat sides and puffiness. Bright scarlet—especially attractive. Very desirable for home garden, shipping and early canning. Pkt., 15c; ½-oz., 35c; oz., 60c.

TOMATO—Burpee's Globe—(Award of Merit)

Wonderful new Tomato with rich pinkish red skin. Uniform globe shaped fruits of medium to large size grow in clusters of six to ten. Excellent for all purposes. The firm skin and thick flesh make it a good shipper. The flesh is unusually heavy and solid. The seed cavities are so small that the seed will always be expensive. Matures in about 100 days. Heavy and profuse bearer. Pkt., 15c; ½-oz., 60c; oz., \$1.00; ¼-lb., \$3.00.

Burpee's Globe—Tomato

**HOTKAPS—An Individual
Hothouse for Every Plant!**

SEE INDEX

Harkness—This wonderful new Extra Early tomato has received the All American Reward of Merit, also received the Western Market Gardeners of Canada Award of Merit as the most promising variety for the cold Northwest. It is decidedly early. It has also proven itself a non-cracking type. It is medium in size, very smooth, firm, meaty and slightly flattened. It is without doubt the most wonderful short season tomato. Pkt., 25c; 2 pkts., 40c.

TOMATO—BISON

Bison—The best early tomato yet developed by Professor A. F. Yeager, this sort is self-pruning or determinate in growth. In place of wasting its vitality in continuous branching, as do practically all other Tomatoes, Bison grows a compact plant and puts all its energies into producing and ripening a heavy and extra early crop of smooth, solid meaty, medium sized red Tomatoes. Do not prune Bison Plants. Pkt., 10c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50; 1 lb., \$5.50.

TOMATO—NEW PEN STATE

New Pen State—A desirable medium sized, rather globular tomato, with a rich uniform scarlet color. The superior quality, with flesh is dark red of small core and few seeds, well adapted to both market and home use. Very valuable because of its earliness and shows every possibility of outyielding every other variety. Pkt., 10c; ½-oz., 40c; oz., 70c; ¼-lb., \$2.10.

VEGETABLE NOVELTIES AND SPECIALTIES

RADISH—Billiard Ball (Award of Merit)

Gold medal winner. Splendid round, forcing, short-top Radish, with **an unusual** bright scarlet red color. It can be used for greenhouse plantings as well as for the open. It has a very attractive color and a smooth, silky skin, short topped, very small tap roots and never fails to attract attention. Ball shaped and one inch or less in diameter. 20 to 25 days. **Pkt., 10c; oz., 30c; ¼-lb., 85c; lb., \$2.50.**

Radish—Billiard Ball

PARSLEY—Paramount (Award of Merit)

Paramount Parsley is unusually rich dark green in color. The curl is generally described as the "triple curled." It produces the handsomest, finest and most uniformly curled, dark green leaves we have ever seen. The stout stems are a little shorter than Double Curled. Unexcelled for the home garden, market garden or for forcing. **Pkt., 10c; oz., 20c; ¼-lb., 50c; lb., \$1.25.**

Parsley—Paramount

Cucumber

The Barteldes—From 8 to 12 inches long, of a very dark green color which does not fade in shipping. This is of greatest importance to the growers and shippers who want their cucumbers to be attractive when they reach the market. The flesh is firm, white, thick and with few seeds. **Pkt., 10c; oz., 20c; ¼-lb., 65c; 1 lb., \$1.50.**

RADISH—Jewel—(Special Mention)

An excellent and extremely uniform, blunt rooted, red French Breakfast type without the white tip. Does not get pithy and every plant makes a good radish. **Pkt., 10c; oz., 20c; ¼-lb., 60c; lb., \$2.00.**

RADISH—Zwaan's Comet (Award of Merit)

The Comet is globe to olive shaped, bright scarlet and stays in eating condition longer than any other early variety. It is very uniform, bright color, crisp and solid. A wonderful variety for commercial and market gardeners as well as for home use. **Pkt., 10c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.50.**

PEPPER—Rocky Ford—(Special Mention) Earliest Pepper Known

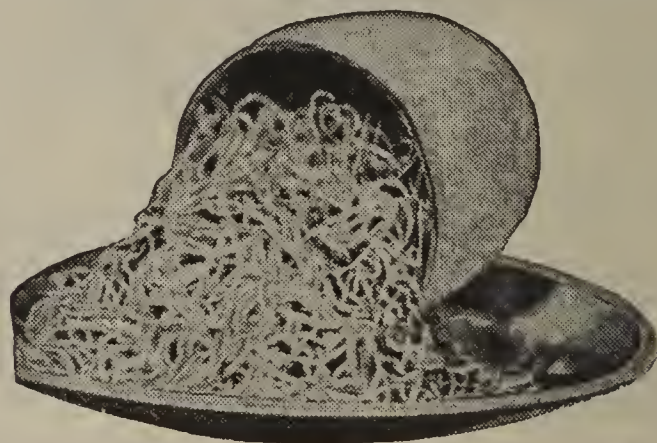

The outstanding merits of this pepper are its earliness, large size and substantial walls which make it an excellent shipping sort. Fruits large, oblong, usually 4½ to 5 inches long and 3½ inches in diameter. Weight, well grown, 7 to 8 ounces. Square shouldered and mostly four lobed. Earlier than California Wonder, thicker walled and heavier than Worldbeater. Color uniform, bright, deep red. It makes a large plant, fruits high enough to avoid contact with the soil. A prolific bearer; leaves large. Recommended for home and market garden use as well as shipping. 68 days. **Pkt., 10c; ¼-oz., 30c; ½-oz., 55c; oz., 85c; ¼-lb., \$2.25.**

Cabbage

Penn State Ballhead—It is a short-stem, dark bluish green Ballhead type, twelve inches high, produced by the Pennsylvania State College, Dept. of Horticulture. It will outyield in weight, other varieties in sections adapted for a heavy late Cabbage, that heads are extremely heavy and hard with small core. **Pkt., 10c; oz., 40c; ¼-lb., \$1.15; lb., \$3.75.**

Vegetable Spaghetti

A most unusual vining squash with creamy white fruits about 8 inches long and 4 to 5 inches in diameter. When mature boil whole for about 30 minutes, not longer. Cut open, remove the seed core and season the flesh that appears as tightly wound spaghetti-like threads or strings with salt and butter. Easily stored for winter use. **Pkt., 10c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.50.**

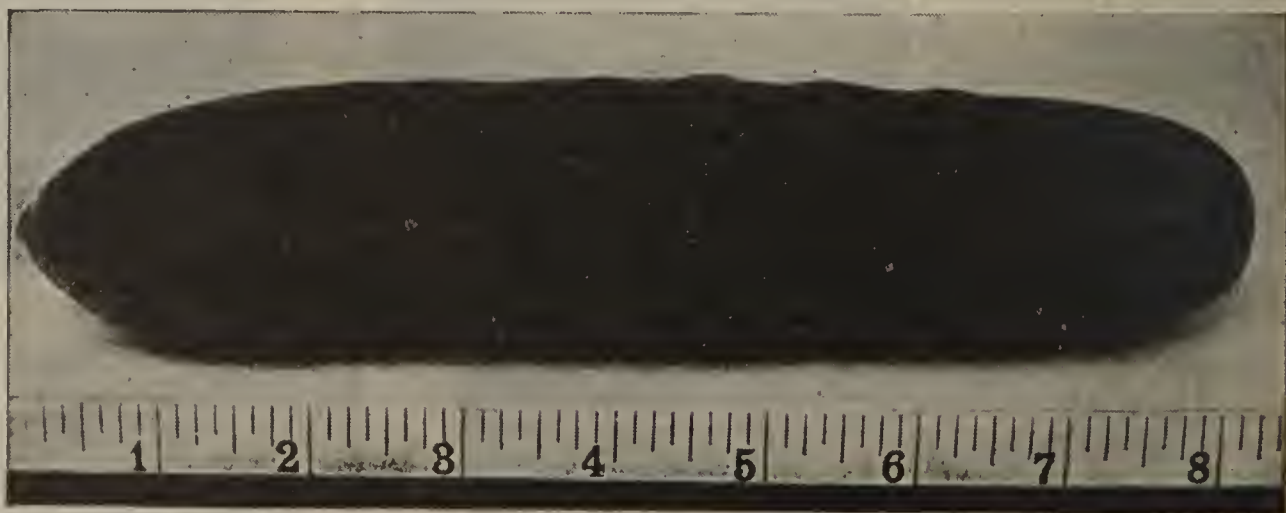

Vegetable Spaghetti

Sweet Corn

Kingerost—The new Hybrid Corn. An early and uniform Sweet Corn, 4½ to 5 feet tall, yellow grained; judged to be earlier, more uniform and of better quality than Golden Bantam. **Pkt., 10c; ¼-lb., 20c; ½-lb., 35c; lb., 60c.**

CUCUMBER—STRAIGHT EIGHT

This new outstanding variety Straight Eight produces symmetrical, almost cylindrical fruits, well rounded at both ends, quite straight, regularly eight inches in length and from 1¾ to 2 inches in diameter. The color is deep green and free from objectionable pale striping. Vines are vigorous, remarkably productive and of fine quality. Makes an ideal slicing variety for the home garden or market. **Pkt., 10c; oz., 20c; ¼-lb., 50c; lb., \$1.50.**

S. N. & S. CO'S MONEY SAVING COLLECTIONS
OF FLOWER AND VEGETABLE SEEDS

Everyone loves to "grow things." Doctors advise that we eat more vegetables; that we grow the food we eat. Vegetables are healthful. They contain vitamins. Digging, hoeing and planting furnish the finest kind of exercise. No vegetables are like those gathered fresh from the garden. The time spent in the garden is an actual gain in health and money saved.

Many people think that seeds can only be planted successfully during the Spring months of April and May. The wide-awake planter sows "successive crops" throughout the Summer of Beets, Carrots, Endive, Lettuce, Peas, Radishes, Spinach, etc. A space 50x50 will produce more vegeables than the average family can consume and if purchased would exceed \$60.00 to \$100.00. Therefore the cost of the family's food can be reduced by having your own vegetable garden. Flowers also make the home more enjoyable.

OUR GARDEN SEED COLLECTIONS WILL SAVE YOU MONEY

PEERLESS VEGETABLE SEEDS

"MONTANA TESTED"

FAMOUS FOR QUALITY

In our vast Seed Testing Grounds all of our Vegetable Seeds are tested and tried and only after exhibiting all the factors that bring them as near perfection as possible are they offered to you, our friends and customers, as State Nursery and Seed Company's **PEERLESS SEEDS**.

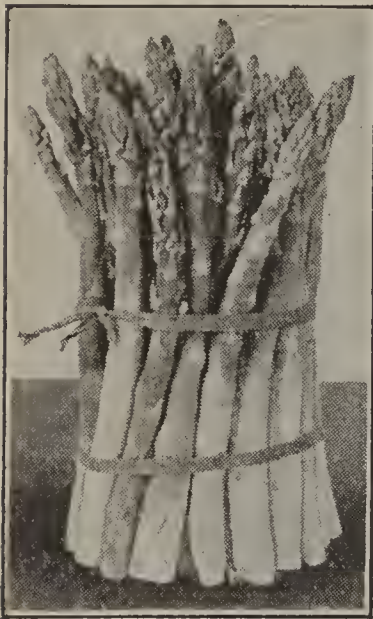

The maintenance of our Seed Testing Grounds which assures you of only the best Seeds is a service which only a few of the very largest seed houses in America offer, and added to this you have our forty-seven years of experience in Montana and the North west, something which no other firm can offer you.

Asparagus

Ger.—Spargel.

Scand.—Asparagus.

1 oz. to 50 feet of drill—5 lbs. to the acre

Asparagus

Mary Washington—Rustproof—The Washington is a rust-resistant, vigorous, high-yielding strain of Giant Asparagus. Plants grow rapidly and produce uniformly long shoots of superior table qualities. It produces large straight shoots of a dark green color. The tips are tight and firm and do not open out or begin to branch until well out of the ground; a very valuable feature. **Pkt., 5c; oz., 15c; ¼-lb., 35c; lb., \$1.25.**

ASPARAGUS ROOTS—(See Vegetable Plants)

Asparagus Knife

This Asparagus Knife is made of the best steel; cutting edges are hardened and tempered to stand rough usage. Used also as digger and weeder for long tap-rooted weeds such as dandelions. **Each, 45c; postpaid, 53c.**

Forcing Growth—Nitrate of Soda is a very strong stimulant for young growing plants. Vegetables grown for their leaves and stems, like Lettuce, Cabbage, Celery, etc., can be improved by a light application or two of Nitrate of Soda in the early growing period. Nitrate of Soda is readily soluble. Use one ounce to three gallons or one pound to fifty gallons of water. Apply this in small amounts some little distance from the plant. Repeat in from 20 to 40 days. See Index.

Collection—Salad Greens

Very few people are acquainted with salad vegetables other than head lettuce. We offer the following collection of palatable, deliciously flavored green vegetables, to supply greens from April through the Winter:

Cos Lettuce Chinese Celery Cabbage
Corn Salad French Endive or Chicory
Endive Water Cress

One Pkt. of each for 25c, postpaid.

Germāco

Hotkaps

"Wee" Hot Houses

See Index

Broccoli or Winter Cauliflower

¼-oz. to 100 feet of drill—¼ lb. to the acre

Ger.—Spargelkohl.

Scand.—Broccoli-kaal.

(One ounce will produce about 3,000 plants)

Sow the first week in May in drills 2 to 4 inches apart, covering seeds lightly. When the leaves are about three inches broad, transplant to prepared beds two feet apart each way. Resembles Cauliflower; cultivation the same.

BROCCOLI—Snow White—150 Days—Pure white color; heads medium size, close and compact. Pkt., 10c; ½-oz., 30c; oz., 50c; ¼-lb., \$1.50.

BROCCOLI — Green Sprouting — This delicious Italian vegetable has become a great favorite in this country; does not make solid heads but produces an abundance of green, tender sprouts with loose flower heads at the ends which can be cut off and cooked like Spinach or Brussels Sprouts. The sprouting Broccoli provides delicious, healthful, boiling greens during Summer, Autumn and early Winter. A continuous supply may be had for a long time; cut when the buds begin to burst into flower. Sow in May. **Pkt., 10c; ½-oz., 25c; oz., 45c; ¼-lb., \$1.50.**

ANTIRRHINUM (SNAPDRAGON) CELESTIAL

ANTIRRHINUM (Snapdragon) CELESTIAL
Award of Merit

Is a salmon-rose on broad compact 10-inch spikes. It is the deepest and richest shade imaginable. Must be seen to be appreciated. **Pkt. 25c; 2 pkts. 40c.**

GLADIOLUS PELEGRINA

COSMOS SENSATION PINK

GLADIOLUS PELEGRINA

Large, intense deep violet blue flowers which have a particularly strong appeal due to their color and fine arrangement, really a beautiful shade. **Each 10c, 3 for 25c, 12 for 85c.**

COSMOS SENSATION PINK

The flowers are mammoth, 4 to 5 inches in diameter with broad, heavy fluted petals on strong stems. It is extremely early flowering and is free blooming. A most beautiful flower. **Pkt. 25c; 2 pkts. 40c.**

MIDGARD

EUPHONY

CLARA NOYES

THREE ARISTOCRAT IRIS FOR YOUR GARDEN

MIDGARD—When this lovely beauty was first shown, it created a furore, because the yellow-pink blended flowers introduced a new color note, and the ruffled petals were an added touch of distinction. It has proven to be one of the most reliable varieties for severe climates besides being a very free bloomer and rapid multiplier. No iris since the introduction of Morning Splendor has been so universally popular. Especially lovely under artificial light, and unsurpassed for massed planting on the landscape. **Each 22c, 3 for 60c, 6 for \$1.00.**

EUPHONY—There has been created of late years a series of irises of the Ophelia type, ranging in tone from deep yellow-browns to pale yellow-pinks. Euphony is one of the most beautiful and distinct of all this series.

The standards are mustard yellow, waved and fluted, stained with light brown at the tips. Falls are squarely held, mustard yellow, flushed with blue in the central portion and overlaid soft brown. This is a lovely and bright color harmony, and the great freedom of bloom of this variety makes it a heavy favorite. **Each 40c, 3 for \$1.10, 6 for \$2.00.**

CLARA NOYES—This lovely warm new blend has been a sensation in the iris world. The coloring is a medley of peach and apricot tones, suggesting the rich and brilliant blendings of the rose "Talisman". A beautiful novelty which is always a complete sell-out each season, so order early to prevent disappointment. Award of Merit, American Iris Society. **Each 25c, 3 for 65c, 6 for \$1.10.**

We Pay Postage on All Vegetable Seeds Up to 10 Pounds of each variety

BEANS

We Pay Postage on All Vegetable Seeds Up to 10 Pounds of each variety

(2 lbs. to 100 feet in drill, or 150 hills; 120 lbs. to the acre, in drills)

Beans require a light friable soil with plenty of moisture. In the garden, the soil should be made mellow and rich, and kept so. For garden, a succession of sowing can be made from the first week in May until the middle of June. Sow in rows 18 to 24 inches apart and cover from 1 to 2 inches deep, but not more. Keep the pods picked and the vines well watered and the Beans will continue bearing much longer.

DWARF, OR BUSH, WAX OR YELLOW PODDED VARIETIES

THE SIX BEST YELLOW PODDED BEANS FOR MONTANA AND THE NORTHWEST

Early Wonder Wax — It is loaded with pods, five to seven inches long; flat, plump, handsome and meaty, of a clear, waxy yellow color. The pods are tender, brittle and of fine texture. We claim this is the earliest wax-podded bean. Practically rust-proof; a bountiful yielder, in bearing for long season. It is an ideal Bean for the home and market gardener. It seems determined to yield a crop in good weather or bad. 55 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Improved Golden Wax—Probably the best known of all Wax Beans; it is an ideal Wax Bean; very prolific. Thick fleshed. Pods flat and stringless. 60 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Sure Crop Stringless Wax—The pods average 6 to 7 inches long, are very meaty, flat but thick through, and we have never found a stringy specimen. Sure Crop Stringless Wax is very hardy and may therefor be planted several days earlier than the light seeded varieties. 65 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Davis White Wax—Extra Early—This is also called the Davis White Kidney Wax. It is a well known variety. The pods are flat and remarkably long, about six inches, sometimes longer. They are handsome, light yellow, crisp and tender. 55 days. Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.05.

Black Wax—Pencil Pod—Has great clusters of beautiful straight yellow pods six to seven inches long, well rounded, deeply "saddle backed," meaty, and they are brittle, of rich, mild flavor,

Beans—Improved Golden Wax

and entirely stringless. An early sure cropper; of the finest quality. 65 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Brittle Stringless Wax—A very early popular Wax Bean. Also a great cropper, very hardy and extremely prolific; the pods are round, fleshy and entirely stringless, often measuring 4½ to 6 inches long. They are of fine flavor, solid and tender. Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.05.

BEANS—BUSH LIMA

(One Pound Will Plant Fifty Feet of Row)

Beans Are Indispensable in Every Garden

Lima Beans are very susceptible to cold and the seed must not be planted until the ground has become thoroughly warm. The end of May is usually safe. Plant the seed edgewise (eye down) 6 inches apart in the row and cover two inches deep with fine soil. They should be sown on well enriched ground.

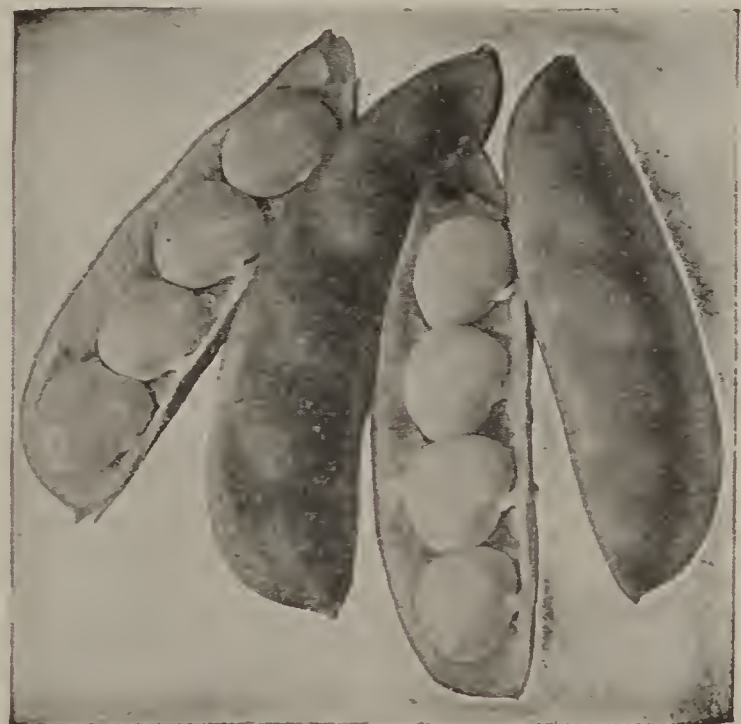

Henderson's Bush Lima—This variety belongs to the small Limas, known as Carolina or Sieva Lima Beans. On account of their hardiness they are worth growth in the North, where they will mature early and produce an enormous crop. The flavor is delicious and sweet; bear tremendously, each pod being filled with flat light green Beans. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 65c; 5 lbs., \$1.40.

Burpee's Bush Lima—Each plant develops into a rounded bush from 2 to 3 feet in diameter and from 18 to 24 inches tall. Pods are uniform in size with an average of five large Beans to a pod. They are thin-skinned and of fine flavor, and immense yielders. The pods are borne in clusters and are easily gathered. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 65c; 5 lbs., \$1.40.

Dwarf Shell Beans

Shell Beans are grown exclusively to use as dried Beans during Winter. The food value of dry Beans is very high. Sow 16 to 24 lbs. to the acre.

Great Northern Navy—This variety is especially adapted to Montana soil and climate, and is being grown in increasing quantity each season. In our opinion it leads all other varieties of Navy Beans. Its flavor and tenderness as a baked Bean are "par excellence." Pkt., 5c; ½-lb., 15c; 1 lb., 25c; 2 lbs., 40c.

Henderson's Bush Lima

English or Broad Windsor—This Bean is very hardy. Plant as soon as the soil is in good condition. Plant four inches apart and 2 inches deep in drills 3 feet apart, to insure well filled pods; pinch off the tops as soon as pods begin to set. 65 days. Pkt., 5c; ½-lb., 25c; 1 lb., 40c.

Garden Size Nitrugin Inoculant for Beans and Peas—10c.

Include a package in your order.

Ger.—
Bohnen

BEANS

Scand.—
Boenner

(2 lbs. to 100 feet in drill, or 150 hills; 120 lbs. to the acre, in drills)

DWARF OR BUSH; GREEN PODDED VARIETIES

(THE FIVE BEST GREEN PODDED BEANS FOR MONTANA AND THE NORTHWEST)

Full Measure—A fine stringless Bean of splendid melting quality. The round pods are very fleshy, and dark green in color; 6 inches long, fine grained and of good flavor. Excellent for the table and for preserving; very prolific. **Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.05.**

Stringless Green Pod—Remains tender and crisp a long time. Pods are pale green, long and round, meaty and of excellent flavor. 65 days. **Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.**

Bountiful—This excellent dwarf, green podded sort is similar in appearance to Early Yellow Six Weeks but is of much better quality. The vines are vigorous and productive. The pods are very long, six to seven inches, straight, broad, flat, light green, of handsome appearance and absolutely stringless. They are tender and brittle. 62 days. **Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.**

Bountiful

Extra Early Red Valentine—Is very hardy and early, germinates in cold ground where other sorts would rot; pods are round and fleshy and of good quality. The demand for a hardy early Bean of good quality has established a reputation for this excellent sort. 45 days. **Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.05.**

BEANS—Pole or Running

Pole Beans yield more heavily than the dwarf varieties, bearing an abundance of fleshy, tender Beans. They are more sensitive to cold and wet and should be planted later. About the middle of May plant four to six Beans around each pole, setting poles four feet apart each way.

Kentucky Wonder or Old Homestead—Green Pod—An early and productive variety bearing a fine crop of large green Beans 7 to 9 inches long. Pods are saddle backed, very fleshy, thick, tender and brittle and of good quality, hanging in large clusters from the top to the bottom of the pole. Very prolific. 65 days. **Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.**

Kentucky Wonder Wax—Yellow Pod—The best pole wax Bean for Northern planting. It is similar in habit of growth to "Kentucky Green Pod" and bears as early. Pods are beautiful golden yellow, and so fleshy that often the thickness surpasses the width; make delicious eating. **Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.**

Feltham Prolific

"THE GREATEST PRODUCER YET INTRODUCED"—A MARVEL OF PRODUCTIVENESS

Feltham Prolific—Is a dwarf green Bean and one of the heaviest croppers yet introduced. It produces a mass of medium sized, rich green fleshy pods which are very crisp, and stringless. "Feltham Prolific" is remarkably quick in growth. Try this sweet and delicious Bean. They are really wonderful. **Pkt., 10c; ½-lb., 25c; 1 lb., 40c; 2 lbs., 70c; 5 lbs., \$1.50.**

Extra Early Red Valentine

Scarlet Runner—An English Bean of great merit; very tender and sweet also grown as ornamental flowering vine for trellises. Large sprays of bright scarlet flowers. **Pkt., 5c; ½-lb., 25c; 1 lb., 40c; 2 lbs., 70c.**

TABLE BEETS

EAT WHEN YOUNG DIRECT FROM YOUR OWN GARDEN

Ger.—Rube.

Scand.—Rodebede.

HOW TO PLANT—The soil should be rich and deeply plowed. Sow in rows 14 to 20 inches apart and about 1 to 1½ inches deep. As soon as the plants have the fifth and sixth leaf, thin to one plant each 3 inches apart. Then irrigate. Cultivate often and do not water again until absolutely necessary as the soil will dry from the surface down and the top roots will follow. Cultivate once a week for best results. Keep clean and remember that cultivation is the next thing necessary after the best seeds and the two are necessary for success. (One ounce to 100 feet of drill, 5 to 6 lbs. per acre, in drills; 15 to 20 lbs. to the acre broadcast.)

Early Wonder or Boston Crosby—(55 Days)—This new variety is extremely early, deep red, tender and sweet. One of the earliest and most perfectly shaped Beets. Its small-sized top and small, clean tap root, make it desirable. Its attractive appearance, uniformity of size, shape and color, and excellent keeping qualities have created a splendid demand for this sort. Grown very extensively for late Fall sowing, as it matures two weeks earlier than any other desirable Beet. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Beet—Detroit Dark Red

Detroit Dark Red—The roots are perfectly round and smooth with small tops. The skin is blood-red flesh dark red, tender and decidedly sweet. A popular favorite for canning because of its extra deep dark red color. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.25.

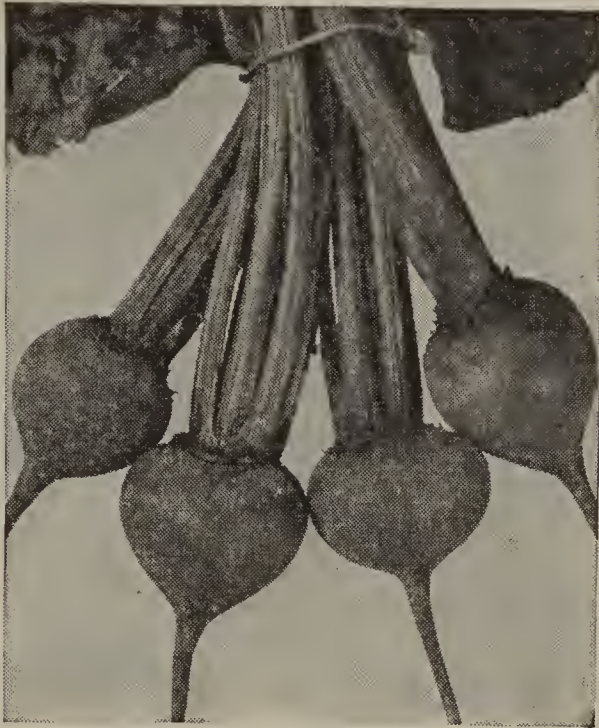

Early Blood Turnip—An extra selected stock of blood Turnip, having larger top and root than Detroit Dark Red and requiring a longer time to mature. The roots are dark red, slightly flattened. The flesh is deep red, zoned with lighter shade, sweet, crisp and tender. This is an excellent market and home garden sort for Summer and Autumn use. 60 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Extra Early Egyptian—This is the best variety for forcing. It is also excellent for first early crop outdoors, being very early, with small tops. The leaves are dark green shaded and veined with dark red. The roots are very dark red, moderately thick, a little rounded on top, distinctly flat on the bottom and about two inches in diameter when mature. The flesh is dark red, zoned lighter shade; firm, crisp and tender. 58 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lbs., \$1.00.

Half Long Blood—An excellent main crop Beet. Roots deep red in color and always symmetrical and smooth. In quality it is sweet, crisp and tender, and is an enormous cropper and a reliable Winter keeper. It never becomes woody and is always good for table use or stock food, whether pulled young or old. 60 days. Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 90c.

SEMESAN

Place a little Semesan with seeds in a jar and shake vigorously; bacteria and fungus adhering to the seeds will be killed. 2 ozs., 35c; 1 lb., \$2.25.

Beet—Good-for-All

Good-for-All—This is the most refined strain of Beet known. The roots are very smooth and very even in size and shape which is almost globular. The skin is smooth and very dark red. The interior color is a fine deep crimson vermillion. Good-for-All is a wonderful canning and pickling Beet, also crisp and tender and excellent market and garden variety. Pkt., 10c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.10.

SWISS CHARD

Ger.—Beisskohl.

Scand.—Bladbede.

Swiss Chard or Spinach Beet—Lucullus—Is a delicious vegetable and easily grown. Swiss Chard is used extensively as greens. Cook like Spinach. The outer leaves should either be cut off or pulled off when young, and may be picked continuously from June until frost, for when leaves are cut others take their places rapidly. 50 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Swiss Chard

WE PAY POSTAGE ON ALL VEGETABLE SEEDS UP TO 10 POUNDS OF EACH VARIETY

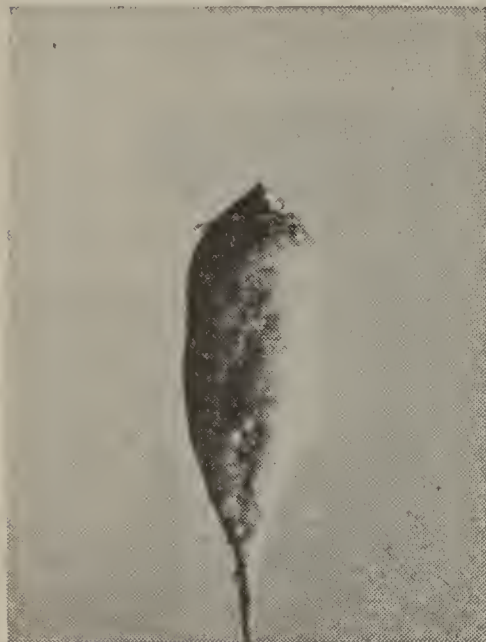

SUGAR BEETS

5 to 6 pounds per acre in drills. 15 to 20 pounds per acre broadcast.

Sugar Beets are not as heavy yielders as the Mangels but are of superior quality, containing a larger amount of sugar. They are excellent for feeding cows, improving wonderfully the quality and quantity of the milk. Sugar Beets require deep, well enriched soil. The seed should be sown in drills 2 to 2½ feet apart, and covered 1 to 1½ inches deep, any time during April, May or June. Thin the plants carefully to stand 8 inches apart in the row.

Klein Wanzleben
Sugar Beet

HOT KAPS

"WEE" HOT HOUSES
SEE INDEX

Klein Wanzleben—The most desirable beet for sugar manufacture; valuable for stock feeding. Roots medium large; 12 to 15 inches long, 3½ to 4 inches at shoulder, tapered white with a tinge of gray; very rich in sugar content; good keeper. Pkt., 5c; ¼-lb., 25c; 1 lb., 55c; 5 lbs., \$2.50; 10 lbs., \$4.50.

Half Sugar and Half Mangel

For Stock Feeding

The ground should be thoroughly prepared and made firm and mellow, same as for Mangels. Seeding and cultivation should be continued in much the same manner except that they should be thinned out 6 to 8 inches in the row. The Giant Feeding Sugar Beets or Half Sugar Mangels are especially valuable for feeding stock as they give a feed of much greater nutritive value than Mangels.

Giant Half Sugar, Rose Top—Roots long oval, tapered; grayish-white with rose-colored shoulder; flesh white, rich in sugar. Pkt., 5c; ¼-lb., 25c; 1 lb., 55c; 5 lbs., \$2.50; 10 lbs., \$4.50.

Mangel Wurzel—Yellow Globe

SEMESAN

Place a little Semesan with seeds in a jar and shake vigorously.

2-oz. can, 35c; 1 lb., \$2.25.

for Better Vegetables
VIGORO
Specially prepared plant food

MANGEL WURZEL

5 to 6 lbs. to the acre

THE FOUR BEST MANGELS FOR STOCK FEEDING

Root crops are a great necessity for all kinds of stock, also chickens. Root feeding gives tissue building substance to the body, and acts as a tonic, keeping the digestive organs in a healthy condition. Root crops should be regularly fed to all stock. Results will show in appearance, also in increased weight, and will enrich and increase the milk. The ground should be thoroughly prepared, and made firm and mellow. Sow in April and May in drills 2 to 3 feet apart. When 4 to 5 inches high thin to 12 to 15 inches apart.

Mammoth Long Red—This variety produces the largest yield of any kind of Mangel. The quality of the roots for feeding is high. The roots grow very large and keep well. They are quite long, light red in color and grow well out of the ground so are easily harvested. Pkt., 5c; ¼-lb., 20c; 1 lb., 55c; 5 lbs., \$2.50; 10 lbs., \$4.50.

Danish Sludstrup—Is considered the best of all Mangels. In color it is reddish-yellow. It contains the largest per cent of nutriment found in any sort. It is very hardy, grows well above the ground and is easily pulled. Pkt., 5c; ¼-lb., 20c; 1 lb., 55c; 5 lbs., \$2.50; 10 lbs., \$4.50.

Golden Tankard—A distinct variety, particularly valuable on account of its richness in saccharine matter, and highly prized by dairymen for its milk-producing qualities. The flesh, which is of a distinct deep yellow, is very sweet and tender. The large roots are oval in shape, and therefore will pull easier. 90 days. Pkt., 5c; ¼-lb., 20c; 1 lb., 55c; 5 lbs., \$2.50; 10 lbs., \$4.50.

Yellow Globe—An especially good variety to grow if one has a limited supply of water; a great favorite for dairymen, making a wonderful increase in milk; easy to pull; tops are small. 85 days. Pkt., 5c; ¼-lb., 25c; 1 lb., 55c; 5 lbs., \$2.50; 10 lbs., \$4.50.

Mangel Wurzel—Mammoth Long Red

MANGELS AND SUGAR BEETS MAKE SPLENDID WINTER FEED FOR CATTLE, HOGS AND POULTRY

Corn Salad

Ger.—Feldsalat. Scand.—Vaarsalat.
(Two ounces to 100 feet of drill)
Corn Salad—(Or Fetticus)—A salad used as a substitute for Lettuce in salads or may be cooked like Spinach for greens. On rich soil the leaves renew rapidly after being cut. Pkt., 5c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.35.

Chives or Schnittlauch

(See also Vegetable Plants)
Chives—A vegetable of the Onion tribe, quite hardy everywhere. The leaves are slender and appear very early in the Spring, and may be shorn several times during the season. The Chives are equal to the Onion for flavoring soups and salads. Pkt., 10c; ½-oz., 35c; oz., 60c; ¼-lb., \$2.00.

Ger.—Garten-Kresse. Cress Scand.—Karse.
Cress, or Pepper Grass—This salad is used with Lettuce to the flavor of which its warm pungent taste makes an agreeable addition. 30 days. Pkt., 5c; ½-oz., 10c; oz., 15c; ¼-lb., 35c; 1 lb., 75c.
Cress—(Water)—Hardy perennial aquatic plant; sow seed along water's edge, preferably near running springs. 45 days. Pkt., 10c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.20.

Chicory

Ger.—Cichorienwurzel Scand.—Cichorie
Witloof or "French Endive"—Seed sown in May or June produces roots which, when taken up and placed in sand in a warm dark place, throw out tender white sprouts, which are used as salad. Pkt., 10c; oz., 25c; ¼-lb., 75c.

Ger.—Kerbel. Chervil Scand.—Kjoervel
Chervil—(Curled)—An aromatic herb. The young leaves are used in soups and salads. Pkt., 5c; oz., 40c; ¼-lb., \$1.25.

HOTKAPS—An Individual
Hothouse for Every Plant!

SEE INDEX

S. N. & S. CO'S. QUALITY CABBAGE

Ger.—Kohl-Kraut.

¼-oz. to 100 feet of drill, or 2,000 plants; 6 ozs. will produce plants for one acre.
The soil should be deep and rich. For early crop grow plants in hot beds, transplanting to cold frames and then after danger of freezing to the open ground. Cultivate often and keep well watered. For late crops sow seed in open ground and transplant, or in hills where wanted and thin to one.

Extra Early Varieties

Earliest of All

Earliest of All—Is the earliest hard heading Cabbage in cultivation. It combines earliness with solidity, good size, delicious flavor, tenderness and productiveness. It has produced fine marketable heads in 70 days from the sowing of the seed very compact with few outer leaves, permitting close planting. It is a great money maker for the market gardeners and valuable for the home garden. Pkt., 10c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.15; 1 lb., \$4.00.

Extra Early Winningstadt—A Medium Size Pointed Head which is firm and solid—A fine header; will stand more frost, drought, wet, insects and diseases than any other early Cabbage. Plants very compact, with short thick leaves. Heads regular, conical and very hard. It is the largest of the pointed varieties. 90 days. Pkt., 5c; ½-oz., 15c; oz., 20c; ¼-lb., 60c; 1 lb., \$2.00.

Cabbage Plants—(See Vegetable Plants)

Brussels Sprouts

Ger.—Rosenkohl. Scand.—Rosenkaal.

Brussels Sprouts

Brussels Sprouts—Species of Cabbage. One ounce will produce about 2,500 plants. The Cabbage-like heads which grow upon the stem are improved by a moderate frost. Sow in hot beds in March or April and in the open ground in May; cultivate same as Cabbage.

Improved Half Dwarf—Grows about 20 inches high; produces sprouts in abundance; cut out head of plant when sprouts have formed. Pkt., 5c; oz., 25c; ¼-lb., 65c.

You can raise this fall luxury in your own garden as easily as cabbage.

Scand.—Hoved Kaal

Early Jersey Wakefield—One of the finest types of early Cabbage. Produces uniform, pointed heads, The outer leaves form a protection for the heads which enables them to be set out earlier than other sorts. Usually matures in 80 days. Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 60c; 1 lb., \$2.00.

Copenhagen Market—A very early variety. It is the finest large, round-headed early Cabbage in cultivation. The heads average about ten pounds each, are hard, solid and with small core. The quality is extra fine and sweet. It matures as early as the Wakefield and will yield more to the acre in weight. It is a short-stemmed variety, the heads are light green and tightly folded, making it possible to set them close together in the field. 85 days. Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., 75c; 1 lb., \$2.25.

Golden Acre—An extra early variety; heads medium size, very solid and uniform. Matures even earlier than Early Jersey Wakefield. Produces a tightly folded round head of superb quality with few outer leaves, suitable for close planting. Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., 95c; 1 lb., \$3.25.

Ger.—Kohl-Krant.

Scand.—Hoved Kaal.

(¼-ounce to 100 feet of drill, or 2,000 plants; 6 ozs. will produce plants for one acre)

Second Early Variety

Early Summer—A reliable second early Cabbage, maturing about ten days after Jersey Wakefield. Makes a large, solid, flattish head, with short outer leaves, which enables close planting, and is a good keeper. It matures soon after the pointed head sorts, and is valuable for a second crop. It is suited to all sections. 110 days. Pkt., 5c; ½-oz., 20c; oz., 30c; ¼-lb., 65c; 1 lb., \$2.25.

Late or Winter Varieties

Hollander or Danish Ballhead—(Medium Stem)—Very solid, of fine quality. Plants vigorous, compact and exceedingly hardy in resisting cold and dry weather; leaves large, thick, bluish green. Heads medium sized, round, very solid, and stands shipment better than any other late sort. 120 days. Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., 75c; 1 lb., \$2.50.

Red Rock—The largest variety of Red Cabbage, and produces heads which are remarkably solid. The heads are round, very solid, will keep for a long time. It is the best and most attractive Red Cabbage grown. Fine for pickling. 120 days. Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., \$1.00; 1 lb., \$3.25.

Cabbage—Large Late Flat Dutch

Large Late Flat Dutch—Heads large bluish green, round, solid, broad and flat on top; an excellent Fall and Winter variety, and a good keeper. It is a sure header. 120 days. Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., 75c; 1 lb., \$2.25.

Danish Roundhead—(Short Stem)—The heads of this variety are larger than the Danish Ballhead, grows larger and has a shorter stem; the interior leaves blanch white; very solid and exceedingly crisp and tender and of excellent flavor. 115 days. Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., 85c; 1 lb., \$2.50.

Drumhead Savoy—The plants are vigorous, of medium size, with rather short stem and are sure heading the outer leaves are medium large, thick, fleshy and uniformly crumpled; the heads are large, nearly round, sweet and tender. 110 days. Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., 75c; 1 lb., \$2.25.

SEMESAN

Place a little Semesan with seeds in a jar and shake vigorously. This is a very effective seed treatment. 2-oz. can, 35c; 1 lb., \$2.25.

Chinese or Celery Cabbage Peking or Chihili

The head is long and compact, and all but the outer leaves blanch a creamy white. Very crisp and tender, and in every way adapted to the home garden.

Grows somewhat like the Cos Lettuce. Boiled and seasoned with butter it makes a most delectable dish, and is splendid for salads. Sow later than ordinary Cabbage, as too early sowings have a tendency to run to seed quickly. 75 days. We have recently secured a much improved strain and recommend a trial. Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$1.75.

Sprouting Broccoli and Chinese Cabbage are two most important newer vegetables which have become very popular within a few years. They are easy to grow, tasty, palatable, and add good variety to the menu.

Great Falls, Mont.
State Nursery &
Seed Co.,
Helena, Mont.

Dear Sirs: — I am pleased to tell you that I won upwards of thirty prizes at the No. Montana Fair held here in Great Falls last year, Thanks to your Peerless Tested Seeds.

I am sincerely yours,
John R. Coulter.

Chinese or Celery Cabbage

Ger.—Carotten.

CARROTS

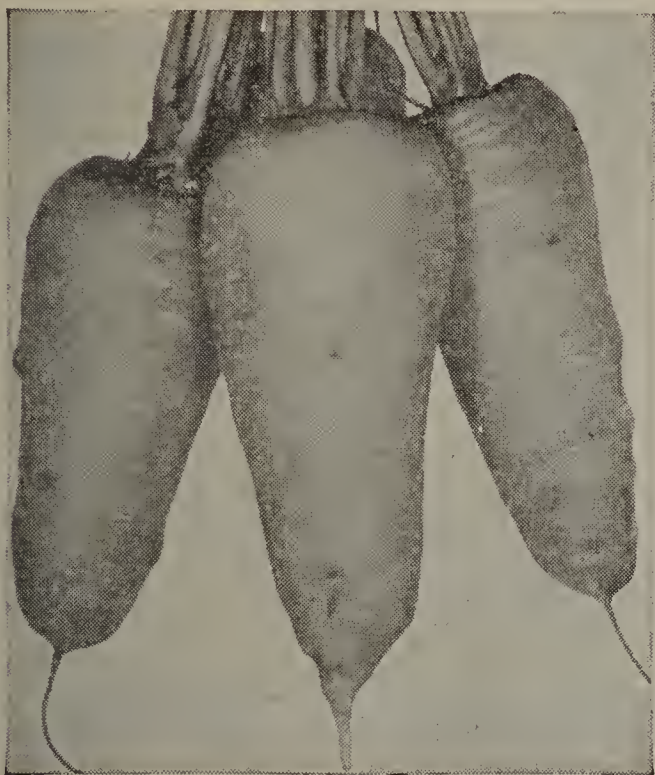

Scand.—Gulerod.

WHOLESOME EITHER RAW OR COOKED

(One ounce to 100 feet of drill—3 to 4 lbs. to the acre)

Carrots do well in all soils though a good, deep, friable loam will produce the best roots. For an early supply, sow seed of early sorts as soon as the soil can be dug. Make repeated sowings every two weeks. For a winter supply, sow the larger growing varieties such as Danvers, Long Orange, etc. any time during May or June.

Early French Forcing or Golden Ball—It is an excellent Carrot for forcing as well as for an early supply from the garden. Small roots, 2½ inches in diameter and 2½ inches long, tender and of fine flavor. Rich orange skin and flesh. 50 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.25.

Carrot—Oxheart or Guerande

Oxheart or Guerande—Medium early, bright orange color, fine grained and sweet; one of the best table varieties. Can be pulled by hand; well suited to heavy soils, but will thrive equally well in other situations. 70 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 85c.

Pride of Montana (Bunching Type)—A new type of Carrot: The roots are longer and more slender than the Danvers and wider towards the tips. The color, both exterior and interior, is a fine deep red with very small cores. It is a little slower in reaching maturity than Danvers, but remains in condition for use longer. Roots are six to eight inches long, smooth, free from hair roots and wrinkles. The shoulders are well stumped and are excellent for bunching. Fine for market and home use. Pkt., 10c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.50.

Danvers Half Long—A standard variety and one of the heaviest croppers. Color dark orange, very thick shoulder, of a most excellent quality. Length 7 to 7½ inches. 75 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., 90c.

Early Chantenay or Model—A most excellent medium early, half long variety. The tops are medium sized with small neck. The roots are thick, six inches in length, uniformly half long or stump rooted but tapering slightly; smooth, deep orange-red color. The flesh is very crisp and tender. Extensively used for bunching. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Morse's Bunching—A gold medal winner. A cylindrical, half-long Carrot, of ideal size and shape for bunching. Color is a fine deep orange throughout, cores small and indistinct. Tops are short, rather bushy and strong, but not coarse at the neck. Quality fine, flesh tender and sweet. It was developed as a bunching Carrot for long-distance shipment, but is equally desirable as a home garden variety. Pkt., 10c; oz., 20c; ¼-lb., 55c; 1 lb., \$1.65.

S. N. & S. Co's. New Red Cored Chantenay—This new Carrot meets the requirements of the home garden and market gardener. Tops are shorter than the regular Chantenay and considerably earlier, making bunching easy. The outstanding features are the smoothness of the roots, the excellent color, both exterior and interior, the tenderness of the core and the uniform and perfect stumping. Excellent for slicing, dicing in soups and salads. Pkt., 10c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.50.

Improved Long Orange—This is a variety of the largest size. The roots are uniform in size and smooth. Of gradually tapering shape, holding their thickness well throughout the length, rich, deep orange color. It is a good keeper, of fine quality for Winter use. 80 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., 85c.

CARROTS FOR STOCK

THE TWO BEST VARIETIES

Victoria—No yellow Carrot can approach the Victoria in size, in yield and in feeding qualities. It is the largest orange or yellow Carrot known. The roots are of excellent quality, possessing high feeding properties; a heavy cropper on all soils. 90 days. Oz., 10c; ¼-lb., 30c; 1 lb., 85c; 2 lbs., \$1.50; 5 lbs., \$3.25; 10 lbs., \$6.00.

Mastodon—It is the heaviest Carrot grown. The flesh is white, crisp and very sweet. Too much can scarcely be said of their size and great productiveness. The roots frequently yield 20 to 30 tons to the acre. 90 days. Oz., 10c; ¼-lb., 30c; 1 lb., 85c; 2 lbs., \$1.50; 5 lbs., \$3.25; 10 lbs., \$6.00.

Ger.—Blumenkohl

CAULIFLOWER

Scand.—Blomkaal

(One ounce for 2,000 plants—¼-oz., to 100 feet of drill—6 ozs. to the acre)

Culture—Cauliflower is a gross feeder, and well repays heavy manuring and high culture. It succeeds best on well drained soil. For Spring crop, plant the seed in protected beds early in February and the plants will be ready to transplant probably early in April. Plant in rows two feet apart and eighteen inches in the row.

Harvesting Early Snowball Cauliflower from Our Peerless Seed at the Capitol View Gardens, Owned by Joe Fisher

Peerless Early Snowball—Is the best all-round Cauliflower on the market for early or late use, for the family or the market garden. It heads where others fail. Its close and compact habit of growth permits one-third more to be planted on the same space of ground than can be done with other varieties. 90 days. Pkt., 15c; ¼-oz., 75c; ½-oz., \$1.10; oz., \$2.00; ¼-lb., \$7.50.

Dry Weather or Danish Giant—Is more resistant to unfavorable seasons than other sorts, particularly in dry weather. 100 days. Pkt., 15c; ¼-oz., 55c; ½-oz., \$1.00; oz., \$1.75; ¼-lb., \$7.00.

Extra Early Snowball or Danish Perfection—This new strain possesses all the good qualities of the best Early Snowball strains and has shown an unusual uniformity in maturing. The leaves closely enfolding the head give it a particularly attractive appearance, and as the inner leaves almost cover the snow-white flower the necessary early tying up as in the case of other early sorts is largely avoided. It is the earliest strain of its type. 80 days. Pkt., 15c; ¼-oz., 60c; ½-oz., \$1.10; oz., \$2.00; ¼-lb., \$7.00.

SWEET CORN

We Pay Postage on All
Vegetable Seeds Up to
10 lbs. of Each Variety

THE SEVEN BEST VARIETIES OF SWEET CORN FOR MONTANA AND THE NORTHWEST

One pound for 100 hills or 150 to 200 feet of drill; 15 pounds to acre; 1 pound is a little more than a pint; 2 pounds a little more than a quart.

Sweet Corn is very sensitive to frost and should not be planted until danger from freezing is past or about the middle of May in Montana. A rich, warm, good ordinary soil will raise excellent Sweet Corn, if it is deeply and thoroughly worked before planting. If planted in rows, make the rows three feet apart and 12 to 16 inches apart in the row; cover one inch deep with fine soil firmly pressed down. If planted in hills, make the hills three feet apart each way, and plant four to six kernels to the hill. Hoe frequently and when six inches high cut off all the suckers so as to leave three or four plants to the hill; do not let the plants overcrowd. Give frequent and thorough but shallow cultivation until the tassels appear. In cooking Corn use boiling water; do not cover the vessel and do not cook more than ten minutes. "Use no salt"—a pinch of sugar will add to the natural sweetness.

EXTRA EARLY VARIETIES

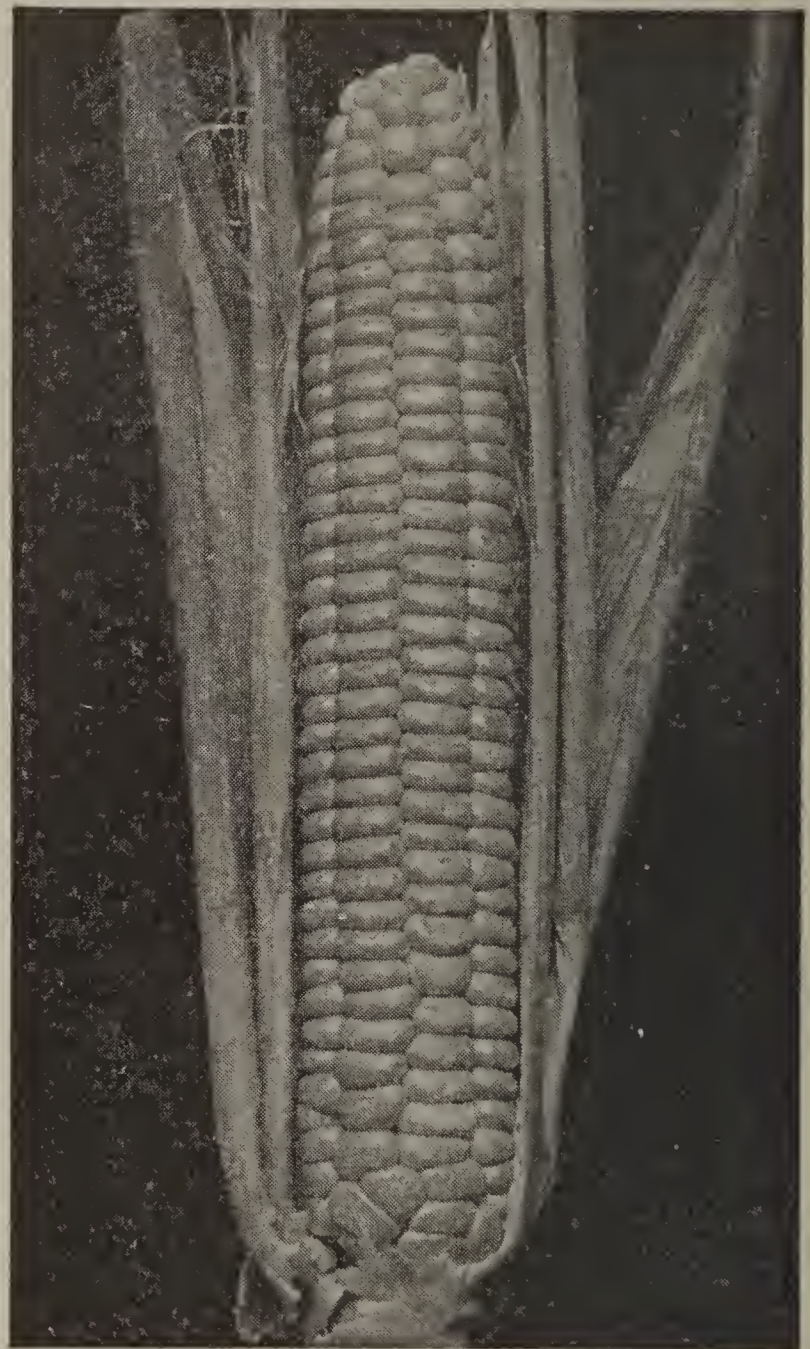

Golden Gem—Earlier than any other Sweet Corn of the Golden Bantam varieties. The stalks are dwarf, 2 to 3 ears on a stalk, average ear 6 inches in length and eight rowed, kernels are quite deep, meaty, rich golden yellow, very tender and of the sweetest and most sugary flavor imaginable. The greatest advantage, however, is its extreme earliness. Very valuable to the market gardener and home gardener where late corns will not mature. 55 days. Pkt., 5c; ½-lb., 20c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

S. N. & S. Co's. Golden Glory, Earliest and Hardest Large Eared Sweet Corn in the World

Golden Glory—A Montana grown Sweet Corn of high merit; growth about 5½ feet, producing 2 or 3 ears to the stalk, and considerably larger than the average Golden Bantam. The illustration is a good average specimen of a 12 to 14-row, 8-inch ear. Sweet, creamy and tender, remaining in roasting ear stage a long time. With these qualifications this wonderful Corn can be grown to maturity wherever Golden Bantam can; we predict that it will be your first choice this season. In addition to its merits as a table Sweet Corn this variety is destined to be a popular variety on account of its extreme earliness, which is ten days to two weeks earlier than the Golden Bantam. Price: Pkt., 10c; ½-lb., 25c; 1 lb., 40c; 2 lbs., 70c; 5 lbs., \$1.50.

Early Golden Sunshine—An outstanding new variety of yellow Sweet Corn, of exceptional merit. The ears are larger than those of Golden Bantam, are 12 rowed, and of deliciously rich flavor; light yellow in color. Sunshine is ready for use 6 to 10 days earlier than Bantam. The stalks are quite dwarf; usually 2 ears to the stalk. Those who tried it last year are highly enthusiastic and say it is real Sweet Corn. 60 days. Pkt., 5c; ½-lb., 25c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.10.

S. N. & S. Co's. Extra Early Market—Is the earliest and sweetest White Sweet Corn in cultivation. It is extremely hardy, withstanding cold, wet weather to a wonderful degree. Ears are large for so early a variety. Kernels pure white, sweet and tender. It is very productive, producing two to three ears to the stalk; 12 to 14 rowed; highly recommended for home use, and as a market sort it is a money-maker, especially adapted for the Northern States. 60 days. Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.10.

S. N. & S. Co's. Golden Glory

EARLY VARIETIES

Golden Bantam—Improved—The well known variety. Some of our customers are now planting this Corn at regular intervals during the season, so that they may have it for table use continually, and prefer it to all other sorts. Ears large 10 to 12 rowed, with delicious yellow kernels. Improved Golden Bantam has a flavor distinct from any other sort. A very early variety. 70 days. ½-lb., 15c; 1 lb., 25c; 2 lbs., 45c; 5 lbs., \$1.00.

Golden Early Market—A most outstanding early Sweet Corn and is a money maker for gardeners. It is indeed a fine corn with ears 7 inches long containing 12 to 14 rows of large sweet creamy yellow kernels. Stalks grow 4 to 5 feet tall and matures a week to ten days ahead of Improved Golden Bantam. Pkt., 5c; ½-lb., 15c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.10.

Black Mexican—When cooked becomes white, with bluish tinge near kernel base. Often remembered only as the black Corn that was so very sweet. 75 days. Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.10.

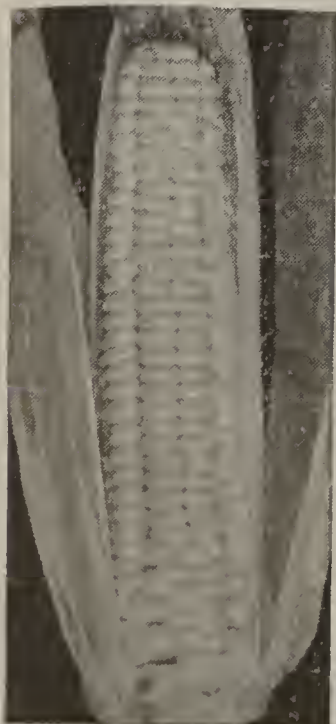

Pop Corn—Japanese Hulless—Also known as Tom Thumb, Australian Hulless. Japanese Hulless is a dwarf-growing variety, a heavy yielder, and is ready for popping soon after it is husked. It has no hull or shell or hard center, is most tender, and of a delicious flavor when popped. The best all-around variety. 140 days. Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 50c; 5 lbs., \$1.10.

State Nursery & Seed Company
Helena, Montana.

Great Falls, Mont., Jan. 10, 1938.

Dear Sirs: My children and I were the winners of over one hundred prizes for the year 1936 and 1937. We exhibited at the North Montana Fair, Billings Empire Fair and the Eastern Montana Fair, Miles City. I also won second place for the best collection of vegetables at the North Montana Fair. Your seeds have been very satisfactory.

Yours,
FRANK JANS.

4-oz. tin, 35c; 1-lb. tin, \$1.00; 5-lb. tin, \$4.75

Ger.—Sellerie.

CELERY

Scand.—Selleri.

(One ounce will produce 7,000 plants. ¼-ounce to the 100 feet of row; 2 ounces to acre)

Sow seeds in a hot bed or cold frame. As soon as the plants are about 3 inches high, transplant to a well prepared bed, setting them 4 to 5 inches apart. When some eight inches high, and the plants stocky, set them in trenches. Earth up a little during the Summer, keeping the leaf stocks close together so that the soil cannot get between them. Finish earthing up in Autumn. Never hoe or earth up in moist weather. Keep the seed bed moist to insure quick germination and vigorous growth.

White Plume—Is a truly beautiful type. Not only does the stem whiten, but the leaf itself assumes the attractive white color. This makes the White Plume one of the most showy that can be put upon the Thanksgiving or Christmas dinner table. As to succulence, crispness and quality, the White Plume is all that can be desired. Fit to eat in 110 days. Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; lb., \$2.75.

Celery—White Plume

To Succeed with Celery you must keep your plants growing constantly while young; if you allow them to stand still they will run up to seed later. Always cultivate as soon after watering as the ground is dry enough to work well. Fertilize heavily in the Spring—and use nitrate of soda later if needed. See Fertilizers.

Easy Blanching—A most valuable Celery with a remarkable natural tendency to blanch. Those who have never been successful in growing good Celery can depend on this variety. Valuable both for early use and for its Winter keeping qualities. Of quick growth, thick stalks, very tender and brittle, and rich flavor. 115 days. Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; 1 lb., \$2.50.

Golden Plume or Wonderful—This new variety is similar to Golden Yellow Self Blanching. It matures fully as early and is more resistant to attacks of blight and rust. The plants are semi-dwarf, stocky and vigorous growing with very full heart which bleaches quickly to a rich golden yellow color. Of very attractive appearance, superior quality and fine nutty flavor. A very profitable variety for market and the home garden. Pkt., 10c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.30; 1 lb., \$4.50.

Golden Self Blanching—A remarkable early sort, entirely self blanching, with beautiful large golden yellow heart; crisp, solid and of a nutty flavor. 110 days. Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., \$1.25; 1 lb., \$4.50.

Winter Queen—Unsurpassed for Winter Use—Probably the most desirable Winter keeping Celery. It is short, stout, thick and heavy with double the amount of heart of any other Celery. The flavor is sweet, nutty and delicious. It bunches up handsomely. The leaves are light green, and blanch to a cream white. Matures in 140 days. Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; lb., \$2.50.

CELERY PLANTS—(See Vegetable Plants)

CELERIAC

TURNIP ROOTED CELERY

Ger.—Knoller Selleric. Scand.—Knopselleri.

Giant Prague—This vegetable is used for two purposes; the leaves are cut when young and used to flavor soups and meats; the roots are boiled, sliced, cooled, and served as a salad. 125 days. Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; 1 lb., \$2.50.

Celery Seed—For Flavoring—Excellent to use or flavoring soups, pickles, etc. Oz., 10c; ¼-lb., 20c; 1 lb., 60c.

HOT KAPS—(See Index)

Ger.—Gurken.

CUCUMBER

Scand.—Agurk

(One ounce will plant 50 hills; 2 pounds to an acre)

Cucumber—Long Green

Long Green—The most popular and one of the best for the home garden; particularly desirable for slicing. Fruits rich dark green; black spined; 12 inches long; 2¼ to 2¾ inches thick; straight; cylindrical; with few seeds. 72 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; lb., \$1.20.

Earliest of All—Selected—The finest extra early prolific Cucumber; the fruit full and uniform, tapering slightly at both ends. Color, deep green; 10 days earlier than Early White Spine, and is a very desirable variety for the home garden and the market. 50 days. Pkt., 10c; oz., 20c; ¼-lb., 50c; lb., \$1.75.

Early White Spine—The most popular white spined cucumber for the home garden; extensively grown for shipping. Fruits medium dark green; remain in good condition remarkably long; 7 inches long; 2½ inches thick; slightly tapered; 60 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; lb., \$1.00.

Early Fortune—The rich dark green fruits average 7½ to 8 inches; flesh firm, with a small seed cavity, making it a good market sort. As a pickling sort it produces an enormous quantity of uniform well-shaped pickles. 52 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; lb., \$1.15.

Lemon Cucumber—Very productive, with round fruits of creamy yellow color; of distinctive flavor; desirable for slicing or pickling. 55 days. Pkt., 10c; oz., 20c; ¼-lb., 65c; lb., \$2.00.

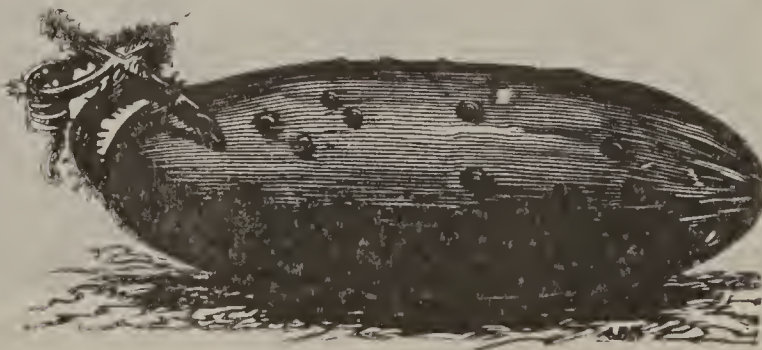

Windermoor Wonder—An ideal cucumber for the market gardener and greenhouse man as it always demands top notch market prices. Beautiful in appearance, of dark bluish green color. The fruits average 14 inches in length by 2¼ inches in diameter and are very symmetrical. Pkt., 10c; oz., 25c; ¼-lb., 70c; lb., \$2.25.

Japanese Climbing—This variety can be grown on trellises, fences or poles. The fruits, 10 to 12 inches in length, are of excellent quality either for slicing or pickling. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; lb., \$1.25.

Davis Perfect—Long and slender, average length 10 to 12 inches. Color very dark green, of fine flavor, very tender and brittle. A choice variety for forcing under glass or for outside culture. 60 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; lb., \$1.10.

Salad and Pickling Varieties

Everbearing—Small size, very early and enormously productive and valuable as a green pickler. Remarkably solid with very few seeds and of fine quality. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; lb., \$1.25.

Cucumber—Extra Early Green Prolific or Boston Pickling

Extra Early Green Prolific or Boston Pickling—A very prolific variety used principally for pickles. Fruit medium sized, bright green, flesh firm and very crisp and tender. Gather the fruit when small and it will bear all Summer. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.25.

CUCUMBER NOVELTIES—(See Page 34)

EGG PLANT

Ger.—Eierpflanze Scand.—Aegplante
($\frac{1}{8}$ ounce to 100 feet of row— $\frac{1}{4}$ -pound to acre)
(One ounce will produce 1,000 to 1,500 plants)

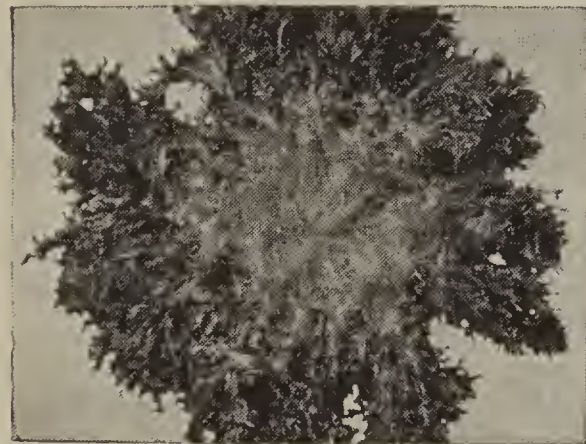

Improved New York — This selection is vastly superior to the old type. The habit of the plant is low and branching and is quite free from spines. 140 days. Pkt., 10c; $\frac{1}{2}$ -oz., 25c; oz., 40c; $\frac{1}{4}$ -lb., \$1.10.

Egg Plant—Improved New York

ENDIVE

Ger.—Endivien. Scand.—Endive.
(1 ounce to 100 feet of row—4 pounds to acre)

White Curled — Leaves pale green; should be used when young. 35 days. Pkt., 5c; oz., 15c; $\frac{1}{4}$ -lb., 40c; 1 lb., \$1.25.
Green Curled — For Fall and largely used for Winter use; also garnishing; Crisp and curly; very easily blanched. 40 days. Pkt., 5c; oz., 15c; $\frac{1}{4}$ -lb., 40c; 1 lb., \$1.25.

Endive—Green Curled

Broad Leaved Batavian or Escarole—A very wide leaved variety. Leaves with straight edges, thick and fleshy, of a dull green color. Quality excellent. 45 days. Pkt., 5c; oz., 15c; $\frac{1}{4}$ -lb., 40c; lb., \$1.25.

GOURD

Both Useful and Ornamental

Climbers with curiously shaped and colored fruit; of rapid growth; fine to cover old fences, trellises, stumps, etc. Ten to twenty feet high.

Gourds—Mixed—Pkt., 5c; $\frac{1}{2}$ -oz., 30c; oz., 35c.

GARLIC SETS

Garlic—Lb., 40c; 5 lbs., \$1.75; postpaid. Write for price on larger quantities.

LETTUCE

Scand.—Salat.

EVERY GARDEN CAN GROW THIS FINEST OF HEALTH FOODS

(¼-ounce to 100 feet of drill — 3 pounds to the acre)

Culture—For the earliest lettuce sow seed of the loose leaved varieties. Sow thinly and when the young seedlings are large enough for the table they may be thinned as used. In this way space is provided for normal growth. For succession sow every two weeks.

The conditions necessary to grow good head lettuce are rich soil, plenty of moisture, and steady growth until the heads are ready to use. A check in growth from lack of nourishment or moisture usually means no heads. Seed may be sown in boxes indoors or in the hot bed and set out as soon as weather permits, or sowing may be made in the open ground as soon as soil and weather conditions are favorable. Do not cover seed more than ¼ to ½ inch deep. The plants should be thinned to 10 inches apart in the row, a light application of fertilizer such as nitrate of soda used after the plants have made some growth will be found beneficial. All our varieties of lettuce are excellent for the home garden.

Lettuce—New York

New York Head—Also Called "Los Angeles" and "Wonderful"—A popular variety for Summer planting. The heads are solid, 2 to 3 lbs. each. Creamy white with dark green outer leaves; tender, crisp and sweet, is a hardy, rapid grower, deep rooted and resistant to drought; a slow seeder and sure to head. Matures in 65 days. Does remarkably well in all sections. Pkt., 10c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.50.

Creamy Heart—Is a new variety very similar to the California Cream Butter, without brown spots or edges; nice large heads of a rich golden yellow inside but with bring green leaves; an excellent variety for late Spring and early Summer crop; easy to grow and a good shipping variety. Pkt., 10c; oz., 20c; ¼-lb., 50c; 1 lb., \$1.25.

New York No. 12—This improved strain has been bred for earliness, larger size, increased solidity, and dependability of heading. The tightly folded heart is well blanching to a beautiful silvery white. Crisp, juicy, and sweet. Pkt., 10c; oz., 20c; ¼-lb., 60c; 1 lb., \$1.75.

Early May King—It grows very quickly even in the cold weather. Very compact; in fact, the plant is about all head. Outer leaves light green, inner leaves bright yellow and of a fine, rich, buttery flavor. Heads weigh from 12 to 16 ounces and are solid. 50 days. Pkt., 10c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.25.

Iceberg—Is very crisp and withstands the heat remarkably well and very slow to shoot to seed. The head is extremely hard, the leaves tightly overlapping each other. The color is light green, excepting for the faint brown tinge along the extreme border. The quality is good, crisp and firm, very sweet. 75 days. Pkt., 10c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.25.

SEMESAN

Place a little Semesan with seeds in a jar and shake vigorously. A highly efficient seed treatment. 2-oz. can, 35c; 1-lb. can, \$2.25.

Germaco

Hotkaps

GROW EARLY VARIETIES AND HAVE PLENTY OF LETTUCE ALL SUMMER AND FALL

Improved Hanson—Early Maturing. Slightly flattened head of a beautiful light green color. It is excellent for midsummer planting and can be depended upon to head well. Of the highest quality—crisp, mild, tender, juicy, and well blanching. 50 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.15.

Big Boston—Very popular. Especially valuable for Summer and Fall use out-of-doors, and for hot-bed and cold frame culture. Glossy, plain edged leaves tinged brown, forms a firm, well folded head, buttery-yellow at the heart and of excellent quality. 75 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.10.

Paris White Cos—Trianon, or White Paris Self-Blanching—Distinct variety of upright growth; leaves should be tied together near top when they will blanch to a beautiful creamy-white; crisp and delicious as Celery stalks, and eaten in the same manner. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.15.

Loose Leaved Varieties

Lettuce—Grand Rapids

Grand Rapids—A popular variety for general planting and will make a quick growth under adverse conditions. Its upright habit permits close planting. 40 days. Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., \$1.00.

Early Curled Simpson or Silesia—(White Seeded)—A very extensively used early loose leaved variety. The leaves are light green in color, slightly frilled, crisp, sweet and tender. Adapted for sowing thickly and cutting when the plants are young. Does not wilt easily. 40 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.10.

Early Prizthead—This Lettuce forms a large, tender, crisp, loose head of bright green crimped leaves tinged with brownish red; of superior flavor, long remaining sweet and slow to run to seed. 50 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.10.

Chicken Lettuce

A non-heading Lettuce, quite different from those used for human food. The plants grow 4 ft. tall. It is ready for cutting in 45 days. Planted extensively for feeding poultry and rabbits. Yields more food for this purpose than any other plant you can grow. After cutting, the stumps will make a new growth and within a short time you will be able to harvest another crop of tender nutritious leaves for feeding. Pkt., 5c; oz., 10c; 4 ozs., 35c; 1 lb., \$1.00.

Ger.—Melone.

MUSKMELON OR CANTALOUPE

Scand.—Melon.

(One ounce will plant about 50 hills—2 to 3 pounds in hills per acre)

Culture—A rich, deep, sandy loam, well worked and highly manured with old rotten compost, is of the first importance. Plant when all danger of frost is over, in hills 5 to 6 feet apart each way; scatter a dozen seeds to a hill and thin to 3 or 4 plants. When they have 4 or 5 rough leaves pinch off the end of the main shoot, which will cause the lateral branches to put forth fruit sooner.

Green Fleshed Varieties

Extra Early Hackensack—Fruit round, heavily ribbed; skin is light green, of delicious flavor, rich and sugary, and exceedingly productive. The earliest of all large netted melons. 70 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Rockyford or Netted Gem—The flesh is green and so sweet that it may be eaten close to the rind. The Melons weigh about 1½ pounds each. The vigorous vines produce an abundance of slightly oval fruits. 80 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Early Nutmeg or Montreal—Valuable on account of its extreme earliness, hardness and productivity. The skin is green, becoming yellowish at maturity. The flesh is light green, very thick, and of delicious flavor. 65 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Honey Dew—The sweetest Melon of all. The skin is smooth, of creamy yellow color when ripe. The flesh is very thick, of a bright emerald green, very fine grained, of very sweet, sugary flavor, and can be eaten to the rind. 125 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.10.

Salmon Tinted Varieties

Edward's Perfecto—Fruit nearly round with gray netting; flesh very thick, salmon color. Perfecto has the deepest flesh and more salmon-colored flesh than any other Melon. Recommended for its hardness, prolificness, deep flesh and excellent eating qualities. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Orange or Yellow Fleshed Varieties

Emerald Gem—Is one of the earliest to ripen and of most delicious flavor. Unequalled for home use. Very prolific. The skin is smooth and free from netting. The fruits are heavily ribbed. Flesh very thick; small seed cavity. 85 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

MUSKMELON COLLECTION

This collection contains one packet each
Hale's Best, Barling's Montana,
Edward's Perfecto, Rockyford
Value 30c; postpaid for 25c

Salmon Fleshed Varieties

Hale's Best, Extra Early—This new variety has become popular because of its extreme earliness. 68 days, tests made in sections, where the season was remarkable for its coldness. It is a salmon flesh Melon of exceptional thickness. The shape is oval. Average size is 8x4½ inches with very heavy netting and fairly prominent ribs; very valuable, as it leads the list in earliness. Pkt., 10c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Hale's Best
(The earliest maturing of all Muskmelons)

Barling's Montana—Ideal in size for family use, oval shape, flesh salmon-pink, thick fleshed, with small seed cavity; originated in Montana and matures with the earliest. Pkt., 10c; oz., 20c; ¼-lb., 60c; 1 lb., \$2.00.

Osage or Miller's Cream—A favorite salmon flesh variety. Large, oval, slightly ribbed and netted; skin is very dark green. Flesh is very thick and sweet, flavored most deliciously to the rind. The fruit is extra heavy. A great favorite for market and the home garden. 80 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Our Selection

(Value \$1.05)

ALL FOR 75c POSTPAID**WATERMELONS**

Ger.—Wassermelone.

(One ounce for 30 hills—4 to 5 pounds to an acre)

Scand.—Vandmelon.

The hills should be dug about 2 feet square, 8 inches deep and half filled with well-rotted fertilizer, which must be thoroughly mixed with the soil. Plant in May, 10 seeds to a hill, and when the plants are well up, thin out to three, and pinch the ends of the growing shoots to induce early fruiting. Some of the sweetest and best Melons we have seen were produced in the latitude of 45 degrees north; consequently, while the Watermelon is a tropical fruit, yet our Northern friends can grow them successfully.

Cole's Early—This is a fine variety for the family and market and is particularly adapted, on account of its earliness to Northern latitudes. For early marketing it is superior. The bright red flesh is cool and crisp. 80 days. Pkt., 5c; oz., 10c; ¼-lb., 35c; 1 lb., 85c.

Fordhook Early—One of the earliest large-fruited Melons. Fruits are of good size. Skin dark green, with faint stripes of lighter green. Rind quite thin, but skin tough, making an excellent shipping variety. Flesh bright red, crisp, sweet, and of splendid quality. Does exceptionally well in the Northern States. White seed. 80 days. Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 85c.

Kleckley Sweet or Monte Cristo—This is a very popular Watermelon. Dark green skin, thin rind; flesh bright scarlet; solid, very sweet and crisp; not a good shipper for long distance. The fruits are oblong and uniform in size. Average weight, 25 lbs. 100 days. Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 85c.

Stone Mountain—This Melon is medium dark green, round and of excellent quality. The flesh is beautiful deep crimson, very solid, with few seeds. The rind is tough enough to stand long-distance shipping. We have found this somewhat earlier than other large varieties. It produces an abundant crop. Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 85c.

**Harris Earliest**

70 days. Pkt., 5c; oz., 15c; ¼-lb., 25c; 1 lb., \$1.00.

Phinney's Extra Early—One of the best early maturing Melons of medium size, oblong shape. The red flesh is very sweet and tender; a sure cropper. Does exceptionally well in the Northern States. 80 days. Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 85c.

Citron—For Preserves

Citron—Red Seeded—A small round Melon used for making preserves. 100 days. Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 90c.

Citron—Green Seeded—Same as above with green seeds. Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 80c.

Of all Vegetable Fruits, the Melons are the most delicious. Be sure to plant some Melons in your garden.

Ger.
Zwiebel

S. N. & S. Co's. Peerless Onion Seed

Scand.
Roedloeg

(One ounce for 100 feet of drill; 4 to 5 pounds in drills per acre)

Sow in rich soil in drills one foot apart as early as possible in the Spring. Cover with fine soil and firm well. When plants are strong enough thin out to 3 or 4 inches. The largest Onions are produced by sowing the seed in a hotbed early in January or February and transplanting seedlings to the open ground 6 inches apart. When the bulbs have reached maturity bend the top down to hasten ripening.

Onion—Mountain Red Globe

Red Varieties

Mountain Red Globe—Grown at a very high altitude, where the seasons are short and where an ordinary strain of Southport Red Globe will not mature. It has a good globe shape, is dark red, ripens evenly, has a small neck, keeps well and ships well. It is a mighty good Onion. **Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$2.00.**

Red Wethersfield—A very large, deep red Onion that matures early and succeeds well everywhere. The bulbs are flattened, very large around, solid and of fine quality. A good keeper. One of the best red Onions for home use or market. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$2.00.**

Extra Early Red Flat—An extra early red Onion, which yields abundantly, keeps well and is of mild flavor. The bulbs are of medium size and rich red in color, very close grained, solid and heavy. This variety will form bulbs in cold soils where others fail to ripen. 100 days. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$2.00.**

White Varieties

Southport White Globe—A beautiful type of an almost round Onion, growing to an enormous size. The flesh when cooked is of a rich milky color, of tender and delicious flavor and in the raw state it is one of the mildest. 120 days. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 85c; 1 lb., \$2.50.**

White Portugal or Silver Skin—The most widely used white Onion. It might be called an all-purpose variety, as it is excellent for sets, as a pickler, for green bunching, and for storage. Bulbs medium sized, thick, flat, clear white, hard, fine grained, and of pleasing flavor. It is a dependable cropper. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$2.25.**

White Pickling—For early bunching, pickling, etc. small, hard, round; keeps well, does not turn green when exposed to sun. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$2.25.**

Long White Bunching—This variety does not form bulbs and it is grown exclusively for green onions. Sow the seed thickly in rows and earth up gradually to blanch the stalks as far up as possible. **Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., 95c; lb., \$3.25.**

Onion Sets

(One pound to 75 feet of row—300 pounds to acre)

If the sets are set out early in the Spring, nice green Onions can be pulled in a few weeks. A little later the bulbs grow large and are then ready to use. Plant about 2 inches apart and cover an inch deep. **A pound equals about one quart.**

Yellow Varieties

Yellow Globe Danvers—This almost round-shaped Onion is extensively sown by the private and market gardener on account of its keeping qualities. A dark straw color and produces a good crop. Large size. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; 1 lb., \$2.00.**

Mountain Danvers (Yellow)—(Special Strain)—A very early maturing strain. The Onions are fine globe shaped, deep yellow color and very firm. They ripen two or three weeks earlier than Yellow Globe Danvers. These Onions have remarkable keeping qualities and can be safely stored all Winter. **Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; 1 lb., \$2.50.**

Prizetaker or Mammoth Yellow Spanish—Large yellow globe Onion. Excellent keeper of finest flavor, handsome shape and enormous size; many single Onions weigh 3 pounds and over. It is of the same type as those immense imported Onions commanding a high price. 130 days. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; 1 lb., \$2.00.**

Sweet Spanish ("Special Riverside Strain")—This Spanish Onion grows very large and is perfectly globe shaped, light yellow skin and small top. The flesh is pure white, firm and crisp. A great favorite because of its size and quality. Ships well. Not intended for Winter storage. **Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 85c; 1 lb., \$2.50.**

Yellow Bermuda—The most widely grown of all Bermuda Onions, with straw-yellow skin and pure white flesh. **Pkt., 10c; ½-oz., 15c; oz., 25c; ¼-lb., 75c; 1 lb., \$3.00.**

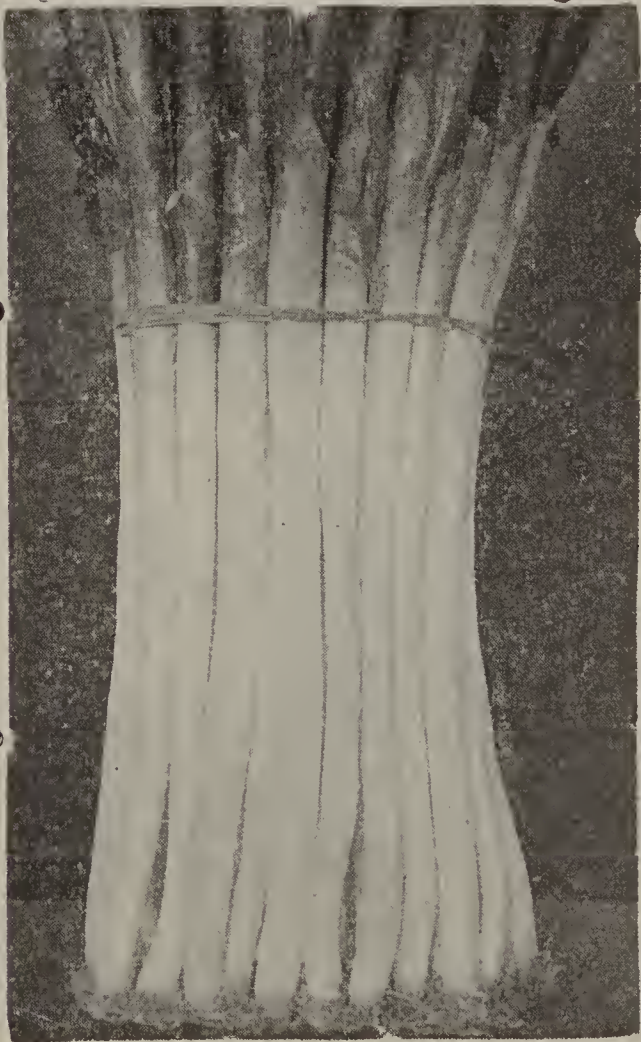

Brown Skinned

Australian Brown—An early and very hardy variety. These Onions have been kept in perfect condition the year around. They are of medium size, somewhat flattened, and of a light reddish brown color. The flesh is always crisp, mild and juicy. They mature very early. **Pkt., 5c; ½-oz., 15c; oz., 25c; ¼-lb., 65c; 1 lb., \$2.00.**

OKRA OR GUMBO

Ger.—Ocher

Seand.—Hibiskus

(One ounce to 100 feet of drill—8 pounds to acre)

The long tender pods of Okra are very delicious when sliced and cooked in soups. It can be boiled and served like other vegetables. The dwarf sorts may be planted in hills or in rows about three feet apart. Plant in any good soil about May 15. The pods should be gathered when very young, as they are then very tender.

Dwarf Green—An early dwarf prolific variety with thick green pods. 65 days. **Pkt., 5c; oz., 10c; $\frac{1}{4}$ -lb., 25c; 1 lb., 85c.**

White Velvet—Very tender pods, long, smooth and white. 60 days. **Pkt., 5c; oz., 10c; $\frac{1}{4}$ -lb., 25c; 1 lb., 85c.**

PARSLEY

Ger.—Petersillie.

Seand.—Persille.

(One ounce for 150 feet of drill)

Parsley—Moss Curled

Parsley succeeds best in rich, mellow soil. As the seed germinates very slowly, it should be sown quite early in the Spring, previously soaking the seed for a few hours in tepid water. Sow thickly in rows a foot apart and half an inch deep.

Moss Curled—There is no more attractive variety than this when well grown; it is hardy and slow to sun to seed: every gardener's favorite. 65 days. **Pkt., 5c; oz., 15c; $\frac{1}{4}$ -lb., 40c; 1 lb., 75c.**

Extra Double Curled—It stands heat, drought and cold better and will yield better than any other of the numerous varieties of Parsley we have ever had. 60 days. **Pkt., 5c; oz., 15c; $\frac{1}{4}$ -lb., 35c; 1 lb., 75c.**

Hamburg or Turnip Rooted—Turnip rooted variety. The roots as well as the leaves are used for flavoring soups, etc. The roots are stored like Carrots for Winter use. 100 days. **Pkt., 5c; oz., 15c; $\frac{1}{4}$ -lb., 40c; 1 lb., \$1.00.**

PARSNIP

Ger.—Pastinak.

Seand.—Pastinake.

(One ounce for 200 feet of drill—5 to 6 pounds in drills per acre)

Sow in the Spring when weather permits, in drills, 15 inches apart, covering half an inch deep. It is usual to take up in the Fall a certain quantity for Winter use, leaving the rest in the ground till Spring to be dug up as required.

Parsnip—Hollow Crown or Guernsey

Hollow Crown or Guernsey—An excellent variety for the table. The roots are long with white skin, tender and of the best quality. This variety is easily distinguished by leaves growing from the depression on top of crown or root. 85 days. **Pkt., 5c; oz., 10c; $\frac{1}{4}$ -lb., 25c; 1 lb., 75c.**

Long White or White Dutch Sugar—This variety is very hardy and will keep well through the Winter without protection. The roots are long, white, smooth, tender and of most excellent flavor. 100 days. **Pkt., 5c; oz., 10c; $\frac{1}{4}$ -lb., 25c; 1 lb., 75c.**

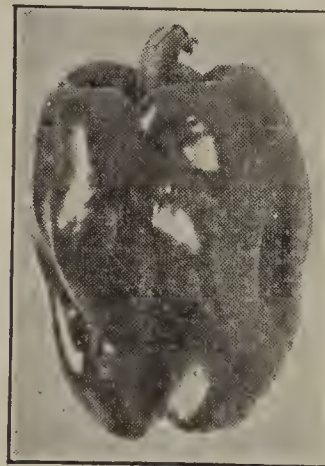

PEPPERS

Ger.—Pfeffer.

Seand.—Spansk Peber

(One ounce will produce 1,000 to 1,200 plants)

Peppers are grown in popularity among cooking experts for seasoning pickles, sauces and various dishes. Plant seed $\frac{1}{4}$ -inch deep in a hotbed, cold frame or box in the house, set in rows about 1 $\frac{1}{4}$ feet apart each way in the garden.

Pepper—Large Bell

Large Bell or Bull Nose—

Flesh thick, hard and less pungent than most other varieties; excellent quality for use in salads or for stuffed Peppers. Sometimes three to four inches in length. 140 days. **Pkt., 10c; $\frac{1}{2}$ -oz., 20c; oz., 35c; $\frac{1}{4}$ -lb., \$1.00.**

Harris' Earliest—The second

earliest Pepper in cultivation and therefore adapted for the North, as it matures before danger of frost; dwarf, about 18 inches tall, bearing a wonderful crop of scarlet fruits

of marketable size; 3 $\frac{1}{2}$ inches long and 2 $\frac{1}{2}$ inches thick. The flesh is thick, sweet and always mild; matures in 125 days. **Pkt., 10c; $\frac{1}{2}$ -oz., 30c; oz., 50c; $\frac{1}{4}$ -lb., \$1.50.**

Cayenne Long Red—Pods are small, cone-shaped and red, hot and pungent; used for pickling. 130 days. **Pkt., 10c; $\frac{1}{2}$ -oz., 20c; oz., 35c; $\frac{1}{4}$ -lb., \$1.00.**

Pimiento—The Mildest Flavored of All Peppers—

Its productives makes it desirable for market gardeners as it yields heavy crops. Its smooth, thick flesh and uniform shape make it an excellent shipper. Delicious Sweet-flavored both for salad and for stuffing. 135 days. **Pkt., 10c; $\frac{1}{2}$ -oz., 20c; oz., 35c; $\frac{1}{4}$ -lb., \$1.10.**

California Wonder—Stocky upright plants. The fruits are 4 $\frac{1}{2}$ inches long and 3 $\frac{1}{2}$ to 4 inches thick. The flesh is thick, sweet, and of most agreeable mild flavor. A splendid large variety, which has proved valuable for market and home gardeners. **Pkt., 10c; $\frac{1}{2}$ -oz., 30c; oz., 50c; $\frac{1}{4}$ -lb., \$1.50.**

PEPPER—Rockyford—**Pkt., 10c; $\frac{1}{4}$ -oz., 30c; $\frac{1}{2}$ -oz., 55c; oz., 85c; $\frac{1}{4}$ -lb., \$2.25.—See Novelties, Page 29.**

INOCULATE ALL LEGUMES
WITH
NITRAGIN
The Original Legume Inoculator

(1 pound to 100 feet of drill—80 to 100 pounds to the acre)

Peas are quite hardy and for early crop sow as soon as the ground can be worked. Then sow in succession every two weeks until the first of August. They require moderately rich soil but not excessively rich or wet, or they will run too much to vine and will not bear heavily. The dwarf varieties can be planted in rows 12 to 18 inches apart, and the tall varieties 3 feet apart. The tall varieties should be staked by brush or tied up. By using the various classes of Peas and making several sowings of each, good Peas can be had for a long season. The pods should be kept picked; the plant will then continue to bear longer. For late sowing, use Early Dwarf varieties.

YOUR OWN GROWN PEAS ARE THE SWEETEST

Extra Early Round Seeded Varieties

Extra Early Dwarf Wrinkled Varieties

Alaska or Earliest of All

Alaska or Earliest of All—The earliest Pea on the market, height 2½ feet. It produces a large crop of well filled medium size pods completely filled with small round Peas. 45 days. Pkt., 5c; ½-lb., 20c; 1 lb., 30c; 2 lbs., 55c; 5 lbs., \$1.20.

Extra Early Dwarf Wrinkled Varieties

Carter's Daisy or Early Dwarf Telephone—The vines grow about 18 inches in height. They are strong and always bear a good crop. The pods measure from 4 to 5 inches and contain 7 to 8 large light green Peas, a favorite garden and market variety. 65 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Little Marvel—A productive, wrinkled, seeded variety, growing about 18 inches tall; pods average 2½ inches in length. They are well filled with 6 or 7 large Peas of exceptionally fine quality. 60 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Peas—Laxton's Progress

Laxton's Progress—A new Pea and one of the best of the large podded, early, wrinkled sorts. Planted same time as Laxtonian, it is ready to pick a week earlier. The pods are 4 inches long and are filled with 7 or 8 large Peas of fine quality; height 18 inches. 60 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 65c; 5 lbs., \$1.35.

Little Gem—An early dwarf variety; height 12 to 15 inches. The pods measure 2½ to 3 inches long and are well filled with large Peas of a delicious flavor. 60 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

American Wonder—A fine, extra early wrinkled variety, well suited for the private garden and quite productive. The flavor and quality are excellent and its dwarf habit makes it a desirable sort; height 12 inches. 55 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

SPECIAL COLLECTION

Three Best Dwarf Peas

The three Peas in these collections give a perfect succession of luscious sweet peas. They are: Alaska Extra Early, Carter's Daisy, Little Gem.

Two pkts. each (value 30c) for 25c; ½-lb. each (value 75c) for 65c
1 lb. each (value \$1.05) for 90c.

Ger.—Erbsen.

PEAS

Scand.—Erter.

(1 pound to 100 feet of drill—80 to 100 pounds to the acre)

Early Wrinkled Varieties

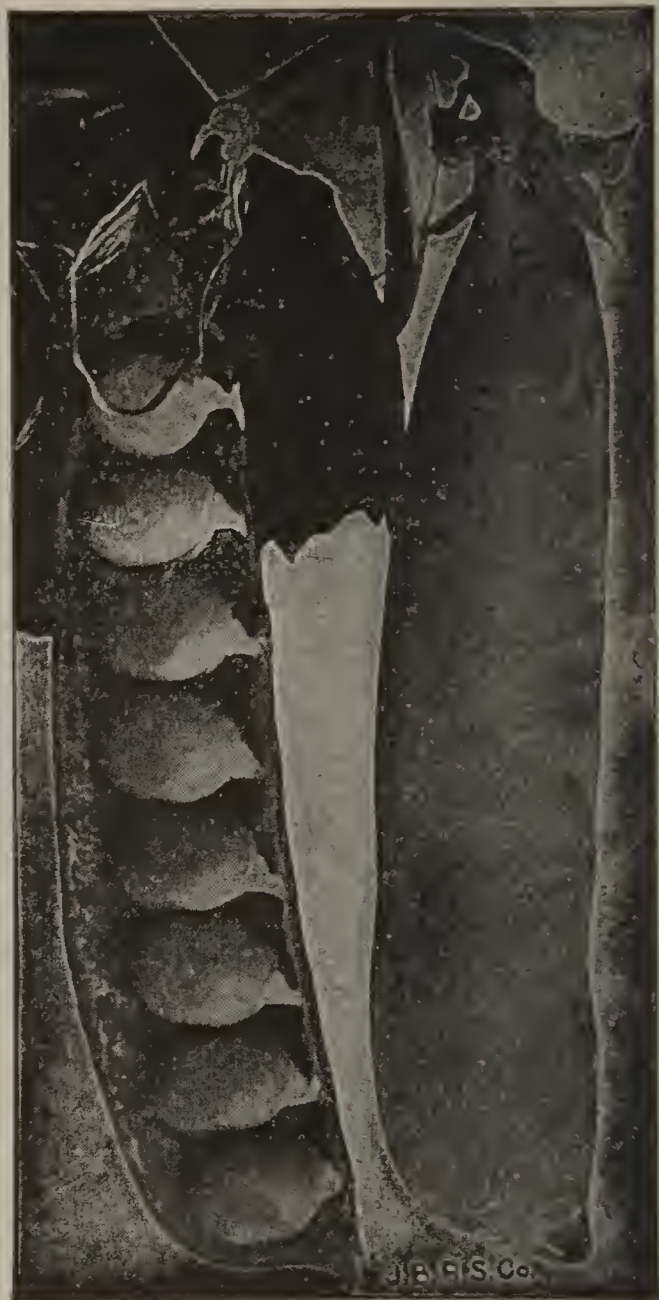

Gradus or Prosperity—Extra early wrinkled Pea. This remarkable Pea is not only large and of the best quality, but is within two or three days as early as the small round extra early sorts. Gradus is a wrinkled Pea, growing about 30 inches high; the pods are of a bright green color measuring 4 inches with luscious Peas, 8 or 9 in a pod. The Peas are of the highest table quality. A grand Pea in all respects. 60 days. **Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.**

Laxtonian—The largest podded of the early dwarf wrinkled varieties. Has no superior for either quality or productiveness. Ready to use within a very few days of the very earliest types. Height about 18 inches. The pods, four inches or more long, slightly curved, contain eight to ten wrinkled luscious Peas of finest flavor. Almost double the size of any other early dwarf wrinkled Pea. Vines are vigorous, foliage dark green, which enable it to resist the extreme conditions to which Peas are subjected in many sections of the United States. A good Pea for the market grower or the home garden. 65 days. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Main Crop Varieties

Dwarf Champion—A desirable main crop sort for the market or home garden. The vines are of a medium height, about two and one-half feet; stout, vigorous and hardy, and are unusually productive. The pods are large, often four inches long, broad, quite straight, deep green in color, handsome and very well filled with large Peas which are tender and unsurpassed in quality. Pkt., 5c; ½-lb., 25c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Telephone—Tall—Medium late. This fine Pea is vigorous growing, about four feet high, and producing an abundance of large pods and filled with immense Peas, which are tender, sweet, and of excellent flavor. It has sterling merit, which gardeners appreciate. 75 days. **Pkt., 5c; ½-lb., 20c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.**

Pea—Laxtonian

We handle Hudson Seeders and cultivators, also sprayers and insecticides, seed sowers, potato and corn planters, also small garden tools for the garden. See last pages of the catalog.

Roosevelt—This splendid Pea is of the same podded type as the Telephone but the pods are larger and the Peas sweeter. The Roosevelt Pea surpasses all other large-podded varieties in productiveness. In other words a pint of Roosevelt Pea pods will yield as many shelled as a quart of most other sorts. Quality is always to be preferred to quantity, but a Pea which will give better quality and larger quantity is the Pea to plant. That Pea is the Roosevelt. A very popular variety. Height, 3 feet. 65 days. Pkt., 5c; ½-lb., 20c; 1 lb., 35c; 2 lbs., 60c; 5 lbs., \$1.25.

Melting Sugar—(edible pods). We consider this the best of the edible podded sorts, in which the pods are used when half grown and are cooked in the same way as snap beans. The pods of Melting Sugar are very large, four to five and a half inches long, very tender and finely flavored. Very prolific, strong growing; about four or five feet high, with large, light-colored foliage. 85 days. **Pkt., 10c; ½-lb., 25c; 1 lb., 40c; 2 lbs., 70c.**

Pea—Dwarf Champion

WE PAY POSTAGE ON ALL VEGETABLE SEEDS UP TO
10 POUNDS OF EACH VARIETY

Ger.—Melonen—Kurbiss

PUMPKIN

Scand.—Graeskar.

(One ounce for 25 hills—3 pounds to the acre)

Culture—The common practice is to drop two or three seeds in every third or fourth hill in the corn field, but if cultivated on a large scale, the seed may be sown in hills 8 feet apart each way, four plants to each hill.

Pumpkin—Early Small Sugar or Pie

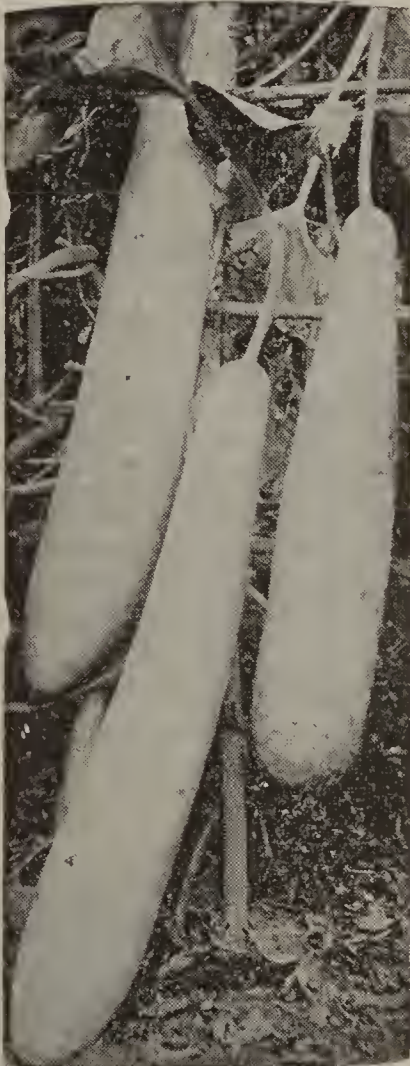

Early Small Sugar or Pie—For pies this cannot be excelled, fruits round and small, with deep yellow skin, plainly ribbed. Flesh sweet and fine grained. 70 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 80c.

Japanese Pie—A Large, Dark Green Crookneck Sort—The flesh is very thick, of a rich salmon color, fine grained, dry and sweet. Of medium size, early, very productive and a good keeper. Highly desirable for pies. Ripens in 70 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.00.

New Guinea Butter Bean

One of the Most Delicious of All Vegetables

The New Guinea Butter Bean is a wonderful vegetable. Grows to enormous size, one fruit often weighing 15 lbs., and from 3 to 5 feet long. In growth it is similar to the squash, and can be grown in the same manner or can be trellised up. It is more productive than squash and much easier to grow. The vines are always free from disease and insect pests, and stand more neglect and abuse than any other vegetable vine we know of. The fruits should be eaten when small, while the fuzzy growth is yet on. It can be cooked like squash and fried like egg plant. When cut up in small pieces and cooked with cream or fried it is most delicious. If trellised up the vines take up so little space, no garden is too small for at least two or three plants. Pkt., 10c; 3 pkts. 25c; oz., 30c; ¼-lb., 85c. New Guinea Butter Bean

Topepo

The Topepo is of excellent flavor, combining the delicious qualities of the pepper and the tomato. Topepo is a cross between tomato and pepper.

Its gorgeous color of vivid red makes a handsome table decoration. The flavor resembles the Bell Pepper but it is sweeter, not so peppery and has the zest of the tomato flavor.

Excellent for stuffing and baking. Also used for slicing in salads or dressings. Wonderful keeping quality. Pkt., 15c; 2 pkts., 25c; ½-oz., \$1.00; ¼-oz., \$1.75.

Large Cheese or Kentucky Field—A large, round, flattened Pumpkin with broad ribs; the skin is of rich cream color, flesh yellow, tender and of excellent quality. Extra fine quality for family and market use; fine for pies and rich food for stock. 90 days. Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 75c.

"Jumbo" or "King of Mammoth"—Fruits grow to enormous size. Salmon-orange skin; very thick, bright yellow flesh, which is fine grained and of excellent quality for pies. 90 days. Pkt., 5c; oz., 15c; ¼-lb., 45c; 1 lb., \$1.25.

Winter Queen or Winter Luxury—Medium size, nearly round; skin a beautiful deep orange-yellow, finely netted. Very productive, sweet, tender, and an excellent keeper. 80 days. Pkt., 5c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.00.

Pumpkin—Connecticut Field

Connecticut Field—The Best Yellow Field Sort—Also known as Big Tom. A large round or slightly oval shaped Pumpkin. Skin reddish orange color, with rich orange yellow flesh. Extensively grown for stock feeding, and generally planted with corn, producing enormous crops in 90 days. Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 70c.

RHUBARB

Scand.—Rhabarber.

Ger.—Rhabarber.

(One ounce to 125 feet of drill—1 pound to acre)

Seed should be sown early in the Spring in shallow drills 1 foot apart; thin out to stand 4 to 5 inches apart in the row. The following Spring the roots should be transplanted into permanent beds and placed 3 feet apart each way; the year following that, or two years after sowing the seed, the Rhubarb may be used. Do not cut Rhubarb; pull it so that it comes out whole from the crown.

For forcing, take up some of the larger roots and plant in a dark corner of the cellar. Cultivate Rhubarb frequently, even after the cutting season is over, and top-dress with fertilizer in the Fall at least every other year.

Victoria—A variety with large, dark red stalks with plenty of juice. The most popular variety. Pkt., 10c; oz., \$20c; ¼-lb., 50c; 1 lb., \$1.50.

SALSIFY OR OYSTER PLANT

Ger.—Hafer-Wurzel.

Scand.—Havrerod.

(One ounce will sow 100 feet of drill)

(8 pounds to the acre)

Culture—Sow the seed in light, deep soil early in Spring, in drills 12 inches apart and 1 inch deep, thinning out the young plants to 4 or 5 inches. The roots can be stored like Carrots for winter use. Those remaining will suffer no injury by being left in the ground till Spring, but should be dug before growth starts.

Mammoth Sandwich Island—We consider this the largest and most profitable Salsify in cultivation; roots are two to three times the size of the ordinary Salsify, and of more agreeable flavor. It is pure white in color, and invaluable to market gardeners. 90 days. Pkt., 10c; oz., 20c; ¼-lb., 60c; 1 lb., \$2.00.

Salsify

TOBACCO

Grow Your Own Smoking Tobacco

Cultural Directions—The plants should be started in a hotbed, or in pots or boxes in the house, and transplanted outdoors, three feet apart each way, when danger of frost is past. 1 ounce per acre.

Connecticut Seed Leaf—The hardiest variety in cultivation. Pkt., 10c; ½-oz., 30c; oz., 50c.

Ger.—Radies

S. N. & S. Co's. Peerless Radishes

Scand.—Reddik

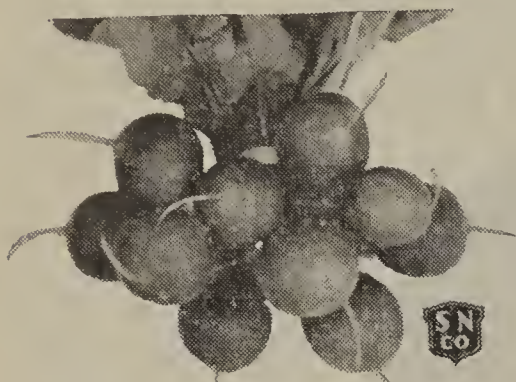

"SERVE RADISHES THE SEASON THROUGH"—FROM SPRING TO WINTER

(1 oz. will sow 100 ft. of drill—8 to 10 lbs. per acre)

Being a root crop, good brittle Radishes require light, well worked soil, made very rich and mellow to insure quick growth. If permitted to grow slowly, they become tough and pithy. They are easy to grow and frequent planting will insure a constant supply for the table. Thin the very young plants somewhat. Summer varieties can be sown all Spring and well into Summer. Winter varieties, however require some time to mature; plant in June or July.

Early Round Varieties

Early Scarlet Turnip, White tipped—A splendid early Radish very attractive appearance: its white tip and deep scarlet are always pleasing to the eye. Very tender and of good flavor. 25 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 85c.

**Extra Early Saxa or Glowing Ball**

Extra Early Saxa or Glowing Ball—The earliest of all Radishes and slow to run to seed. We recommend it for the first planting in the garden, and also for forcing in hotbed and greenhouse. Round, bright scarlet, with the smallest possible tops. Exceptionally crisp and tender and of fine flavor. 20 days. Pkt., 10c; oz., 15c; ¼-lb., 35c; 1 lb., 85c.

Early White Turnip—A very quick-growing, small, turnip-shaped variety. Color, clear white; very mild flavor. 35 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 85c.

Early Scarlet Globe—One of the earliest; flavor mild, crisp, juicy and tender. It forms a small top and will stand a great amount of heat without becoming pithy. 25 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

**Crimson Giant Globe**

Early Scarlet Turnip—A well-known Radish for early home and market use. Matures quickly; crisp and of good flavor. 25 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Crimson Giant Globe—Early, globe-shaped and grows to an unusually large size; is always tender and of mild flavor. It remains in perfect condition a remarkably long time and, unlike other forcing varieties, does not become pithy even when twice their size in diameter. 32 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 85c.

Carco

Vegetable Spray Controls Radish Maggots, Etc.

French Breakfast or Half Long—Medium Size, olive-shaped Radish; small top, scarlet except at the top which is white; a splendid table variety for either forcing or outdoor culture. Makes rapid growth. A great favorite. 30 days. Pkt., 5c; oz., 15c; ½-lb., 30c; 1 lb., 75c.

**Radish—Early Scarlet Turnip****Summer Radishes—Long Varieties**

White Icicle—The finest of all long white radish. Grows about six inches long, are of transparent whiteness and make their growth very quickly. It is of excellent flavor, mild, crisp and tender. Valuable for home use and market gardeners. 30 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

**Radish—Icicle**

White Strasburg—The skin and flesh are white and agreeably mild, being crisp and refreshing; keeps crisp and tender a long time. 40 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Long Scarlet Short Top—This bright scarlet short topped sort is about 5 inches long; is uniformly straight and smooth, crisp and brittle; an excellent variety for private gardens or market. 35 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Be sure to sow Radishes at 10-day intervals from early spring to have a regular supply for your table. To enable you to do so we recommend the following: Early Scarlet Turnip, French Breakfast and White Icicle.

RADISH NOVELTIES—(See Page 29)**Winter Varieties**

Make your first planting the middle of June, a second the middle of July. Sow thickly in rows 15 inches apart between the rows, and thin out to 6 inches apart in the row; firm and well-drained soil is essential. Winter Radishes are easily stored in any frost-proof cellar in damp sand.

China Rose—One of the best Fall and Winter varieties; firm, white flesh. 60 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Mammoth White China or Celestial—Flesh solid and brittle; pure white; flavor mild or slightly pungent. A splendid keeper for Winter use. 70 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Long Black Spanish—The latest and hardiest of all Winter Radishes; roots black, long, large and good keeper; pull before severe frost and store in damp sand in root house. 70 days. Pkt., 5c; oz., 15c; ¼ lb., 30c; 1 lb., 75c.

Round Black Spanish—A round form of above. 60 days. Pkt., 5c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Sakurajima or Mammoth Japan—A mammoth variety, and is said to be the largest variety that is obtainable in Japan. Very tender, and round. Pkt., 10c; oz., 15c; ¼-lb., 50c; 1 lb., \$1.50.

Nerima or Mikado—A wonderful product of the Orient, with snow-white flesh; very tender and under good conditions growing from two to three feet in length. Pkt., 10c; oz., 15c; ¼-lb., 50c; 1 lb., \$1.50.

**Radish—French Breakfast**

Ger.—Kurbiss.

SQUASH

Scand.—Squash-Graeskar

(One ounce to 25 hills—3 to 4 pounds to the acre)

There are two distinct types. The summer varieties are cultivated for the tender young fruits which are used in the green or growing stage during the Summer months. The Winter Squashes produce larger hard-shell fruits, which are gathered in the Fall before frost, and stored in a warm, dry place for Winter use. Be sure and leave part of the stem attached to the fruits.

Summer Varieties

Early Summer Crookneck

Early Summer Crookneck—Very early medium sized, about 15 inches long and matures in 70 days. Flesh has a deep golden yellow color, is dry and of most agreeable flavor. 60 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Early White Bush—One of the best early maturing varieties. The fruit is a beautiful waxy white of superior quality, somewhat flattened, scalloped along the edge and of medium size. It has a lasting delicious sweetness. 55 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Giant Summer Straightneck—The same Squash as the Summer Crookneck, but with a straight neck, golden orange, warted fruits 18 inches long. Of finest quality and very popular because it is easier to prepare for cooking. Much in demand by market gardeners because they are so easily packed for shipping. 55 days. Pkt., 10c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Vegetable Marrow—The favorite English Long White sort. The fruit is very desirable in size, from 9 to 19 inches in length and 4 to 6 inches in diameter. Skin white, flesh white, and of rich flavor. Distinct from all other varieties of Squash. 65 days. Pkt., 10c; oz., 15c; ¼-lb., 50c; 1 lb., \$1.25.

Fall or Winter Varieties

Squash—Buttercup

Buttercup—Originated in North Dakota by Professor A. F. Yeager. The squashes weigh between 3 and 5 pounds with thin, tough, green skin. There is no fibrous section and the deep rich orange flesh has no tinge of green. It is a good keeper with less waste and shrinkage in cooking than any other squash. The flavor is sweet and fine; the texture smooth and dry. This is just about the best squash we have ever tasted. Pkt., 10c; oz., 20c; ¼-lb., 50c; ½-lb., 90c; 1 lb., \$1.60.

Red or Golden Hubbard—Almost identical to the Warded Hubbard. The heavily warted skin is of a rich orange yellow, turning to a deep salmon red when ripened, and of fine quality. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Delicious—This Squash is more delicious than the Hubbard. The skin is green; weighing 5 to 10 lbs. The flesh is thick, bright yellow, fine grained and of splendid quality. It cannot be excelled. 110 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Squash—Improved Hubbard

Improved Hubbard—The old and popular favorite. Always richly flavored. Very productive. Of dark bluish green color, weighing often 10 to 25 lbs. each. Properly stored it may be kept from September to May. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Warded Hubbard—It is similar in size and quality to the Hubbard. The large, dark, olive-green fruits are rather more heavily warted. An excellent keeper and of splendid quality. 110 days. Pkt., 5c; oz., 15c; ¼-lb., 35c; 1 lb., \$1.00.

Table Queen—Sometimes called Des Moines, Acorn, Individual, and Danish Squash—Cut in half and baked for twenty minutes, it will give you a delicious meal; also fine for pies. The fruits are a nice size, 6 to 7 inches long and 4 to 5 inches in diameter. The shell is hard and smooth, so they keep well. The color is dark green, acorn shaped, makes an ideal individual Squash. Pkt., 10c; oz., 15c; ¼-lb., 40c; 1 lb., \$1.10.

SPINACH

Ger.—Spinat.

Scand.—Spinat.

for Better Vegetables
VIGORO
Specially prepared plant food

(One ounce for 100 feet of drill—10 to 12 pounds in drills for one acre.)

Sow early in the Spring and make succession sowing every ten days until the end of May. For late Summer crop sow September 1st. No Spinach except the New Zealand will stand July and August heat without shooting to seed.

New Zealand—(The Hot Weather Spinach)—The stems and leaves of this variety are soft, thick, fleshy and crystalline in appearance. Started early in the Spring, the plants will resist heat and make strong growth during the Summer. 55 days. Pkt., 10c; oz., 15c; ¼-lb., 30c; 1 lb., 75c.

Long Standing—The best variety for family use, as it remains in good condition longer without running to seed than the round leaved sorts. Thick. Well-flavored leaves. 45 days. Pkt., 5c; oz., 10c; ¼-lb., 20c; 1 lb., 50c.

Bloodsdaile Savoy Leaved—One of the best of the savoy leaved type, with thick, heavily curled leaves. Very succulent and tender. 40 days. Pkt., 5c; oz., 10c; ¼ lb., 20c; 1 lb., 50c.

Round Thick Leaved—This variety grows quickly, has slightly wrinkled leaves of deep green color and good quality. The leaves are broad arrow-shaped but sometimes rounded. This is an extensively used medium early sort for the market and home garden. 45 days. Pkt., 5c; oz., 10c; ¼-lb., 20c; 1 lb., 50c.

King of Denmark—This remarkable new Spinach is far superior to any of the other sorts. Its principal advantage is that it stands two weeks longer before running to seed than any other variety. The leaves are large, rounded. Savoy or crumpled of deep green color. Ready to cut in 48 days. Pkt., 5c; oz., 10c; ¼-lb., 20c; 1 lb., 50c.

Ger.—Liebesapel

S. N. & S. Co's. Hardy Tomatoes

Scand.—Tomat.

(One ounce will produce 2,000 to 3,000 plants)

Culture—Sow early in hotbeds, and as soon as they have four leaves transplant into shallow boxes. Harden off, and set out as soon as danger of frost is past.

Break O'Day—This new Tomato was developed by the U. S. Department of Agriculture. The beautiful scarlet fruits are of medium size, deep, solid, smooth and almost seedless, with very little foliage. Matures in about 80 days. **Pkt., 15c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.10; 1 lb., \$3.50.**

John Baer—This is a hardy and very prolific extra early variety. The fruits are of large size, scarlet in color, nearly round, smooth, firm of excellent quality. One of the first varieties to ripen and continues to bear a long time. 85 days. **Pkt., 10c; ½-oz., 20c; oz., 35c; ¼-lb., \$1.00; 1 lb., \$3.00.**

Bonny Best—An extra fine early variety; a few days later than Earliana. The color is bright red; ripens evenly to the stem; very productive. 100 days. **Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., \$90c; 1 lb., \$3.00.**

Earliana (Selected)—Plants are of compact growth. Yields well and fruit is solid and of fine quality; bright red, of good size. 90 days. **Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., 95c; 1 lb., \$3.00.**

Marglobe—This fine second early produces large, smooth, meaty, globular red fruits, which ripen evenly, and are free from cracks. An extremely heavy cropper. **Pkt., 10c; ½-oz., 25c; oz., 35c; ¼-lb., \$90c; 1 lb., \$3.00.**

Golden Queen—Fruit of good size, smooth, solid and mild in flavor. Color, bright yellow; early and a prolific bearer. Many consider this yellow Tomato to be of a better flavor than the red varieties; it is less acid. 100 days. **Pkt., 5c; ½-oz., 20c; oz., 35c; ¼-lb., \$1.00; 1 lb., \$3.25.**

TOMATO NOVELTIES—(See Page 33)

Tomatoes Are Wholesome Raw, Cooked or Canned, Eat More

Wonderberry—Garden Huckleberry—Not a true Huckleberry, but belonging to the same family as do Tomatoes, Eggplant, and Pepper, this is very productive of round, nearly black fruits, but little smaller than a Concord Grape. These fruits when fully ripe make excellent pies, preserves, and jam. **Pkt., 10c; ½-oz., 30c; oz., 50c.**

TURNIPS

Ger.—Weisse-Rube.

Scand.—Turnips.

(1 ounce will sow 150 ft. of drill—2 pounds to acre)

Culture—For early use, sow as soon as the ground can be worked in Spring, in drills 15 inches apart, and thin to 8 inches apart as soon as plants are large enough to handle. The sowing should be made just before rain, if possible, a rapid growth being important.

White Milan—Extra Early—The clear white roots are very smooth, symmetrical and beautiful; Turnip for early bunching; fine grained, tender and sweet. 45 days. **Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 75c.**

Purple Top Milan—Extra Early—Very similar to the White Milan except that the roots are a little more flat, and the top of the root is purple. 45 days. **Pkt., 5c; oz., 10c; ¼-lb., 35c; 1 lb., 75c.**

Early Snowball or Six Weeks—A medium globe-shaped variety of pure white. Very solid and of the finest quality for table use. **Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 75c.**

Purple Top White Globe—The most popular variety grown; round, globe-shaped, with smooth, white skin; flesh pure white, firm and crisp. A good keeper and fine for market. 60 days. **Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 65c.**

Purple Top Strap Leaf—A very popular variety. It is a quick grower, the flesh is pure white, very fine grained and sweet flavored. The roots are flat, marked with reddish purple on the upper portion. 55 days. **Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 65c.**

Early White Egg—An old favorite, egg-shaped, perfectly smooth, firm and mild. 50 days. **Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 65c.**

Golden Ball—A rapid grower; yellow-fleshed; of medium size; firm, hard and of superior flavor. Valued highly as a table variety. 70 days. **Pkt., 5c; oz., 10c; ¼-lb., 30c; 1 lb., 65c.**

Pritchard or Scarlet Topper—Large, smooth, and extremely solid. Of intense scarlet color. Most productive and very attractive. Of a solidity that is truly remarkable, with very small seed pockets and no core. Its productiveness is amazing, and individual plants will bear 70 to 80 fruits each. It will yield 15 tons and more per acre. **Pkt., 10c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.25; 1 lb., \$4.00.**

Tomato—Earliana

Ground Cherry, Strawberry, or Yellow Husk Tomato—The round yellow fruits are each inclosed in thin paperlike husks; used mostly for pies and preserves. **Pkt., 10c; ½-oz., 25c; oz., 45c; ¼-lb., \$1.50.**

Small Fruited Varieties

(For Pickling, Preserving and Garnishing)

Red Pear } **Pkt., 10c; ½-oz., 25c; oz., 40c; ¼-lb., \$1.25** } **Yellow Cherry**
Red Peach } } **Yellow Plum**
Red Plum } } **Yellow Pear**

Winter Cherry, or Purple Husk Tomato—Makes fine sauce and preserves. **Pkt., 10c; ½-oz., 40c; oz., 75c; ¼-lb., \$2.50.**

RUTABAGAS**Rutabaga—Winter Turnip**

These require a longer season in which to grow than do other Turnips; the seed should be sown about the first to the middle of June.

American Purple Top—Is a purple top yellow variety. Excellent for table use and also for stock feeding. A most desirable variety. 95 days. **Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 65c.**

Large White or Sweet

Russian—This variety is most excellent either for table or stock. It has a green top, flesh white, solid, sweet and rich; keeps well. 90 days. **Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 65c.**

Early Neckless—The greatest improvement in Purple Top Yellow Rutabaga in a generation. Three weeks earlier, entirely neckless, free from side roots, round and uniform. The flesh is fine grained and of a beautiful yellow color. **Pkt., 5c; oz., 10c; ¼-lb., 25c; 1 lb., 70c.**

Rutabaga
American Purple Top

For feeding stock in Fall and Winter there is nothing superior to Turnips and Rutabagas, as they are liked by all kinds of stock and serve to keep them in good condition.

Have a supply of **Vegetable Seeds** on hand to replace the varieties used up. **Beans, Beets, Lettuce, Radish and Spinach** are all suitable for filling in. Keep your garden producing for you.

PLANTS FOR HOME AND GARDEN

SELECTED SPECIMENS • VIGOROUS • HEALTHY

Our 48 years' experience of dealing with plant life in the Northwest has enabled us to grow and select for you types and strains of plants that will thrive under conditions found in Montana and the Northwest.

HOW WE SELECT AND FILL YOUR ORDER

We use every care and precaution to select only plants that are in the best of condition and to pack them so that they are certain to arrive safely at their destination. Our various growing ranges, Nursery plots and packing sheds are in charge of experts in their lines and our patrons may be assured that every effort is made to make their dealings with us both pleasant and satisfactory. The size named in plants, such as 3-inch and 4-inch, etc., refers to the size of the pot in which the plant is growing. Plants are shipped out of pots.

OUR GUARANTEE ON POTTED PLANTS

All shipments of plants from this department are guaranteed to reach their destination in good condition. Our customers should advise us if delivery is not made within a short time after our notification card of shipment has reached you. Examine all plants carefully upon arrival and report immediately if any are damaged. After safe delivery in good condition we do not assume responsibility for future growth or failure.

Abutilon or Flowering Maple

Popular house plants, flowering profusely during the Winter and early Spring months. Available in Rose, Red, Pale Pink, Yellow and White.

Any of the above varieties, each, 3-inch, 25c; entire collection of 6 varieties, \$1.25; larger specimens, 50c, 75c, \$1.00.

Ageratum

An excellent potted Plant and fine for bedding and borders. Profuse flowers all season, in rounded terminal umbels, each floret a small round bur of protruding but soft bristles. Beautiful clear blue. Each, 15c; 3 for 40c; dozen, \$1.20.

Aloysia (Lippia) Citriodora

Lemon Verbena—An old favorite and should be in every garden. Lemon scented foliage. Each, 35c and 45c.

Alyssum

(Ready About May 1)

Alyssum, Double—An excellent variety for borders, window boxes and urns. Plants in bud and bloom. 2-inch Pot Plants, 3 for 35c; 6 for 60c; dozen, \$1.00.

Amaryllis—Hybrids

These plants produce blossoms which are wonderfully varied and of brilliant colorings. Strong growing plants, each, \$1.00.

The New Window Sunshelf

Everyone who keeps potted plants in the home will want one of these Sunshelves. It is a unique invention which fastens to the center sash of any standard window. Either top or lower sash may be moved up or down with shelf attached. Only one adjustment is necessary to hold the shelf securely in position. No hammer or screw driver needed.

Each

Antirrhinum or Snapdragon

(Ready April to July)

The Snapdragon is well adapted for beds or borders and are fine for cut flowers. Our started Plants will bloom early. We offer rust resistant varieties, ready to bloom. Colors—Fiery red, rose, light pink, orange, scarlet, yellow and white.

Transplants, mixed or selection of the above colors, fine for bedding. Per doz., 50c.

Pot Plants—Each, 20c; doz., \$1.75.

Aspidistra

Aspidistra Lurida—One of the easiest decorative plants to grow. A most useful house plant, having large green leaves and thriving in a comparatively dark place in the room when nothing else will succeed. Each, \$1.00.

Aspidistra Lurida Variegata—Similar to Lurida but with white and green striped leaves. Each, \$1.00.

Snapdragon in One of Our Greenhouses

BEAUTIFY YOUR HOME WITH A FEW OF OUR HOUSE PLANTS

Asparagus Plumosus

Asparagus Plumosus

Fern

Owing to its graceful foliage and ease of culture, this is perhaps more in demand than any other house plant.

Each, from 3-inch pots, 25c; 4-inch pots, 50c; 5-inch pots, \$1.00.

Asparagus Sprengeri

Fern

(Emerald Feather)

Of great value for hanging baskets and for cutting. One of the best plants for window-boxes.

Of very easy culture. Requires only good soil and plentiful watering.

Prices: 3-inch, 25c; 4-inch, 50c; 5-inch, \$1.00.

Asparagus Sprengeri

Asters

(Wilt Resistant)

We Ship at Proper Planting Time

Our strains of Asters are unsurpassed by any and are prize-winners wherever exhibited.

We offer sturdy transplanted plants of the early, mid-season and late-branching varieties. Colors, Pink, Shell-pink, Red, White, Lavender and Purple. Per doz., 50c; 25 for 90c; 50 for \$1.70.

Baby Tears or "Paddy's Wig"

Dwarf growing plant with a clustering, trailing habit. Foliage small and compact. Ideal for fern dishes and miniature gardens. Each, 25c; 3 for 65c.

Begonia, Rex or Painted Leaf Begonia

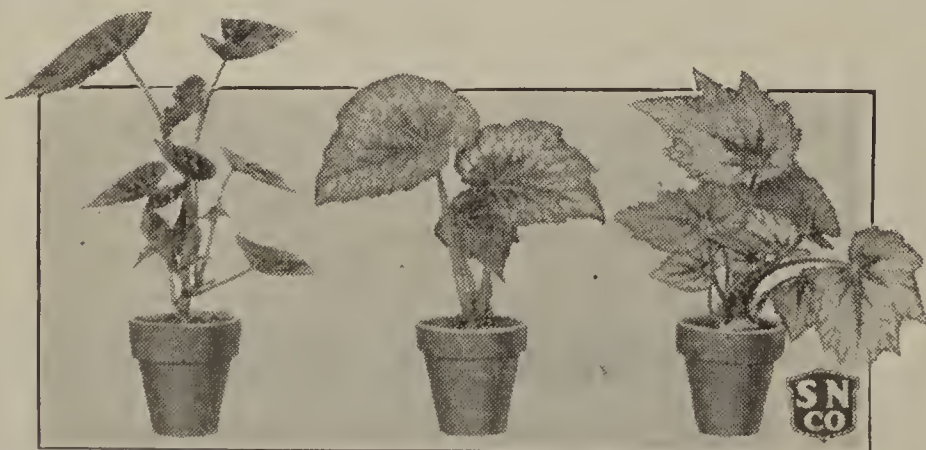

Their wonderfully colored foliage never fails to awaken admiration, and they are of easy house culture. The varieties listed below are selected from the finest sorts known.

Vesandii—Very showy variety, thick velvety foliage, beautifully marked with bright green and silver with crimson stems.

Mrs. A. G. Shepard—Silver leaves marked with other pretty shades.

L'Enfant De Nancy—The same as Magnifica leaves, somewhat lighter in ground color and of a silvery white tone.

Robert George—A beautiful variety with finely cut leaves having a silvery green center with the outside edge margined a green and bronze. Each of above varieties, 3-inch, 35c; 4-inch, 50c and 75c.

Rex Begonia

SURPRISE OFFER

After Season Sale

As a result of our propagations that must tax the capacity of our plant, made far in advance of our selling season, we generally have surplus of all kinds of plants and rather than carry this stock over, we hold a Clearance Sale beginning June 1st, and make up Surprise Collections of miscellaneous plants at \$1.00 per collection; 3 for \$2.75; 6 for \$4.95. All these collections must be strictly our selection. We guarantee full money's worth, surprisingly more! Orders accepted any time for early June delivery.

Begonia—Everblooming Type

This type of Begonia produces the greatest profusion of bloom of any in its family. They are of easy culture and make fine house plants.

Fire Sea—An exceedingly floriferous variety with very dark fiery red flowers. The foliage is reddish green.

Chatelaine Hybrids—Very similar to the well known Chatelaine, with very large flowers of a brilliant rose color.

Pink Profusion—A new introduction with slender growth, and small foliage of a light green tinted with brown. Flowers of rich rose borne in wonderful profusion.

Lucerne—One of the finest Begonias known. Foliage bronze, Crimson reversed. Has immense trusses of salmon colored blossoms.

Sandersonii—Scarlet, a winter bloomer.

Argenta—Guttata—Brilliant bronze green foliage spotted with white with white flowers.

Carmen—A brand new sensation with beautiful reddish bronze leaves and pink flowers.

Rubra—Deep coral pink flowers, foliage green. Any of the above varieties, each 25c, 50c and 75c.

Everblooming Begonia

Begonia—Tuberous Rooted

Our display of Tuberous Rooted Begonias has created quite a sensation each year during the Summer season when the plants are in full bloom. With their giant and somewhat delicate blossoms ranging in colors of red, pink, white, yellow, orange and salmon, they are indeed an ideal house plant. We offer the tubers at **25c each; 3 for 65c.**

Campanula Isophila or Star of Bethlehem

Beautiful star-shaped white flowering plants of a trailing habit. The plant is practically covered with blossoms all Summer. Fine for hanging baskets, vases, etc. **Each, 25c and 50c.**

Cannas

No other bedding plant is as showy as the Canna. It is very easily grown and attains large size in ordinary soil. For best results obtain started plants from our greenhouses and set out when all danger from frost is past, thus gaining additional time for their growth. Set the plants about 18 inches apart in a sunny location and supply with plenty of water and well rotted manure. Take them up immediately after frost kills back the tops and treat as you would Dahlia tubers.

Ambassador—Bronze foliage—color poppy red. Flowers brilliant and borne in immense trusses on strong stalks well above the foliage.

Mrs. Pierre S. Du Pont—This new Canna surpasses all other pink varieties. Color a vivid watermelon pink. The wavy or crinkled edge on the petal is a new departure in Cannas.

The President—A rich scarlet flower with green foliage. One of the best reds yet introduced.

Duke of Marlborough—Green foliage. Flowers a bright crimson maroon.

King Humbert—The best of the bronze leaved type—with scarlet flowers and beautiful rich bronze foliage.

Yellow King Humbert—Flowers a golden yellow spotted with red and green foliage.

PRICE—Fine large, 4-inch potted Plants, 3 for 90c; 6 for \$1.75; 12 for \$2.40.

Carex Japonica

A very colorful grasslike plant of bushy growth having narrow and rather thick leaves which are dark green with a fine white border. Very suitable for fern dishes and for aquariums. 3-inch pots, 3 for 55c; 6 for \$1.00.

REMEMBER

that we prepay delivery on all Plants, Trees and Shrubs except Evergreens unless marked otherwise to your nearest Express Station or Postoffice. We prefer not to fill plant orders amounting to less than 50c.

Bed of Cannas

Calceolaria

The Calceolaria, commonly known as the "Fisherman's Basket," is becoming one of the most popular plants for Mother's Day on the market. With its multitude of vari-colored velvet-like flowers it makes a most acceptable present. The season of the Calceolaria extends from early Spring until June.

In bloom, each, depending on size, \$1.00 to \$3.00. Calceolarias shipped by express only 35c extra.

Calceolaria

Carnations

(See **Dianthus** in Perennial Section for Hardy Carnation)

We have the largest and best collection of Carnations in the Northwest. They should be grown in the garden in the Summer and removed to the house before frost. Plants available from March 15th to July 15th only. Newest varieties in colors of red, pink, white and variegated. Strong plants from 3-inch pots, each 25c; 3 for 65c; 6 for \$1.20.

SPECIAL CARNATION BARGAIN

Collection of 6 plants, all different varieties—our selection—for only \$1.00.

Centaurea (Gymnocarpa) or Dusty Miller

One of the white-leaved Centaureas. Fine for bedding, grave borders, hanging baskets and pots; also used extensively for borders. **Each, 20c; 6 for \$1.00; doz., \$1.75.**

Cereus—Night Blooming

Noeturno-Greggii—A fine, very rare, night blooming cactus. The flower opens after sundown and closes before sunrise. It resembles a water lily somewhat and is pure white in color and very delicate in structure, having a most delightful odor. Water once a week and expose to full sunshine. **Price, each, from 50c to \$1.50.**

Christmas Cactus

We offer strong sturdy plants of this popular old favorite. **Each, 30c; 3 for 75c.**

A View in One of Our Many Greenhouses

Sunday Visitors at Our Greenhouses

Chrysanthemums

We are one of the largest producers of Chrysanthemums in the U. S. A. and offer a great selection of the best varieties in both the large flowering and the Pom Pon types in strong pot-grown plants priced at 3 for 50c; 6 for 90c; doz., \$1.75 postpaid. Available from March to July.

One of Our Houses of Chrysanthemums

A House of Our Cineraria Plants

TWO MOST POPULAR BABY OR POM PON CHRYSANTHEMUMS FOR GARDEN AND HOME

Aladdin (New Everblooming)—A fine double aster-shaped flower of a beautiful deep bronze color. A strong and continuous bloomer. Plants from 2½-inch pots, 3 for 50c; 6 for 90c.

Pink Cushion—Probably the most satisfactory of all outdoor Chrysanthemums. Pink Cushion forms a dense mound or cushion 2 feet across and 15 to 18 inches in height. Commences to bloom the last of August and flowers throughout the balance of the season. One plant will produce more flowers than any other variety, with hundreds of flowers open at one time; so many in fact that the foliage is almost entirely covered. Although hardy, it will make as satisfactory a house plant as anything you have ever tried. 3 for 65c; 6 for \$1.25.

Cineraria

(Season December to April)

Cineraria Hybrids Grandiflora—Cinerarias are magnificent and truly beautiful plants with rich colorings. Our strain is noted for its large flowers of exceptional beauty. The plants are sturdy and covered by massive flower heads in a variety of bright colors. Fine blossoming specimens, 75c, \$1.00, \$1.50 and \$2.00.

When in Helena

You are invited to visit our Greenhouses. You will enjoy going through our 7 acres of glass covered botanical gardens.

Mr. T. E. Mills, Sr., with Sally Mills, one of his granddaughters, looking over some Special Flower Trial Specimens.

REMEMBER—WE PAY DELIVERY CHARGES TO NEAREST POSTOFFICE OR EXPRESS STATION UNLESS OTHERWISE STATED

One of Our Specimen Cyclamen Plants

Cyclamen

The Cyclamen has become the most treasured of winter blooming plants. Our fine specimens range in color from the purest white to white tipped with pink, through the various shades of pink to the reds. We can supply these plants in bloom from October 1st to March 1st and for gift purposes they cannot be excelled. We select our own seed from the finest in color, size of bloom and most free flowering specimens. Specimen plants in bloom and bud sent anywhere for \$1.00, \$1.50, \$2.00 and \$2.50. The larger sizes are better shipped by express wherever possible.

DORMANT CYCLAMEN BULBS

Grow your own Cyclamen From Our Select Bulbs.

We can supply the above from March to July 1st at 25c each; 3 for 50c.

Cuphea or Cigar Plant

This plant is covered with bright scarlet flowers and makes a very attractive house plant. They are especially useful for vases or basket decorations. Each, 20c; 3 for 50c.

Cyperus Alternifolius or Umbrella Palm

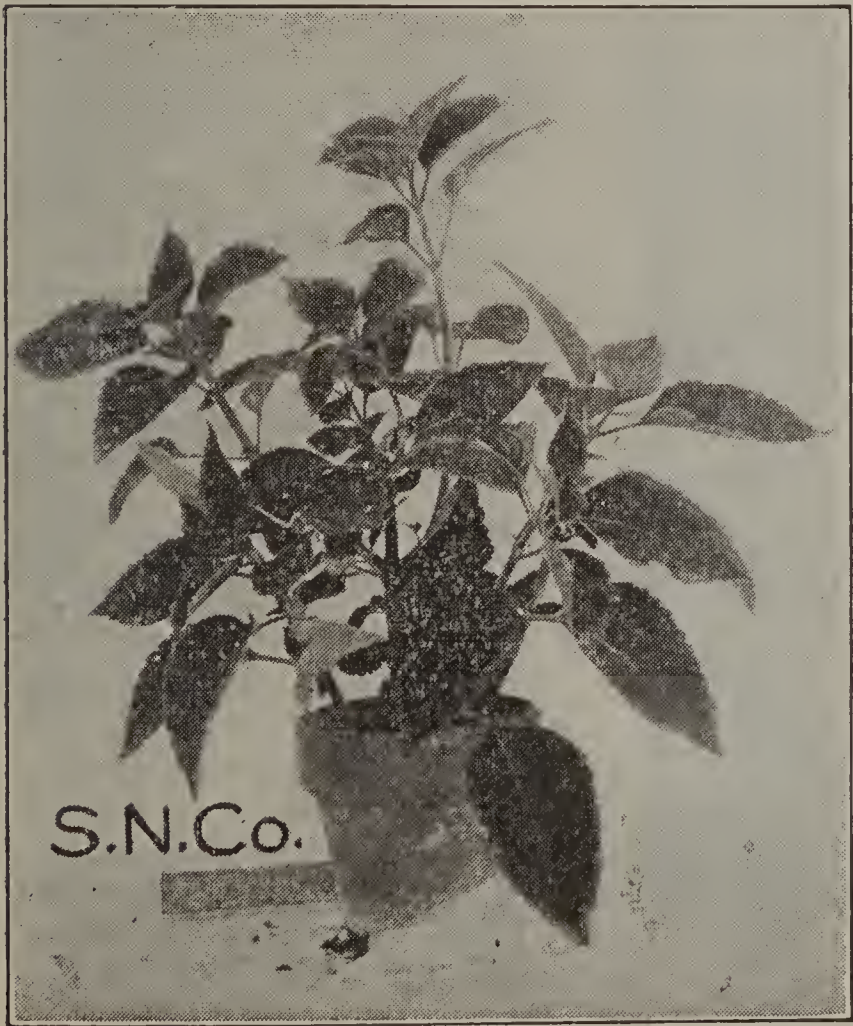

An unusually fine plant for decorative purpose of extremely easy culture. Requires plenty of water and may be grown as a semi-aquatic. A splendid plant for aquariums and lily pools. Each, from 3-inch pots, 25c; 3 for 65c; from 4-inch pots, 50c; 3 for \$1.35.

Coleus

- Christmas Gem**—A beautiful variety with large red and maroon-colored leaves, often 5 to 7 inches in length. It attains its full beauty in winter—thus differing from other varieties.
- Trailing Queen**—A beautiful trailing variety, highly colored and very suitable for hanging baskets.
- Dazzling Gem**—Rose pink center, margin of chocolate green, dwarf compact grower, stocky plant.
- Queen Victoria**—Remarkably handsome, bright cardinal red with distinct bright golden border.
- Crimson King**—Strikingly handsome, velvet blood red, robust grower, splendid both as pot plant and bedder, does fine in window boxes. Any of the above varieties, each, 25c; 3 for 65c; large sizes, 50c and 75c.

Dracenas

- Indivisa**—This variety is used extensively as a center plant for vases, porch and window boxes, etc. Each, 50c and \$1.00.
- Wolsley**—One of the very finest highly colored varieties, having deep bronze and red broad foliage. Each, \$1.00 and \$1.50.
- Terminalis**—Ribbon-like leaves of richest shades and colors. Enjoys the sun and excellent for baskets, vases and boxes. Each, \$1.00.

Coleus

English Daisies

Bellis Perennis—Like Pansies, the Daisies for beds or borders in the garden or cemetery are very much in demand. Blooming size plants in pink or white ready May 1st. Dozen, 50c; 2 dozen for 95c.

A COLLECTION OF COLORS MAKES A FINE KITCHEN GARDEN

Dracena-Indivisa

DECORATED JAPANESE TUBS FOR MEMORIAL DAY

Showing Some of the Hundreds of Japanese Tubs Made Up and Ready for Delivery for Memorial Day

Decorated Japanese Tubs

"Beautiful All Summer Grave Decoration"

Our decorated Japanese Tubs are becoming more popular each year. They are filled with combinations of blooming plants, ferns and vines for an all-season decoration in the cemetery and fine for porch pillars. Three beautiful arrangements at \$5.00, \$6.00 and \$7.50, f. o. b. Helena.

Empty Japanese Tubs at \$1.50 each, f. o. b. Helena. Crating and Packing Free.

Order your tub early, we will have it filled and completely established for you for Memorial Day. Take advantage of a pleasant drive to Helena to get yours or we can ship by express.

One of Our Cemetery Tubs

A House of Our Boston Ferns

Ferns

Boston Fern—This is the general favorite with all lovers of house Ferns. Prices, 35c, 50c, 75c, \$1.00, \$1.50.

Ostrich Plume Fern—Unquestionably a valuable Fern of its type. They are graceful beyond description, feathery, plummy and nothing describes them better than Ostrich Plume. Prices: From 3-inch pots, 30c; 4-inch pots, 50c; 5-inch pots, \$1.25.

Pteris Tremula—Commonly called "Lace Fern." This is one of the best known of the family, and the strongest grower, the fronds on a well-developed specimen often attaining a length of three feet. Each, from 2½-inch pots, 30c; from 3-inch pots, 45c; from 5-inch pots, \$1.00; from 6-inch pots, \$1.75.

Ferns for Dishes

Pteris Wimsettii—A very pretty green foliage and crested Pteris.

Pteris Argyrea—The Pteris are among the easiest grown house Ferns, and the wonderful range of variegated foliage and form render them invaluable. Pteris Argyrea is of a dwarf habit with fronds prettily decorated with white.

Pteris Victoriae—This is considered by many to be the handsomest of the Pteris. The fronds are rich deep green. It is a vigorous and healthy grower. Prices of Dish Ferns: From 3-inch pots, 30c; 3 for 75c.

PLANT ORDERS ARE SHIPPED SEPARATELY FROM SEED ORDERS

or Dish Ferns

SURPRISE OFFER

After Season Sale

As a result of our propagations that must tax the capacity of our plant, made far in advance of our selling season, we generally have surpluses of all kinds of plants and rather than carry this stock over, we hold a Clearance Sale beginning June 1st, and make up Surprise collections of miscellaneous plants at **\$1.00 per collection; 3 for \$2.75; 6 for \$4.95.** All these collections must be strictly our selection. We guarantee full money's worth, surprisingly more. Orders accepted any time for early June delivery.

Feverfew

Dainty milk-white double spherical flowers. Very free flowering and blooms from Spring until Fall. Excellent as a bedding plant and good for cutting. **Each, 20c; 3 for 50c.**

Aureum or Golden Feather
—A fine sort with golden yellow foliage. **Each, 20c; 3 for 50c.**

Genista Racemosa

Flowers are small, pea shaped, borne in close racemes. When in full bloom the entire plant is a solid ball of bright yellow, emitting a delicious lemon fragrance. **3-inch pot plants, each, 30c; 4-inch, each, 50c.**

Fuchsias

A favorite with our grandmothers and a favorite still. Their color combinations are wonderful, and their easy culture and free flowering proclivities make them exceptional sellers both for Summer and Winter blooming. We highly recommend all of the following listed below:

- New Black Prince**—This is an improvement on the famous Black Prince. The flowers are much larger, having the same color markings. The plant is stockier. This is perhaps the most beautiful of the Fuchsias. **Price, each, 3-inch pots, 30c; 4-inch pots, 50c.**
- Trailing Queen**—A handsome trailing type exceedingly floriferous with purple corolla and flesh-colored tube and sepals. A most effective plant for hanging baskets and window boxes.
- Phenomenal**—The largest flowering Fuchsia, with long stems, petals red and center bright purple.
- Black Prince**—Red, single. A fine variety.
- Little Beauty**—Beautiful red sepals with purple corolla, single.
- Pride of Orion**—A fine new Fuchsia. Strong, vigorous upright grower, flowers are white and extremely double. The blossoms do not drop and it is a very early bloomer.
- Van-der Strapp**—A new superior white and pink Fuchsia. Prices, except New Black Prince, **3-inch pots, 25c; 3 for 65c; 4-inch pots, 40c; larger plants, 75c.**

Just the Thing for Bridge Prizes

Rubber Plant

Forget-Me-Not or
Myosotis

Susanne—Of recent introduction. A great improvement on the older varieties, being earlier and a prolific bloomer. **Each, 20c; 6 for \$1.00.**

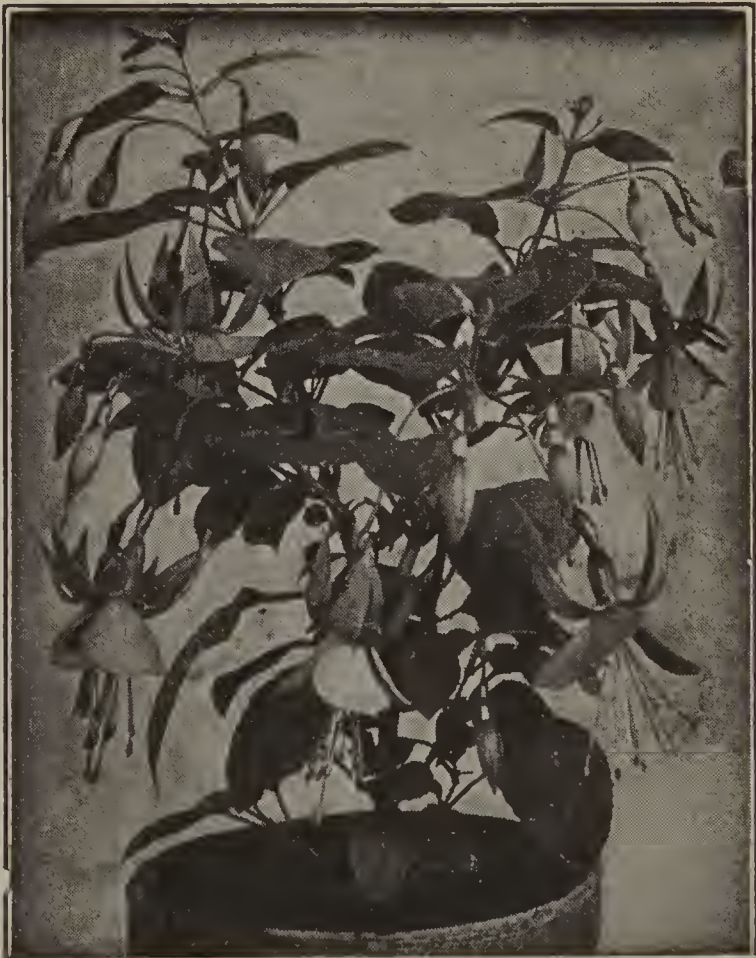

Ficus or Rubber Plant

Elastica India Rubber Tree)—This is the old reliable thick leaved variety. A substantial house plant. **Each 50c and \$1.00.**

Repens — Directly opposed in character to the upright growing varieties, being really a creeping or trailing vine. Fine for an indoor trellis. **Each, 50c; 3 for \$1.25.**

Grevillea or Silk Oak

A beautiful plant. Foliage fern-like. Used extensively in grave decorations. **3 for 55c; 6 for \$1.00; 12 for \$1.90.**

Fuchsia

One of Our Houses of Geraniums

**NEW NOVELTY POINSETTIA GERANIUM**

This is indeed a sensational novelty Geranium of easy culture. The beautiful Poinsettia shaped flowers are borne in showy clusters. Strong plants from 3-inch pots, **Special, 3 for \$1.00.**

A Glimpse in One of Our Pelargonium Houses

GERANIUMS

These old-time favorites offer an uninterrupted display of bloom over an extended period. Their ease of culture and clean growth hold them in the front rank among house plants and for cemetery decoration.

Our collection of Geraniums and Pelargoniums is the largest in the Northwest. We devote several greenhouses to the culture of their many types and add new varieties as we find them worthy.

Double Varieties

Jean Viaud—Grand pink bedder.

Madonna—Snow white, good bedder.

M. Paul Blondeau—Bright rose, very large flower.

Mrs. R. Gloide—A semi-double—with bright deep pink flowers.

Red Barney—This variety has broad, velvety distinct foliage—a full large round truss of double petals—and is a brilliant crimson red.

Radio Red—An outstanding, dazzling, profuse blooming red variety.

Lindberg—A wonderful new sort with dazzling double dark pink crimson flowers.

Michell's Sensation—A new scarlet Geranium, an improvement on the famous Helen Michell. Flowers are double of the clearest possible shade of scarlet.

Ivy Leaved Geraniums

This class of Geraniums is rapidly growing in popularity. They are of easy house culture.

James Atfield—Large, pink, double flowers.

Souvenir de Chas. Turner—Deep, bright pink.

SCENTED GERANIUMS

Lemon—The small foliaged old-fashioned Lemon Geranium. Very fragrant.

Rose-Scented—Very popular. Flowers pink.

Apple—A variety in great demand for its refreshing apple perfume.

Pelargoniums or Martha Washington Geraniums

Our stock of Pelargoniums is beyond reproach and like our Geraniums we devote several houses to their culture and careful selection.

Mons Herzog—Most popular Pelargonium. Beautiful reddish salmon pink flowers borne freely and it retains its blossoms longer than any other variety.

Easter Greeting—Its flowers, which are borne in great profusion from March until late Fall, are a fiery amaranth red, each petal bearing a blotch of deep brown or black and very large.

Gardeners' Joy—Nearly white, with an apple blossom pink at base of flower, the two upper petals blotched with deep brown. Produces large clusters of bloom.

Wolfgang Goethe—Flowers large and slightly crimped, ground color dark red, with five well defined violet black spots. Considered the best dark variety.

Wilhelm Hauff—Flowers and clusters very large and strongly crimped. Ground color a purplish pink, with large brownish blotches on the upper petals. A profuse bloomer.

German Glory—Ground color an apple blossom pink with large dark brown blotches on upper petals; flowers and clusters are large.

W. C. Boyce—A beautiful shade of salmon.

Madam Loyal—(The Pansy Geraniums)—Small delicate pansy-like blossoms. Of easy culture and a most profuse bloomer.

California Hybrids—Fine stock plants in this class with mixed colors involving all shades except those of the famous Easter Greeting.

PRICES OF GERANIUMS AND PELARGONIUMS

Strong 3-inch Pot Plants, each 25c; 3 for 70c; doz., \$2.50.

Strong 4-inch Pot Plants, each, 45c; 3 for \$1.25; doz., \$4.50.

Strong 5-inch Pot Plants, each, 75c; 3 for \$2.00.

6 at dozen rate.

Extra large plants from 5 and 6-inch pots, \$1.00, \$1.25 and \$1.50, prepaid.

Hanging Baskets

You will want a hanging basket or perhaps two for your porch or entrance at the prices we are able to offer them for this year. Our baskets can be filled with your choice of color scheme or left to our judgment. Prices range depending on the size of the basket and the number of plants used. Prices, each, \$1.50, \$2.00, \$3.00, \$4.00 and \$5.00. Express extra.

Porous Pottery Hanging Baskets

Hanging porous pottery baskets are rapidly becoming more popular owing to the fact that they hold moisture much longer than the moss-lined wire baskets, and are much more durable. We can supply these in 8-inch and 10-inch sizes. These pottery baskets are supplied with attached saucers to eliminate dripping.

Empty, each, 8-inch, \$1.50; 10-inch, \$1.75.
Filled, each, 8-inch, \$3.50; 10-inch, \$4.50. Express extra.

Heliotrope

Heliotrope will succeed in or out of doors. Their exquisite perfume makes them a favorite everywhere.
Centifleur—One of the newer forms of medium lavender color, with enormous heads of bloom.
Elizabeth Dennison—A very compact large flowered form, almost violet in color.
Florence Nightingale—A lavender colored type, very floriferous. Prices, each, 25c, 35c, 50c.

Hydrangea

A wonderful plant for Easter decoration, but they are becoming more popular each year for use on porch, lawn, or garden during the Summer. Our Hydrangeas are of the new French types and of easy culture.
During the Winter the plants should be kept in a cool light cellar without freezing. Only enough water supplied to keep the roots from drying out.
Colors are pink, blue and white. Season is April to June. (Available March to May.)
Prices, fine plants in blossom, \$1.00 to \$3.00.

Hepatica

Hepatica Triloba—Leopard Plant—Also called Liver Leaf. A novel plant with handsome foliage having bright yellow spots. A sturdy grower.
Each, from 3-inch pots, 25c; 3 for 65c.

Hibiscus

Well known Evergreen tender shrub which may be grown either in a pot or tub, or planted out during the Summer. In salmon and scarlet. Each, 50c.

Hoya Carnosa or Wax Plant

An old-time favorite indoor climber, bearing trusses of flesh-colored, star-shaped, delightfully perfumed, wax-like flowers. Rich green foliage.
Each, 30c; 3 for 75c.

Impatiens Sultani

Periwinkle

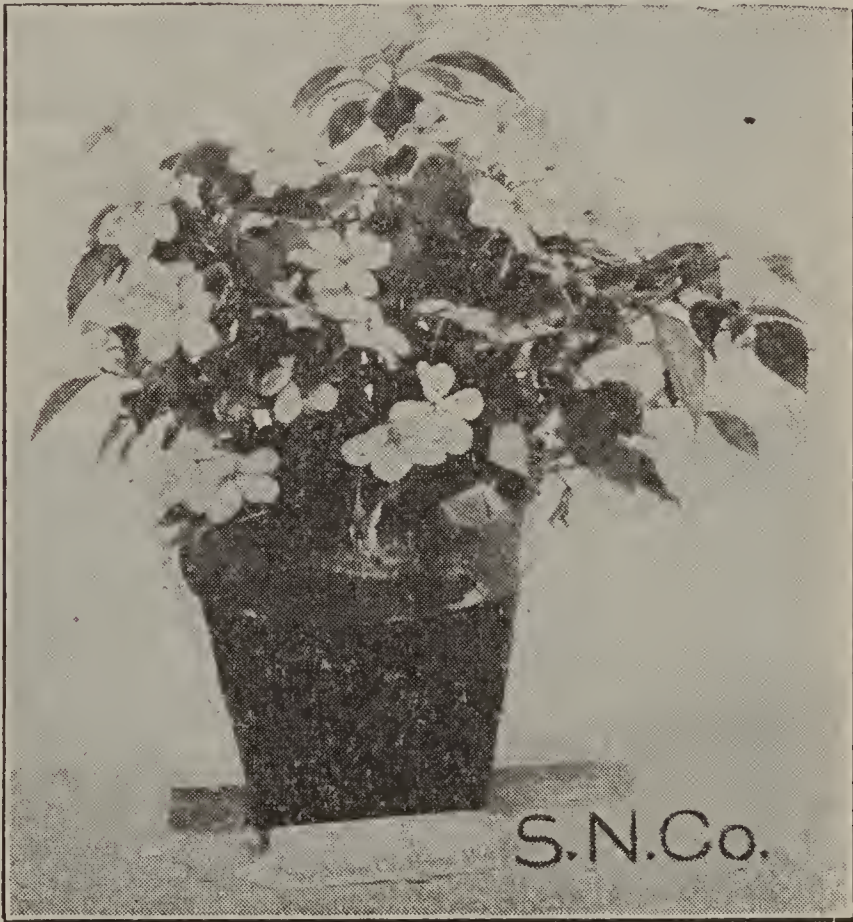

The everblooming Sultani should be in everybody's collection. The dainty little flowers which cover the plant in a mass are a bright pinkish red in color. It makes an ideal house plant and is popular as a bedding plant, especially for shady nooks.
Price, each, 3-inch pot plants, 25c; 3 for 65c; 4-inch pot plant, 40c; 3 for 90c.

Kalanche—Blossfeldiana

A beautiful new house plant. Easy to grow, makes a neat bushy plant; low growing, bearing brilliant red flowers. Every little growth produces flower stalks and blooms last for two months. Strong blooming size plants from 3-inch pots. Each, 40c; 3 for \$1.00; large specimens, \$1.00 to \$1.50.

SEND THE FOLKS ONE OF OUR
EASTER LILY SPECIALS

Lilies—Calla

Yellow Calla—A beautiful member of the Calla family, with dark green foliage spotted with silvery white, and handsome yellow flowers. A splendid house plant of the easiest culture.

Calla—Little Godfrey—A small type of later introduction and with its extremely free flowering habit, has proved wonderfully popular. The Callas are fast becoming popular subjects in the Garden Pool.

Prices of above two varieties, each, 50c; 3 for \$1.25.

Madeira or Mignonette Vine

Very popular vine and a very rapid grower. Fleshy, heart-shaped leaves of light green producing numerous racemes of feathery white flowers of pleasing fragrance. 3-inch Pot Plants only, each, 30c; 3 for 75c.

Marguerite—(Ideal for Cemetery Plantings)

Mrs. F. Sanders—A double, pure white variety, with long stemmed blooms often measuring five inches in diameter.

Marguerite—Boston Yellow—A magnificent golden Marguerite, with flowers from 3 to 5 inches in diameter.

White Marguerite—(Chrysanthemum Frutescens)—This is the well known single Paris Daisy, and the best known of the family.

Prices of Marguerites: 3-inch Pot Plants, 3 for 60c; 6 for \$1.00; 12 for \$1.85.

Oleander

An immensely popular plant. It is a large semi-double red, pink or white bloomer which can be kept growing in almost any situation during the whole year. Each, 50c to \$1.50.

Oxalis

Grand Duchess—(Pink or Lavender)—A very prolific flowering variety of easy growth. Fine house plant, especially good for hanging baskets. This is possibly found in more homes than any other plant.

Bermuda Buttercup—(Yellow)—Also very prolific in its flowering habit, an easy growing, distinct bright yellow.

Hirta—Large, handsome foliage, bearing pretty rose flowers.

Prices on all three Oxalis varieties (Plants in Season) each, 50c; 3 for 75c! Bulbs, 6 for 35c; doz., 60c.

Perhaps your neighbor needs some plants. Why not combine your order and save further with our quantity prices.

OUR FAMOUS PANSY PLANTS

We Offer Field Grown Frost Proof Plants at No Extra Cost

Improved Swiss Giant Pansy

We are the largest and most extensive growers of pansies in this section.

Our plants are large and thrifty in bud and bloom and packed in such a way that the root system is undisturbed, thus they receive no setback. Do not confuse them with smaller seedlings often offered at so-called bargain prices.

IMPROVED SWISS GIANTS

A perfect strain, with many beautiful shades. The flowers are extremely large and the stems strong. Every Pansy lover will want some of the improved Swiss Giants in the garden. They have gained the reputation of the world's most brilliant and magnificent of all Pansies. Mixed colors only, 75c per doz.; 25 for \$1.35; 50 for \$2.50; 100 for \$4.75, prepaid.

PANSIES IN STRAIGHT COLORS

For Borders, Emblems, Graves, Etc.

We can also supply pansies in individual colors such as blue, yellow, white, tango red and dark purple. These are of fancy strains which we have selected although the flowers are not as large as the Swiss Giants.

Price per dozen, 65c; 2 dozen for \$1.10.

SURPRISE OFFER After Season Sale

As a result of our propagations that must tax the capacity of our plant, made far in advance of our selling season, we generally have surpluses of all kinds of plants and rather than carry this stock over, we hold a Clearance Sale beginning June 1st, and make up Surprise collections of miscellaneous plants at **\$1.00 per collection; 3 for \$2.75; 6 for \$4.95.** All these collections must be strictly our selection. We guarantee full money's worth, surprisingly more. Orders accepted any time for early June delivery.

PETUNIA PLANTS

One of the most glorious of all bedding plants and a fine house plant. Our potted plants will afford you an immediate display.

**Passion Flower****Passion Flower (Courelea)**

Beautiful beyond description. The vines train up a wooden trellis stuck in the pot. The flowers are light blue suffused with rose. Each, 35c, 50c and \$1.00.

Pans of Plants

The ideal gift. These pans contain Palms, Ferns, Coleus, Begonias, etc., and are very attractive and the contents most lasting. Each, \$1.50 and \$2.00 by express. Not prepaid.

Pandanus Veitchii

A highly decorative plant with gracefully curved sword-like leaves. Foliage dark green margined creamy white. Of very easy culture. Each, 50c; \$1.00, \$1.50.

Salvia**(Scarlet Sage)**

Harbinger—One of our most valuable Summer bedding plants. Bears erect spikes of brilliant scarlet flowers. 3 for 60c; 6 for \$1.10; dozen, \$2.00.

**Strawberry Geranium (Saxafraga Saramentosa)****Palms**

Our Palm House receives most enthusiastic attention from our thousands of visitors.

Phoenix Roebelenii—A very dainty Palm, having a dense growth of light feathery foliage. Price, from 4-inch pots, \$1.50 up to \$2.50.

Kentia Belmoreana—One of the most graceful varieties. With long arching stems and fan-like canopy of richest green. Each, \$1.00, \$1.50, \$2.00, \$4.50. Not prepaid.

Perestrophe

St. Augustine Grass—A beautiful plant with handsome green and white variegated foliage. Excellent for porch boxes, hanging baskets and as a border. 3-inch pot plants, 25c; 6 for \$1.25.

Philodendron

Friendship Vine—The best indoor vine for planting wall pockets, vases, boxes, etc. Easy to grow. From 3-inch pots, 25c; 3 for 65c.

Saxafraga Saramentosa

Aaron's Beard—or Strawberry Geranium—This is a handsome plant of a wonderful trailing habit, with nearly round silver-striped foliage. Blooms white. Each, 25c; 3 for 65c.

Primula Malacoides

New Baby Primrose—Ericksonii—A distinctly better lavender than ever before. Plants have a very vigorous and bushy growth with masses of bloom. Each, from 4-inch pots, 65c; from 5-inch pots, \$1.00.

Tradescantia or Wandering Jew

One of the most used plants for hanging baskets and window boxes. Three varieties:

1. Green Foliage
2. Green striped with gold, and
3. Green striped silver and red. 3 for 50c; 6 for 95c.

Sanseviria—Zebra Plant

Zeylanica—Of very easy culture and a plant that will withstand adverse conditions. Its tall, fleshy leaves are alternately barred green and white. Each, 50c; larger plants, 75c, \$1.00 and \$2.00.

Laurenti—A recent introduction, the variegation of the foliage being a rich, golden leaf margin. Each, \$1.00 and \$2.00.

Shamrock

The true small-leaved Irish variety. 2-inch pot plants, 3 for 30c; 6 for 50c; (in season), March to May.

Just the thing for your St. Patrick's Day parties, too.

**Tradescantia****Sanseviria Zeylanica**

A Basket of Helena Violets
Try a Plant or More in Your Garden

Violets

We have found that Violets under proper cultivation can be grown in Montana that are the equal of any in the entire country. The demand for our famous Helena Violets has increased rapidly.

Helena Violet—One of the best varieties grown. Flowers are very large, long stems, a very profuse bloomer and extremely fragrant. Hardy for outdoor planting also. Price each, strong 3-inch pot plants, 25c; 3 for 65c; 6 for \$1.25.

ZINNIA PLANTS

OUR WONDERFUL TEMPLE STRAIN

Giant Dahlia Flowered and Pom Pon Types

"Plants Insure Extra Early Flowers"

The largest and most beautiful strain of these fine annuals and in a variety of gorgeous colors. The plants we offer are all of the standard and novelty shades. We can also furnish the Lilliputs or Dwarf Zinnias at prices below: Price, per doz., 50c; 25 for 90c; 50 for \$1.65; 100 for \$3.00. Postpaid

Our Famous Temple Strain Zinnia

One of Our Houses of Sweet Peas
in the Winter Season

Tuberose

One of the most delightfully fragrant and exquisite of all Summer blooming plants. Plant the bulbs as soon as the ground becomes warm. Excelsior Double Pearl. Each, 15c; 3 for 35c; 6 for 60c; doz., \$1.00.

Verbenas

The Verbena is one of the most valuable bedding plants for use in the Northwest. They bloom continuously through the Summer.

Verbena—Oxford Beauty—This is a very large flowered, clear pink variety.

Other colors: Scarlet, pink, white, blue shades, purple, white and striped. Each, 20c; doz., \$2.00. (6 at the dozen rate.)

Vinca

(See also Vine in Japanese Tubs, Page 65)

Pom Pon and Miniature Dahlias

Amber Queen—Attractive, well-formed, button-like blooms of amber shaded apricot. Each, 25c; 3 for 65c.

Catherine—A fine baby bright yellow, a long keeper and profuse bloomer. Each, 25c; 3 for 65c.

Lavender Gem—A real fine lavender that you will treasure in your Dahlia collection. Each, 30c; 3 for 75c.

Bantam—A fine, red pompon, a bright, fairly deep scarlet. Each, 25c; 3 for 75c.

Rose Wilmoth—A very free blooming rose pink. Each, 25c; 3 for 75c.

Joe Fette—In our opinion the superior of all white Pom Pons. A dandy, new, all white. Each 35c; 3 for 90c.

Jane Cowl—One of the most popular both in the garden and on the exhibition table. An immense informal decorative of very vigorous habit. The blooms combine lovely shades of bronzy buff and old gold. Each, 30c; 3 for 75c.

Jersey's Beauty—Probably the most popular and most satisfactory Dahlia in commerce today. A perfect formal decorative of a beautiful, clear pink. Each, 25c; 3 for 65c.

Kentucky Red (I. D.)—Flaming scarlet; does not fade or burn. Most attractive. Each, 75c; 3 for \$2.00.

Peter Pan—A wonderful new Dahlia, a bright rich luminous lavender pink color, flowers borne on long, strong, stiff stems Each, 40c; 3 for \$1.00.

Pop Stewart—Beautiful rose and lilac blooms produced on strong stems. Each, 35c; 3 for 90c.

Mrs. I. De Ver Warner—Decorative—A blossom of soft orchid coloring. A charming color, large blossoms and very long, strong, wiry stems. Very free bloomer. Each, 25c; 3 for 65c.

Prince of Persia—(I.D.)—An immense, bright, cardinal red and a real beauty. Flowers face well on long stems. Good grower. Each, 75c; 3 for \$2.00.

AMAZING VALUES

Pot o' Gold (I.D.) — A fine, clear sulphur yellow Dahlia; strong stems. Each, 75c; 3 for \$2.00.

Pride of California—Without doubt the best of the red decoratives. A vigorous grower and a very free bloomer. The large, deep crimson red flowers are borne high above the foliage. Each, 25c; 3 for 65c.

Sanhicans Cameo—(F.D.)—A beautiful, coral mallow pink reverse; large, extra quality; a real gem for your collection. Each, 75c; 3 for \$2.00.

Satan—(Semi-Cactus)—An immense scarlet with yellow on the reverse of the petals, showing in the center as the petals unfold. Vigorous and very showy in the garden. Produces large flowers; fine for exhibition and keeps well when cut. Each, 75c; 3 for \$2.00.

White Wonder—(I.D.)—The greatest white Dahlia in this class. Twisted petals. Each, 50c; 3 for \$1.35.

SPECIAL SALE Mixed unnamed varieties in surplus at digging time. All thrown into this bargain lot. 6 for 75c; 12 for \$1.35; 25 for \$2.25—Postpaid.

Pride of California

Miss Louise Burrichter, prominent garden enthusiast, of St. Louis, Mo., holding one of our giant Dahlias. Miss Burrichter says: "Your Dahlias are the tops," and is high in her praise of the results obtained from our Peerless Montana tested flower seeds.

Pop Stewart

S. N. & S. Co's. PEERLESS HARDY ROSES

STRONG TWO-YEAR-OLD POTTED PLANTS FOR THE COLD NORTHWEST

This year we are going back to our former method of offering only started pot grown Roses (unless otherwise noted). While this makes the price a trifle higher compared with dormant stock, it affords our customers better stock, quicker blooms and far more satisfaction.

POTTED ROSES BY MAIL

Not more than three Potted Roses can be forwarded by mail on account of their weight. Add 10% of their value to cover postage and special packing. Minimum charge, 10c. Quantities of four or more are sent by express, purchaser paying the transportation charges. (Thus add 10 cents to a \$1.00 Rose to Prepay.)

General Jacqueminot

Collection of the 4 Roses on Color Page

STRONG PLANTS FROM POTS

1 Talisman 1 Prairie King
1 New Signora 1 Pink Radiance
(Plant Patent No. 201)
All Four (Value \$4.50) For Only \$3.50 Prepaid

Our Select Everblooming Hybrid Tea Roses

American Beauty—One of the largest, sweetest and best of all hardy Roses. It is a quick grower, constant bloomer; color, rich rosy crimson.

Golden Dawn—Lemon yellow buds splashed with crimson, followed by showy, large Sunflower yellow blooms with a pleasing fragrance. The ideal yellow garden Rose.

General Jacqueminot—"General Jack"—A celebrated Rose with shapely buds and handsome flowers of brilliant velvety crimson. Very fragrant.

Gruss an Teplitz—or **Prairie King**—A dazzling, fiery crimson Rose, one of the best for the Northwest. Every Montana garden should contain a Prairie King.

Mrs. W. C. Miller—A dandy Rose with Peony-shaped blooms of brilliant light pink.

Mme. Jules Bouche—A splendid white, at times slightly tinted with just a touch of tender blush pink. Long, pointed, shapely buds and full, double, fragrant, well-formed flowers. Of vigorous growth, and a free and continuous bloomer.

Mrs. Pierre S. duPont—Medium-sized, long, pointed buds of a reddish gold to semi-double. The plant is of strong, vigorous, compact growth. A profuse and continuous bloomer.

Radiance—This is the popular carmine-pink which is bound to succeed everywhere. A strong, vigorous grower with well-shaped, large, double blooms.

Red Radiance—A sort of Radiance with most attractive, bright cerise blooms. As large and vigorous, and as free blooming.

Talisman—A medley of bright apricot, gold, and deep-rose pink. Always admired for its lovely color combination, size, and splendid form. Fragrant.

Prices of above ten varieties Pot Grown Plants—Each, \$1.00; 6 for \$5.50; doz., \$10.00.

Signora—(Aicardi, 1934)—Plant Patent No. 201. This glorious new Rose has long buds of a warm burnt sienna opening to an exquisite lighter hue approaching mandarin. Tall and stately. Colle Oppio Gold Medal 1935. Each, \$1.50; doz., \$15.00.

CLIMBING ROSES

Paul's Scarlet Climber—One of the hardiest and best of the Climbing Roses, bearing large, semi-double scarlet shaded crimson flowers, long blooming and holding flowers long after many June bloomers have dropped their petals.

Climbing American Beauty—This is one of the best of the climbing Roses and a very strong, vigorous grower and hardy. The flowers are a rich, rosy crimson.

Dorothy Perkins—Shell pink, very fragrant, blooms in clusters, vigorous climber. A real Rocky Mountain Rose.

Prices of Climbing Roses—Pot Plants, each, \$1.00; 6 for \$5.50; dozen, \$10.00.

HARDY RUGOSA ROSES

F. J. Grootendorst—Flowers are small, double and borne in great profusion in clusters and are a bright crimson in color.

Blanche Dbl. de Coubert—A fine, vigorous grower with large double white flowers.

Prices of Rugosa Roses—Each, 85c; 6 for \$1.75; doz., \$6.00.

Rugosa Roses—Not Potted, no extra postage.

BRIAR ROSES

Harrison Yellow—A fine hardy Rose of single free flowering proclivities. The bushes make fine specimens for lawn and garden and need very little protection if any to stand our severe Winters. The bush bears its flowers profusely and they are a rich gold yellow in color. Field grown plants, each, \$1.00; 3 for \$2.75.

Persian Yellow—A large and very fine double Rose, which flowers most freely. The blossoms are of a deep golden color. Is very hardy and a vigorous grower. Field grown plants, each, \$1.00; 3 for \$2.75. **Briar Roses**—Not potted no extra postage.

(It is the Harrison and Persian Yellow Roses which are seen blooming so profusely around the vicinity of Mammoth Hot Springs in Yellowstone Park.)

Climbing American Beauty

Harrison Yellow Rose

PEERLESS HARDY PERENNIALS

A View of One of Our Perennial Fields

Alyssum Saxatile or Gold Tuft

One of the most useful plants either for rockery or border. Produces large flat heads of yellow flowers early. Strong young plants, each, 25c; 3 for \$1.25.

Achillea

Ptarmica, Boule de Neige—A new improvement on "The Pearl," with fuller and more perfect flowers. Best for borders; neat plant. Each, 25c; 3 for 65c.

Anthemis or Hardy Marguerite

Kelwayii (Improved)—Daisy-like yellow blossoms produced all Summer. Finely cut foliage. Excellent for cut flowers. Each, 25c; 3 for 65c.

Arabis (Alpina) or Rock Cress

Alpina—A very early low flowering plant valuable for rockery and edging. It forms a dense carpet, and is literally covered with white flowers. Each, 25c; 6 for \$1.25.

Hardy Asters or Michaelmas Daisies

These beautiful Hardy Perennials grow from 3 to 4 feet high. They are covered late in the Fall with myriads of single, daisy-like blooms.
Lady Lloyd—A very fine clear rose pink.
Climax—A fine deep blue.
Feltham Blue—Considered one of the best.
Pracox—Rosy purple.
Each of the above, 25c; 3 for 65c. Large field clumps, each, \$1.00.
One each of above 4 varieties, \$1.00.

Achillea Boule de Nieve

Our collection of Perennials, which affords such a wonderful and colorful display every Summer and Fall, is the largest and best in the Rocky Mountain region, and we are continually adding to our stock. For our climate in the Northwest there is no question but that they are by far the best class of plants for those who desire a profusion of bloom with the least expenditure of effort. Do not confuse our perennial plants with the many seedlings on the market offered at so-called bargain prices. Our plants are grown in pots and are ready to bloom for you, having passed at least one winter in our outdoor perennial frames. When you buy perennial plants buy the best of proven acclimated strains and varieties such as ours, for they are a permanent planting.

Arenaria

Caespitosa—Plants form a dense velvety green carpet and very much in demand for planting between flagstones and cavities in the rockery. Each, 25c; 3 for 65c; 6 for \$1.25.

Artemisia

Lactiflora—A fine plant for the border or among shrubbery. Height about 4½ feet. Fine foliage and large panicles of creamy white flowers. A splendid cut flower. Each, 25c; 3 for 65c.

Armeria—Sea Pink or Thrift

Formosa—This is a splendid dwarf variety, having heads of rosy, pink flowers; is a vigorous grower and hardy. Very useful in the rockery and for the border. Each, 25c; 6 for \$1.25; doz., \$2.25.

Aubretia—Rainbow Rock Cress

Large Flowering Hybrids—Very pretty dwarf growing plants suitable for the rockery and dry walls. They form masses of silvery green foliage and lilac blue flowers in early Summer. Each, 25c; 3 for 65c; doz., \$2.25.

Aquilegia or Columbine

New Crimson Star—A beautiful creation of the long spurred type. Flowers are rich maroon red. Plants, each, 30c; 3 for 75c.

Peerless Long Spurred Hybrids—We have selected the very best of types in the following shades: blue, lavender, scarlet, red, pink and rose. Strong plants. Each, 25c; 6 for \$1.25.

Anchusa in Our Nursery

Anchusa

Italica Dropmore—Flowers of a gentian blue. Almost continuous bloomer after June. Will grow in rather dry locations. Three feet. Strong plants. Each, 29c; 3 for 55c; 6 for \$1.00.

Aquilegia—Columbine

Campanula Media

Campanula or Canterbury Bell

Media—Single in colors of dark blue, white, light blue and rose. Each, 30c; 6 for \$1.50.

Calycanthemum (Cup and Saucer Canterbury Bells)—In this variety the calyx is the same color as the flower, giving it the appearance of a cup and saucer. In the following shades; rose pink, dark blue and pure white. The above in 4-inch pot stocks—all extra quality, 30c; 6 for \$1.50.

Carpatia (Carpathian Harebell)—A pretty species growing in compact tufts, flowers clear blue and white. Blooms all Summer; excellent for the rockery. Each, 30c; 3 for 75c.

Pyramidalis (The Chimney Bell Flower)—Blue salver-shaped flowers. Each 25c; 3 for 65c.

Rotundifolia (Blue Bells of Scotland)—A little beauty for the rockery. Dainty, slender clear blue bell flowers. From 3-inch pots, each, 25c; 3 for 65c.

S.N.CC.

A Part of Our Large Perennial Fields

Candytuft Hardy—(See Iberis, Page 76)

Cheiranthus

Chieranthus Alloni (Siberian Wallflower)—A beautiful rock plant, dazzling fiery orange flowers on stems about a foot high. Best used as a biennial. Each, 25c; 3 for 65c.

Columbine—(See Aquilegia, Page 73)

Bleeding Heart—(See Dicentra)

Cerastium Tomentosum or Snow in Summer

Low growing with white foliage and flowers. Very fine for planting on graves. Each, 25c; 6 for \$1.25.

Catnip

Strong 3-inch potted plants of this great tonic and conditioner for cats. 3 for 50c.

Chrysanthemum Maximum or Shasta Daisy

A few Shasta and Elder's Daisies should be in every garden. Fine for cut flowers.

C. Maximum King Edward VII—A splendid Daisy. Beautiful for cut blooms, two or two and a half feet high.

C. Shasta Daisy—"Alaska"—(Burbank's Improved).—Glistening white flowers. Very fine.

The Prince—A gigantic and free flowering, newer type of Shasta. The enormous flowers on strong stiff stems are very fine for cutting.

HARTJE and ELDER'S HARDY DAISIES

A very useful early form of the Shasta Daisy. Very free flowering Hardy Perennial.

Prices of Shasta and Elder's Daisies: Each, 25c; 6 for \$1.25. Large field grown clumps, each \$1.00.

Coreopsis

Mayfield Giants—A fine perennial of Australian origin. It produces a taller and more vigorous plant than the type, with longer and firmer stems and larger individual blooms of which the ray petals are broader and form a more perfect corolla. Each, 25c; 6 for 65c.

Cress—Water

Try a plant or so in your Lily Pool or in very moist soil, where they will thrive to perfection. Fine to eat. A healthy food. Potted Plants, 3 for 50c.

Dianthus Barbatus or Sweet William

One of the most popular of outdoor Perennial bedding plants.

D. Latifolius Atracoccineus—(Everblooming Hybrid Sweet William)—A brilliant Summer bedding variety producing masses of brilliant fiery crimson flowers.

Holborn Glory—This is a large flowered selection of the auricul-eyed section, a most beautiful Sweet William.

Scarlet Beauty—A very effective, rich, deep scarlet.

Pink Beauty—One of the prettiest of the Sweet Williams.

Each of the above, 25c; 6 for \$1.25.

Sweet William

Hardy Cheddar Pinks in Our Nursery

Delphinium or Perennial Larkspur

Our stock is from world famous strains and we have selected and re-selected our plants for type, vigor, style and decorative value. The flowers should be removed before the seed pods form and the plants will bloom later in the season again.

Bella Donna—Turquoise blue.

Bellamosum—Dark blue form of Bella Donna. Each, 25c; 6 for \$1.25.

Chinense—Blue Butterfly—Improved. This is a fine new variety of the Chinense type. The plants average 12 inches in height, and bear rich aquamarine blue flowers. Fine strong plants, each, 25c; 3 for 65c.

New Blackmore-Langdon Strain—A prize strain of sensational Hybrids. Beautiful colorings and strong, stately stalks. Strong pot plants, each, 30c; 6 for \$1.50.

S. & S. Co., Giant Hybrids—A mammoth strain of Delphiniums with a beautiful range of colors. Each, 25c; 6 for \$1.25.

Delphinium

Mrs. J. R. Yates' Grandchildren Standing in Front of Delphiniums Raised From Our Hardy Plants.

Luther, Mont., Dec. 6, 1937.
State Nursery & Seed Co.,

Gentlemen: I am enclosing a snapshot of my delphiniums purchased from you. I planted them four years ago and have had beautiful spikes of flowers each year. They were even more beautiful this year and the tallest spikes measured 8 feet. The children in the same picture are my grandchildren. The girl is 5 feet tall. Sincerely,

Mrs. J. R. Yates.

Dianthus**Hardy Carnations**

Deltoides—A beautiful little plant with narrow leaves and small crimson flowers. Blooms early. Each, 30c; 3 for 75c.

Red Montana—Beautiful deep red Carnation, flowers borne in clusters. Each, 30c; 3 for 75c.

Hardy Pinks or Grenadine Carnations—Beautiful shades of red and white. Prolific bloomers. Each, 25c; 3 for 65c.

Plumarius (Clove Pink)—Flowers are pink, purplish and white and spicy. Each, 25c; 6 for \$1.25.

Highland Queen—The most brilliant Dianthus, bearing scarlet vermillion flowers. Each, 25c; 6 for \$1.25.

Cheddar Pink—A compact grower, makes a cushion of glaucous leaves and sweet rose flowers. Each, 25c; 6 for \$1.25.

Digitalis—Foxglove

Bleeding Heart—Dicentra

An old-fashioned favorite. Its long racemes of graceful heart-shaped pink flowers are always attractive. It is especially useful for planting in the shade. Each, 50c; 3 for \$1.25.

Doronicum

(Leopard's Bane)

Excelsium—Showy, early flowering Perennials, belonging to the Daisy order. Their yellow Marguerite flowers are invaluable for cutting. Strong, young plants, each, 25c; 6 for \$1.25.

**Digitalis or Fox Glove**

Gloxinaeflora—A beautiful strain of finely-spotted varieties of white, purple, rose and lilac.

Giant Shirley—This variety is of extraordinary size, growing from 5 to 6 feet tall. Colors range from white and shell pink to deep rose.

Prices of the above: Large 4-inch pot plants, each, 30c; 6 for \$1.50.

Edelweiss

Alpinum—A well known alpine with pretty white leaves and small yellow flowers surrounded by star-like heads of leaves. Fine for the rockery. Each, 25c; 3 for 65c.

Dicentra—Bleeding Heart

REMEMBER OUR PERENNIAL PLANTS ARE PREPAID TO YOU

Hollyhocks

NEW DOUBLE TRIUMPH—This new introduction is of a branching habit. The flowers are prettily waved and fringed and come in a variety of colors hitherto unknown to the genus. Strong 4-inch pot plants, mixed colors, each 30c; 6 for \$1.50.

Imperator-Hollyhock—A splendid new Hollyhock. Outer petals elegantly fringed; in the center is a very double rosette about two inches across. Many charming color combinations. Strong 4-inch potted plants, each, 30c; 6 for \$1.50.

Standard Double Varieties

The strain we offer bears flowers that are exceptionally large.

We offer the following colors: white, red, deep rose, crimson, maroon, blood red, salmon, yellow and pink.

From 4-inch pots, each, 25c; 6 for \$1.25.

Field of Our Famous Double Hollyhocks

Gaillardia

Portola Hybrids—The center of the Daisy-like blossoms is a dark reddish brown with beautiful markings of crimson, orange and vermillion. Each, 25c; 6 for \$1.25.

Geum

Mrs. Bradshaw—18 inches high. A splendid new variety with large double flowers of a fiery red. Fine rock garden plant.

Lady Stratheden—A new introduction of great merit, rich, golden yellow blossoms.

Either variety, each, of above, 25c; 3 for 65c.

Gypsophilea or Baby's Breath

Baby's Breath—The popular old favorite. Prices: each, 25c; 3 for 65c.

Bristol Fairy—A fine new double variety; produces much larger flowers. Grafted plants, each, 50c; 3 for \$1.35; 6 for \$2.50.

Hardy Ferns

Fine, strong, hardy plants. Just the thing for that shady nook in the garden or for the rockery. Two sizes, 35c each, 3 for 90c, and 65c each, 2 for \$1.15.

Helenium or Sneezewort

Riverton Beauty—Striking colored blooms, lemon yellow and purplish black. Each, 25c; 3 for 65c.

Riverton Gem—Brilliant old gold, changing to wallflower red. Price, each, 25c; 3 for 65c.

Geum—Mrs. Bradshaw

Helianthemum, Rock or Sun Rose

Low-growing evergreen plants, forming broad clumps, and which, during their flowering season, July to September, are hidden by a mass of bloom; excellent for border plants or for the rockery. Choice mixed colors. Each, 25c; 3 for 65c.

Heliopsis or Orange Sunflower

A valuable addition to the hardy border, resembling double sunflower. Three feet.

Pitcheriana—Flowers double, a deep, golden yellow. Blooms most of the summer. Fine cut flowers. Each, 25c; 6 for \$1.25.

Huechera or Coral Bells

A splendid Hardy Perennial, with flowers of a bright red coral color. Excellent for cutting. Each, 25c; 3 for 65c.

Iberis or Candytuft

A most desirable hardy dwarf plant with evergreen foliage flowering very early in the Spring. **Iberis Sempervirens—**Pure white, innumerable flat heads of bloom. Each, 25c; 6 for \$1.25.

Lathyrus or Hardy Sweet Pea Vine

This vine grows to a height of about 4 to 5 feet, making a thick screen of hedge if given support. They are very fine bloomers, bearing lovely Sweet Pea flowers. In colors of red, white and pink. Each, 1-year-old plants, 30c; 3 for 75c; doz., \$2.50.

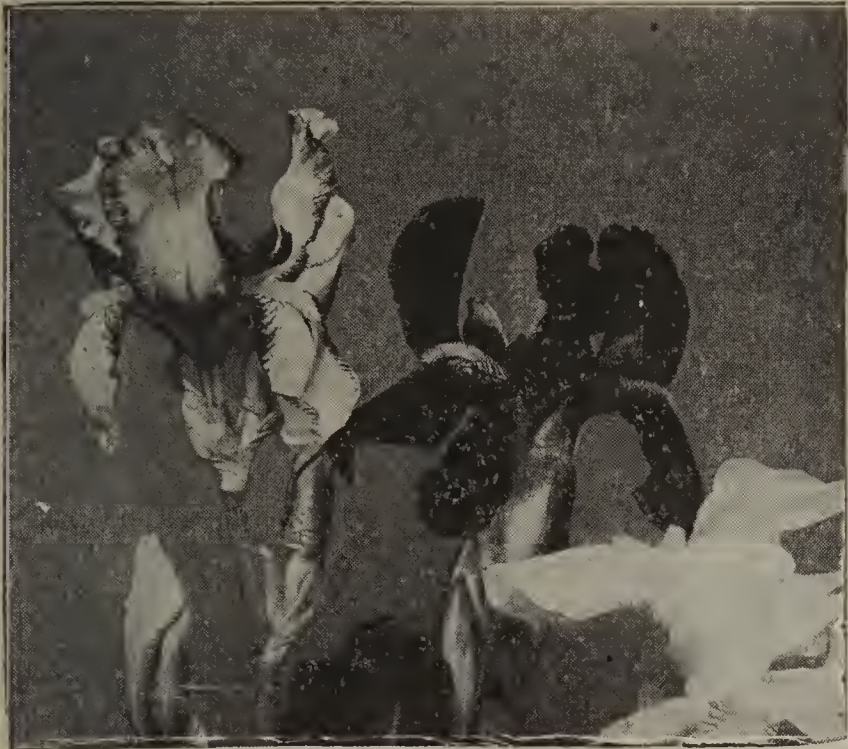

Lysimachia or Moneywort

A well known evergreen trailer bearing yellow flowers. Used for planting around lily pools, etc. Each, 25c; 3 for 65c; doz., \$2.25.

Gypsophilea—Bristol Fairy

OUR HIGH ALTITUDE IRIS

Our Iris must not be confused with the old types and our list below contains a choice selection of beautiful and adapted types. The size of rhizomes varies greatly with different varieties. In the descriptions "S" indicates the standards or upper petals and "F" the Falls or lower petals. Plant in Fall or Spring.

- Ambassadeur**—One of the most showy of Irises. (S) Lavender and (F) Deep red violet with a rich orange beard. Each, 15c; 3 for 40c.
- Dalila**—A fine variety. (S) White tinted with lilac (F) Rich violet red with white and brown veins. Orange beard. Each, 25c; 3 for 65c.
- Dream**—A beautiful soft pink tinged with lavender. Each, 20c; 3 for 50c.
- Fairy**—A dainty white delicately shaded soft blue, early. Each, 20c; 3 for 50c.
- Dr. Bernice**—(S) Coppery bronze. (F) A fine ruby purple. Each, 25c; 3 for 65c.
- Lord of June**—(S) Light blue. (F) Deep lavender blue brown at base. Each, 20c; 3 for 50c.
- Marsh Marigold**—A good mid-season. (S) Good deep yellow. (F) Reddish-purple with a yellow border. Each, 20c; 3 for 50c.
- Madame Chereau**—(S & F) White. Ruffled edge of turquoise blue. Each, 25c; 3 for 65c.
- Gold Imperial**—Chrome yellow with orange beard. Each, 25c; 3 for 65c.
- Madame Gaudichau**—A rich, deep velvety purple Iris of fine shape and finish. Tall, early, and very distinct. Each 25c; 3 for 50c.
- Mother of Pearl**—Standards and Falls pale bluish lavender, with a faint creamy undertone Each 20c; 3 for 55c.
- Phyllis Bliss**—Pale rose lavender. Each, 35c; 3 for 90c.
- Morning Splendor**—A very large deep claret red. Each, 20c 3 for 55c.
- Prospero**—A very good tall Iris, blooming in mid-season. (S) Pale lavender. (F) Rich deep violet purple. Each, 15c; 3 for 40c.
- Opera**—A rich violet-toned bi-color. One of the most popular sorts. Each, 30c; 3 for 75c.
- Seminole**—A very large sort. (F) Velvety mahogany red; deep bright red. Each, 30c; 3 for 75c.
- Roseway**—Fine Purple. Each, 25c; 3 for 65c.
- Taj Mahal**—A wonderful white Iris; flowers very large. Each, 20c; 3 for 50c.
- Sweet Lavender**—A beautiful lavender. Each, 20c; 3 for 50c; doz., \$1.50.
- White Queen**—One of the best whites. Each, 25c; 3 for 60c; doz., \$1.75.

Linum or Blue Flax

A desirable plant for the border or rockery; graceful foliage and beautiful blue flowers borne in profusion. Each, 25c; 3 or 65c.

Lily of the Valley

Hardy Lilies

- Hemeracollis Flava**—(Lemon Day Lily)—Sweet-scented, clear, yellow, 2½ inches. Flowers in June. Strong plants, each, 20c; 3 for 55c.
- Tiger Lily**—Very large flowers, orange and black. Very floriferous. Each, 25c; 3 for 65c; doz., \$2.50.
- L. Candium**—Or Annunciation Lily. Large, white, fragrant and hardy. Each, 35c; 3 for 90c.
- L. Rubrum**—Rosy pink with Amaranth spots and reflected petals. Each, 35c; 3 for 90c.
- L. Auratum**—Golden banded Japanese Lily. Each, 35c; 3 for 90c.
- Easter Lily**—Hardy, if protected. Each, 35c; 3 for 90c.
- Lilium Regale**—A magnificent Lily bearing profusely white fragrant flowers; slightly shaded pink outside. Flowering size bulb, each, 25c; 3 for 65c; giant size, 35c; 3 for 90c.
- Lily of the Valley**—Roots (pips) of this great favorite. 3 for 25c; 6 for 45c; doz., 95c.

Liatrus or Kansas Gay Feather

Pysnostachia—A beautiful and odd plant, midsummer flowers showing a blaze of light rosy purple. Price, each, 20c; 3 for 55c; 6 for \$1.00.

Lemon Day Lily

Lychnis Chalcedonica

Lythrum Roseum or Loose Strife

A pretty Hardy Perennial, from 2 to 3 feet high, bearing spikes of rosy-pink flowers in profusion from July to September. **Each, 25c; 3 for 65c.**

Lychnis

Lychnis Arkwright—A new variety, 1 foot high, large orange, red, scarlet or crimson flowers. Ideal for rock gardens. **Each, 30c; 6 for \$1.50.**

Lychnis Chalcedonica—A fine old-fashioned flower bearing large heads of crimson flowers. **Each, 25c; 3 for 65c.** Field grown clumps, each, \$1.00.

Lychnis Alba—A white form of the above, and a splendid companion to it. **Each, 25c; 3 for 65c.**

Mint—(Spearmint)

Keep a Plant Growing Close to Your Kitchen

We offer strong, 3-inch, pot-grown plants of the hardiest strain. Have fresh at all times, **3 for 50c.**

Myosotis or Forget-Me-Not

Fine for the rockery and damp places. Rich, blue flowers with yellow eye. **Each, 25c; 3 for 65c.**

Monardo or Bergamot

Didyma Cambridge Scarlet—A brilliant crimson scarlet. **Each, 25c; 3 for 65c.**

Penstemon

Barbatus Torreyi—Spikes 2 feet, of scarlet flowers. Fine for border. **Each, 25c; 3 for 65c.**

Blue Gem—A fine hardy variety with flowers of a bright blue. Particularly fine for rock gardens. **Each, 25c; 3 for 65c.**

Penstemon

HARDY PHLOX PLANTS

For years we have specialized in the new and improved types with the result we have today a collection that has no equal in the Northwest. As a general rule they may be kept undisturbed for three or four years, after which time the clumps should be divided and reset. For growth and vitality our Montana grown stock can not be surpassed.

Phlox—Thor

**NEW PHLOX "COLUMBIA"
A 1935 Patented Introduction**

The new pink phlox offered and advertised in 1935 for the first time. Stocky, branching growth. Heavy, glossy, disease-resisting foliage and an abundance of large size cameo pink blooms, free from magenta shading, with faint blue eye, distinct from any other pink phlox. Long blooming habit and healthy productive growth set this variety in a class by itself. **Each, 40c; 3 for \$1.10; doz., \$3.30.**

Africa—Brilliant carmine red with blood red eye.

Beacon—Color an unmixed ripe cherry red.

Bridesmaid—A pure white with large crimson-carmine eye. A beauty.

Elizabeth Campbell—Soft rose pink with lighter shadings and with a dark rose colored eye.

Ethel Pritchard—A beautiful rose mauve.

Fuerbrand—New, brilliant orange scarlet; blooms freely. Trusses large.

Jules Sandeau—A beautifully large soft lilac pink.

J. G. Von Lassburg—The purest and largest white on the market.

Milly Van Hoboken—A good bright pink with soft mauve suffusion.

Miss Lingard—One of the easiest to grow and still one of the very best whites on the market—blooms two weeks ahead of other varieties.

Thor—One of the best of the salmon-pink sorts.

R. P. Struthers—Bright rosy-carmine, with claret-red eye.

Rheinlander—A rare shade of salmon pink intensified by a distinct claret-red eye.

Any one of the above Phlox varieties, except Columbia, each, 25c; 6 for \$1.25. Large field grown clumps, each, \$1.00 and up.

Phlox Subulata—(Moss or Mountain Pink)

Subulata Rosea—An early flowering type with moss-like evergreen foliage, which, during June, is hidden under masses of pink blooms. Fine for the rockery. **Each, 25c; 3 for 65c; 12 for \$2.50.**

Divaricata Canadensis—Dwarf; blooms early; fragrant lavender flowers on stems 10 inches high. Prefers shade. **3 for 65c; doz., \$2.25.**

SPECIAL PHLOX OFFER

6—Wonderful Varieties—6

Our Selection

STRONG PLANTS FROM 3-INCH POTS

All for Only \$1.00

POSTPAID

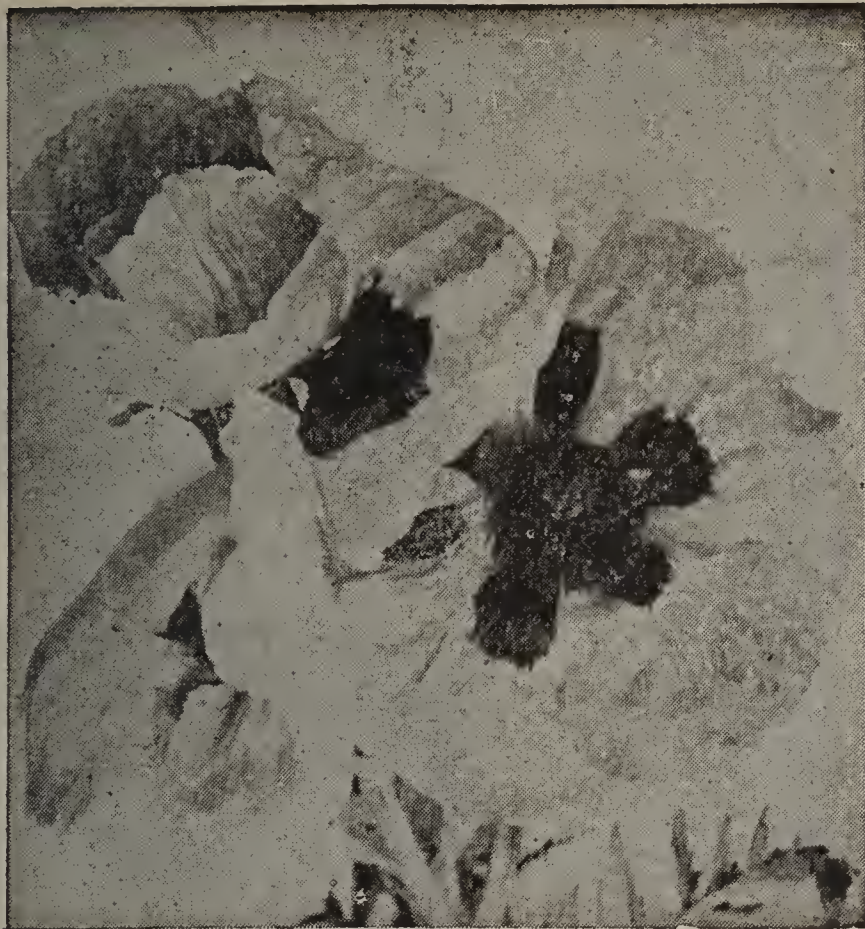

Nepeta

Mussini—It is of compact habit, forming dense tufts about 12 inches high with masses of light violet blue flowers. **Each, 25c; 3 for 65c.**

Nervosa—A new improved variety. Flowers clear light blue. **Each, 25c; 3 for 65c.**

Old Man or Southern Wood

Dark green finely cut foliage with pleasant aromatic odor. Two feet high. **Each, 25c; 3 for 65c.**

Oriental Poppies

These really wonderful Perennial Poppies with their rich and gorgeous colorings stand out during their flowering season pre-eminently above all other flowers. Their large blooms—perhaps the largest of any of the Hardy Perennials—with their brilliant colors will attract the attention of any flower lover. They are of the easiest culture. Water freely during the flowering period.

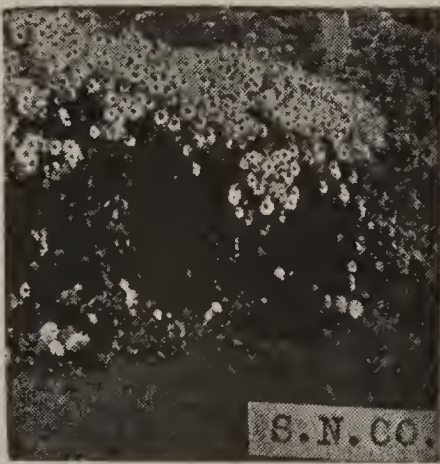

Princess Victoria Louise—Salmon pink.
Goliath—A large flowered bright scarlet of strong growth.

Strong plants, each, 25c; 3 for 65c.
Large field grown clumps are available for early Spring planting or in the Fall. Each, \$1.00.

Iceland Poppies

One of the very first of Hardy Perennials to bloom in the Spring and to continue a mass of bloom all Summer.

New Sunbeam Varieties—This particular strain is a great improvement on the older varieties. The colors are rich, deep orange, lemon and white. 3 for 55c; 6 for \$1.00; doz., \$2.00.

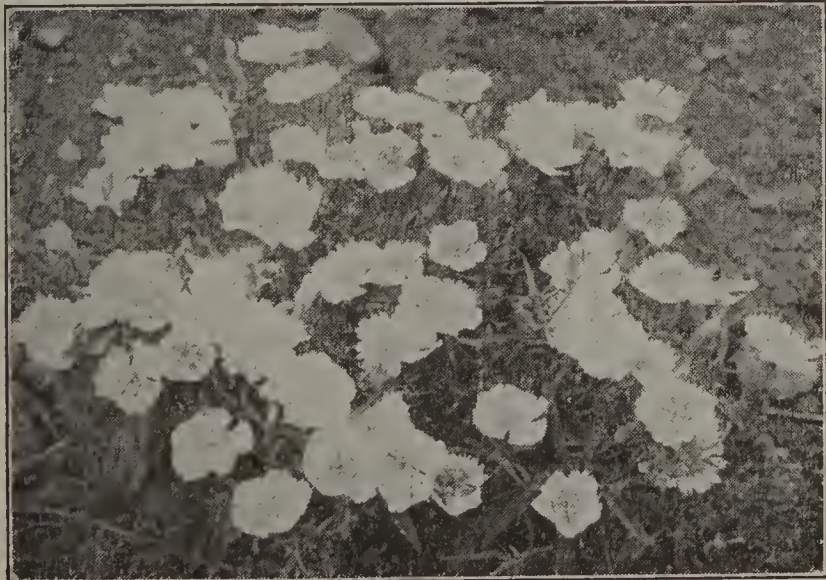

Pyrethrum Uliginosum

Physalis or Chinese Lantern Plant

Francheti—An ornamental variety of the Winter Cherry, forming dense bushes about two feet high, producing freely its bright orange-scarlet lantern-like fruits, which can be cut and dried. Each, 25c; 3 for 65c.

Physostegia, False Dragon or Virginia Heather

A beautiful Hardy Perennial, forming dense clumps four or five feet high, with long spikes of tubular pink flowers like a gigantic Heather and very valuable for cut flowers. Each, 25c; 3 for 65c.

Clove Pinks (See Page 75)

Chinese Lantern

Plumbago

Larpenae—This is one of the most desirable border and rockery plants. A dwarf spreading grower covered with a mass of deep blue flowers during the Summer and Fall just when this color is usually lacking from the garden. Each, 25c; 3 for 65c.

Pyrethrum

Hybrids Mixed —(Painted Daisies)—Their large flowers, well named painted daisies, blossom with the tall iris and continue through June. A second crop will come if the first growth is cut back. Beautiful pink, red and white Daisy flowers. Strong, 3-inch Pot Plants, each, 25c; 3 for 65c.

Pyrethrum Uliginosum—(Giant Daisy)—Produces in great profusion large white Daisy-like flowers. Strong plants, 3 for 55c; 6 for \$1.00.

OUR STANDARD BLOOMING SIZE PLANTS

Platycodon

Platycodon

Balloon Flower—or Japanese Bell Flower
The Platycodons are closely allied to the Campanula or Canterbury Bells. They grow about eighteen to twenty-four inches in height. They bear blue or white flowers in great profusion from July to September. Each, 25c; 3 for 65c.

Primula or Hardy Primrose

Auricula Alpina—One of the treasures of the rock garden. Flower stalks rise to a height of 6 to 8 inches bearing heads of bloom of various colors. Large plants, Each, 35c; 6 for \$1.75.

Primula Polyanthus Veris Hybrids—Colors range from lilac purple and violet to buff orange and red. Each, 35c; 6 for \$1.75.

Rudbeckia or Golden Glow

Perfectly hardy, and will succeed anywhere. Rich, golden yellow flowers. 3 for 50c; 6 for 95c.

Saponaria

Ocymoides—A very pretty border and rockery plant. Produces a mass of small, rosy pink flowers. Each, 25c; 3 for 65c.

Sedums

Spectabile—It attains a height of 18 inches with broad light green foliage, and bears immense showy heads of rose-colored flowers. Each, 25c; 3 for 65c.

Kamschaticum—Bright orange-yellow flowers with prostrate foliage. Each, 25c; 3 for 65c.

Sedum Spectabile

Statice

Album—Dwarf and spreading variety, thick, waxy round foliage, white flowers. Each, 25c; 3 for 65c.

Coccineum—A beautiful, rosy, crimson variety. Each, 25c; 3 for 65c.

Sweet Wivelsfield

A new race of pinks. Few plants can compare with it for wealth of color and length of flowering season. Wonderfully colored flowers in trusses and perpetual flowering. Plants, each, 25c; 3 for 65c. Field grown clumps, \$1.00.

Statice, Great Sea Lavender or Limonium

S. Latifolium—A noble plant for the hardy border. Produces clumps of leather-like leaves, with heads of bloom covered with small lavender flowers and lasting until frost. The flower sprays when cut and allowed to dry will keep for months. Each, 25c; 3 for 65c. Field grown clumps, \$1.00.

Scabiosa

Caucasica—A handsome Hardy Perennial, bearing on long wiry stems beautiful artistic lavender blue flowers. Each, 25c; 3 for 65c.

Shasta Daisy—(See Chrysanthemum Maximum, Page 74)

Sweet William—(See Dianthus Barbatu, Page 74)

Trollius—Globe Flower or Giant Buttercup

Mixed Hybrids—Desirable free flowering plants. Colors ranging from pale yellow to a deep orange. Succeed well in a half shady location; wonderful for cut flowers and for the rockery. Mixed colors only. Each, 30c; 3 for 75c.

We invite you to visit our Nursery and See our Hardy Perennials growing. Also our Model Rock Garden.

Trollius—Globe Flower

Our Perennial Plants Have All Been Grown in Outside Beds for at least One Winter. They are Thoroughly Acclimated.

Auricula Alpina

Sweet Wivelsfield

A PLANT OR MORE OF STATICE SHOULD BE IN EVERY GARDEN

Thalictrum—Meadow Rue

Viola—Jersey Gem

Water Lily—Chromatella

Salvia

Azurea—Rocky Mountain Species. A fine Hardy Perennial averaging 3 to 4 feet in height. Produces late in the Summer, pretty spikes of sky-blue flowers. Each, 25c; 3 for 65c. Strong, field grown clumps, \$1.00.

Sweet Rocket or Hesperis

A Perennial that will succeed in any location, producing large spikes of blossoms from white to lilac. Grows from 3 to 4 feet high. Price, each, 25c; 3 for 65c.

Thalictrum Dipterocarpum or Meadow Rue

This beautiful, hardy plant should be in every garden. It is a real gem for the hardy border, and its graceful sprays of lavender flowers, brightened with a bunch of yellow stamens, are invaluable for cutting; 4 feet, each, 25c; 3 for 65c. Field clumps, \$1.00 each.

Tritoma or Red Hot Poker

Pfitzeri—A very handsome and showy border plant with rush-like foliage. The blossoms are unique in shape, the lower petals being tinged with orange, ultimately becoming a brilliant flame red at the top. Flowering season, July to September. Must be carefully protected during Winter. Each, 30c; 3 for 75c.

Valeriana Officianalis or Hardy Garden Heliotrope

A fine, hardy plant, with very showy heads of bright rose flowers, produced in great numbers on stems about three feet high, heliotrope scented. A constant bloomer until frost. Each, 25c; 3 for 65c. Field grown clumps, \$1.00.

Veronica Spicata

This well known "Speedwell" is one of the best of the genus, bearing long spikes of blue flowers from July until the early frosts. Each, 25c; 3 for 65c; large field clumps, each, \$1.00.

Repens—A fine rock or carpeting plant with beautiful light blue flowers. Each, 25c; 3 for 65c.

Viola

Jersey Gem—One of the most valuable Violas yet introduced. The plants are of compact, sturdy growth, bearing pure violet flowers on good stems. Blooms all season. Each, 30c; 3 for 75c; 6 for \$1.40.

Golden Gem—A beautiful, hardy yellow sort. Each, 30c; 3 for 75c; 6 for \$1.40.

White Perfection—One of the finest whites; a beautiful Viola. Each, 30c; 3 for 75c.

Violet

Helena—A remarkably hardy type. The flowers are very large and borne on long stems, a very profuse bloomer and very fragrant. Fine for the rockery and that rather shady location. Each, 25c; 3 for 65c.

Water Lilies

We offer you the most adaptable varieties for Northwest conditions for your Lily pool.

Marliac White—A beautiful and sturdy growing white variety. Each, \$1.00; 3 for \$2.50.

Marliac Pink—A fine adaptable pink variety especially adapted to the garden pool. Each, \$1.00; 3 for \$2.75.

M. Chromatella—A charming canary yellow variety. Each, \$1.25; 3 for \$3.50.

One of Our Fields of Hardy Outdoor Nursery Stock

Our Hardy Rock Garden Plants.

How to Make a Rock Garden

The rock garden should be constructed in a spot that is subject to full light and to good aeration. Any natural slope in the ground can also be used to good advantage. Take advantage of any natural outcropping of rock on your grounds.

Rocks will usually be gathered from the nearest and most easily accessible source. Weather-worn rocks produce a pretty and natural effect, and on rather sharp sloping ledges the use of porous and water-holding rocks is much in order because it is in these positions that the conservation of moisture is a large factor. Go to both extremes in choosing rock sizes as too many rocks of either a large or small size tend to make the effect unnatural.

A good well drained garden loam is fine for a majority of rock garden plants.

The soil should be thoroughly prepared first and then the existing grades and the desired contours should be laid out in proportion. The bottom rocks should be placed first and anchor the rocks firmly by thoroughly tamping. Arrange rocks on slopes so that erosion by water is checked and so there will be plenty of light and air for the plants.

The best time to plant is in the Spring, although many of the hardy pot grown rock plants can be transplanted equally as successfully in the Fall under Montana conditions. If you are in doubt as to which plants to use for Fall planting just drop us a line and we shall be glad to advise you.

We are ready to help you at any time with your rock garden ventures. Our 48 years' experience of growing and selection under conditions found in Montana and the Northwest gives you something no other firm can offer you. Following is a list of rock garden plants which are adaptable to conditions in Montana and the Northwest and for complete descriptions turn back through the Perennial section of this Year Book.

The following plants are adaptable for rock gardens and are described and priced in the Perennial Section:

Alyssum Saxatile—Gold Tuft
 Arabis Alpina—Rock Cress
 Arenaria—Caespitosa
 Armeria Formosa—Sea Pink
 Aubretia—Rainbow Rock Cress
 Campanula Rotundifolia Olympica
 Cerastium-Tomentosum—Snow in Summer
 Campanula-Carpatica—Harebell
 Chieranthus—Siberian Wallflower
 Delphinium—Chinese
 Dianthus—Cheddar Pink
 Dianthus—Red Montana
 Dianthus—Hardy Grenadine Carnation
 Dianthus Plumarius—Clove Pinks
 Dianthus—Highland Queen
 Dianthus-Deltoides
 Edelweiss-Alpinum
 Ferns—Hardy

Geum—Lady Stratheden
 Helianthemum—Rock Rose
 Huechera—Coral Bells
 Iberis Sempervirens
 Iceland Poppy
 Iris Pumila Cyanea—Dwarf Purple
 Lysimachia—Creeping Jenny
 Lily of the Valley
 Linum—Blue Flax
 Monarda—Didyma Cambridge Scarlet
 Myosotis—Forget-Me-Not
 Nepeta—Mussini
 Nepeta—Nervosa
 Penstemon—Blue Gem
 Platycodon—Balloon Flower
 Phlox—Subulata Rosea
 Phlox
 Plumbago-Larpentae
 Primula-Auricula
 Primula-Polyanthus
 Salvia—Azurea
 Sedum—Azurea
 Sedum—Album
 Sedum Coccineum
 Stokesia-Cyanea
 Trollius
 Veronica-Speedwell
 Veronica-Repens
 Veronica-Incana
 Viola

Our Special Rock Garden Plant Collection

Prepaid to You

(A Wonderful Gift for Your Garden Loving Friends)

Rose Rouletti

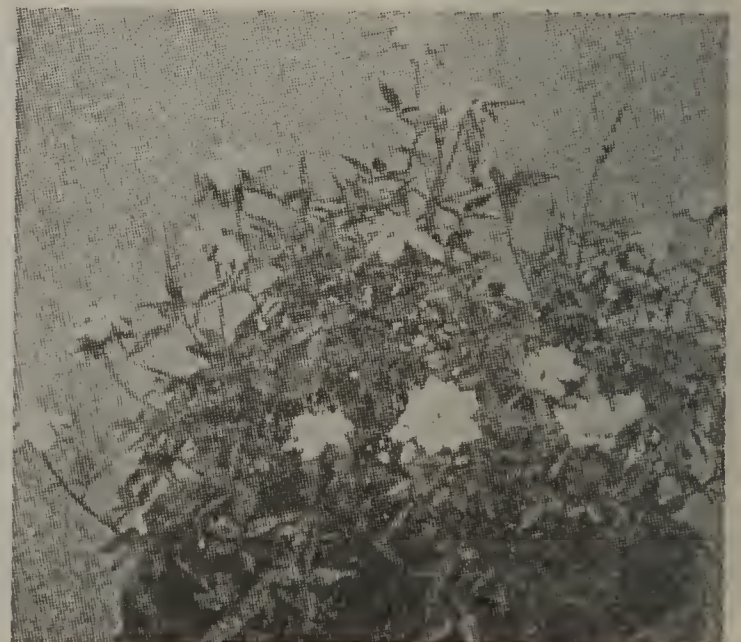

The Miniature Rock Garden Rose

Just imagine a full grown rose bush small enough to place beneath a water glass. The tiny buds are perfectly formed, opening into miniature double rose-pink flowers about the size of a dime. May be used as a pot plant or grown outside in the rock garden, or for edging around the rose garden and flower bed. It is hardy. Fine for rock gardens, borders and as a house plant. Strong plants, grown in pots, each, 50c; 3 for \$1.35, postpaid.

Garden Maintenance—By H: Stuart Orloff and Henry R. Raymore. Everyone who has a garden wants constantly to know how to care for it—how to prune, fertilize, spray, and care for flowers, trees, shrubs, and lawns. This is a book to answer all such questions, and to bring success to established gardens as well as to those newly planned and planted. Illustrated with photographs and drawings, frontispiece in color. Cloth, vo. **\$2.50.**

A Model Rock Garden at Our Nursery
 Drive in and See It

Rose Rouletti

Our Hardy Rocky Mountain Peonies

Grown and Selected in Our Nursery in the Shadows of the Rocky Mountains

One of Our Peony Fields

CULTURE

Peonies may be planted either in the Fall or early Spring in Montana. Dig the soil deeply and cover the eyes or new buds to a depth of not more than three inches. Too deep planting causes poor growth and prevents blooming. Their chief requirements are good, rich soil and a sunny or partly shaded location. Give a liberal supply of water during growing season. Do not disturb extensively by cultivation.

	Each	3 for
Asa Gray—Large, semi-rose type, pale lilac, dotted darker	\$.45	\$1.25
Baron Rothschild—Deep rose, mid-season, a beauty50	1.25

Two Books of Value to
Garden Lovers

How Plants Get Their Names—
By Dr. L. H. Bailey. Here are the sources of plant names, the systems of nomenclature, modern usage, and an account of the famous botanists who fixed the rules of naming plants. More than 4,500 names, generic and specific, are defined and pronounced in the appendix. This material will interest botanists, gardeners, and prove fine study material for garden clubs. 209 pages, illustrated. **\$2.50**

Around the Year in the Garden—
By F. F. Rockwell. If you are busy and must use every minute of your time in the garden to the best advantage, this book will help you to be more efficient. It is arranged in 52 chapters, each telling what to do in the garden every week of the year. It covers the vegetable garden, flower garden, roses, shrubs, berries, fruit trees, insects and diseases, vegetables for winter, pruning, and all other garden operations. 88 illus., 350 pages. **\$3.00**

S. N. & S. CO'S HARDY TREES, SHRUBS, VINES

It's Not a Home Until It's Planted

Our forty-eight years' experience in Montana has enabled us to select and grow only such Trees, Shrubs and Vines that we have found to be hardy and adaptable to conditions found in Montana and the Northwest. This is something no other institution can offer you.

CARE IN WATERING

Growth should be encouraged during the early Summer months and ample water should be applied at this time. Do not merely wet the surface but give several successive applications, so that the water goes to the very lowest root extremities. About the last part of August and during September water should gradually be withheld so that the Trees and Shrubs will have a chance to mature up properly for the winter. After the leaves have fallen and the Trees have gone into their Winter dormant state, it is well to soak with water again.

NOTICE

We endeavor to send out only stock that will grow with proper care and attention. We should be advised BEFORE AUGUST 1 should any Trees, Shrubs, etc., fail to grow. We will replace any of our nursery stock at one-half price that does not start growth by August 1, providing it was properly planted and arrived in good condition. We are not responsible for damage to goods in transit, therefore you must examine at the express or freight office, and have any damage noted upon your express or freight receipt. We are always glad to replace goods injured in transit, providing receipt showing damage is returned to us so that we may enter claim and reimburse ourselves.

Barberry—(Jap)

Not the Rust Bearer

Berberis Thunbergi—This is the Japanese green Barberry. It is very beautiful, dense and low growing. The leaves are small, light green and towards Fall assume rich brilliant colors of red, orange and yellow. The Japanese Barberry is not a host for the wheat rust.

Each, 35c; 3 for 90c; larger sizes, 75c to \$1.50.

Write for Prices on Barberry hedge stock.

Red Leaved Barberry (B. Thunbergi Autropurpurea)—A fine variety which is similar in all respects to the green variety except that the foliage is a rich lustrous bronzy red all through the growing season. Bears brilliant scarlet berries. Each, 45c; 3 for \$1.10; larger sizes, 75c to \$1.50.

Japanese Barberry

Buckthorn—(For Hedges)

A good hedging plant which may be held into a sheared fence of from three to five feet or grown into a tall screen. Quick growing and hardy.

12-18 in., 25 for \$1.85;
50 for \$3.50; 100 for \$6.00.

18-24 in., 25 for \$2.25;
50 for \$4.00; 100 for \$7.50.

Cotoneaster

Peking Cotoneaster—

A beautiful, low Shrub with dark green leaves; flowers are pinkish white and berries are black. One of the hardiest Shrubs we know of and will tolerate considerable shade. Each, 18-24 inches, 50c; larger sizes, 75c to \$2.00.

Cotoneaster

Buddleia Hartwegi

The newest and finest of the Butterfly Bushes. It is hardier than any of the summer flowering Butterfly Bushes. The individual flowers are closely spaced on the panicles, imparting a compact and pleasing appearance. The foliage is very heavy and a rich, dark green.

We offer blooming size plants from pots at 60c each, 3 for \$1.50—Prepaid.

Buddleia Hartwegi

When planning on the artistic arrangement and planning of your grounds, we cordially invite you to consult our experienced staff of nurserymen who are at your service at all times to give information on the most desirable Trees, Shrubs and Plants and to furnish cost estimates.

Lilacs

Nowhere do they succeed better, produce more beautiful foliage and flower more profusely than in Montana and the Northwest. We have an exceptional stock of this general favorite with a fine selection of the most adapted varieties.

Purple—This is an old-time favorite; very hardy and of rapid growth. Excellent for specimen purposes or for hedge use.

White—The companion to the purple, very hardy and fragrant and producing large trusses of beautiful flowers.

Prices of the above two varieties, 1½ to 2 ft., 35c; each, 3 for 90c; 2-3 ft., 50c, 3 for \$1.25; 3-3½ ft., 75c, 3 for \$2.00. Larger sizes, \$1 up.

Lilac—(Chinese-Rothomagensis) — A newer type, far superior to the Persian. An upright, vigorous grower with little tendency to send up sucker shoots. Beautiful, reddish purple flowers. Each, 2-3 ft., 75c; 3 for \$2.00.

Villosa—This is a most beautiful species. Bears its purple flowers about a month later than the other varieties and they turn nearly white when fully open. Excellent for a shady exposure. No tendency to form suckers. Each, 18-24 inches, 40c, 3 for \$1.00; 2-3 ft., 50c, 3 for \$1.35. Larger sizes, \$1.00 up.

A Hedge of Our Lilacs in Hill Park, Helena

French Hybrid Lilacs

Pres. Grevy—A very fine double producing trusses of pale blue flowers.

Charles X—Deep purplish Lilac flowers in large trusses. Flowers in May.

Madame Lemoine—Magnificent panicles of large double white blooms.

Ludwig Spaeth—Single. Very dark, crimson purple. One of the darkest shades known.

Belle de Nancy—Beautiful rose, white center.

Prices of French Lilacs—Each, 2-3 ft., \$1.00, 3 for \$2.75; larger specimens, \$1.25 and up.

Philadelphus, Mock Orange or Syringa

Native—A selected type with white fragrant flowers and very hardy. Each, 50c; 3 for \$1.25.

Pyramidal—This is a tall, pyramidal grower, bearing beautiful semi-double white flowers. Each, 2-3 ft., 60c; 3 for \$1.65.

Virginal—A medium sized Shrub with beautiful, fragrant semi-double flowers. The flowering season lasts somewhat longer than on the other two types. Each, 18-24 in., 55c, 3 for \$1.50; 2-3 ft., 65c, 3 for \$1.75.

Syringa—Virginal

Privet

Vulgaris—European Privet—We have searched many years for a Privet that would withstand Montana Winters and we are now offering you this variety which has proven hardy in our Nursery. For those in extremely high altitudes we would not recommend it.

Prices—18-24 inches, 25 for \$2.50; 50 for \$5.00; 100 for \$9.50.

Cornus or Dogwood

Red Siberia—Noted for its beautiful, reddish bark; bears white flowers, followed by white berries. Each, 2-3 ft., 50c; larger Shrubs, 75c, \$1.00 and up.

Golden Dogwood—Has golden, yellow wood. Fine for either specimen or foundation planting. Each, 75c and \$1.00.

Silver Blotched—Variegated Dogwood—A very beautiful Shrub, with its leaves of green blotched and striped with silvery white. Each, 75c, \$1.00 and \$1.25.

High Bush Cranberry—Viburnum Opulus

A highly decorative, tall-growing Shrub, bearing white blossoms in broad cymes. Scarlet fruit; very showy shrub. Each, 2-3 ft., 75c, 3 for \$2.00; larger specimens, \$1.00 and up.

Sambucus or Elderberry

A very valuable Hardy Shrub of quick growth and branching habit. When in bloom is a perfect bower of beauty over a long period and again in the Fall, with its black fruits. Each, 2-3 ft., 50c; larger Shrubs, \$1.00 and up.

Honeysuckle

Tartarian—The best and hardiest of the bush varieties. Foliage of fine, glossy green; blooms in June. We offer dark pink (often listed as red), pink and white. 18-24 inches, 35c, 3 for 75c; 2-3 ft., 50c, 3 for \$1.25; 3-4 ft., 75c, 3 for \$2.00. Larger specimens, \$1.00 and up.

Tartarian Honeysuckle

Russian Olive—For Hedges

Elaeagnus Angustifolia—There is a greater demand each year for this fine hardy Shrub. It has proven to be a great drought resister and is a fast, vigorous grower. Foliage is a beautiful green above and silvery white below. Bears fragrant yellow blossoms. Makes a beautiful trimmed or untrimmed hedge and may also be grown as a specimen and we have some fine large specimens to offer.

Price—12 to 18-inch stock, 25 for \$1.75; 50 for \$3.25; 100, \$6.00; 18-24 in., 25 for \$2.25; 50 for \$4.00; 100, \$7.50. Write for prices on larger stock.

Russian Olive Hedge in Helena

Snowball or Viburnum

One of the hardiest of Shrubs and a favorite everywhere. During May and early June it is a perfect mass of blooms, producing large, globular, pure white flowers. It is ideal for landscape work. **Each**, 2-3 ft., 75c; 3 for \$2.00. Large specimens, balled and burlapped, \$3.00 to \$5.00.

Siberian Pea or Caragana—(For Hedges)

The caragana or Siberian Pea is a great drought resister amongst Shrubs and is the variety recommended to our farmers and ranchers in the treeless regions of Montana. For windbreak purposes in exposed situations, for specimen tree planting or for Shrub use we cannot voice the praises of this variety too strongly. Has fine, clean foliage, and rich, golden blossoms, with the flowers hanging in regular clusters. It is especially useful for hedge purposes.

Prices—12 to 18-inch stock for hedge purposes, \$5.00 per 100; 50 for \$2.75; 25 for \$1.50. 18-24-inch stock for hedge purposes, \$7.00 per 100; 50 for \$3.75; 25 for \$2.25; 3 to 4-ft. Shrubs, each, 50c; 3 for \$1.35.

Snowberry

Symphoricarpos, Snowberry or Coral Berry

Coral Berry—The Red Snowberry or Indian Currant. Bears dense clusters of red fruit in Autumn. Very attractive. **Each**, 2-3 ft., 60c; larger Shrubs, \$1.00 and \$1.50.

Snowberry—A beautiful small Shrub that succeeds even in shaded locations. It is quite hardy, produces small white or pinkish flowers succeeded by white berries. **Price**, each, 2-3 ft., 50c; larger Shrubs, \$1.00 and up.

A Spirea Van Houtii Hedge in Helena

Spireas

S. Van Houtii—(Bridal Wreath)—The well known Bridal Wreath; it is of compact habit and when in flower it is a complete fountain of white bloom. **Each**, 18 to 24 inches, 35c; 2-3 ft., 50c; 3-4 ft., 75c; and up.

Spirea—Arguta—Often called garland Spirea. It is an upright shrub with miniature light green leaves covered with hundreds of beautiful, minute, single white flowers. **Each**, 18-24 inches, 45c; 3 for \$1.25. Larger specimens, 75c and up.

S. Sorbifolia—(Ash Leaved Spirea)—A very showy variety and a quick grower. Flowers produced on long spikes; white flowers. **Each**, 50c, 75c and \$1.00.

S. Anthony Waterer—A very valuable variety, producing bright crimson heads of bloom in great profusion. Very hardy and of dwarf dense habit. **Each**, 50c; 3 for \$1.25.

S. Prunifolia—Another favorite variety. It produces long spikes of double blooms very freely in May and June. **Each**, 2-3 ft., 60c; 3 for \$1.65.

Special—One each of the above five varieties—\$2.10.

Spirea—Froebel—This is a vigorous spreading grower with bright pink flowers which are borne profusely from May to June. The Shrub presents beautiful colors and hues in the Fall and is very hardy. **Each**, 2½-3 ft., 50c; 3 for \$1.35.

Sumach

This old favorite Shrub has proven hardy in our Nursery. It has handsome, fern-like foliage, which turns to a wonderful red at the approach of the first frosts. 3 to 4 ft., **each**, 50c; 3 for \$1.35. Larger Shrubs, 75c, \$1.00 and \$1.50.

Hardy Vines for the Northwest

Clematis Jackmanii

Silver Lace Vine

Polygonum Auberti—A rapid growing, flowering climber with small foliage, producing a wealth of creamy white flowers, borne in foamy sprays. 2-year-old Vines, each, 85c; 3 for \$2.35.

Lathyrus Latifolius

Hardy or Perennial Sweet Pea. A well known, hardy climber. Attains a height of 6 to 8 feet. Each, 30c; 3 for 75c; doz., \$2.50.

Virginia Creeper

American Ivy—Woodbine

This vine is, without doubt, the very best and most hardy variety for this section. Everywhere it has been planted it has succeeded wonderfully. It produces masses of rich, dark green foliage, deeply cut, which assumes brilliant shades of yellow, crimson and scarlet in the Fall. It is the ideal Vine for covering fences, walls, trees, rocky slopes, etc. Our stocks are clean, hardy and of sturdy growth and we feel safe in saying, are some of the finest in the country.

One-year-old Vines, each, 35c; 3 for 85c. Two- and 3-year-old Vines, each, 75c; 3 for \$2.00.

Humulus—Hop Vine

For quickness in covering residence fences, arbors, etc., the Hop Root leads. The peculiar shades of its foliage, extreme hardiness and quick growth make it a very desirable Vine. 3 for 75c; 6 for \$1.40; doz., \$2.50.

Clematis

One of the most popular of all trailing Vines. When in bloom the dense sheets of blossoms, with their most pleasing fragrance, give a beauty indescribable.

To obtain good results they must have rich soil, perfect drainage and an abundance of water, and most important of all, they must be planted with the crowns about 3 inches beneath the surface of the soil.

Heretofore it has been difficult for many to transplant these plants with success, so this season we are again featuring large pot-grown stock of A-1 quality which will come with a ball of earth and are sure to give satisfaction.

C. Jackmanii—The popular, rich purple variety with large flowers and very hardy. Each, \$1.10; 3 for \$3.00.

Mme. Eduard Andre—One of the very finest red varieties on the market; very effective. Each, \$1.00; 3 for \$2.75.

Rocky Mountain—A sweet-scented rapid grower, extremely hardy and producing magnificent foliage and great masses of flowers. Good strong roots. Each, 40c; 3 for \$1.10.

Trees and Lawn Seed for This State Project Planting Along Highway 91 Entering Helena Furnished by Us

Our Hardy and Adaptable Trees

All Prices on Trees, Shrubs and Plants (Except Evergreens) Include Delivery to Your Nearest Express Station

The Main Drive Through Our Trees and Shrubs

IMPORTANT TO TREE BUYERS—In buying shade and fruit Trees or other Nursery Stock from THE STATE NURSERY AND SEED CO., you are also getting free of charge the experience of FORTY-EIGHT YEARS of production of this hardy stock in Montana. This can not be offered to you by any other house at any price.

We are proud of our great fields of Trees which we have tested and tried so thoroughly and we invite you to see them growing in our Nursery high up on the eastern slope of the Main Range of the Rocky Mountains.

We have larger specimens of nearly all Trees listed and if interested we invite you to write about them.

We take special care to send out only such stock that we know with proper attention will grow.

Ash

American White—The best hardwood Tree for Montana, being extremely hardy and growing into a most beautifully formed head. We can not recommend this Tree too highly for this section, either for parking purposes or for planting as individual specimens.

Each, 6 to 7 ft., \$1.50; 6 for \$7.50; each, 7 to 8 ft., \$2.00; 6 for \$10.00; each, 8 to 9 ft., \$2.50; 6 for \$12.50. Larger specimens, \$3.00 to \$5.00.

Green Ash—A fine hardy variety of this clean-growing Shade Tree, in great demand. Each, 5 to 6 ft., \$1.10; 6 to 7 ft., each, \$1.35, 3 for \$3.75.

To those who are anxious to make an immediate showing on their property, we have a fine stock of extra large specimens of most of our Trees and Shrubs. Drive out to our Nursery and see them growing. Make your own selection.

WATER LANCE

Everyone knows that water must get to the roots of the shrub or tree to do any good. Sprinkling usually seeps away or evaporates before it gets down to the roots. Watering them from the top forces the roots to grow upward. The Water Lance is so constructed that it will, with scarcely any effort on the part of the user, insert itself almost three feet below the surface of the ground and irrigate in the fastest possible time. The

Water Lance is a handy device to have for your home; you will probably find many uses for it. See how effectively it washes your car, your porch, etc.

Each, \$1.75; postpaid, \$1.90.

Cut Leaf Weeping Birch

Birch

Canoe Birch—A very hardy and beautiful American Tree of fine shape and delightful bark. An excellent specimen for lawn or other decorative purposes. 6 to 7 ft., \$2.50 each; 3 for \$6.50

Cut Leaf Weeping Birch

Very beautiful form of the European White Birch the main trunk, with snow-white bark, grows as straight as an arrow. Branches spread slightly, while the fine slender shoots hang vertically. Foliage fine and deeply cut. One of the most beautiful of deciduous Trees. Each, 5 to 6 ft., \$3.00; 3 for \$8.00 6 to 8 ft., \$4.00; 3 for \$11.00.

European Mountain Ash

In cooperation with the State Horticultural Department we are not offering or propagating Mountain Ash for sale, due to an uncontrollable blight which is attacking this species all over the west.

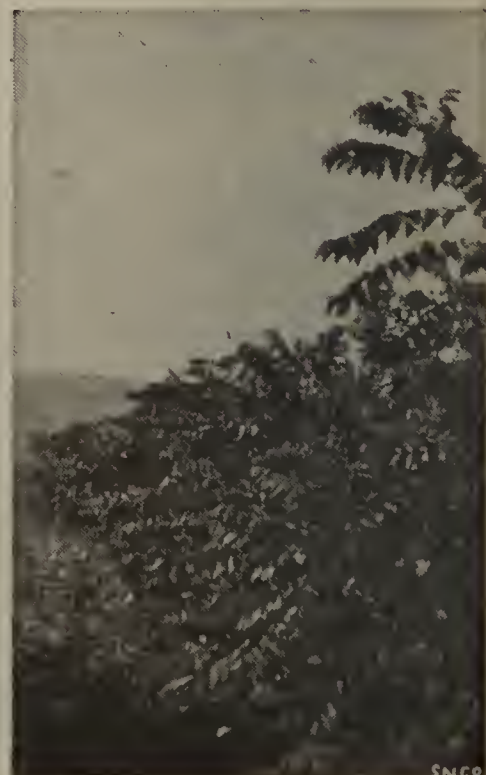

Box Elder or Manitoba Maple

Often called the Ash Leaved Maple. Requires but moderately rich soil, and is of rapid growth. Has been so popularly planted that it needs no description. Fine for drier situations. Each, 5 to 6 ft., 90c; 3 for \$2.50; 6-8 ft., \$1.25; 3 for \$3.25; 8-10 ft., \$1.50; 3 for \$4.00.

Horse Chestnut

A very handsome and beautiful Tree producing spikes of white flowers in great profusion and sweetly scented. May be frequently seen in many towns of the state. Well worth trying.

Each, 4 to 5 ft., \$1.75, 3 for \$4.85.

Elm

Ulmus Americana—A noble native American Tree, attaining a large size, with wide spreading head and graceful drooping branches.

Each, 6 to 8 ft., \$1.25; 3 for \$3.50.

European Larch

A tall, handsome deciduous conifer, with pyramidal head. Covered with soft, feathery foliage of a delicate green. It is very graceful, resembling the Spruce. In the Autumn its needles turn a golden color before falling. Price, 5-6 ft., \$5.00, balled and burlapped, f.o.b. Helena.

Honey Locust

One of the hardiest of the Locusts. Produces blossoms in long, white racemes, very fragrant. Resistant to borers and drought. 5 to 6 feet, each, \$1.50; 3 for \$4.25; 6-8 ft., \$2.00; 3 for \$5.50.

Linden

American—A stately and well shaped Tree. It makes a fine shade Tree with bright shining leaves. Bears blossoms in July. A vigorous grower in the Northwest. 4-5 ft., each, \$1.50; 3 for \$4.00; 5-6 ft., each, \$2.00; 3 for \$5.50.

Maple

Silver Maple—The hardiest of the maples. A beautiful, fast-growing tree; leaves are silver underneath. 5-6 ft., \$1.35; 6 for \$7.00.

American Linden

A Block of Our Fine Silver Leaf Poplars

Poplars

These hardy Trees thrive in almost any soil, and as a class are unequaled for this section.

Canadian—This is one of the hardiest and fastest growing Trees for the Northwest. Farmers living in the treeless section of the Northwest can add materially to the appearance and value of their property, in addition to deriving a great deal of pleasure by a systematic planting of these Trees.

Balm of Gilead—Native—A variety that does remarkably well in most parts of Montana, especially the exposed prairie lands of Eastern Montana, and should be extensively planted.

Bolleana—A tall, columnar, rapid growing Tree which is an improvement over the Lombardy, being more hardy. Foliage a bright green above and silvery beneath.

Silver Leaf—The under sides of the leaves are a beautiful silvery gray, giving it a mark of distinction among the Poplars. It is very resistant to disease and a fast, vigorous grower, developing a beautiful shade head.

Prices of All Varieties of Poplars—Each, 4-5 ft., 45c; 6 for \$2.10; 25 for \$6.50. Each, 5-6 ft., 75c; 6 for \$4.00; doz., \$7.25. Each, 6-7 ft., \$1.00; 3 for \$2.75; 6 for \$5.10. Each, 8-9 ft., \$1.50; 3 for \$3.75. Each, 10 ft., \$2.50; 3 for \$6.50.

Whips of Canada Poplars only, 1 year, 2-4 ft., whips, per doz., \$2.50; 50, \$7.50; 100, \$15.00.

Northwest Poplar

A native of Manitoba. A fine, hardy, blight-resistant type, developing a well-shaped head; fast grower, excellent shade producer.

We offer 2-3 ft. whips only this season, each, 35c; 3 for \$1.00; doz., \$3.50; 25 for \$5.75.

Plum, Flowering

Prunus Cistena—Very handsome dwarf variety, with purple leaves. Covered in Spring with beautiful white flowers, later with red fruit. Each, 2-3 ft., \$1.25; 3 for \$3.50.

Prunus Triloba—One of the hardiest of early Spring-blooming Shrubs or dwarf Trees. Flowers very early in the Spring and are double; a beautiful light pink. Each, 2-3 ft., \$1.00; 3 for \$2.75.

Bolleana Poplar

A Beautiful Specimen of Russian Willow

Willows

Among the best hardy Trees for our Northwest climate are the Willows. They are handsome and ornamental in any location and are very hardy. Our stocks of these cultivated varieties of Willows are perhaps the largest and best to be found in any section, and produced as they are—at an altitude of over 4,000 feet—on the eastern slope of the main range of the Great Continental Divide, are the hardiest that can be produced anywhere.

Golden Willow—Golden colored bark, makes a handsome specimen. Tree anywhere, and hardy under all conditions.

Russian Willow—A very strong growing, tall variety, extremely valuable for windbreaks, very hardy and of very rapid growth and of great value also for specimen Trees.

Each of the above two varieties, 3-4 ft., 35c; 3 for 75c; 4-5 ft., 50c; 6 for \$2.50; 5-6 ft., 75c; 6 for \$4.00; 8 ft., \$1.00; 6 for \$5.00; 10 ft., \$2.00; 6 for \$10.00.

Laurel Willow—One of the very best Willows for ornamental planting. Leaves very large and shiny. Produces large pussy willows. Each, 6-8 ft., \$1.00; 8-9 ft., \$1.50 and \$2.00 and up.

Tree Cuttings

We sell quantities of cuttings of the following varieties: Poplars, Willows and Native Balm of Gilead, for the rancher or farmer who wishes to buy quantities of Trees but does not wish to invest in rooted Trees. 100, 85c; 1,000, \$7.00; 500 at 1,000 rate.

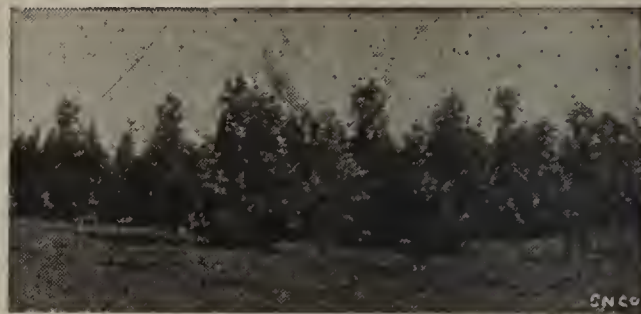

Lilac Rooted Cuttings

Suitable for the planting of hedges and windbreaks. Well rooted cuttings of the Purple and White varieties. Per 50, \$4.00; 100, \$7.00.

TREE PAINT—A specially prepared product with asphalt base to prevent decay. A penetrating paint that is not affected by heat or cold or moisture. Used by the country's leading tree surgeons. Prices— $\frac{1}{2}$ -pint, 50c; postpaid, 60c; pint, 75c, postpaid, 85c; quart, \$1.20, postpaid, \$1.40; by express, f.o.b. Helena, gallon, \$3.25.

Price, 12-15 inches, \$3.00; 15-18 inches, \$3.50; 1½-2 ft., \$5.00; 2-2½ ft., \$8.00, f.o.b. Helena. For prices on larger sizes, please write.

Red Cedars Growing in Our Nursery

Mugho Pine

PROTECT YOUR BIG TREES WITH TREE TANGLEFOOT

From the ant cow or common aphids by keeping ants out of the trees, also all other forms of crawling insects. Apply Tree Tanglefoot Early in the Season and you have complete protection for the rest of the year. Price, lb., 65c, postpaid, 75c; 5 lbs., \$3.00, postpaid, \$3.19. If used on young trees with green bark, wrap with burlap or paper the width Tanglefoot is applied.

WRITE US FOR QUOTATIONS ON LARGER SIZES AND QUANTITIES THAN ARE LISTED

Colorado Green Spruce

The green variety of this famous Spruce which has the same graceful shape and quality but exhibits a bright green coloring of the needles.

Price, 15-18 inches, \$2.50; 1½-2 ft., \$3.50; 2½-3 ft., \$5.00 and up.

White Spruce

Picea Canadensis—A beautiful, ornamental Spruce with silvery green foliage and large habit of growth. Each, 18-24 inches, \$3.25, 3 for \$9.00.

Black Hills Spruce

Black Hills Spruce—The hardiest of all Spruce, being symmetrical, compact and bushy in habit of growth. The foliage varies from green to bluish tint. Price, each, 15-18 inches, \$2.50; 2-2½ ft., \$4.50; 3-3½ ft., \$7.50.

Pines

Mugho Pine—A very short, stout and bushy Evergreen, very popular for low border plantings and foundation work. It never grows over 4 to 5 feet tall, but spreads out 6 to 8 feet in diameter. Or can be kept trimmed to a compact bell shape. 18-in. x 18-in., \$3.50; 10-in. x 12-in., \$2.50.

Austrian Pine—Pinus Nigra—The leaves are two in a sheath, straight and slender, from 4 to 5 inches long and of such a deep, rich green color that it is known as the "Black Pine." 2-3 ft., \$4.50; larger Trees, \$6.00-\$10.00.

Junipers

Pfitzer—The shape and the size may be readily controlled by shearing, and it is shade tolerant. Can be used on the north sides of buildings. It is a low-growing and very bushy type of Evergreen. Each, 1-1½ ft. spread, \$2.50; 1½-2 ft. spread, \$4.00.

Silver Juniper—Juniperus Scopulorum—This is a select form of striking blue foliage. Upright and symmetrical in growth. Excellent for front porch planting. The silvery foliage is magnificent as it sparkles in the sun. Each, 1½-2 ft., \$2.75; 2-3 ft., \$4.00.

Red Cedar

Juniperus Virginiana—It is a compact, pyramidal type. As Winter comes on, the tips of the new foliage present a pinkish appearance. The early Spring color is very bright green, gradually darkening during the Summer. Each, 1½-2 ft., \$2.50; 2-2½ ft., \$3.50; 3-3½ ft., \$5.00.

NOTE—All our Evergreens are shipped with a large ball of earth, securely burlapped. When received, great care must be exercised not to break this ball of earth. At planting time loosen only the top of burlap, then thoroughly pack the soil around the ball of earth, before saturating with water.

FRUIT TREES AND SMALL FRUITS

Our Fruit Trees and Small Fruits are hardy and adaptable to the Northwest and are inspected, clean and thrifty. We offer you only the varieties that we have found to be hardy in our forty-eight years' experience in Montana.

Apples

Duchess of Oldenburg—One of the hardiest and most productive of our large Apples. Fruit streaked with red (Fall variety).

Haralson—A dandy Autumn variety, originating at the Minnesota fruit breeding station. It is a sturdy, hardy grower and is resistant to fire blight. Bears handsome, red Apples early.

Hibernal—A splendid Fall variety, very hardy. A really good Apple for exposed situation.

McIntosh Red—Well known, sweet red.

Yellow Transparent—Earliest, of splendid quality. Fruit light yellow.

Jonathan—One of the best Apples in regards to flavor in America. Deep red, winter variety.

Red Astrachan—A large crimson Summer Apple.

Prices of Apple Trees—Each, strong, 4 feet and up, \$1.10; 3 for \$3.10; 6 for \$6.00. Larger specimens \$1.50 and up.

Crab Apples

Hyslop—Fruit medium to large, yellow ground with heavy shadings of deep crimson. Flesh firm, yellow and astringent.

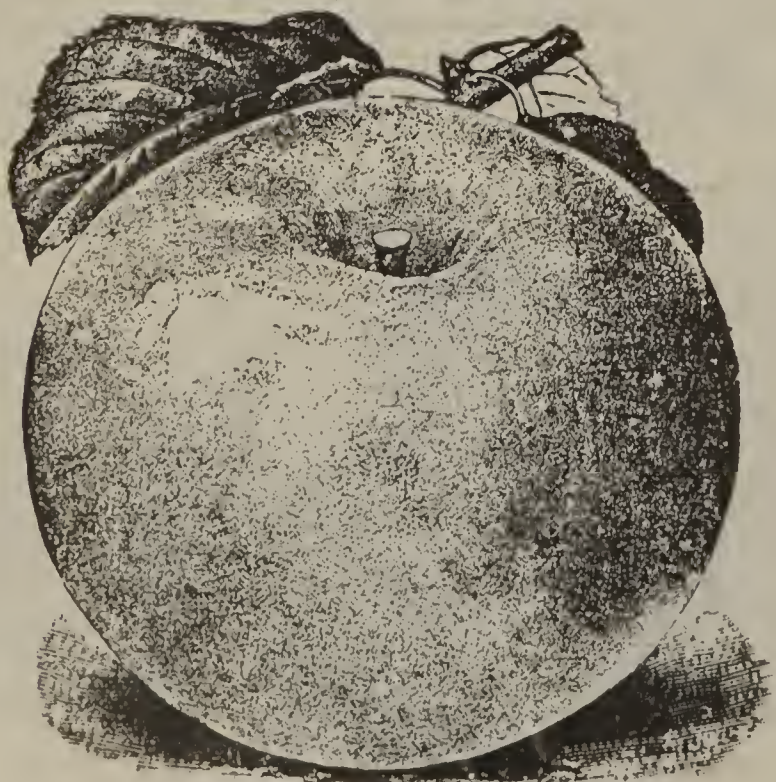

Florence—A crab of high quality for Montana.

Whitney—Bears quantities of very large fruit. Good both for eating and cooking. Very hardy.

Transcendent—Very productive; fruit yellow with red cheek. The variety generally used for jelly.

Prices of Crab Apple Trees—Each, 4 feet and up, \$1.10; 3 for \$3.10; 6 for \$6.00.

Larger Apple Trees of any of the above \$1.50 to \$4.00)

Wealthy Apple

Sour Cherries

Early Richmond—A splendid variety in dark red.
Montmorency—A good, hardy, red variety.

Prices of Sour Cherry Trees—Each, 3½ feet and up, \$1.00; 3 for \$2.75; 6 for \$5.25.

Hardy Hybrid Bush Types

Rocky Mountain Cherry—A distinct, Hardy Shrub, and its load of white blossoms in Spring is followed by quantities of black fruit that ripens into fruit valuable for preserving; one or more should be in every garden. Each, 18-24 in., 35c; 3 for 90c. Each, 2-3 ft., 75c; 3 for \$2.00.

Oka—Another hardy hybrid—thrives wherever any fruit will grow—a favorite in Canada. Black skin, red flesh. Bears well in second year. Tree of bushy habit and yields well. Each, 3-4 ft., \$1.00; 3 for \$2.60; 6 for \$4.50.

Compass Cherry—A cross between a Cherry and a Plum. It is very hardy and will thrive where many other trees will hardly grow. In the Spring it is covered with a dense mass of blossoms. It bears enormous quantities of fruit, ripening late in the season, which is fine for jelly-making. Each, 3-4 feet, \$1.00; 3 for \$2.75.

Chokecherry

This native Tree may be trained to a bush or tree form. It produces an abundance of fruit and it is becoming most popular for ornamental use on the landscape. Each, 3-4 feet, 50c; 3 for \$1.35. Larger sizes, 75c, \$1.00, \$1.50 and \$2.00.

Plums

For fruit and ornament, Plum Trees stand in the first rank. The Plums we offer are the best for Montana and the Northwest

Bradshaw—A fine, large, dark red Plum with green flesh and very juicy, and of the finest quality.

De Soto—Large oval, light yellow and red, sometimes mottled; juicy, good quality. An early and regular bearer, producing large crops.

Opata—A cross between Sandcherry and Gold Plum. Fruit dark red with blue bloom, flesh green. A flavor. We have an exceptionally fine stock of extra size on this splendid Plum.

Underwood—Very hardy and very prolific. Fruit large, red, juicy, good quality. An early and regular bearer. Quality excellent. One of the best Plums for cold climates.

Waneta—The most delicious of all Plums. Extra large size, two inches in diameter. Hardy anywhere in the Northern States.

Prices of Plum Trees, 3½ feet and up, each, \$1.10; 3 for \$3.10; 6 for \$6.00. Larger trees \$1.50 and \$2.00.

Pears

Kieffer—Probably the hardiest of all pears; not especially good table fruit but excellent for canning. Price, each, 4 feet, \$1.25; 3 for \$3.50.

Gooseberries

Gooseberries grow and fruit exceptionally well in Montana, and should be more generally grown.

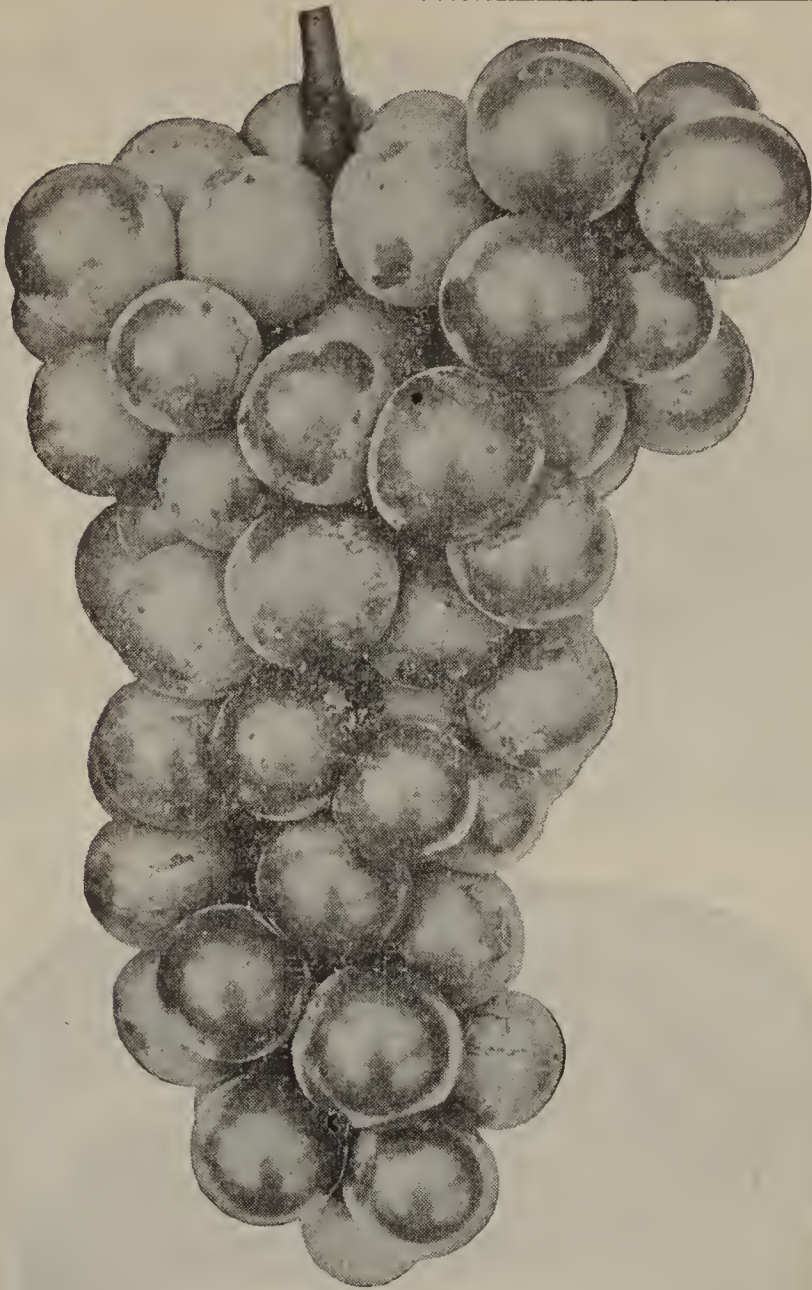

Oregon Champion—A splendid green variety, hardy, of good size and flavor. This variety is more generally grown on the Oregon fruit farms than any other for market purposes.

Josselyn—This is a fine, hardy berry. The fruit is exceptionally large and of excellent flavor and quality. This has proven to be the most popular berry of recent years.

Price of Gooseberries—Strong, 2-year-old bushes, each, 35c; 3 for 95c; 6 for \$2.75.

Perfection Currants

New Caco Red Grape

Grapes

Caco—This new variety is the best hardy red grape. Fruit is large, juicy and delicious. Vines bear young and are very vigorous. Each, 35c; 5 for \$1.50; 10 for \$2.75.

Beta—A hardy, northern hybrid, deep purple in color, medium size, and considered one of the best varieties for jelly and similar uses. Two-year-old vines. Each, 30c; 5 for \$1.05; doz., \$2.25.

Concord—A most popular, very hardy, vigorous and productive variety. Two-year-old vines. Each, 30c; 3 for 75c; doz., \$2.50.

Currants

Currants are hardy, very prolific and their qualities for jelly making appeal to every housewife. Our stocks are good—in the best possible condition.

Perfection—This is perhaps the best variety of Red Currant that was ever introduced. It is a prolific yielder, with a rich sub-acid flavor. The fruit is very pulpy and contains but very few seeds.

Red Cherry—Very productive, color a bright red, in profuse clusters. Large fruit, fine for jelly making.

White Grape—The best white variety, of very bushy habit of growth, yielding large quantities of large, white fruit.

PRICES OF CURRANT BUSHES
2-year, No. 2, each, 35c; 6 for \$1.50; 2-year, No. 1, 45c; 6 for \$2.10.

Our Special Backyard Fruit Offer

- 1 Wealthy Apple Tree, 4 feet
- 1 Rocky Mountain Cherry, 2 feet
- 1 De Soto Plum, 3½ feet
- 1 Compass Cherry, 3-4 feet

Gooseberries
Oregon Champion

Peerless Mastodons

Hardy Everbearing Strawberries

Mastodon—A fine, new berry that has proved to be a wonder. The berries are large and are borne in great profusion. The plants are resistant to disease and are strong, vigorous growers.

PRICES OF MASTODON STRAWBERRY PLANTS

25 Plants	\$.55
50 Plants90
100 Plants	1.50
500 Plants	6.00

Gem—The New Gem is the most outstanding introduction since Mastodon and its many fine qualities will soon make it the leading market variety of Everbearers.

Gem has every other Everbearer beaten for quality and flavor. The fruit is well shaped and uniformly large. It is sparkling red in color, rich, and about the sweetest berry we have tasted. Unsurpassed for keeping qualities and the firmness of the fruit will permit its being handled for long-distance shipping, even during hot weather.

Prices of Gem Plants—25 Plants, 65c; 50 Plants, \$1.00; 100 Plants, \$1.70; 500 Plants, \$6.50. Prepaid.

Latham Red Raspberries

Hardy Raspberries

Latham—A large, dark red berry which has proven to be ideal for the Northwest. It is a hardy, vigorous grower, a heavy yielder, and a good keeper and shipper. It combines all the good qualities asked for in a Raspberry. **Price, 6 for 40c; 12 for 70c; 25 for \$1.15.**

Chief—An offspring of Latham. It has all the disease resisting qualities of its parent. Its extreme hardiness and resistance to disease make it a robust grower and a heavy bearer. Chief ripens 10 to 12 days ahead of Latham, placing it on the market with the benefit of early high prices. Fine flavor and an excellent canner. The fruit is dark red, of good size and an excellent shipper. **Price—6 for 45c; 12 for 75c; 25 for \$1.25.**

St. Regis Everbearing—Known as the Everbearing Raspberry because of its long season. Berries large and a bright crimson; a prolific yielder and a fine, adaptable variety. **Per doz., 75c; 25 for \$1.25.**

Blackberries

Gregg—The best of the black Raspberries, and a splendid yielder. This is the variety of black Raspberry generally grown for market purposes. **Price—Per doz., 85c; 25 for \$1.40.**

WINTER PROTECTION

After the first freeze and when the plants are free of leaves throw a covering of coarse straw around the canes or lightly earth-up with soil.

Germaco
Hotkaps

For Hotkap Prices See Back Section of Year Book

"A BARREL OF GEMS"

IN YOUR BACK YARD OR EVEN ON THE BACK PORCH

Grow these fine everbearing strawberries in a barrel. Fifty plants can be planted in a common sugar barrel, or even an old potato barrel. Bore two-inch holes in the side of the barrel and fill barrel with some good soil. Then set the plants in these holes, and 10 plants can be set on top. Keep well watered. Be sure to bore a few holes in the bottom for drainage. Barrel can be kept in the back yard or even on the back porch. This saves space and you can have berries for breakfast twice a week.

No weeds, no cultivation necessary. Keep runners pinched off. Just the thing for folks in town with less yardroom.

50 Gem Everbearing Plants—Enough for a Barrel—Only \$1.00
Postpaid

Strawberries from
Seed

New Runnerless
Strawberries

Baron Solemacher—This wonderful novelty has the largest berries obtainable from seed in this strain. The plant does not have runners; flowers within eight weeks after sowing and produces great quantities of fruit throughout the season. Flavor and aroma make it ideal for pots or garden. **Pkt., 25c; 3 for 65c.**

Vegetable Plants and Garden Roots

One of Our 3-inch Pot Tomato Plants

strong three-inch pot-grown plants which start bearing two to three weeks before the transplants and also the strong transplants, all carefully hardened off.

NEW EARLY "HARKNESS" For the Cold Northwest

Received the 1938 All-America Award of Merit; also the Canadian Award of Merit. Without doubt the most sensational new medium red, earliest noncracking type. We offer a limited supply of strong plants from pots: 3 for 50c; 6 for 85c; 12 for \$1.50.

Bison—A fine, early, self-pruning sort developed by Prof. Yeager. Fruit smooth, solid; medium red. Do not prune Bison Plants. Price—Potted Plants, 6 for 65c; 12 for \$1.25.

Our Selected Standard Tomatoes

New Penn State—Received Award of Merit for 1936. Medium sized, globular tomato of rich scarlet color, fine quality, small core and a few seeds. Adapted to both market and home use.

Scarlet Dawn—1935 All-America Winner. Fruit is medium large, red, with thick wall structure. Very desirable for the home garden, shipping and canning.

Break-O-Day—A fine, early sort, producing large, meaty smooth globular red fruits. It is resistant to fusarium wilt of vines.

John Baer—One of the earliest varieties for Montana, of splendid color and flavor. A heavy yielder and good-sized fruit.

Bonny Best—Another good early red.

Earliana—Fruit large, red.

Marglobe—A deep scarlet variety introduced by the U. S. D. A. It is noted for its great productivity.

Prices of standard varieties: Strong plants from 3-inch pots, doz., \$1.00; 6 for 55c. Strong transplants, doz., 45c; 50 for \$1.40; 100 for \$2.40.

Tomato Trails in Our Nursery

Asparagus Roots

Asparagus is very easily grown, and a bed when once established will more than repay any housewife who loves to have this delightful vegetable for her table in the early Spring, and also for canning for Winter use.

Washington Rust Resistant—A new variety, above all others in size, vigor, quality and tenderness. Prices—Doz., 1-yr.-old, 35c; 100, \$1.75; 2-yr.-old, doz., 50c; 50 \$1.50; 100, \$2.75.

For the home garden plant Asparagus Roots 18 inches apart in rows $2\frac{1}{4}$ feet apart, 100 roots for a patch 20 x 20 feet.

Tomato Plants

Our list of Tomato Plants is made up of adaptable varieties for Montana and the Northwest. They have been tested and tried in our testing grounds and the plants are from this select seed. We are offering

Bison Tomato

Horse Radish

Strong, Vigorous Roots of this popular spicy relish. 3 for 35c; doz., \$1.00.

Mint

Spear—For mint sauce and flavoring. Fine, hardy, high quality. Plants from 3-inch pots. 3 for 50c.

Parsley

A valuable herb used for seasoning and garnishing. 3 for 35c; 6 for 55c.

Chives or Snittlauch

Small, hardy perennial plants, resembling the onion in appearance and growing in clusters. They are grown for the young leaves, which give a mild onion flavor to sausages, salads, etc. Clump, 25c; 3 for 65c; 6 for \$1.00.

Pepper

(Ready about May 20th)

Large Bell or Bull Nose—The variety for Montana. Large, early variety. Flesh is thick, of a mild flavor and desirable for filling.

Cayenne Long Red—The real hot kind.

Harris' Earliest—The earliest Pepper in cultivation. Splendidly adapted to the Northwest.

Pimento—The mildest flavored of all Peppers. Grown extensively for pimentos, pickles, etc.

Prices of any of the above four varieties: Per doz., 50c; 25 for 85c; 50 for \$1.50.

Rhubarb or Pieplant

33 to 100 feet of row—5,000 to acre— $4\frac{1}{2}$ x 2 feet.

Plant in a deeply cultivated and well manured soil. Our VICTORIA strain is not surpassed by any for its fine grain, its early propensity and delicious flavor.

Our Victorian Strain—Large, red stems. Each, 2-yr.-old, 30c; 6 for \$1.00; doz., \$1.85.

Sage

A valuable herb used for seasoning. Strong plants from pots, each, 25c; 3 for 65c.

Our Victorian Rhubarb

OUR VEGETABLE PLANTS ARE ALL PREPAID

Cabbage Plants

Our Cabbage Plants are grown in cold frames and are carefully hardened off. Should the season be normal we shall be ready to ship by May 1st; if it is late we shall ship accordingly. We offer only varieties which have proven the best in vigor, quality and weight.

Our Cabbage Plants can be successfully planted up to the middle of June.

Early Varieties

Ready About May 1st to June 15th

Copenhagen Market—Early round head, vigorous grower and yielder.
Early Jersey Wakefield—Early pointed heads, uniformly hard and solid.
Earliest of All—This is the earliest Cabbage in cultivation. It has good size and a wonderful flavor, very productive and tender. Round head.

Late Varieties

Large Late Flat Dutch—A low-growing variety, heads large bluish green, round, solid, flat on top; an excellent Winter variety.
Hollander or Danish Ballhead—A compact grower, exceedingly hardy in resisting cold or dry weather, heads round and very solid. Winter variety.

Books That Tell You How—"Make Practical Gifts"

PLANT NAMES
By T. S. Lindsay

If jaw-breaking plant names puzzle you, this little book will make the system and the reasons clear. It tells how plants are named, why they are named as they are, and just what each work form, prefix or suffix means. 99 pages.—\$1.00.

THE OUTDOOR LIVING ROOM
By L. W. Ramsey, and Charles H. Lawrence

Pictures and text show how home owners everywhere may enjoy the benefits of an outdoor garden room, designed for living and for the enjoyment of the family and friends. This book tells just how to make such a room to be livable, artistically correct, and delightful. Profusely illustrated with photographs and drawings; frontispiece in color. Cloth, 8vo.—\$2.50.

THE GARDENER, by L. H. Bailey

Beginning with A and running through to Z, this book lists and tells how to plant and care for all the common flowers, vegetables, and fruits from the time they are planted through to maturity. 116 illustrations; 260 pages.—\$2.00.

THE HOME VEGETABLE GARDEN
By E. M. Freeman

A book which shows how to grow fresh, crisp vegetables in your own garden and cut down on the grocer's bills. Full of practical details for laying out the garden, planting and growing vegetables successfully; 8 illustrations, 214 pages.—\$1.75.

PERENNIAL GARDENS, by H. S. Ortloff

Following the simple directions in this book insures a perennial garden crowded with bloom, in which the colors make a perfectly blended picture; 90 pages.—\$1.25.

THE HOME GARDEN HANDBOOKS
By F. F. Rockwell

A series of pocket-size books, now nine in number, that it is a pleasure for us to recommend because each volume covers its ground so well and concisely. Each volume has from 30 to 70 illustrations and contains about 90 pages. Strong cloth binding, four-color jackets. Price, \$1.25 per volume. The titles now published are:

- | | | |
|---------------------|------------------|-------------------|
| Rock Gardens | Gladiolus | Evergreens |
| Dahlias | Roses | Shrubs |
| Irises | Peonies | Lawns |

HERBS AND HERB GARDENING
By Eleanor Sinclair Rhode

In this new book, Miss Rhode discusses the making of a herb garden and the value of the colorful herbs in a flower garden. Special chapters are devoted to six major types of herbs. Kitchen and salad herbs and herbs used in medicine and magic are also given their due. Advice on the lay-out of the herb garden forms the meat of an important closing chapter.—\$3.00.

THE MUSHROOM HANDBOOK
By Louis C. C. Krieger

This is the most complete book on the subject yet published. It is an exhaustive hand-book describing and identifying mushrooms, and illustrated with many color plates executed by the author, one of the foremost authorities on mycology in the United States. It contains 32 color plates and more than 100 illustrations in black and white. There are brief instructions for growing mushrooms, chapters on their life history, and notes on seasonal occurrence and temperature requirements. 512 pages, 158 illustrations, 5½ x 7¾ inches.—\$3.50.

Cut Flowers Sent Anywhere

Our Cut Flower Department is one of the most complete and fully equipped in the country. Our large greenhouse plant, consisting of fifty-five greenhouses supplies a complete variety of blooms.

We have competent florists and designers in charge of the work and every care in packing is taken so that the flowers reach you in perfect condition, no matter what the distance.

Write, phone or telegraph your order. It will get our immediate attention and we will guarantee satisfaction. Day Phones 2670 and 2671. Night Phones 1457-J, 068-R-2, 068-J-2.

FLOWERS BY TELEGRAPH

As members of the Florists' Telegraph Delivery Association, we can deliver flowers anywhere in the United States, and Canada, and to many points in Europe, on short notice. There is no additional charge for this service, except the cost of the telegram. You can save the cost of a telegram if there is time to write.

Floral Designs and Emblems—Funeral Flowers

On short notice we can prepare any design or emblem desired. Our large extent of greenhouses gives us ample stock from which to choose, which, with competent florists, gives you an artistically arranged selection that cannot be excelled.

Funeral Sprays (all arranged with a good foundation of green) from \$2.00 up.

Wreaths.....\$5.00 and up **Pillows**.....\$7.50 and up
(Express Extra)

Emblems of Fraternal Organizations

We can make up any lodge emblem; also any for whatever occasion may arise. Prices range from \$5.00 to \$25.00. We guarantee you satisfaction on the finished product.

Prepared Foliage Wreaths For Cemetery

Very satisfactory, long lasting, a large number being sold for this purpose at Christmas and Memorial Day. Made of prepared foliage and artificial flowers.

PRICES—\$2.00, \$2.50, \$3.00, \$4.00 and \$5.00 (Prepaid).

SPECIAL BOXES OF CUT FLOWERS—\$2.00 AND UP

We take great pride in our Box Assortments of freshly cut flowers and in this particular specialty every box will be found to contain choice seasonable flowers of the highest grade, all packed artistically and sent ANYWHERE EXPRESS PREPAID, with your card enclosed.

More of Our Seed Trials

Mr. John Coulter standing by his masterful display of vegetables, writes us, Nov. 19, 1937: I am pleased to tell you I have won the best collection of vegetables at the North Montana State Fair for the third year. All vegetables were grown from your Peerless seeds. Sincerely,
John Coulter.

BUILD UP YOUR SOIL Inoculate Your Legumes with NITRAGIN

Make the most of your seed, soil and labor. Don't let legumes rob your soil—be sure they are soil builders!

Remember legumes NOT Inoculated are "SOIL ROBBERS" but legumes WELL Inoculated are "SOIL BUILDERS." Play Safe!

INOCULATE WITH NITRAGIN

NITRAGIN is an approved, moist soil culture—tested and guaranteed—easy to apply—packed with Billions of fresh bacteria—the cheapest legume crop insurance money can buy. Direction on every can.

With New Low Prices in 1938, you can afford to inoculate all your legumes with Nitragin

NITRAGIN — the Oldest and Most Widely Used Inoculator in America

Dubay Seed Disinfectants

INCREASE CROP PROFITS—REDUCE DISEASE LOSSES

NEW IMPROVED CERESAN—For Wheat, Oats, Barley, Flax, Millet, Peas, Sorghums, etc.

New Improved Ceresan, 5%, is unusually effective for controlling bunt or stinking smut of wheat, and seedling blight caused by seed-borne scab. It costs but 1 7/8 to 2 1/3 cents a bushel of seed as only 1/2 ounce of dust is used. It is easily and quickly applied. One pound treats 32 bushels.

It increases wheat profits by reducing losses from smut. **Prices:** 1 lb., 70c; 5 lbs., \$3.00; 25-lb. pail, \$12.75.

TREAT BEFORE PLANTING WITH

SEMESAN

FOR DISEASE PROTECTION

FOR FLOWER AND VEGETABLE SEEDS, GLADIOLUS BULBS, ETC.

Semesan may be applied in dust or liquid form to the seed, bulbs and corns, before planting. It is harmless to the seed, but deadly to disease organisms. Semesan is ridiculously low in cost, from 1/4c to 1c per pound of seed. One ounce treats 15 pounds of seed. Effective in controlling damping off, hard rot, scab, etc. **Prices:** 2 oz., 35c; 1 lb., \$2.25; 5 lbs., \$9.90.

IMPROVED SEMESAN BEL—For Potatoes

Improved Semesan Bel gave an increased yield of 35.4 bushels an acre by controlling seed-borne scab and rhizoctonia, reducing seed rotting and improving the stands. This quick dip has cut treating costs to 1 1/2c to 3c per bushel of seed and gives better control of seed-borne rhizoctonia and scab than the old soak treatments. One pound treats 60-80 bushels. **Prices:** 4 oz., 45c; 1 lb., \$1.50; 5 lbs., \$6.75; 25 lbs., \$31.00.

SEMESAN JR.—For Field and Sweet Corn

Four bushels more corn can be expected by any farmer that treats seed corn. Experiment Station tests show. Field or sweet corn seed dusted with Semesan, Jr., is protected from the destructive Diplodia, Gibberella and Basiporium root rots carried by the seed and from rotting in cold, wet soil, consequently better germination, stands, and yields of improved quality are obtained. Use 2 ounces per bushel. Costs 1 1/5c to 2c an acre. **Prices:** 4-oz., tin, 30c; 1-lb. tin, 75c; 5-lb. tin, \$3.25; 25-lb. pail, \$14.00.

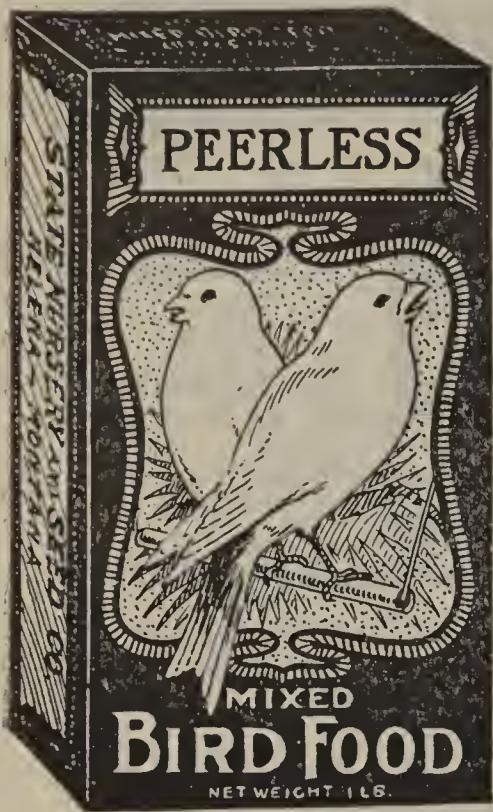

FREE—Booklets on all Dubay Products on Request

NOTICE—Sold only in sizes stated above. If wanted by mail, add postage.

DR. WILSON'S DUST AND SPRAY MASK

Don't breathe poisonous and irritating dust and spray. Dr. Wilson's Mask protects the throat and lungs. Whenever you have to work with dust or sprays wear this efficient health protector. Highly recommended. **Price, \$2.00 postpaid. Extra filters, 10 for 25c, postpaid.**

Bird Seed, Foods, Medicines, Etc.

S. N. & S. CO'S. PEERLESS BIRD SEED MIXTURE

Has become famous for its superior quality. We use nothing but the freshest, high-grade seed, free from mustiness and dust. This mixture will keep the birds in song and in good health. Put up in 8-oz. lithographed cartons with cuttlebone—10c, postpaid, 16c.

5 lbs., \$1.00, postpaid, \$1.14.

PRATT'S KIBBIES DOG FOOD

Complete, balanced nourishment of Pratt's Kibbies permits them to be fed alone and dry just as they come from the container. Pratt's Kibbies make a tasty meal when fed with nothing but an equal volume of water.

Suitable table scraps, gravies, soups, water, biscuits, milk, etc., can all be mixed and fed with Kibbies.

There is more solid animal protein in a pound of Pratt's Kibbies than there is in a pound of canned meat food. Giving your dogs their basic diet in this concentrated, no-waste form, will materially cut down your dog food bills.

1 lb., 15c, postpaid, 25c; 2 lbs., 25c, postpaid, 36c; 5 lbs., 55c, postpaid, 70c. By express or freight, 25 lbs., \$2.25; 50 lbs., \$4.00; 100 lbs., \$7.50 f.o.b. Helena.

THE POOCH BAR

The most convenient and attractive pet feeding dish for use in the home. The two durable white vitrock bowls provide for both food and water. They are easily removed for cleaning. The bar rests on suction cups attached to the legs and a slight pressure on each end securely fastens it to any smooth surface.

The beautiful, lasting baked finish, in attractive colors fo Red or Green permits the Pooch Bar to harmonize with a variety of surroundings. The Pooch Bar is the best feeding table on the market. Saves food and water. Try one and you will never regret it.

Price, \$1.35, postpaid, \$1.50.

SPRATT'S FIBO

A highly nourishing granulated food for all breeds, especially puppies, ailing dogs and as a change in diet for all dogs. Also cats.

1 lb., 20c, postpaid, 30c; 3 lbs., 50c, postpaid, 65c; 10 lbs., \$1.55, postpaid, \$1.85. By express or freight, 25 lbs., \$3.75 f.o.b. Helena.

PRATT'S POULTRY AND ANIMAL REMEDIES

We Recommend Them as the Best That Money Can Buy. Try Them.

PRATT'S CHICK TABLETS (Formerly Called Diarrhea Tablets)

"The Baby Chick Life Saver"

Pratt's Chick Tablets in the drinking water kills the **specific** organism which causes white diarrhea and saves the hatch. Use as a preventive when hens are laying, because it will prevent this deadly organism from developing in the egg. Price, 30c; postpaid, 32c; large size, 60c, postpaid, 63c.

PRATT'S R-P TABLETS (Formerly Called Roup Tablets)

"Prevents Colds"

A wonderful remedy used in every civilized country because it cures. For fowls that sneeze, gasp and wheeze, also for those having a watery discharge from the nostrils and eyes. Prevents colds. Excellent for turkeys.

Prices, 25c, postpaid, 28c; medium size, 50c, postpaid 56c; large size, \$1.00, postpaid \$1.10.

PRATT'S S-H (Sodium Hypochlorite Solution) (Not a Poison)

Stops the spread of infectious poultry diseases such as Bacillary White Diarrhea, Coccidiosis, Roup, Bowel Cholera and others. Pratt's S-H (Sodium Hypochlorite Solution) is instant death to disease germs.

Give it to the flock in their drinking water. Use it to disinfect eggs to be hatched, brooders, incubators, etc. Valuable in treating many diseases. Full instructions with every package.

S-H also has many uses on dairy farms, commercial plants making dairy products, institutions, household, and fox and rabbit farms.

Prices—10-oz. bottle, 50c, postpaid, 63c; quart, 90c, postpaid, \$1.07; by express or freight, gal., \$2.00.

PRATT'S LICE KILLER POWDER

No Lice—More Eggs

The world's champion lice killer powder for poultry, hogs, cattle, rabbits and pets.

Price—14-oz., 30c, postpaid, 41c; 2 lbs., 60c, postpaid, 73c.

B-K—SEE PRATT'S S-H

PRATT'S ROOST PAINT

"Kills Poultry Lice and Mites"

A new, improved, nicotine sulphate formula—will kill lice and mites and start your flock toward profits. It makes it easy, convenient and inexpensive to delouse every bird. You merely paint the roost and a small can goes a long ways.

Lice and mites die over night while your flock rests in undisturbed sleep.

Now you can afford to delouse your birds. The low costs and efficiency of Pratt's Roost Paint makes it true economy—"just paint the roost."

½-pint, 85c, postpaid, 95c; pint, \$1.50, postpaid, \$1.63; quart, \$2.25, postpaid, \$2.32; by express or freight, gallon, \$7.00.

PRATT'S PIK-NO-MOR

Stops cannibalism, toe, vent and back picking in fowls of all ages.

Only necessary to apply the ointment to a few birds in the flock, to break up this vicious habit.

Small jar, 25c, postpaid, 33c; large jar, 50c, postpaid, 60c.

PRATT'S POULTRY REGULATOR

"Helps Hens Lay"

A perfect, natural food for laying hens. Makes more eggs from the same feed and keeps layers in the pink of condition through even the heavy production strain. Its mineral and vegetable tonic content is not found in feeds, yet they are necessary for heaviest egg production. Contains all the necessary elements in accurate and scientific proportions that hens need for egg making. Builds vitality and stimulates egg production. Used by the most successful poultry raisers everywhere. Perfectly pure and free from harmful substance.

Price: 4 lbs., 65c, postpaid, 80c; 12½-lb. sack, \$1.75, postpaid, \$2.06. By express or freight, 25-lb. pail, \$3.25; 100-lb., sack, \$10.25.

PRATT'S N-K CAPSULES

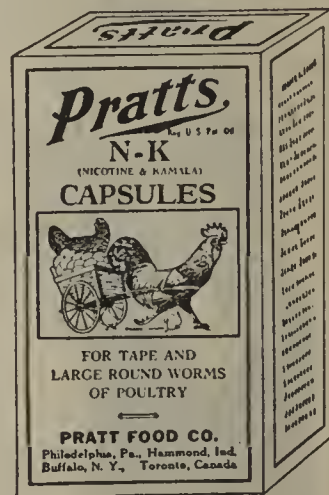

"For Worming Poultry"

Pratt's N-K Capsules (Nicotine and Kamala) can't fail to get the worms. Each tablet consists of the proper dose of nicotine and kamala encased in a special airtight coating. Authorities are agreed that these ingredients are the most effective known and will give positive results.

There is no simpler, safer, surer or more practical way to treat a bird for worms than by the use of Pratt's N-K Capsules. The advantages of individual treatment of poultry for worms lie in the fact that this method permits giving each fowl a definite, positive and proper dose. The results are sure and prompt.

ADULT SIZE—Over 3 lbs., 50 capsules, 85c, postpaid, 90c; 100 capsules, \$1.50, postpaid, \$1.59; 500 capsules, \$5.50, postpaid, \$5.60; 1,000 capsules, \$10.00, postpaid, \$10.25.

CHICK SIZE—For chicks and small pullets, under 3 lbs., 50 capsules, 55c, postpaid, 63c; 100 capsules, \$1.00, postpaid, \$1.05; 500 capsules, \$3.75, postpaid, \$3.94; 1,000 capsules, \$6.50, postpaid, \$6.75.

PRATT'S POULTRY WORM POWDER

"Powerful—Efficient"

This is the product to use for worming an entire flock at one time. Pratt's Poultry Worm Powder gets Round Worms, Tape Worms, and other Intestinal Worms of poultry and turkeys. One chicken saved will pay for sufficient powder to treat a large flock. Powerful, efficient, easy to use. Blackhead is usually caused from worms.

100 Hen size, 75c, postpaid, 86c; 500 hen size, \$2.50, postpaid, \$2.63; 1,000 hen size, \$4.50, postpaid \$4.65.

PRATT'S POULTRY INHALANT

"Gives Better Control of Colds—Just Spray"

Knocks colds in poultry. A modern flock treatment. Just spray it in the poultry house, while birds are on the roosts. The fumes and mist are inhaled to infected respiratory passages. Aids in healing inflamed membranes. "Just spray."

Price, 1 pint, 60c, postpaid, 71c; 1 quart, \$1.00, postpaid, \$1.15; 1 gal., by express, \$3.00.

PRATT'S SCALY LEG OINTMENT

Scaly leg is contagious, and while not fatal, is injurious to the bird and its sale value. Is guaranteed to cure. Also excellent as a dressing for the feet and legs of show birds, increasing their "point" value.

Price, 30c, postpaid, 35c.

PRATT'S

POULTRY AND ANIMAL REMEDIES

We Recommend Them as the Best That Money Can Buy. Try Them.

PRATT'S DISINFECTANT

"Considered the Best on the Market"

A standard coal-tar solution four times stronger than carbolic acid as a germ killer. A quick, effective germicide, insecticide, and deodorant. Effective in stables, barns, poultry houses and yards and for pets. Its pleasing, clean odor makes it admirable for household use. Considered the best disinfectant on the market today. Price, quart, 65c, postpaid, 82c; by express or freight, 1/2-gal., \$1.00; gal., \$1.75.

PRATT'S FLY CHASER

Overcomes Foul Odors, Does Not Taint Milk, Gum or Discolor Hair or Irritate Skin

Why let your animals suffer needless torment from flies? Food energy used to fight flies is wasted as far as milk production is concerned. Horses, too, will do more work when relieved from fighting flies. Fly Chaser does not injure hair or animal when used as directed. Fly Chaser should be used in every stable, and every barn.

Price, 1/2-gal., 90c; 1 gal., \$1.50
By express or freight only.

PRATT'S HEALING OINTMENT

Apply Pratt's Healing Ointment to sores, cuts, scratches, wounds, burns, barbwire cuts. Skin eruption, eczema and itching are quickly cured. Corns, harness and saddle galls disappear in short order. Have this ointment handy at all times.

Price, 30c, postpaid, 33c.

LEEMULSION

Diseases of the air passages are dangerous and expensive. They spread rapidly through a flock. When birds have colds, sneeze or cough, wheeze or gasp, act quickly. Give them either Leemulsion in soaked grain or mash, or spray them several times a day with Pratt's Inhalant. In severe cases it is advisable to use both.

Prices—12-oz., \$1.00, postpaid, \$1.10; 32-oz., \$2.00, postpaid, \$2.16.

GENUINE CEL-O-GLASS

VIO-RAY WINDOW FABRIC

Commonly Called Glass Cloth

SEE PAGE 104

PRATT'S ANIMAL REGULATOR

"A Wonderful Conditioner and Stock Tonic" For Horses, Sheep, Cattle, Hogs

Builds up health and vigor of livestock. A wonderful conditioner and stock tonic. Stimulates health and quick growth of young. Helps hard working animals to thrive and stay in the pink of condition under the heaviest working schedule. Pratt's Animal Regulator is a combination of vegetables and minerals not found in feeds but which sharpens the appetite, improves the digestion, regulates elimination and builds up health, growth and energy—all at very little cost.

Price—Large pkg., 60c, postpaid, 73c; 7-lb. pkg., \$1.20, postpaid, \$1.43. By express or freight, 25-lb. pail, \$3.25.

PRATT'S COW TONIC

Increases milk flow and makes it rich in butterfat. Enables the cow to turn more of the feed into milk and keep up the full flow for a longer period. A positive remedy for scours. A wonderful all-around tonic.

Price—2 lbs., 65c, postpaid, 77c; 2—2-lb. cans, \$1.20, postpaid, \$1.30.

PRATT'S BAG OINTMENT

The New Improved Bag Ointment — Relieves milking trouble due to caked bag, sore teats, bunches and inflammation. Penetrating, soothing.

Large can, 60c, postpaid, 71c.

RED MITE SPECIAL—(See Pratt's Roost Paint, Page 101.)

HAND SPRAYERS—For Spraying Disinfectant, etc. (See Page 111.)

ACME POULTRY DELOUSER

Vio-Ray Window Fabric

Commonly Called "Glass Cloth"

A strong fabric treated by a patented process to make it weatherproof and waterproof. It costs much less than glass and for many purposes is superior. Anyone can put it up. It comes in rolls 39 inches wide and any length.

Per square yard, 26c; 10 yards at 25c; 25-yard rolls at 24c; 50-yard rolls at 23c; 100-yard rolls at 22c, postpaid.

IMPROVED MASCOT EGG SCALE

It is the only Scale equipped with double graduation. It shows instantly the exact weight of the egg as well as the weight per dozen. Dial graduated in half ounces—16 to 32 ounces per dozen eggs and from 1½ to 2½ ounces per egg. The Mascot conforms to the grading laws in all sections of the country. Grade your eggs and secure the top market price. Quick and accurate. Will last a lifetime.

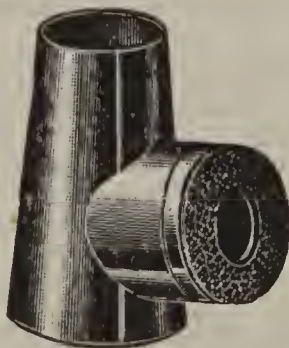

Price, \$1.40, postpaid, \$1.50.
Pamphlet on request.

EGG TESTER

For candling eggs; also to test the fertility of the eggs. Used with any light in a dark room.

It will illuminate the interior of the egg and show the quality, either good or bad. For hatching it will show if the chick is alive and also show the size of air cell in the egg. The only practical method known.

Price, 25c, postpaid, 30c.

LEG BANDS FOR CHICKENS—(See Page 106)

BROODERS—(See Page 107.)

INSULATED FOUNTAINS—(See Page 105.)

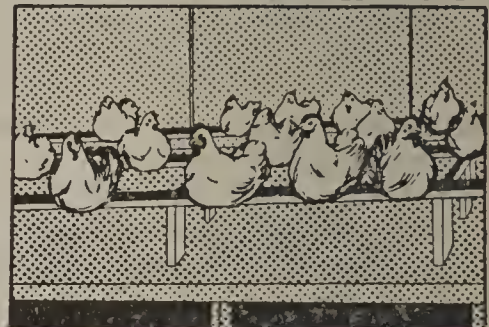

Lice and Mites Reduce Your Poultry Profit. See Lice Killer Powder and Roost Paint—Page 102.

"Black Leaf 40"

Kills Poultry Lice

When chickens perch upon roosts that have been "painted" with Black Leaf 40 the heat from their bodies causes a slow release of fumes which penetrate the feathers and kill the lice, with no discomfort to the birds. The process goes on during the night, as the birds are sleeping, and furnishes the most desirable form of poultry lice control ever known.

CARBOLA

The Disinfecting White Paint

Disinfects and paints at the Same Time—Saving Labor and Money

A white paint and disinfectant in powder form. Use instead of whitewash. Put on with a brush or sprayer. A snow-white cold water paint that will not blister, flake or peel off; 20 times stronger than carbolic acid; not poisonous. For use in chicken coops, dairies, hog pens, creameries, cellars, out-buildings, etc. Carbola can be applied to all surfaces. Endorsed by thousands of poultrymen, dairymen, and by agricultural colleges and experiment stations. Give Carbola a trial—you never will regret it.

A gallon (a pound of powder) covers 200 square feet. Full directions on every package.

LIME NEST EGG

Strong—Durable—Cheap

The Lime Nest Egg has been used by poultry raisers for many years. This egg has a smooth appearance; color, size and shape are almost an exact duplicate of a real chicken egg; will not break. 6 for 25c, postpaid, 34c; 12 for 45c, postpaid, 56c.

CHINA NEST EGGS

They induce the hen to lay where she should. With these there is no danger of getting stale eggs mixed with the fresh ones, or the hens acquiring the habit of egg eating. They are extra heavy and will not easily break. 6 for 20c, postpaid, 29c; 12 for 35c, postpaid, 45c.

AMERICAN FOUNTAIN AND FEEDER

Fits Any Mason Jar—Easy to Clean

The American Fountain and Feeder—They lock by a twist of the wrist. Price does not include jar.

1 Feeder, galvanized, 20c, postpaid, 27c; 3 feeders, galvanized, 55c, postpaid, 61c; 6 feeders, galvanized, 90c, postpaid, \$1.03.

POULTRY SUPPLIES

Made of the Best Quality Heavy Galvanized Sheet Steel, Free From Imperfections

TOP FILL—DOUBLE WALL FOUNTAINS

Drinking pans are designed to prevent chicks from getting wet and yet afford the proper amount of drinking space. Cone-shaped cover prevents roosting.

No. D2 Fountain, 2 gal., \$1.40, postpaid, \$1.60.

No. D3 Fountain, 3 gal., \$1.85, postpaid, \$2.10.

No. D5 Fountain, 5 gal., \$2.85, postpaid, \$3.10.

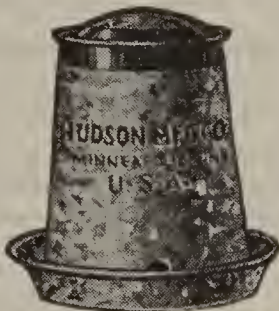

BOTTOM FILL FOUNTAIN

Made of heavy galvanized steel—two pieces, cone-shaped, easily filled and cleaned.

No. B1 Fountain, 1 qt., 25c, postpaid, 35c.

No. B2 Fountain, 2 qt., 35c, postpaid, 45c.

No. A4 Fountain, 1 gal, 45c, postpaid, 55c.

CHICK FOUNTAIN

Tank snaps securely into pan and may be carried without spilling. Cupped pan prevents chicks getting into water.

No. 01, 1 gal., 60c, postpaid, 70c.

No. 02, 2 gal., 85c, postpaid, \$1.00.

No. 03, 3 gal., \$1.00, postpaid, \$1.20.

HUDSON MASON JAR FOUNTAIN

Made from charcoal tin suitable for feeding buttermilk or medicine, jar not furnished.

No. T25, each, 10c, postpaid, 15c; 3 for 25c, postpaid, 33c.

HUDSON INSULATED FOUNTAIN

"Patented"

Water placed in the fountain at 100 degrees with outside temperature at zero will remain unfrozen for many hours; also desirable for use in hot weather as it keeps the water cool. A double purpose Fountain.

No. W3 Insulated Fountain, 3 gal., \$4.95, postpaid, \$5.25.

LAMP HEATED FOUNTAIN

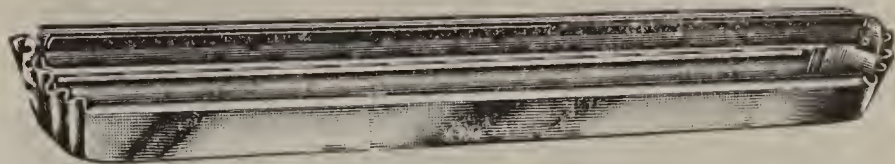

Double Wall—Vacuum Type

A lamp heated fountain for winter or summer use. Furnished with special lamp heater base. Equipped with Simplex Burner, 60-hour capacity. Fountain lifts from base for lamp attention. Special louver openings provide plenty of ventilation but prevent lamp flickering or going out. Equipped with "tilt-top" disc.

No. D5H 5 gal., \$4.50, postpaid, \$5.00.

BUTTERMILK FEEDER

New popular priced feeder for buttermilk, medicine or water. One piece formed trough with the new charcoal process. Ideal for buttermilk.

No. 224T, 24 inches long, 50c, postpaid, 60c.

"LEADS-ALL" CHICK FEEDER

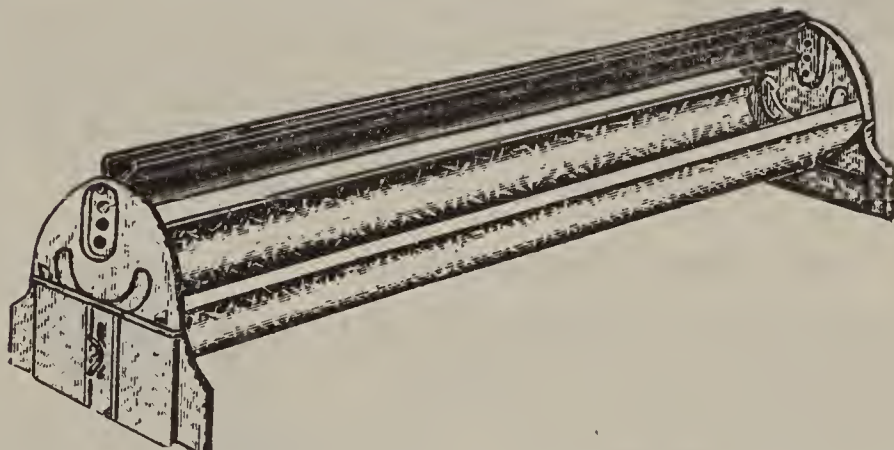

Every trough has feed saving lip curved for chick safety and feed economy. Made of one piece heavy galvanized steel. Looks like the Buttermilk Feeder above.

No. R218, 18 inches long, 22c, postpaid, 30c.

No. R224, 24 inches long, 28c, postpaid, 38c.

REEL TYPE CHICK FEEDER

"New Improved"

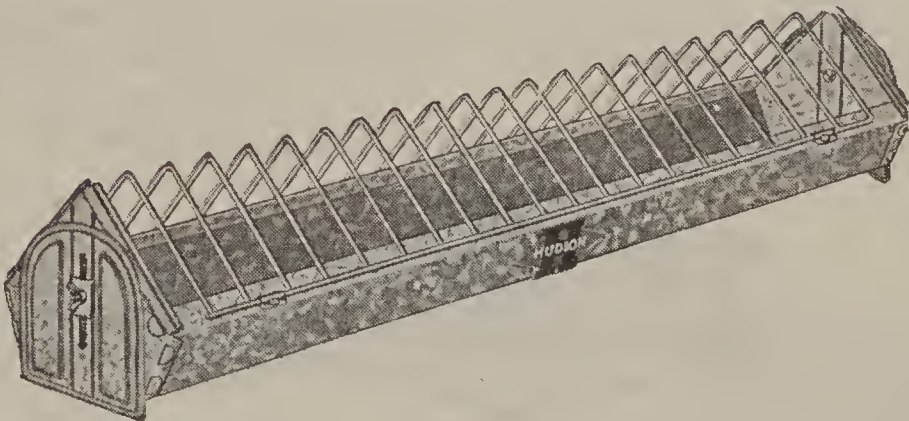

This new Feeder has turned flange which prevents waste. Reel type prevents chicks from roosting on feeder.

No. 424—24 inches long, 50c, postpaid, 60c.

No. 436—36 inches long, 65c, postpaid, 75c.

BROILER FEEDERS

This style of feeder is preferred by economical buyers because it will serve large numbers of chicks from three-week age until they are finished broilers. Accommodation for the growing birds is made simply by raising the stands as the chicks get larger. One wing nut sets the adjustment at any point up to 2 3/4 inches above floor. Galvanized steel trough is of extra large capacity. Hinged grill makes cleaning and filling easy.

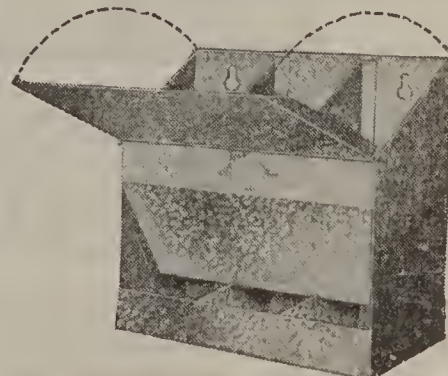

No. 730 Feeder. Length, 30 in., \$1.10, postpaid, \$1.25.

No. 748 Feeder. Length, 48 in., \$1.60, postpaid, \$1.95.

GRIT AND SHELL HOPPER

The feeding of grit, ground shells and charcoal as an essential part of the diet for laying fowls may be supplied very economically with practical inexpensive hoppers. These are also ideal feed hoppers for small chicks. Slanting hinged cover prevents roosting. Made of heavy, galvanized steel.

No. GB12—3-compartment \$1.50, postpaid, \$1.69.

POULTRY SUPPLIES

LITTLE PUTNAM STOVE

The Little Putnam Stove is used under the drinking fountains to keep the water from freezing.

The oil tank holds three pints of oil and burns three to four weeks without re-filling. The wick never needs trimming. This stove is absolutely fireproof and nonexplosive.

Price, \$1.90, postpaid, \$2.00.

Price of parts of Putnam Stove: Wick holder, 10c each; wicks, 20c dozen; tank, \$1.00; burner, 60c; top, 60c, postpaid.

RODENT EXTERMINATORS

See Page 110

SPRAYING PAYS

ACME Insecticides and Fungicides

A RELIABLE BRAND

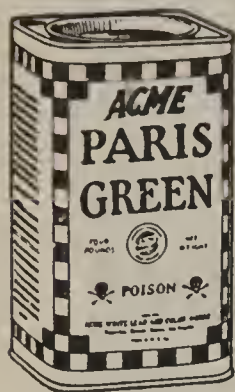

ACME PARIS GREEN

A rich emerald color and of fine fluffy physical character. Containing 55% arsenious oxide, it will give quickest control where extreme measures are necessary.

For use on: Potatoes, use 3 teaspoonfuls to gallon of water or 1 lb. to 50 gallons for potato bugs; also the mix with arsenate of lead for fruit tree spraying where quick results are necessary.

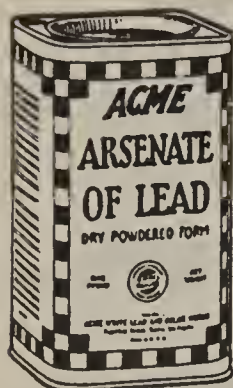

Prices— $\frac{1}{4}$ -lb., 20c, postpaid, 24c; 1 lb., 50c, postpaid, 60c. By express or freight, 5 lbs., \$2.35; 14 lbs., \$5.25. Ask for Price on Larger Quantities.

ACME ARSENATE OF LEAD

The most favored arsenical insecticide found on the American market. It is safest to use on tender foliage and sticks well on the leaves. Recommended for fruit trees, vegetables, bushes (3 teaspoonfuls to gallon of water). Can be used as dust or spray.

Prices— $\frac{1}{2}$ -lb., 20c, postpaid, 29c; 1 lb., 35c, postpaid, 45c; 4 lbs., 85c, postpaid, \$1.02; case of 24 lbs., \$4.75.

ACME GARDEN GUARD "Non-poisonous"

A garden insecticide and fungicide for use as a dust. No water, no mixing, no muss.

For use on: Cabbage, cauliflower, tomato plants, melon vines, currants and gooseberries and other vegetables, and flowers and shrubs of many kinds.

Prices—1-lb. sifter carton, 35c, postpaid, 46c; 4 lbs., 75c, postpaid, 95c; by express, 25 lbs., \$4.35.

ACME BORDEAUX MIXTURE

Prevents blight, rot, mildew, scab, anthracnose and certain other fungus diseases. Almost every kind of vegetable, fruit and shrub can be greatly improved by the early use of Bordeaux Mixture. Use 8 level tablespoonfuls to gallon of water; 5 lbs. to 50 gallons of water.

Prices—1-lb., 30c, postpaid, 41c; 4 lbs., 73c, postpaid, 92c. Ask for Price on Larger Quantities.

ACME APHIS SPRAY

An improved nicotine spray combining a soft fish oil soap with Black Leaf 40, suitable for the control of all kinds of aphids (plant lice), thrip, leaf hopper and many more hardy insects infesting rose bushes, flowers, shrubs, vines, bushes and trees. Mixes easily with any kind of water. Complete directions found with every package.

3-oz. collapsible tube, 35c, postpaid, 40c; 12-oz. tin, 95c, postpaid, \$1.05.

ACME DAWG-GONE

Protect that evergreen — keep dogs away. Remove cap and hang tube of Dawg-Gone (opening down) in the lower branches of trees at points of approach. Not necessary to place tube in every tree unless standing alone. The odor slowly emanating from

the open tube will keep dogs at a distance—replaces unsightly wire screens. Tubes, 25c, postpaid, 28c.

WRITE FOR FREE SPRAYING GUIDE.

ACME LONDON PURPLE

A favored insecticide for 50 years. Now stronger and better than ever. London Purple is one of the lightest and fluffiest powdered insecticides on the market, assuring complete coverage and greatest adhesion to foliage.

For use on potatoes, cotton, tobacco, sugar beets and many other shrubs and vegetables affected by leaf-chewing insects.

Prices— $\frac{1}{4}$ -lb., 15c, postpaid, 19c; 1 lb., 35c; postpaid, 46c; 4 lbs., 60c, postpaid, 77c.

ACME ALL ROUND SPRAY

Flowers, vines, shrubs, roses, vegetables, need protection. All Round spray contains the three leading remedies used by all large growers: Arsenate of Lead, Nicotine Sulphate and Bordeaux Mixture. Perfect protection for the small user is assured by complete directions in spraying guide attached to every package.

Prices— $\frac{1}{4}$ -lb., 25c, postpaid, 30c; 1 lb., 75c; postpaid, 90c.

ACME BAIT-M

(Will Kill Cut Worms)

An effective insecticide bait which will throw a ring of protection around shrubs, flowers and plants in garden and lawn.

For use against snails, cut worms, sow bugs, grasshoppers and many other insects which migrate along the ground.

Prices—1 $\frac{1}{2}$ lbs., 35c, postpaid, 46c; 4 lbs., 85c, postpaid, \$1.02.

ACME SPRAY SOAP

A (fish oil) soap effective in destroying many sucking insects and lice on plants, trees, ferns, etc. Also used extensively with cylinder oils in making oil emulsions to reduce the surface tension.

In use with Nicotine greatly increases the value of that spray.

Prices—1 lb., 30c, postpaid, 41c; 5 lbs., \$1.25, postpaid, \$1.44.

ACME LIME SULPHUR

For use in dormant spraying against scale, peach blight, leaf curl and twig borer. Summer spraying against scab, soot, blotch, red spider and mite.

Prices—1 lb., 35c, postpaid, 45c; 5 lbs., \$1.50, postpaid, \$1.69.

ACME RED RIVER POTATO MIX

Kills potato bugs, leaf, hoppers, controls blight, and flea beetle. Stimulates foliage. Use 4 to 6 lbs. to 50 gallons of water. As a dust 4 to 6 lbs. per acre.

Price—4-lb. pkg., 85c, postpaid, \$1.02.

ACME EMO

A summer oil emulsion spray of the finest quality. Safe to use, pleasant to handle and of the much desired blowable consistency. Mixes easily with water and has a quick breaking action when sprayed. Recommended as a contact spray in the control of white flies, rust mites, blister mites, mealy bugs, red spider, certain scale and certain other garden pests.

Price—8-oz., 30c, postpaid, 38c; Pint, 50c, postpaid, 63c; Quart, 75c, postpaid, 92c; by express, Gallon, \$2.00.

TANGLEFOOT ROACH POWDER

Kills roaches almost instantly. Nothing better. 4-oz. can, 50c, postpaid, 56c.

Roach Powder Dusters or Blowers—10c each, postpaid, 15c.

ACME WEED KILLER

A powerful, quick-acting weed killer which will destroy unsightly weeds continually appearing on driveways, paths, gutters and places where no growth is wanted, etc. This is the same kind of weed killer used by railroads to prevent all types of plant life from growing on the railroad bed. No plant life whatever will grow for a couple of years on treated areas. One gallon makes 50 gallons, sufficient to cover 100 square yards of surface.

Prices: Quart, 55c, postpaid, 70c; gal., \$1.60, by express only. Write for Prices on Larger Sizes.

TRI-GEN

The All-Purpose Spray

In the past, Mildew and Black Spot have been most difficult to combat. However, these diseases are now easily controlled with the Tri-ogen Spray Treatment, which gives COMPLETE protection against all diseases and insect pests. Easily applied. Applied weekly, from early season until late frost, makes it possible for the amateur to achieve the success, in many cases, comparable to the professional grower.

A LETTER FROM WASHINGTON
OFFICE OF THE POSTMASTER GENERAL
Washington, D. C.

December 22, 1937.

Mr. Tom Mills, President
State Nursery and Seed Company,
Helena, Montana
Dear Mr. Mills:
Postmaster Hendricks has called my attention to the fact that you are to use a picture of the Post Office at Helena in your yearly catalogue. The landscaping and the beautiful hedge are a great credit to your organization and I am sure that this picture will be appreciated by all the friends of your company.
With best wishes, I am

Sincerely yours,
JAMES A. FARLEY.
JAF OCM
